IN THE LION'S JAW.

An Eighteen Months Old Baby Crushed to Death

BY A YOUNG, FEROCIOUS ANIMAL.

It Was Enticed by a Mongolian and Sold the Child to An Unguarded Moment.

CHEYENNE, O., Aug. 5.—To Thomas Hood's national show, which is a part of Hagenbeck's menagerie and is now showing at the fair grounds, is a large lion which was stolen today near the entrance to the tent as a painting advertisement. It was a young beast and the owner prided himself on its docility and peaceableness. Eddie Hurd, 18 months old, son of the proprietor, was playing near the animal. A negro servant left the child near the lion while he went for a bucket of water. Some one anyone the mother of that fact, but she said there was no danger, as the lion would not care anything.

The child crowed within reach and the intelligent animal seized the infant by the head and shook it as a terrier dog would shake a rat. The mother, neither of danger, turned to the recess of her tent and might have been left to prevent but for the quick presence of mind of the father, who seized the lion with a whip. The lion let the child go, but it was a corpse, its baby head having been crushed out of semblance to anything human. The affair caused a great panic in the crowded grounds and some excitement there.

THE CLEVELAND STRIKERS.

Will Try to Bring the Company to Terms by Injunctions.

CLEVELAND, O., Aug. 5.—The Brown strikers have resorted to injunction proceedings in the effort to bring the company to terms. This evening a petition was filed in the common pleas court by L. A. Hanna as attorney for William Scully, a minor, praying for a restraining order against the Brown company and the board, to prevent the calling out of additional military companies, the sending of a display of force in the vicinity of the works, calculated to provoke a breach of the peace. The petition, which is very long, recites the whole story of the industrial and strike, and represents that all the trouble has been caused by sympathizers and not by the strikers themselves. It is alleged that the calling out of the police and militia has entailed unnecessary expense upon the taxpayers, and for that reason tide injunction is asked. Judge Noble set the hearing for Friday morning without granting a temporary restraining order. The United Labor union tonight failed to effect a sympathetic strike.

Grover May Abdicate.

LONDON, Aug. 5.—A dispatch from Rome to a news agency was printed here this afternoon, saying that it was stated that the various European courts have received letters from the royal family of Greece, saying that King George may abdicate in favor of the crown prince of Greece if compelled by the powers to cede Crete to Greece, or if compelled to make the island of Crete a part of the Grecian dominions. The statement is treated here as an idle rumor.

THE HARM WAVE.

Interest and the Most Severe of the Summer.

WASHINGTON, Aug. 5.—Reports of maximum temperatures received by the Weather bureau show that the present warm wave is very general, and is probably the most severe during the summer. The officials say it is very unusual for the temperature to reach such a high point in so many parts of the country at one time. The heat is due to an area of high temperature which has been prevailing over the northern portion of the country and high barometer in the northern part, which moves in great waves of heat coming toward the north. In this city the heat during the past days has been intensified by moisture, which increases the discomfort. Among the important cities reporting a higher temperature than 90 are: Albany, 96; Pittsburgh, 96; Cincinnati, 97; Cairo, 96; Jacksonville, 96; Chattanooga, 96; Montgomery, 96; Nashville, 96; Vicksburg, 96; Little Rock, 96; Nashville, 96; Memphis, 100; Indianapolis, 96; Dubuque, 96; Davenport, 96; Chicago, 96; Springfield, Ill., 96; St. Louis, 96; Kansas City, 96; Omaha, 96; Keokuk, 96; Pierre, 96; Bismarck, 96; Dodge City, Kans., and Pueblo, Col., 96.

Nicaraguan Notes.

CANAL, Aug. 5.—A party of Nicaraguan Indians which came through the lines of Turkish troops at the time of the fight, attempted to attack the insurgent camp near Cuivilar, but were driven by the latter and pursued with heavy loss. The Turcos captured the arms and ammunition of the Indians and carried them back to the settlers. The Turkish troops passively watched the fighting.

VISITING THE QUEEN.

Victoria is Very Glad to See Li Hung Chang.

AUBURN, Aug. 5.—When the royal yacht Alberta arrived at Cowes, Li Hung Chang was received with national honors. He was driven from the landing to Osborne house in a royal carriage drawn by four horses, and upon his arrival there, was shown to the private apartments set aside for his use. He was then presented by the Prince of Wales and the duke of York in the reception room. Li Hung Chang and his suite, Lord Salisbury and others took lunch together at Osborne house, while the queen and other royalties took lunch in a private apartment. Afterwards the Chinese envoy was brought into the presence of the queen, who was seated in a sheet golden chair, dressed in black and surrounded by members of the royal family. Lord Salisbury presented Li Hung Chang, and he presented the queen flowers in the nation's guest, but said not one.

