

FOR A HUGE JOB.

Shame to Sell City Waterworks to Private Parties

BEING WORKED ON THE QUIET.

A. Suggestion is to wait it out to "fix" the present City Council.

The various enemies to sell the city waterworks to a private corporation is at the front again, several times it has been brought up, but on each occasion has failed in being worked to successful issue. But the manipulators regard this more important than ever again at work. They are in the sense a good thing for themselves if they can get the property, and no one claims them particularly local, so nothing can be done to stop their movements. This with a City Council that will play into their hands the case would be different.

What is the situation of the present City Council? There are no accommodations to be made for money, and may be some of them are individually in the same case. That is the special feature that having enough to go to the waterworks waterworks proprietors are the ones who are to be held responsible for the deficit, or portion of the deficit administration, because of past official extravagance, is also their suggestion. Hence the hope that the waterworks will be disposed of to private parties.

The line of argument these corporation like Uncle's water system is an old one. Some put greater stress, while the weaker was being agitated, Mr. Dugay, Mr. Clegg, Mr. H. C. Smith, and others an attempt to carry it into effect. He was president of the American Waterworks company, with plenty of influence and capital. He organized a company of winter men, and got into it Mr. H. C. Smith, Mr. Hollister, and W. S. McCormick, Mr. Hinckley, H. C. Chapman, Mr. Tuckwood, Dr. M. M. and others of this city. Through the company he had a hand in getting the waterworks. It was association and action, since the city would not yield. Winter does and others made a similar proposition, but they failed to get the waterworks. Seven or eight thousand citizens petitioned against it by petition.

Now, in the financial distress of the city the Underwood scheme has been revised. Several of his old associates in the original debt, any connection with them they will not have, but he has plenty who are willing to work with him for the "big plan."

Two messages to this city, and registered at the Post Office. He remained a week, and while sake of his frequent callers were some who were formerly associated with him in the original waterworks proposition, we find that he was with us, and that he was upon the alert for securing the waterworks, with what he thought good prospect of success. It was not a matter of surprise, though it is an item of was importance to the public.

Just now the scheme is to be carried through is a matter of uncertainty, but it is a fact that it will be working for all it worth, unless the exposure and disclosure of the secret published continued defeat the big job.

With how much concern the weight of public sentiment with the present council is regarded in certain quarters is indicated by the remark of one of the members of the City Council, when we said, "Twenty-five thousand dollars was being levied with the greatest celerity." Some people may think the estimate, either too high or too low.

One thing may be considered certain, and that is that whatever the turn of the council passes on the subject of selling the waterworks, the same are vigorously antagonistic to the idea of a private corporation. It has varied to an extent since the Whipple Jones proposition of three years ago. At that time Chemung James Anderson was chairman of the committee on waterworks, and he did his best to get the bill introduced and fail. Expressing himself on the subject today, for sale, "The taxpayers will hang the city council that does to sell or attempt to sell the waterworks, said my opinion they would be justly paid for it."

Such a vote would be one of the greatest outrages that could be perpetrated upon our community."

The general sentiment of the community is in favor of the waterworks, and the subject today, for sale, "The taxpayers will hang the city council that does to sell or attempt to sell the waterworks, said my opinion they would be justly paid for it."

You may say, "What will 25,000 do?"

Land Office.
In the land office this afternoon, Rachel Ann Lee, of Cedar, Wasatch county, filed an application for a desert claim to 160 acres in sections 19 and 20, township 2, range 5.

ALARMING ACCIDENT.

Clerk J. P. Baile, of the Supreme Court, seriously hurt. While riding on a street car.

An accident, attended with serious injury, happened to Mr. Joseph P. Baile, clerk of the Territorial Supreme Court, at a quarter past 2 o'clock this afternoon about two hours west of the post office, on Second South street. He and his wife were riding in an open streetcar of the City Railroad company on their way to the Hotel Grande. Mr. Baile, after hitting the curbstone, fell over, striking his head. From what can be learned, Mr. Baile was in the act of changing seats, when his head came in violent contact with one of the sharp edges of the carriage. He was thrown to the ground, and the car was quickly stopped. When picked up Mr. Baile was unconscious. There was a large wound in his forehead, which bled profusely. He was placed in a chair, at his wife's request, and driven to the residence of Dr. Bassett, one of the physicians, where every possible attention was given him by Dr. Bassett and Wilson. At 2:30 Mr. Baile had not regained consciousness.

HOME DRESSMAKING.
