OUR OWN STATE.

OGDEN.

Court Cases—Best Planting—Relief Society Anniversary at Marriott.

Special Correspondence.

Ogden, April 18.—Bids are asked for for the erection and completion of the proposed new canning factory on Twenty-fifth street.

The county clerk issued a marriage license yesterday to Henry Hemkie and Miss Lydia Brewer, both of Ogden, who were afterwards married by Justice Joseph Hall.

An entertainment will soon be given by the parish of the Good Shepherd, which will be under the direction of Mrs. Belle J. Sonn-Hoag.

Owing to the cold weather the waters of the Ogden and Weber rivers have receded considerably during the past three days.

SECOND DISTRICT COURT.

The hearing of the injunction suit of the Woodmansee estate vs H. L. White was resumed yesterday afternoon before Judge Bishop.

In the case of L. L. Randall vs Nat M. Brigham, it appearing that the judgment will become rendered on November 15, 1898, had never been entered or docketed, it was ordered by Judge Bishop that it be docketed on record.

Yesterday morning Judge Hart rendered his decision in the case of Martha J. Skeen et al vs John Marriott. In this case the plaintiff sued for the removal of Trustee Marriott and the appointment of a receiver. Judge Hart decided that there was no cause for action.

BEET PLANTING.

Sugar beet planting is now in progress in Weber county. The farmers learned valuable lessons last year, and as a result the ground in this year prepared in a manner that is one hundred per cent better than last spring. The acreage of beets in Weber county this year will be far in excess of the planting of 1898.

ANNIVERSARY CELEBRATION.

The Relief Society in Marriott ward, which includes a portion of Ogden City, will celebrate the thirty-fifth anniversary of organization next Wednesday. There will be a dinner at the meeting house, and a fine program of speeches and music in the afternoon.

Little Lot 50 on the east side of Washington avenue between Twenty-fourth and Twenty-fifth streets adjoining the Good Luck block on the south, was sold yesterday by William Gallagher to Adam Patterson for $1,000 per front foot. Mr. Gallagher paid $500 per front foot for the lot in 1898. Mr. Patterson intends to erect a building on the lot this year.

The Fourth warders will give a parlor entertainment and dance in the ward amusement hall tomorrow evening, the proceeds to be used in paying for the electric lights in the meeting house.

It snowed a little here yesterday morning, and a short month there was quite a lively little hail storm.

On Tuesday afternoon while a boy named Spencer was feeding with his bicycle he caught the fendinger of his right hand in the sprocket and the member was torn from the hand. The wound was dressed by a surgeon.

Morrell Brown will take a company of men out in a day or two to work on the Union Pacific railroad in shortening the line near Hastine, Wyo.

The Standard Fuel Company of Ogden expects will erect a 10,000 cold storage warehouse in Ogden. It will have a capacity of from 20,000 to 30,000 tons of ice and will be completed by the first of next month. It will be used to store the surplus butter when the demand for it is light and keep it until the market for it improves.

PROVO.

Probable Compromise in Spanish Fork Water Case—Garden City Briefs.

Special Correspondence.

Provo, April 18.—There was no session of court held yesterday afternoon, the litigants and attorneys in the big Spanish Fork water case spent the time in trying to adjust their differences with a view to compromise, which is now believed will be effected.

NOTES AND PERSONALS.

A marriage license has been issued L. C. Inglesby, 24, of Pleasant Grove, and Myrtle M. Geron, 22, of Provo.

Fred Stewart has moved to Mount Pleasant, where he expects to reside; his family will move to their new home in a few days.

Mrs. Mary Christian and son, Roe Christian, have left for Oregon, where Mrs. J. Christian is to engage in the study of the law.

Sam Schwab, formerly in the clothing business in this city but for the last two or three years of Baker City, Oregon, is return to Provo for a short time. Many friends of Mr. and Mrs. Schwab will be pleased to welcome them back.

Elder Spencer Worsley of the Fourth ward will leave this evening to fill a mission in the Southern States.

Col. Dodge stopped in Provo yesterday on his way to Salt Lake long enough to take a look at the location of the Provo canyon branch road on which rails have been laid—about four miles.

John Rupper, Joseph Ward and William Ward, were before Justice King yesterday on a charge of unlawfully catching trout. Rupper pleaded guilty and was fined $10. The Wards pleaded not guilty and will have a hearing Friday.

Peter McIlvern, who was injured by an explosion in Provo early Tuesday, is still alive and appears to be improving.

LOGAN.

Mrs. Mary A. Wood sues for Divorce—Funeral of Nathaniel Haws.

Special Correspondence.

Logan, April 18.—Congressman B. H. Roberts will speak on "Democracy, Its Origin and Aims," at the Jefferson celebration Friday evening. The program also includes addresses by Judge Hart and Attorney Nebeker, in addition to a musical number and recitation.

