VIEWING THE FIELD.

Indications According to the Returns So Far Received.

NOTABLE REPUBLICAN GAINS.

Waite Supposed to Be Defeated in Colorado — The Situation in California.

SAN FRANCISCO, Nov. 7.—Well-nothing but incomplete returns have been received from yesterday's election in California, there is every indication that James H. Budd, Democratic candidate for governor, has been elected. These returns have been received from 561 precincts in a total of 2,371 precincts and they give Budd 28,0[illegible] votes against 22,[illegible] for Estee (Republican) and 8,000 for Webster (Pop.). These figures include partial returns from all but three precincts in San Francisco in which city Budd especially has a plurality of at least 8,000 votes. Inferior no returns have been received from the strong Republican districts in the state, but it is not probable that the Republican majorities there will overcome the Democratic plurality in the city. From the incomplete returns it looks the Republicans have certainly elected congressmen in five of the seven districts, namely: Second, Sackett; third, Hilborn; fifth, Loud; sixth, McLachlan, and seventh, Barwise. The first district is in doubt with Hoffman, Republican, leading Geary, Democrat, by a few votes. Maguire, Democrat, is elected in the fourth district without doubt. If all the three districts have elected Republicans it will be a Republican gain of four Congressmen. The returns in the legislature are entirely too fragmentary to warrant any statement as to the result.

REPUBLICAN PLURALITY IN NEW YORK.

NEW YORK, Nov. 6.—The Republicans have carried New York state by estimates (incomplete) varying from 150,000 to 200,000. These figures represent the popular plurality of Levi P. Morton (Republican) for governor, over David B. Hill (Dem.). Based upon the vote in New York city with Roosevelt's plurality and returns from some three hundred of the election districts above the Harlem river.

The total vote for the two leading candidates is considerably in excess of that polled for Flower and Fassett for governor in 1892. In addition to the vote cast this year of Wheeler (Independent Democrat), which will [illegible] 40,000, the tremendous Republican sweep in this city and state, it is anticipated, has elected twenty-four Republican congressmen, a gain of eight of the present representation in Congress. It was the expressed belief of those who were managing the campaign for the Democrats in the late but depreciated majorities from the district for the party there would be wiped by increased majorities above the Flower mark for the Democracy. The congressional majority expected that the Democratic party, with Senator Hill at its head, would show remarkable from the vote given for Maryland in 1893.

The results for the sweeping victory in this state in preventing time simply the question of the Republican state ticket. While the returns are very incomplete as to the election of governor, it is highly probable, according to the first returns, that all of them are elected.

The percentage of loss as compared with the vote at the head of the ticket is not nearly so large as it was supposed to be, and the result, therefore, is that the legislature will consist of fifty senators and 130 assemblymen; that gerrymandering on a new judiciary system will be inaugurated. It certainly also means that for the first time in many years the Republicans will have control of the state legislature, and at the same time have a governor in the state in political harmony with them.

WAITE DEFEATED IN COLORADO.

DENVER, Nov. 6.—Republicans at midnight claim the election of McIntire for governor by 20,000 plurality. The Populists do not concede the defeat of Waite, although they admit that this (Arapahoe) county will give a Republican majority of 7,500 on the head of the state ticket. Chairman Fred Williams of the Republican county committee claims a majority of 15,000 in this county. The governor still presses to be confident that he will be re-elected by about 10,000 plurality. The returns so far received, however, seem to indicate that he will be beaten even in the state outside of Denver. Many leading Democrats worked earnestly for the Republican ticket, and the vote for Thomas (Dem.) for governor will probably not exceed 10,000.

The composition of the next legislature is not yet known, but the indications are that it will be Republican, by which event Senator Wolcott will probably be reelected.

Congressman Pence is undoubtedly beaten in the First district by Shafroth (Rep.). The Second district is in doubt, with the chances favoring Bell (Pop.).

Complete returns are not yet in from a single district in Denver. The count of the straight votes, which was first taken, indicates an overwhelming Republican majority. The count will not be finished in some precincts until daylight. The total vote of the city will probably be nearly 30,000.

