HE MARCHED WITH SHERMAN,

trudged all the way on foot, over mountains and through morasses, carrying knapsack and gun, slept on brush beds to keep out of the mud, caught cold, from the effects of which his friends thought he would never recover. Lingering with slow consumption for many years, he saw Dr. Pierce's Golden Medical Discovery advertised in a country newspaper, and he determined to try it. A few bottles worked a change; six months' continued use cured him. Always too independent to ask his country for a pension, he now says he needs none. He helped save his country, he saved himself. Consumption is lung-scrofula. For scrofula, in all its myriad forms, the "Discovery" is an unequaled remedy. It cleanses the system of all blood-taints from whatever cause arising, and cures all Skin and Scalp Diseases, Salt-rheum, Tetter, Eczema, and kindred ailments. AGRICULTURE.

Senator Voorhees' Resolution on the Subject of Agricultural Depression.

THE TOWN OF CLARENDON, ARK., SUBMERGED.

The Charges Against Bishop Esher, —Heavy Storms in New England.

By Telegraph to the NEWS.

AGRICULTURAL DEPRESSION.

Resolution on the Subject Introduced in the Senate.

WASHINGTON, March 19.—Vice-President Morton occupied the chair in the Senate today.

The resolution offered by Voorhees Monday, as to the agricultural depression, was taken up and Voorhees addressed the Senate. He said, in part, that it was now nearly thirty years since the close of the war had given to avarice an opportunity to prey upon the self-sacrificing patriots of the country. The measures resorted to for the taxation of one class of citizens for the enrichment of another had been legislation by which the burden of the public debt had been doubled—silver demonetized and a high protective tariff established. He characterized the protective tariff as the curse of the farmers of the United States. He did not believe that the hands of this farmer would hold a republican ticket at the next presidential election. Improved farm lands today, under the most favorable circumstances, would not, on a general average, realize more than two-thirds of what their value had been twenty-five years ago. The Ohio farms were now under mortgage to the amount of $388,000,000. In Illinois 23 per cent of the whole face of the state was under mortgage, they amounting to $[illegible]. Forty-seven per cent. of the State of Michigan was under mortgage. In Indiana, Kentucky, Missouri, Kansas, Nebraska and the whole Northwest, from 20 to 50 per cent. of the farm lands

WERE UNDER MORTGAGE

at such rates of interest as the farmers could never pay out of their crops, to say nothing of the principal. The farmers were thus brought face to face with ruin. Nor were the farmers of New England different in that respect from the Western States. The remedies to be applied were: First, tariff reform; second, a full supply of legal tender money; third, the free coinage of silver; fourth, suppression by law of gambling in futures; fifth, a liberal policy of pensions.

Voorhees summed up his arguments with a reference to the subsidized press, "clocks of five," official patronage, etc.

The Blair educational bill was taken up and Pierce spoke in opposition to it. Evarts and Call advocated it.

House.

WASHINGTON, March 19.—The Maryland contested election case of Mudd against Compton was called up. Debate was limited to six hours. Pending a vote the House adjourned.

Town Flooded.

HELENA, Ark., March 19.—The town of Clarendon is now pretty well covered with water from White River, which rose so fast that a conductor was compelled to move his train on the Arkansas Midland road, two miles from Clarendon, in order to make his run into Helena. Between Duncan and Clarendon the water is on some parts of the track six feet deep.

Snow and Windstorms.

BOSTON, March 19.—Dispatches from various points along the coast report a very severe snow and windstorm. Wrecks are feared.

The Phonograph.

LONDON, March 19.—A Milanese named Fosetti is exhibiting a simplified edition of the phonograph, costing 100 francs. The instrument reproduces the human voice in a marvellous manner.

A Bishop's Offenses.

READING, Pa., March 19.—The committee of the Evangelical Association appointed to try Bishop Esher of Chicago began the hearing today. The charges read were in substance as follows: Unchristian conduct, slander, evil-speaking and falsehood, creating dissension, perpetuating and intensifying agitation in the church, and disturbing the peace by the revival of old and previously adjudicated differences. Bishop Esher is not in attendance.

Dividend.

NEW YORK, March 19.—The application of the sugar trust to declare a dividend of 2½ per cent on its $50,000,000 of certificates was today referred to Judge O'Brien and will be heard tomorrow.

Governor Tools.

CHICAGO, March 19.—The News Washington special says: The engagement of Miss Rosecrans, daughter of General Rosecrans, to Governor Toole of Montana is announced. Miss Rosecrans is 25 or 26 years old, of fine figure and handsome face, and has been a belle in society here. The marriage will take place immediately after Lent.

Death of an Iowa Republican.

DAVENPORT, Ia., March 19.—Hon. James T. Lane of this city, prominent in republican politics in Iowa, died at Denver today, aged 60.

Fire in a Mine.

HURLEY, Wis., March 19.—A great fire is raging in the Germania mine. Five miners have perished. All efforts to stay the flames are unsuccessful. The unfortunate men are James Thomas, his son Joseph Thomas, Hugh Walker, Jimmy Sullivan, William Banks, all miners. The loss will reach $100,000.

Walker escaped from the mine with about 400 men when the first fire broke out, but returned to rescue the others still in the mine and was himself burned to death.

Express Robbers Caught.

MISSOULA, Mont., March 19.—E. A. Searls and W. C. Paine, who have been living here the past month, were arrested today charged with robbing the Pacific express office at Brainard, Minn., of $15,000 about a year ago.

The Greenville Crevasse.

GREENVILLE, Miss., March 19.—The levee break has widened to 350 feet up to 6:30 tonight. One of the broken ends has finally been secured and the other end will be made secure tomorrow. No great damage has yet been reported as happening from the overflows. Only one cabin in the immediate vicinity of the break has been washed away. The water is spreading on the low places through plantations and swamps, and is now within four miles of Greenville in Black Bayou.

Burchell's Wife Set Free.

NIAGARA FALLS, Ont., March 19.—Mrs. Burchell was taken before the police magistrate today, but as neither Detective Murray nor the Crown Attorney Reynolds had any evidence against her, the magistrate discharged her.

Protection Asked For.

CALDWELL, Kas., March 19.—The Cherokee Strip Live Stock Association today adopted resolutions providing for the removal of their cattle in accordance with the President's proclamation. A memorial to the President was adopted, requesting protection against boomers' raids.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined." John Leslie, farmer and stockman, of the same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a man." J. W. Gardner, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 50c. a bottle, at A. C. Smith, & Co's drug store. 2

Remarkable Return.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited by first dose. She continued its use and after taking two bottles, found herself sound and well, now does her own housework and has well as ever she was.—Free trial bottles of this Great Discovery at A. C. Smith & Co.'s Drug Store, large bottles 50 c. and $1.00. 2

CHARTER OAK RANGES

OPINION OF AN EXPERT!

Mrs. Mary E. Welch, Teacher of Domestic Economy at State University of Iowa, says:

"My deliberate judgment is that the ovens of the Range, as compared with others, is not only more equally heated in every part—front as well as rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I have found, also, that less consumption of fuel in this Range for a given amount of work, is much less than any other."
