HOLD MEMORY IN ESTEEM.

Resolution Adopted by Real Estate Ass'n Full of Praise for Departed.

At a meeting held Wednesday by members of the Salt Lake Real Estate association, the great esteem in which the late Fisher S. Harris was held by members of the association, was shown by the unanimous adoption of the following resolution offered by Judge E. F. Colborn:

"It is with profound regret that the members of this association meet to give an expression of their sorrow over the death of Fisher Harris, late secretary of the Commercial club of Salt Lake. His untimely departure from these scenes has caused widespread sorrow and an irreparable loss to Salt Lake and Utah. He was the highest type of an honorable, courteous and lovable gentleman. The charm of his intellect and the grace of his speech, have never been matched in this state. These rare gifts were ever in service for the public good, and the work he did for a Greater Salt Lake and Utah will be long remembered and will hallow his name for generations to come.

"Serene and courageous under affliction throughout a protracted combat with insidious disease, he never had a tongue for his sorrows, which were many, and his sufferings, which were great, but with a sunny face and a smiling heart he toiled on amid the darkening shadows and then went his way without fear. His was a life worth living, and the record of it will be imperishably written in Utah's history.

"It is ordered that these expressions be spread upon the records of this association and be furnished to the family of Mr. Harris and to the Salt Lake Commercial club, into whose life is inseparably woven 'the splendor of his service.'"

There were present: George M. Cannon, T. H. Cartwright, B. A. M. Frost-Reth, O. F. Peterson, A. E. H. Peterson, K. D. Hardy, William R. Jones, Jr., R. W. Eardley, E. H. Hill, J. M. Settle, Lewis M. Cannon, W. G. Tuttle, S. B. Tuttle, A. H. Parsons, W. E. Baird, R. E. Baird, J. P. Mahan, E. Butterworth, E. F. Colborn, H. S. Anderson and A. N. Humphries.

TWIXT CITY AND COUNTY.

Commissioners Refuse to Pay for Water Used in Their Side of Building.

The county commissioners have received another letter from City Treasurer Gideon Snyder stating that unless the county pays for the water used on the county side of the city and county building, the water will be turned off. According to the city's figures, the county owes about $1,300, which has been running since the expiration of the contract on June 5, 1907.

In order to avoid paying the water rates, County Commissioner John C. Mackay went through some old contracts and franchises yesterday and found where the county gets 80 electric lights from one company and he says that these lights are in the city and county building grounds, the city getting as much use of them as the county. For the use of these lights the commissioners want the water.

LEGAL BLANKS.

Of every character and description arranged from the best legal forms and brought strictly up to date.

A full supply always on hand at the Deseret News Book Store.

ENGINEER'S OFFICE DISMANTLED OF POWER

Board of Works Takes Up Many Duties Heretofore Exercised by City Engineer.

Several important changes were made last night in the form of the contracts at a meeting of the board of public works. Most of the power that Louis C. Kelsey, formerly city engineer, had obtained was taken away from the city engineer's office and placed in the hands of the board of public works. The city engineer has no supervision whatever over the work or any voice in the matter at all. The engineer is to go out and set up the stakes, figure out the estimates and report to the board of public works. An effort will also be made to have the city engineer's automobile transferred to the board of public works in order that the members can go over the work.

In the specifications it is provided that the contractors will have to remove rocks and other debris from the sewers and other work before it will be accepted by the city.

In future paving contracts new companies will have to submit their asphaltum to a 28-days test. The companies now engaged in paving whose work has been satisfactory will not have to make this test. The only contractor who is excluded under this arrangement is P. J. Moran, the official contractor.

The city engineer will have no right to issue orders to contractors under the changes made. This is left entirely to the board of public works. The city engineer will have to inspect all materials but will make his report to the board of public works.

A PECULIAR WRENCH.

of the foot or ankle may produce a very serious sprain. A sprain is more painful than a break. In all sprains, cuts, burns and scalds Ballard's Snow Liniment is the best thing to use. Relieves the pain instantly, reduces swelling, is a perfect antiseptic and heals rapidly. Price, 25c, 50c and $1. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St., Salt Lake City.

BENEFIT WELL ATTENDED.

Three Hundred Present at Ball in Odeon Hall Last Night.

About 300 persons attended the benefit ball given Wednesday evening in the Odeon hall by the Congregation Montefiore, a Jewish organization. The ball was given to raise funds for a free school for Hebrews. The committees having charge of the affair were as follows:

Arrangements—M. Levy, S. Salmenson, J. Shapiro.

Reception—Mrs. Kinkelstein, Mrs. Offer, Mrs. Bernstein, N. Miskind, Mrs. Shapiro, Mrs. Levy, I. Siegel, G. M. Lewis.

Floor—J. Shapiro, S. Salmenson, Mrs. J. Frumkin, M. Levy, I. Siegel, N. Rosenblatt.

Those present had a most enjoyable time. During the evening refreshments were served.

COMPLETES SECOND SCORING.

Walter J. Frazier, city food and dairy commissioner, has completed the second inspection of dairies in Woods Cross. Several of the dairymen have expended considerable money in constructing barns and milk houses to comply with the city ordinance. The second scoring shows a marked improvement over the first scoring. The scores of the dairies were as follows: Joseph Hogan, 55 per cent, without the inspection of the cows under the tubercular test, and 68 per cent with that test; J. F. Atkinson, 39 per cent without the tubercular test, and 52 per cent with it; Dave Moss, 56 per cent without and 69 per cent with the tubercular test; George Q. Hatch, 45 per cent without and 58 per cent with the test; J. P. Benson, 39 per cent without and 52 per cent with the tubercular test.

IT IS A WONDER.

Chamberlain's Liniment is one of the most remarkable preparations yet produced for the relief of rheumatic pains, and for lame back, sprains and bruises. The quick relief from pain which it affords is alone worth many times its cost. Price 25 cents, large size 50 cents. For sale by all druggists.
