WITH Clerk Burke of the Territorial Supreme court has been filed the transcript in the case of Fred J. Kinsel & Co. vs the city of Ogden, appellants. The original suit grew out of damages alleged to have been sustained by the plaintiff on the account of the construction of a water drain by the city authorities in such a manner as to discharge into the cellar of the plaintiff's store and thereby damage a stock of goods owned by them to the amount of about $4000.

HE DIDN'T GET AWAY,

But He Got Fifty-Seven Days' Imprisonment in Lieu of Liberty.

Robert Lamar was sentenced to fifteen days last Friday, at Ogden, by Justice Billings, for vagrancy and on Wednesday decided that his term was altogether too long. While working on the chain gang at the gravel pits he managed to the tool house, and during one of his visits secreted a heavy file in his clothing for the purpose of breaking the links off his leg-irons and effecting an escape. Several others of the prisoners were implicated but Lamar was the only one upon whom the guilt could be directly fastened. He was arraigned on a charge of petit larceny and demanded a jury trial. He got it. A verdict of guilty was rendered and the judge fined him $25 and costs, equal to fifty-seven days' imprisonment, and today he commenced to serve his time.

DISCHARGING FIREARMS.

James Pulten is alleged to have indulged in the dangerous and expensive sport of discharging firearms in the city limits and will be called upon this afternoon to show cause why he should not be held responsible therefor.

Tom Ryan, a battleground worshiper of St. Patrick, confessed to having assaulted a fellow workman. The indulgence will cost him five days in the city gravel beds.

John Doe Harwood and Thomas Howard are now alleged to have drunk enough Commercial street whisky to very perceptibly interfere with their manner of walking. Their guilt was confessed in such a frank and open manner that the court suspended sentence.

Amusements.

"All the Comforts of Home" will be given at the Theatre tonight and tomorrow night and matinee. Gillette has built up this piece on the ground work of a German comedy entitled "E's Teller Einfall" and is said to have succeeded in clothing the original humor in English dress most successfully.

"BLUE JEANS"

will be the next attraction at the Theatre for three nights, commencing on Monday next.

WONDERLAND.

The new attractions at this place of amusement are varied and interesting. The management always succeeds in finding what people want to see, and the Bijou is consequently prosperous. Tomorrow is children's day once particularly.

Fast Trains.

We understand that arrangements have been completed between the Rio Grande Western and Colorado Midland railways, whereby the Rio Grande Western train leaving Ogden at 8:30 p.m. and Salt Lake at 9:50 p.m. will reach Colorado Springs at 7:30 p. m. the next day, connecting there with the fast train No. 6 of the A. T. & S. F., which arrives in Kansas City at 8:00 p.m. the second day and arrives at Chicago at 9:15 a.m. the following morning. This train will carry a through sleeper between Ogden and Chicago, and will undoubtedly be a very popular train, as the physical condition of the road from Ogden to Chicago will that could be desired and the equipment unsurpassed by any line in the country.

A FIRE IN NEW YORK.

Probably the Work of Incendiaries.

NEW YORK, May 6.—Early this morning a fire started in the basement of a slaughter house of Swartchild & Guldsburger, wholesale butchers, Forty-fifth street and East River. The building contained large quantities of inflammable matter and was soon a mass of flames. From there the flames spread to the pier at the foot of Forty-fifth street, thence along the wharf to Forty-seventh street. The vessels moored near the docks narrowly towed out into the stream. During the fire five hundred head of cattle in an adjoining shed were turned loose and went tearing through the streets. In the panic there were many narrow escapes from being gored or trampled by the infuriated animals. The loss on the building, its contents and the wharf is estimated at a quarter of a million dollars.

Business Conditions in New Brunswick.

OTTAWA, Ont., May 6.—Speaking of the condition of the business of New Brunswick, Senator Snowball, one of the principal lumber manufacturers and exporters, and one of the railway managers of that province, said that matters were in anything but a satisfactory state. The McKinley tariff had crippled the business of exporting fresh fish. A great many businesses, considered the soundest in existence a year ago, have been obliged to assign. Others were hard pressed. The want of reciprocity with the United States is keenly felt by all classes.

The Methodist Conference.

OMAHA, May 6.—Bishop Mallalieu, presided at the morning session of the Methodist conference. The first order of the day was the report of Bishop Thoburn of India and Malaysia. He said the church is teaching the gospel in those countries in thirteen languages. The work in India is in excellent condition, but the need is great. The membership has increased nearly 50,000 during the past four years. The Sunday schools have increased 45,000, and now number 55,000. There were 29,000 scholars in the day schools. People by thousands are giving up the idols.

The conference then requested the committee appointed the previous day to prepare a resolution upon the Chinese exclusion bill to report. Judge Lawrence submitted a report which stated the committee had learned the bill was already signed by the President. It was therefore too late to take any action, until the exact terms of the conditions of the bill was ascertained. Dr. Swindells offered a minority report to have the question referred to the committee on the state of the church. He feared the passage of the bill would jeopardize the lives and property of the missionaries in China and wanted the matter disposed of, so that conference might be thoroughly informed as to the actual state of affairs. The matter was finally referred to another select committee of five ministers and four laymen.

Young Democrats of Maryland.

BALTIMORE, Md., May 6.—The young Democrats of Maryland had a large meeting last night, held under the auspices of the Cleveland Tariff Reform Club. Resolutions were adopted demanding that no delegate be chosen to the national convention who shall not have given an indubitable pledge that he favors tariff reform and the nomination of Grover Cleveland. In regard to tariff reform, Cleveland and silver, the resolutions say: "We protest in advance against all attempts at compromises, equivocations or timidity in regard to these great issues as time serving, cowardly and dishonoring to the Democratic party, as to the interest of tariff reformers and silver kings and mine owners, and unfit to the true interests of the people, and, whether intended or not, is calculated to place the Democratic party in a false position and bring about its defeat for the benefit of those two classes.

Platform of the National Prohibitionists.

RAHNER, Maine, May 6.—The prohibition State convention yesterday nominated the following ticket: Governor, T. R. Hosely; Congressman John H. Hersey.

The platform demands that manufacture, importation, exportation and interstate transportation of intoxicating beverages shall be suppressed by state and national law, and endorses the national platform of the party. It denounces trusts, favors limitation of ownership of land, and favors a reasonable tariff, gold, silver and paper money; control of railroads, telegraphs, water and light companies by the people.