Li Hung Chang then read a speech in the Chinese language, which his son, Viceroy Li, translated. He said in substance that he had been commanded by his master, the Emperor of China, to pay his respects to her majesty, and that he had traveled many miles to carry out the mandate. He then bowed to the queen a large jade box and envelope, containing his credentials.

The queen in reply, said that she was glad to see his excellency, and remarked that he had had a long journey. Her majesty then said that she rejoiced to see good will of the Chinese emperor.

After taking tea on board the Osborne, Li Hung Chang returned to the royal yacht Alberta, which then steamed into the Solent, Colonadis through the lines of the fleet.

The sailors manned the ships as the yacht passed, and Li Hung Chang did not respond to the admiration of the lounging spectators, comprising some forty-seven vessels of the British navy, of which twenty-seven were battleships. This is the strongest British fleet assembled since the review in honor of the queen's jubilee.

Will Support Bryan.

SEATTLE, Wash., Aug. 5.—Rev. Cleve Davis, for many years identified with the Prohibition party, has withdrawn from the councils of that organization and will support Bryan for the Presidency.

Opposed to the Chicago Platform.

MEDINA, Pa., Aug. 5.—Benjamin C. Pitts, candidate for Congressman-at-large on the Democratic ticket has sent a letter to Chairman Wright of the Democratic state committee, stating his opposition to the Chicago platform. Among other things he says:

"There is nothing in the platform of Chicago with which I do not in common with my political friends am heartily in accord, and the latter sentiment is that I cannot be a shareholder in it. I must not have to withdraw from the ticket, but rather, if the platform and its endorsements be the Chicago platform."

Gold Has Been Discovered.

SAN FRANCISCO, Aug. 5.—The geologist party of the fourth congressional district has concluded H. G. W. Dedeke and his assistants, W. Mulligan and Mr. Gunn, for prospecting claims and the mineral of Chinese for alleged. Two miners are engaged and energy contributed by the Republicans of the fourth district.

CLOSED OVER OVER.

LONDON, Aug. 5.—The Times in an early edition of its paper this morning said, in reference to the Bimetallic Bill, that it is impossible that it will be passed and that Germany would again discover that she had no ships at home for the purpose. It is not expected that the bill will have better luck next session. It is also said that it will be not prepared to go forward. To make Crete a compact to which neither Great Britain nor Russia would be a most effectual method of promoting a European war, unless the powers were most emphatic in its support."

Senator Jones Disappointed.

NEW YORK, Aug. 5.—Senator Jones of Arkansas, chairman of the Democratic national committee, reached New York today from the south. He was met by Treasurer St. John, and after consulting the two gentlemen went to Democratic headquarters in the Hotel Imperial, where will there a consultation on the party's campaign plans was begun.

A reporter asked Senator Jones "Have you read the reply Mr. Wilson made to your recent criticisms of the Wilson Democrats?"

"Yes," responded the senator, "but I have no intention of making any reply to it. Wilson's statement is based altogether on the statement attributed to me which I did not utter, namely, that Bryan would not accept the Populist nomination and that the Western Populists were disappointed spokesmen, who should go in the Democratic ranks which they belonged. I did not say either of these things, and which is the latter's work in question is unfortunate to me."

Senator Jones returned to Washington tonight.

POLITICAL CONVENTIONS.

Missouri Democrats Endorse the Chicago Platform.

JEFFERSON CITY, MO., Aug. 5.—It was not until 4 o'clock that the convention reconvened. Senator Charles Peers of Warrenton was chosen permanent chairman.

Senator Vest, who was in the hall, responded to repeated calls for a speech, which was received with cheers.

At the conclusion of Senator Vest's speech, W. M. Williams of Bolivar placed Hon. V. Stevens of Cooper in nomination for governor. James B. Waddell of St. Louis and David Rob of Pike were withdrawn, and Stevens's nomination was made unanimous. Mr. Stevens made a speech, thanking the convention, after which a recess was taken until afternoon.

The committee on resolutions reported at 8 o'clock and the platform was adopted without debate. It endorses the Chicago platform and Bryan and Sewall, favors the free coinage of silver at the ratio of 16 to 1 without waiting for the cooperation of any other nation and making silver coin legal tender for the payment of all public and private debts.

The following were placed in nomination for lieutenant governor: John A. Lee of St. Louis, J. F. Davidson of Marion, Theodore R. Gaus of City, John B. O'Meara of St. Louis, Charles T. Dunn of Lincoln, A. H. Bode of Franklin, E. S. McCarty of Cass Gratiotian. Bode was nominated.

Alexander A. Lesueur, the present incumbent, was renominated for secretary of state by acclamation, and at 1:15 the convention adjourned until 8 o'clock tomorrow.

MISSOURI REPUBLICANS DECLARE FOR "SOUND MONEY."