In the district court today, Mary Ann Wood filed suit for divorce from Henry Wood. Both are residents of Logan, and according to the complaint were married in Ooctsbide, England, in 1853.

Bill J. Bell was appointed administrator of the estate of Eli Bell, deceased.

This evening his honor heard the evidence in the cases of Mary I. Allred vs Middlesex Bathing company, and Thomas Viney vs the same defendant; both were taken under advisement.

The wife of Judge Hart presented him with a son today.

The funeral services over the remains of Mr. Nathaniel Haws, took place in the Fifth ward meeting house this afternoon. The attendance was very large, and the speakers were: Bishops H. M. Lewis of this city, and J. S. Tanner of Paradise, Prof. J. Ballard Preston, Elders Ralph Smith, Alvin Crockett, and J. T. Stewart, all of whom bore testimony to the excellent character of the deceased.

MARRIAGES.

The following named persons obtained marriage licenses today: Jay O. Anderson and Emma J. Hickin, both of Fairview, Lorenzo E. Hoskins and Minnie J. Johnson, both of West Portage; Peter M. Petersen and Alma Carlson, both of Clifton, Idaho.

The directors of the Utah-Idaho sugar company, it is reported, are considering offers to bond their property for a large amount. Bond of the officers are from Salt Lake mining men.

BRIGHAM CITY.

Post Office to New Quarters—Extensive Fruit Tree Planting.

Special Correspondence.

Brigham City, Boreder Co., April 15th.—Post Master Beebe has removed the post office from the old brick one story building, which has received a new coat of paint. Many people appreciate this, as it is a much better place, especially it is "fly" time.

A small case of O. W. Clark of the First ward has been very sick for the past month with typhoid-pneumonia, but at last reports has taken the turn for the better.

The Davis county nursery has distributed hundreds of fruit trees during the last few days to the people of our city. Old trees are being uprooted and new and better ones put in their place. If we had sufficient water during the dry months, this place would be a paradise for fruit.

Mrs. Mary Wright of the First ward is at present in a critical state. She has been sinking for some time, but was taken much worse Sunday.

D. L. McDonald, teacher of High School, was made the subject of a very pleasant surprise Saturday night by the city school teachers and their friends. The happy event took place at the home of Miss Hattie Nichols. After a pleasant evening the crowd dispersed. Mr. McDonald will shortly leave on a mission, his school closed last Friday.

MOUNT PLEASANT.

Another Disastrous Fire—Terrible Windstorm—Big Run Ones.

Special Correspondence.

Mount Pleasant, April 15.—Another fire occurred here yesterday about three o'clock in the residence of Frank Olsen on Main street. Two-story frame building, and it looked as though the town was doomed, as a terrible windstorm was raging, but strange to say that while the fire was raging the worst the wind ceased, and as soon as they had the fire under control the wind started up again. Mr. John Woodruff was living in one part of the house, and lost quite a lot, as no one had boxed goods, although they saved most of his furniture. The fire engine done good service, and again, although it took quite a while before it got in working order. This brings us again the question of a regular organized fire brigade, as they would be also to accomplish better work. As it is there is too much excitement, but nevertheless the boys are to be praised for their heavy work. The fire started in several places across the street at Mr. Winter's barn and corrals, but was quickly extinguished.

A little boy was run over in the excitement attendant upon the fire and was thought to be seriously hurt, but at last report he was doing pretty well.

We are experiencing the most disagreeable and heavy windstorms that has been known for years.

LEHI.

Death of Little John C. Fyffe.

Special Correspondence.

Lehi, April 16.—A gloom of sorrow is cast over the household of Brother James Fyffe of this place, caused by the death of their eldest son John C., who has been sick for the past three weeks with pneumonia. The little lad was about 5 years old, a very bright and promising child. The Fyffe family immigrated to Lehi from Scotland some four years since. The whole community, of which Brother and Sister Fyffe are estimable citizens, sympathize with them in their bereavement.

The funeral services over the remains will be held at the residence some time tomorrow.

FAIRVIEW.

Central School Will be Built Without Bonds—Sugar Experiments.

Fairview, Sanpete County, April 19.—Some time ago a public meeting was called to decide by vote whether the taxpayers would be willing to follow the example of other cities in the school district to the extent of its limits, or not, and also to be taxed bonds to raise money for the erection of a modern central schoolhouse; the taxpayers turned out en masse, and showed by their votes that they were decidedly opposed to artificially go in bondage, but were willing to stand a reasonable tax till the money were raised wherewith to meet the demand for school facilities.

Arbor days have continued here now for about a month, as the people have planted more trees, both fruit and ornamental, than ever before, which will some day reward the enterprising people.