ABSORBED IN NEBRASKA.

OMAHA, Nov. 6.—The vote in Omaha was very heavy. The A. P. A. did not figure to the extent anticipated in view of the fact that for the past four years the organization has practically controlled everything. However, it has been a radical, but to what extent it will not be known for twenty-four hours.

Judge, the head of the Republican state ticket, is an A. P. A., and received the support of the order in Omaha.

As to the Congressional delegation the actual debate are so close that comparisons cannot be made on silver votes and assuming upon data from returns, of the state central committees at 11 o'clock the congressional [illegible] will little prospect of change.

First district, Jessie Strode (Rep.); Second district, D. H. Mercer (Rep.); Third district, George Meiklejohn (Rep.); Fourth district, E. J. Hainer (Rep.); Fifth district, William McNeighan (Dem.); Sixth district, O. M. Kem (Dem.). This is a gain of one from Hayes's district for the Republicans.

The returns on legislature are limited enough to say, with propriety that the complexion of that body will be so close as to be in doubt for several days. Incomplete returns at 11 o'clock the state seem as we the Republicans strength about up to in the union, consolidation, with positive assurance that only a gentleman say.

OHIO'S CONGRESSMEN.

CINCINNATI, O., Nov. 6.—Congressmen as follows:

First district, Charles F. Poe (Rep.); Second district, J. H. Blackburn (Dem.); Third, H. J. Pugh (Dem.); Fourth, A. J. Taylor (Dem.); Fifth, F. E. De Witt (Dem.); Sixth, George W. Houck (Dem.); Seventh, Orlando W. Wilcox (Rep.); Eighth, L. M. Sipple (Dem.); Ninth, J. H. Southard (Rep.); Tenth, L. J. Fox (Rep.); Eleventh, J. P. Kennedy (Rep.); Twelfth, J. A. Hemphill (Rep.); Thirteenth, H. C. Van Voorhes (Rep.); Fourteenth, S. Young (Dem.); Fifteenth, W. A. Rice (Rep.); Sixteenth, Lewis Heald (Rep.); Seventeenth, J. A. Hutcheson (Dem.); Eighteenth, R. N. Evans (Rep.); Nineteenth, S. S. Nutt (Dem.); Twenty, J. Pearson, C. H. Grosvenor (Rep.).

The results are in doubt in the Twelfth district between Outwaite (D.) and Warwick (Rep.) and in the Twenty-first between Jones (Dem.) and Burton (Rep.)

The Republicans claim the seventh, Wilcox and Sipple. Cosey cut in the Democratic ticket in the Twelfth district.

JOHN SHERMAN REELECTED.

HARPER CITY, O., Nov. 6.—The Hon. John Sherman, senior of the Long Republican candidate of Congress, will be elected by 10,000 majority over Pugsley (Pop.) and gives the vote to Cincinnati by 10,000 plurality.

IN PENNSYLVANIA.

PHILADELPHIA, Nov. 6.—In this city Republican Congressmen Bingham, Harmer, Reyburn and Adams are reelected by increased majorities. The Democratic two have been elected from the fifth district by S. J. Randall, Fourth district (Democrat), by J. Hendricks, Fifth district (Democrat), by about 4,000 majority.

IN KENTUCKY.

LOUISVILLE, Ky., Nov. 6.—At 11 o'clock the indications are that the Democratic majorities are cut in half. Congressmen Settles in the First, Clardy, Second; Bailey, Fourth; Fenley, Fifth; McCreary, Eighth; Hunter, Ninth, Kentucky.

MISSOURI HAS A LANDSLIDE.

ST. JOSEPH, Mo., Nov. 6.—The Democrats of St. Joseph and the Fourth Congressional district are now in doubt as to the result of the congressional election, the entire Republican ticket being elected. George C. Crowell, Republican candidate for Congress in the Fourth District, is elected by about 200 plurality.

WASHINGTON REPUBLICAN.

WASHINGTON, Nov. 6.—Republican State Chairman Dennis of Washington, when Republican Chairman Babcock, "Your majority larger than in 1892, the state is Republican by 25,000."

