MUNICIPAL MATTERS

The Council Adopts the Report of the Committee of the Whole.

AFTER CONSIDERABLE DISCUSSION

Resolution Adopted Favoring the Semi-Centennial Celebration—A Sewer "Extra" Protest.

The bone of contention at the City Council meeting last night materialized upon the presentation of the report of the committee of the whole, which report had been adopted and almost unanimously agreed upon at a meeting held last Thursday night.

CAUSE OF THE STRIFE.

The report was as follows:

Your committee of the whole, to whom was referred the report of the committee on finance, recommending that the watermaster's office be abolished and his duties added to those of the superintendent of streets, and recommending the abolishment of certain sinecures for ruinling expenses of the different departments, beg leave to report as follows:

That the matter was carefully considered by your committee and we respectfully recommend,

First—That the recommendation of the committee on finance in relation to abolishing the office of watermaster and the addition of his duties to those of the superintendent of streets be adopted.

Second—That the schedule of salaries for the various departments, as recommended by the committee on finance, be adopted with the following changes: Fire department, $125 per month; Liberty park, $100 per month, and that the sum of $1,500 be inserted to meet the emergency.

LE PRONON AGAINST IT.

The reading of the report brought Le Pronon to his feet with a motion to reject the following recommendation contained therein: "That the duties of the watermaster be added to those of the street superintendent."

"SOMETHING BEHIND IT."

The movement struck Romney like a thunderbolt from a clear sky and he declared in most emphatic terms, that there was something behind it.

THE REPORT DOWNED.

Expressions for and against Le Pronon's motion were made by several members, and when all who desired to, had spoken, a motion to adopt the report was lost on the following vote:

Ayes—Allen, Callister, Dale, Elliott, Morris, Romney and Stewart—7.

Nays—Buckle, Diehl, Hayward, Le Pronon, Maloney, O'Meara, Wiscomb and Newell—8.

A vote on Le Pronon's motion was then taken, and it was defeated as follows:

Ayes—Buckle, Diehl, Le Pronon, Maloney, Wiscomb and Newell—4.

Nays—Allen, Callister, Dale, Elliott, Hayward, Morris, O'Meara, Romney and Stewart—9.

DIEHL WAXES WARM.

Again a motion was made to adopt the committee's report, when Diehl arose in an argument, backed up by his experience in the waterworks department, that $1,500 per month was not sufficient to properly maintain the department. In his peroration he submitted figures to substantiate what he said and in conclusion, resented what he had considered an attack on his personal character, in the following language:

"Now, Mr. President, I have been charged by my friend Romney with telling falsehoods. I stand here, Mr. President, 66 years of age, an honest, upright, straightforward man. I have lived in this city over 20 years, and during that time I challenge anyone to say that I have ever been guilty of a dishonest act. I was sorely hurt, the other morning upon opening my beloved Tribune and reading in glaring headlines, 'Romney Roasts Diehl.' I don't know what caused it. Somebody was certainly mistaken—perhaps the gentleman of the press. I have finished my say, Mr. President."

ROMNEY'S CONFIDENCE IN DIEHL.

Romney at the juncture arose, and stated in most emphatic terms, that there was no member of the Council in whom he had more confidence than in Chris Diehl. He believed Mr. Diehl to be a thoroughly honest man, and challenged anyone to bring proofs that he had ever spoken of him in other than terms of the highest praise for his shrewdness and honesty. In speaking on the question at issue, he favored consolidation in the watermaster and street departments, and would use his utmost endeavors to bring the consolidation about. He testified very earnest and warm in his peroration on economy, and declared that he, if he had to stand alone, proposed to look after the interests of the taxpayers.

AN INCREASE OF $200 MONTHLY.

O'Meara at this point took issue with Diehl and moved to increase the water department's monthly allowance from $1,500 to $1,700.

The motion carried on the following vote:

Ayes—Allen, Diehl, Hayward, Le Pronon, Morris, O'Meara, Wiscomb and Newell—8.

