OGDEN.

OGDEN, UTAH. - JULY 29, 1893.

News Stands at 2661 Washington Ave., where arrangements for subscription or advertising can be made.

The NEWS is delivered by carriers or post and for sale on the train, on all trains and at the hotels.

The School Board.

At the meeting of the board of education last night but little business of importance was transacted, no action being taken on the sanitary condition of the Central school and the election of a music teacher for the ensuing year, which matters had been made the special business of the session. The members of the board reported the condition of affairs in each ward. The buildings are all closed and under the control of not two janitors, who are keeping things in good shape. Some few alterations will be made in the sanitary condition of the Central school building, which will be conducive to the comfort and healthfulness of the pupils and moderate the heating and ventilating systems now in use. This matter, together with the election of a music teacher, will be acted on at Friday night. A report of the census takers of the city will be made at that time as the enumerators have almost completed their labors.

The next examination of teachers will be held August 11th.

Fined $39.40.

The hearing of E. C. Brandt, arrested in Lester park on the charge of Sabbath desecration, as heretofore mentioned in the NEWS, came up in the Justice Osborn at the police court yesterday. The fellow was fined $20 for the part he took in seeing E. C. Fred. His friends came to the rescue and paid the fine and he was therefore discharged from custody, a sadder if not a wiser man. But his freedom was short lived, for scarcely had the sunlight shone on his calm and peaceful brow are Marshal Davenport put in an appearance and arrested the fellow on a charge of vagrancy. For this offence Brandt was assessed $19, which was again paid by his friends, thus enriching the city's coffers to the sum of $40 in a single day.

In the Police Court.

Dan Doering—not the machine man whom Bishop represents—was given five days in the county as the charge of vagrancy.

William Carroll and John Nelson were fined $5 each for the scrape they got into in the Z. C. M. I. yard, in one of the cells the boys will grace the city jail for five days.

Earle Has Skipped.

Nothing further has come to light in relation to the investigation of certain members of the city council, except that the fellow Burk, who is wanted as a witness before the grand jury, has skipped by the light of the moon. His wife says: "I suppose they," speaking of some of the city councilmen, "have given Mr. Burk money to leave the country with." It is said that Burk has been working on a run belonging to one of the city officers, and that for such services he has been getting his pay out of the common crib.

No Bond Filed.

W. H. Wheelwright has not yet put up the $10,000 bonds required in the injunction suit of Wheelwright vs. Ogden city. If this is not done before ten days expire the suit will expire.

Suit for Damage.

Commissioner Varian yesterday heard the suit of N. T. Mears and wife vs. Julia S. Chappel and Frank Whitehead, wherein the plaintiffs ask judgment in the sum of $150 for the wanton destruction of shade and fruit trees, flowers and vines, by the defendants, Mrs. Chappell and her son, Frank Whitehead. The case was heard in the district court room, as there was not room in the commissioner's office to accommodate the many witnesses and friends of the parties, who are neighbors living on Twenty-third street. The trouble grew out of a dispute over the line running between the two litigant parties claiming a few feet of ground. The matter was settled in court last year and since that time the two families have been at outs, and trouble has waxed warm. The case may be completed today.

Arrested at Logan.

Deputy Marshal Smith returned from Cache Valley yesterday morning, where he had been on official business. While there he placed under arrest Marion Lewis and his alleged plural wife on the charge of adultery. They were placed under bonds of $1000 and $500 respectively to appear before the grand jury.

Dr. Parkinson of Logan was also placed under arrest for an alleged infraction of the Edmunds-Tucker law. He gave bonds in the amount of $1000.

Robert Murdock and N. W. Nelson were taken in on the charge of selling liquor to Indians. They were taken before Commissioner Fletcher, and while Murdock was released Nelson fared differently and was placed under $500 bonds.

The new iron bridge which spans Provo river on the county road between Provo and Pleasant Grove has been completed, so far as the iron work is concerned. Work in laying the plank floor and building the approaches will be proceeded with at once. The bridge is one hundred feet in length and sixteen feet in width. The supports are oak piles surrounded by Portland cement encased in iron cylinders. The bridge was constructed by the Andrews Iron Bridge company.

Utah County Assessment.

The assessed value of property in Utah county for the present year, exclusive of railway and telegraph lines, is $7,611,920, divided as follows: Real estate, $4,195,025; improvements, $2,000,890; horses, $202,180; cattle, $184,145; money, $207,041; credits, $3,000; bonds, $5,346; merchandise, $360,515; machinery, $252,470; mining, $60; other personal property, $20,700.

Arrested.

P. W. Madsen, Bishop of Lake View, was yesterday arrested on the charge of unlawful cohabitation. He was taken before Commissioner Dusing where he gave bonds in the sum of $500 for his appearance before the grand jury.

Milling Incorporation.

The Springville Milling company has been incorporated with a capital stock of $15,000, divided into shares of $5 each. The officers of the company are as follows: Frederick G. D. Houtz, vice president, Isaac Leuhl, secretary and treasurer, W. H. King, and these, with Abram Hansen, form the board of directors.