GRAND RAPIDS, MICH., Aug. 5.—On the reassembling of the convention at 3 p. m., G. M. Griffin of Eau Claire was made permanent chairman. The platform was then presented and adopted. It indorses the candidates and platform of the St. Louis convention and condemns the Chicago Democratic platform as dangerous to the public good. The money question is dismissed in a simple declaration for "sound money" and an "equitable protective tariff" is demanded, non-partisanship in public affairs is favored, and the restriction of immigration is called for.

At 7:30 the committee on credentials was still unable to agree on the St. Clair contest and the convention decided to take up other business. The report of the committee on resolutions was adopted without debate or amendment. The platform indorses the sentiments and declarations of the Republican national convention, denounces the Democratic platform as "pandering to mob violence and anarchy," heartily supports the Republican money plank and declares strongly for protection. After the adoption of the platform the convention proceeded with the placing in nomination of candidates for governor.

The nominating speeches for governor were finished at 10 o'clock and the convention then spent an hour listening to the majority and minority reports on the St. Clair contest, the former favoring Hicks and the latter the Pingree delegation. Time was taken for both reports was offered. It proposed to seat both delegations, with the twenty-two votes of the county divided equally between them. On a long roll-call yea and nay the minority was adopted. The chair rules that a substitute had the same effect as an amendment—that the main question was to order—and claimed one on roll call. This was disputed, and it succeeded the wrangle over the politicians' rules was resumed. The Pingree men contend they would force a vote on governor before adjournment, but the Hicks men said they would try to adjourn as soon as the St. Clair matter was settled.

A motion to adjourn until 8 o'clock carried, the Pingree men voting yea.

KANSAS POPULISTS.

ATCHISON, KAN., Aug. 5.—When the Populist state convention reassembled at 8 o'clock, Chairman Dunsmoor announced that the committee on credentials could not agree and asked for more time. A motion to take a recess until half hour was carried down.

The convention seemed to be in a mood to go about with the business before it, and at one time the temperance question appeared.

At the evening session of the convention, the committee on resolutions reported that a platform could not be reported until 9 o'clock, tomorrow morning. The rules were then suspended and nominations for governor were called in order.

Mr. W. A. Harris, ex-Congressman Lewelling, L. P. King, State Senator Linsly, George Clark and Ben Gaige were nominated by acclamation for governor. The first ballot resulted: Harris 208, Lewelling 161, King 109, Linsly 99, Gaige 32, Clark 23.

After the first ballot all the candidates were called home for speeches and while five minutes elapsed. The victory made but little change in the voting total.

The third ballot showed a considerable increase in Lewelling's strength and on the fourth ballot the nomination was completed in him and he was nominated by acclamation. The convention at noon adjourned until 2 o'clock this evening.

WEST VIRGINIA POPULISTS.

PARKERSBURG, W. VA., Aug. 5.—At 10 o'clock tonight, after wrangling over the question of withdrawing a Democrat or a member of Congress, a compromise was made by the Populist convention nominating Isaac Hall Snyder of Fairmont, a Democrat, for governor. Snyder has been canvassing the state for months for the Democratic nomination for governor and he hopes this nomination will persuade his own party to select him. Snyder is rich and owns two of three silver mines. It is thought the rest of the ticket will be straight Populist.

TWELVE MEN AND THREE WOMEN IN ATTENDANCE.

HARRISBURG, PA., Aug. 5.—The national party, composed of free silver Prohibitionists, is holding its first state convention here today with twelve men and three women in attendance. The morning session was given up almost entirely to the discussion of a proposition to join with Washington county free silverites. There is a strong sentiment among the Jeffersonian men in favor of a party this year. Presidential electors and candidates for Congress at large will be nominated.

Colombia Has a Vague Bill.

NEW YORK, Aug. 5.—A dispatch to the World from Colon, Colombia, says:

A government organ declares that if Nicaragua refuses to relinquish Zero Mosquito within the allied territory to Colombia, if the indemnity, the Colombian government will regard the matter as a casus belli.

NEGROES AND INDIANS.

The Former Barred from Citizenship in the Creek Nation.

CHERRY, O. T., Aug. 5.—The final decree has been promulgated from Oklahoma, the capital of the Creek Nation, as it had been handed down by Judge Adams, chief justice of the supreme court of the nation, in the citizenship case. It strikes from the rolls of citizenship of the nation the names of over 1,700 negroes. The decision holds that the action of the Indian council, after the passage of the emancipation act by the United states, in admitting the negroes to tribal relations was unconstitutional and therefore at the time invalid. Since the passage of the act thousands have drawn to themselves $1,000,000 from the Creek government, have held positions of official trust and have improved their farms and exercised their rights of the nation's expense for twenty years. From the decision of the court there is no appeal.