ALABAMA DEMOCRATIC.

MONTGOMERY, Ala., Nov. 6.—The vote is back. Democrats carry the First, Second, Sixth and Eighth districts for Congress.

GEORGIA DEMOCRATIC.

ATLANTA, Ga., Nov. 6.—O Georgia's eleven districts, ten elected Democrats. The seventh is in doubt, Democrat. Four South Carolina district elects Elliott, Democrat.

The Georgia district elects Elliott, Democrat.

Fourth Georgia district elects Moses, Democrat.

Fifth Georgia district elects Livingston, Democrat.

Eighth Georgia district elects Lawson, Democrat.

DEMOCRATS IN LOUISIANA.

NEW ORLEANS, Nov. 6.—The returns so far assure almost certainty the reelections of the present congressional delegation from Louisiana by about 5,000 each in the First, Third, Fourth, Fifth and Sixth districts, and the election of Charles F. Buck, Democrat, in the Second district by a large majority to succeed Davey.

WHAT'S HEARD.

WHEELING, W. Va., Nov. 6.—At 11:15 p. m. the Republican state committee claims Wilson is defeated by 10,000. They also claim Hating, Republican, in this district is elected by a safe majority.

Another Cotton Cargo Burning.

SAVANNAH, Ga., Nov. 6.—The eighth fire since the cotton shipping broke out at 2 o'clock on the steamship Whitehall, but the flames were quickly extinguished. Nearly all the tugs and lighters on the river were kept busy during the night. Everything is quiet today. The men on all the cotton [illegible] which the fires occurred were arrested today and held without bonds awaiting investigation. Two out of [illegible] steamships now loading have been fired. Investigation shows fires to be spontaneous everywhere on the burned ships.

ITALIANS CELEBRATE.

They Parade the Streets of Chicago and Start a Row.

CHICAGO, Nov. 7.—Two hundred Italians, members of the Republican club, contrived to make things interesting for their officers of Republican street parade last night the morning. The club got out its banners and hired several bands of music and started down Halsted street to celebrate the events of election day. They were in a state of great jubilation over the gains of the Republican party, and in all the pots and many of them had been drinking. Revolvers were armed with revolvers, which they fired to the air. The crowds along the streets through which they passed hooted and jeered at them, and the Italians fired at the spectators in kind. At Mad ave. they turned east on that thoroughfare. John Dempsey was standing on a crowd. He shouted, "Do the Italians." An Italian saw Dempsey and started for him. A scuffle ensued between the Italian and Dempsey. Men and running down a street at the top of his speed all way by a crowd of yelling Italians. He turned into Chicago ave. Arrived there he was caught up by a crowd and severely beaten. The police officers could do no. Officers McWilliams and O'Day on duty came to Dempsey's rescue. They succeeded in driving back the crowd and putting Dempsey in the wagon. The crowd then closed in about the officers and it looked serious for them for a moment. They drew their revolvers and kept the crowd at bay by firing several shots in the air. The officers retreat to their headquarters and succeeded in dispersing the crowd, some of whom were arrested and locked up at the Desplaines street station. There was the greatest excitement in the vicinity of Madison and Canal streets. Dempsey was severely cut and younger only injured.

ELECTRIC BULLET-FINDER.

AN INVENTION WHICH SUPERSEDES THE OLD PROBE.

The electric bullet-finder or probe, an invention of Dr. J. Ivy H. Gilmer of New York, consists of an ordinary telephone receiver, an ordinary metal probe and an entire bulb of the ordinary type the probe is attached.

The principle of the instrument is as follows: The battery is placed in the middle of a wire mount, the telephone receiver is held to the surgeon's ear and the probe in the hole into which the bullet. The bulb is like in all and the circuit are made of the same metal, proper being precisely and exactly the same to enable [illegible] to record the telephone. But when as the instrument bullet is touched a strange sound is heard into the receiver. The sound is [illegible] and [illegible] Immediately cell, which generates a current. [illegible] as the bullet. Let be touched a click is heard in the [illegible] the probe. The [illegible] is detective.—Electrical Review.