The spring here is very late, the farmers have just commenced putting in crops, but oh! how windy and cold nights, which have had the effect of keeping down the spring fever with some.

Another creamery is being erected here, and farmers are talking of sending their fine lands into alfalfa, so as to be able to keep more cows for the purpose of supplying our butter and cheese factories, which will probably pay better than to raise wheat at 40 or 50 cents a bushel. The farmers are also preparing to make an experiment this year in raising sugar beets, for our Richfield Sanpete and Sevier sugar factory.

CLEVELAND.

Stake Conference—Dry Season—Irrigating Before Plowing—Stock Doing Well.

Special Correspondence.

Cleveland, Emery Co., April 18.—The Emery Stake conference closed last night after two days of most interesting meetings. There were present Apostle A. H. Lund, Elder Rulon S. Wells of the Presidency of the Seventies, and Elder Andrew Jenson of the Historian's office.

Elder Reben G. Miller, president of Emery stake, presided. Over 1,000 people from all parts of the District of the Stake were present. The Cleveland choir, under the direction of Prof. J. Jenkins, furnished excellent singing.

The instructions were timely and spirited.

Arthur Horsley of Price was made Bishop elect, and Brother Joseph Emery Bishop.

Last night the young people had an enjoyable social, and today it was interesting where so many bright, well-dressed and well-behaved young people came from in so small a place.

Things are more backward here than usual, and, by another box provided, we are in hopes that the people will see how to do the planting, irrigation, and the farmers are having to wait on their land before it is dried. This makes this naturally barren country look more sterile and forbidding than ever, and to be the change it proves a discouraging prospect, but the people here are full of hope and feel encouraged in spite of all.

Discouraging as times have appeared, the sheep and cattle have done well during the past winter and the flocks are being pushed into the mountains toward their summer range.

Many of the men of this place have sent the sister in the east home but are now back on their farms for the summer.

WOODRUFF.

Favorable Spring Conditions—Farewell Missionary Party.

Special Correspondence.

Woodruff, Rich Co., April 11.—The spring season has proved favorable for farmers and stockmen. The acreage of grain and vegetables will be larger in excess of last year.

On Monday evening, April 3rd, a farewell party was given Elder Wm. Cox, in honor of him with the intention of many friends he was presented with a purse containing the substantial part of the evening's program. Elder Cox was a member of the High Council. He started on his journey for England on the 12th inst.

President John M. Baxter, and Bishop Peter McKinnon were among the speakers at the Stake Priesthood meeting held on Saturday the 8th. Some of the valuable instruction given at the Logan Temple dedication was repeated before the meeting.

The services on last Sunday were very interesting; President Charles Kingston and Patriarch Wm. G. Burton, also home missionaries Andrew Kennedy and Wiley Hunter were the speakers.

The spotted problem is yet a serious one. Two have died since last fall in other, judging by their numbers and healthy appearance.

OUR NEIGHBORS.

POCATELLO, IDAHO.

Death of Mrs. Elizabeth Ann Scudder, Late of New Zealand.

Special Correspondence.

Pocatello, Idaho, April 15.—A rather sudden and unexpected death occurred here on Saturday, April 15th, Sister Elizabeth Ann Scudder passed peacefully away at 10 o'clock a.m. after a brief illness of 6 days, aged 59 years.

The deceased, with her family, arrived here from Auckland, New Zealand, 3, 1896, direct from New Zealand, where she and her husband and family embraced the Gospel. She was an earnest worker from the day of her baptism to the day of her death, ever ready to provide for the missionaries that had the good cause.

The funeral services were held in the Pocatello ward meeting house on Monday, April 17th, and words of comfort and consolation were spoken by a number of friends.

REMARKABLE CURE OF RHEUMATISM.

Keens, Jackson County, W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their natural size. Mr. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a bottle at once and used it according to the directions and the next morning she walked to breakfast without assistance. I can recommend Pain Balm as not had a similar attack since.—A. E. Parsons.

CONFERENCE PROCEEDINGS

The Deseret News, by direction of the First Presidency, will issue a pamphlet giving a complete account of the proceedings of each General conference, including verbatim reports of the discourses, also comprising, as an appendix, an account of the conference proceedings of the Tooele Stake Quarterly Conference. The next issue will be the fourth of the series, and will be ready immediately after April Conference.

The reasons for this publication, in the minds of the Presidency, are:

It is a means of making the saints more familiar with the views, sentiments and instructions of the Church authorities, thus placing them in closer touch with each other.

Such a publication is of great historical value.

It can be made useful abroad through the minds of the Presidency, and to be sent out by mail to distant parts by the Saints.

The price of the pamphlet is nominal. It will be mailed to any address, post free, for fifteen cents. Agents will be allowed a discount of 20 per cent. Please send orders for the next issue as early as possible.

NOW READY.