Nays—Buckle, Callister, Dale, Elliott, Maloney, Romney and Stewart—7.

With this amendment the report of the committee was adopted, and became effective on March 1.

SIGN FOR ADVERTISING.

This matter disposed of, the next thing to cause flights of oratory was bore from the daily newspapers for city advertising.

Le Pronon moved to amend the original resolution, which provided for advertising of bids from the daily papers, by inserting "also weekly papers and each paper to send with its bid a sworn statement of its circulation."

President Newell ruled the motion out of order as the resolution had been adopted at a former meeting and bids had been received in accordance therewith.

O'Meara wanted the bids returned to the respective advertisers whenever opened, and other remarks on the question by several of the members, the committee was advised, that the city ordinance provides for advertising in daily papers and upon O'Meara's motion, to secure the sense of the council, by a vote of 11 to 4, the sealed envelopes were opened and revealed the following:

DESERET NEWS—For notice that run 10 days, $2 per inch, single column; 20 days, $4.50; 30 days, $6; once a week, for four weeks, $2 per inch single column.

Salt Lake Tribune—For 10 insertions, each 40 cents per inch; 20 insertions, 35 cents per inch; 30 insertions, 30 cents per inch; once a week, $1 for first insertion and 50 cents per inch for each subsequent insertion. All other city papers per rate with above ratio where run same number of insertions.

Salt Lake Herald—One single column inch 10 days, per inch, per insertion, 37½ cents; same 20 days, 30 cents; same 40 days, 25 cents per inch; once a week, for four consecutive weeks, 67½ cents per inch.

The bids were referred to the enrollment committee.

OTHER COMMITTEE REPORTS.

The license committee to which was referred the petition of E. T. Ross and company asking for rebate on amount paid for license as fresh meat dealer, recommended the allowance and reappointment of $25 instead of $50, as asked for. Adopted.

Retail liquor license were granted to F. T. Nystrom, the Salt Lake City Brewing company, James Hagney, John Shea, Frank Smith, and the A. Fisher Brewing company.

Upon the recommendation of the committee on license A. L. Hulet was granted a free license for one year.

The street committee recommended the payment of $90 to the Union Pacific for repairs to engine No. 252, which was used by the city in 1895, for the purpose of hauling gravel and injured to that extent. Report adopted.

REPORTS OF CITY OFFICERS.

The city attorney recommended the granting of the petition of S. J. Powell, asking for release of tax sale on lot 13, Block 1, Utah Southern addition. Adopted.

The Mayor informed the Council of the appointment by him of C. S. Varian to the office of fire and police commissioner vice F. H. Dwyhouse resigned. Received and filed.

The city recorder asked for an appropriation of $22.70 for the purchase of stamped envelopes for the health department. Granted.

The board of public works reported that it was impossible to discharge Clerk C. M. Dall at the time the Council so ordered it, and asked that he be allowed $50 for services rendered since that time. Referred to the committee on public works.

SEMI-CENTENNIAL CELEBRATION.

Callister submitted the following resolution which was adopted and referred to the Mayor for his concurrence:

Whereas, there has been introduced into the State Legislature a resolution providing for the appointment of a commission to conduct an intermountain semi-centennial celebration and expositions in Salt Lake City in 1897, the fiftieth anniversary of the arrival in the Utah Pioneers; and

Whereas, such celebration and exposition would be an appropriate observance of so important an occasion, and would be of great value to the State in making known its resources and advantages and to this Lake City in attracting a large number of visitors, therefore

Be it resolved, That the City Council of Salt Lake City respectfully request the Legislature to pass the above said resolution and make an appropriation sufficient for the initial expenses of the proposed exposition, and

Be it further resolved, That the free use of Pioneer square, where the Pioneers made their first permanent settlement on Utah soil, is hereby tendered for the purpose of said celebration and exposition and the free use of all other rooms in the city and county building to also tendered for the Intermountain Semi-centennial Exposition Commission, if desired, for the convenience and accommodation in the work of said celebration and exposition.