Unlawful Liquor Selling.

The druggists, Dr. Manberg, Alex. Redquist and H. W. Pyne were each fined $10 for the unlawful selling of liquor. They pleaded guilty to the charges preferred before Justice A. L. Roote.

Death at the Asylum.

Elizabeth Connelly, an inmate of the Insane asylum, from Salt Lake county, died on Wednesday. The lady was sent to Salt Lake for treatment.

Lecture on Denmark.

Herr E. Sinal, the Scandinavian lecturer and newspaper correspondent, last night addressed a number of his country-people on the social and economic conditions of Denmark as compared with other countries.

PAYSON.

PAYSON, UTAH. - JULY 29, 1893.

Severely Hurt.

A serious accident befel little Wayne Wimmer, the six-year-old son of Thomas G. Wimmer, on Wednesday. He was being coached in Mr. Wimmer's barn and little Wayne was riding the horse which furnished the motive power for the stacker. In some manner his right hand became entangled in a pulley, the first two fingers being pulled from their sockets and the third finger cut so badly as to render amputation necessary. The little fellow suffers greatly, and it may yet be found necessary to amputate the entire arm.

Amputation Necessary.

James Betts, the young man whose fingers were ground so badly in a sausage mill last week, is slowly recovering from the effects of the wounds. It was hoped that the injured fingers could be saved with careful nursing, but this seemed to be impossible and they have been detected by the surgeon. No more trouble will be apt to result from the wound.

Finger Cut Off.

While mowing lucerne yesterday, William Betts had the misfortune to have one of his fingers nearly amputated by the knife of the mower.

Burglars or Vandals.

A burglar entered Lommon's store a short time since, an entrance being effected by breaking the large plate glass door with a brick. Nothing of value was taken and in fact the proprietors could not definitely state that anything was missing. Other stores were broken into previous to this, and only a few nights since the back door of Mr. Norman Plummer's store, (which once before was visited) was broken in, but the store was not again entered. The burglar, whoever he may be, is certainly making a failure of his enterprise from a financial point of view, and it is thought there is some other motive besides a desire for gain behind the pranks. A lesson nevertheless has been taught the merchants, some of whom are now employing nightwatchmen.

Notes and Personals.

Mr. Frank McCue is home again after an extended sojourn in the Rocky mountains where he and other Payson men have a group of quartz claims located and now being worked.

The first wheat of the season received at the Payson Co-operative mills was brought in on Wednesday by a Mr. Ogunbaw of Santaquin. Harvesting will soon be in earnest in this locality.

A young man who left Clark & Whaley's circus while in this town and was employed at Whaley's livery stable has been lying ill at the stable for several days, his malady being typhoid fever.

Mr. Sarah Spencer of Tintic valley visited relatives here during the latter part of the week.

Pioneer day passed off very quietly in Payson. No public demonstration was made and business went on as usual. A dance was given at the opera house in the evening, and during the afternoon and evening a farewell social was tendered to Mr. and Mrs. Hardy at the city hall. A musical program was rendered, several speeches made and refreshments served on the lawn. A ring, slippers and other articles were presented to Mr. and Mrs. Hardy, who leave here for their new Salt Lake home tomorrow, Sunday.

PARK CITY.

PARK CITY. - JULY 29, 1893.

The Silver Meeting.

At no time in its previous history has Park City been the scene of such a large and enthusiastic meeting as was the bankers' silver meeting on Thursday. The proceedings, which already have been given space in the NEWS, were characterized by deep interest and enthusiasm, and the meeting was satisfactory to all the residents of the Park. Before it convened, at the Opera house, the Park City band paraded the streets and was joined by several chorus selections to the hundreds of people congregated in the hall.

Don't Like It.

Park City people do not like the wonderful doing the past week, "whatever we are at," was the discontinuing of one passenger train over the Utah Central railway and also one train over the Union Pacific railway has left us out in the cold, with no very quick connection to Salt Lake. It is noted that the morning train over the Utah Central, out of Park City, will be run on Sunday so it would then be possible for Park City people to do business in Salt Lake and return the same day.

The Storm.

The heavy storm of Wednesday night appeared to be general. Here in the Park the amount of rain which fell was enormous, but as no damage was done we are satisfied, as the dust was thoroughly put to rest.

The Dull Times.

The times have not improved with age here, although there is not the spirit of unrest which we might look for in a place of this kind where the town depends entirely upon the mines. All merchants have reduced their force to the extreme limit, and but very little merchandise is being brought in the city.

To Convert the President.

A. H. Emery, W. V. Rice and Thomas Kearns left the city during the week, and will turn up at the great silver meeting in Chicago next week. There they will be joined by David Keith, and it is hoped that when this quartette reaches Washington they will have a successful interview with President Cleveland, and convert that gentleman to their way of thinking on the silver question.

Notes.

The Ontario and Daly mines and mills still keep going and they and life to the place, which we are all thankful for.

Many men who have been thrown out of employment in the shutting down of the mines, have started to the hills to prospect for themselves. Several gold strikes are reported, but nothing will be done on the claims until times improve.