PETITIONS AND COMMUNICATIONS.

The Nelden-Julian Drug company submitted a bill for $130 for rent of offices for ex-City Attorney Shepp for a period of six months from December 5, 1894. On motion of Romney the claim was rejected.

Thomas Dwyerfield asked for a refund of $21.25, the amount paid by him for sidewalk tax, for sidewalk laid by private contract. Committee on improvements.

Peter Sheppard asked for a refund of two-thirds of his license as peddler, he having quit the business. Committee on license.

A petition asking for the appointment of a fifth matron was submitted by the George H. Maxwell Women's Relief Corps and seventy-five others. Committee on prison.

A Conrad Gray asked for a renewal of free license. Committee on license.

D. C. Bothwell, assignee for Mrs. Eggstein, asked for refund of license income. Committee on license.

W. W. Emery petitioned for relief from the city on account of having sustained injuries through falling on a defective sidewalk. Committee on claims.

AN "EXTRA" PROTEST.

The following was received from Albert and Thomas Holt, sub-contractors on the gravity sewer:

To the Honorable Mayor and Members of the City Council:

Gentlemen—We, the undersigned, do hereby petition your honorable body to ignore absolutely the bill for extra on gravity sewer now presented to you by Morris, Hobson & Wilkinson for $20-22.50 for the following reason:

In 1892 we sub-contracted all the excavating and back filling of the gravity main sewer from Brooksby, Griffith, Morris, Hobson & Wilkinson.

We paid them then $2.50 for stone concrete masonry (which they let us to expand into dig the trench an inch or two two wide, and the engineer's department will show that we averaged exactly an inch two wide on both sides, and now they are asking you to pay them again this amount on the ground that the trench could not be dug exactly to specifications.

We furnished and laid in the trench at a cost of $1,326.15 1,326.41 feet of lumber, and now they come asking you to pay them for this very same lumber on the ground that it would not be packed out without injury to the sewer.

We furnished and laid for all extra excavating and timbering under the block north of Hot Springs, and now they are asking you to pay them again $165.37.

In four less appropriations we paid them for extra above we which we did in the amount of over $1,000 and we will never get a cultery cent.

The $1,000 loss we incurred through taking warrants a former Council appropriated to them, and we never received a dollar of the amount to help make good our loss.

These people made $165.25 by buying our time checks at a discount when money were due us, and the full amount was charged against us.

Between six hundred and 700 the barrel for the concrete 1,000 feet of pipe, 240 and two inch planks, thus robbing the city of the proper amount of concrete at our expense. They refused to pay us for this lumber. If any of your doubting associates we invite you to dig down at station 100 north, where you can find out and feel buried in the concrete and between nine to three feet from the bottom on either side at station 99 north on east side of trench between six inches and two feet from the bottom.

These contractors made over $17,000 out of the work we did, and now they come pleading at the "seat of mercy," again for $5,000 more, when we have already paid them this amount.

Can you not see as a gentleman that these men are a set of schemers seeking gain at the expense of this city and sub-contractors? These men promised us everything, but upon the advice of our attorney, F. S. Williams, we succeeded that they at last they were released from their contract, and having to properly protect we had better get what we could and let the sub-contract be made without suit.

The contractors should not be allowed these extras which rightfully belong to us, they are asked by the city attorney, therefore, in the name of fairness we ask you to give this communication your consideration.

We stand ready to prove every assertion made herein, and will be pleased to meet you at any time and answer any question that may be put. Referred to sewer committee.

After allowing several appropriations of small amounts, an adjournment was taken for one week.

The relieving usage of a trial complaint is often a slight cold, which a dose or two of Ayer's Cherry Pectoral might have cured at the commencement. Therefore, it is advisable to have the remedy and sufficiently always at hand to meet an emergency.

It always does the work, and does it well." For sale by druggists.

The exposure to all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds which, if not promptly checked, result in pneumonia or pneumonia. Mr. J. O. Davenport, ex-manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Calif., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by druggists.
