SCHOOL BOARD MATTERS.

Steps Taken to Revise the Grade Text-Book Committee Appointed —More Efficient Board.

The board of education last night adopted the following resolution, the full purpose of which when carried out will reduce the time of attendance in the High school by one year:

Whereas, the average age of beginners is 6 years 10 months; of eighth grade, 14 years 4 months; and of High school graduates, 17 years 4 months, and more than appears to indicate that our pupils are kept two years in each school if they could save a year in their school course, and

Whereas, the expenditure of effort and dissipation of energy in attempting to acquire the facts of the many studies, or of one many branches of study, seem to conflict with the solid and substantial training of the mental faculties which must lay the basis for robust, clear and powerful thought, and which should engage the attention to the utmost of action in life, and

Whereas, it seems desirable that attention be and is directed to the probable advantage of eliminating the years of study as to advance by at least one year the time of entrance into the High school, and corresponding by the time of graduation, so that pupils may enter the school at an age at which they are better prepared to take up the advanced courses of instruction in the grammar grades, and so enter upon the advanced courses of instruction in industrial study, and so order that the subject shall be examined carefully and decide. To so that the board may be able to act intelligently upon such an important suggestion;

Resolved, That a committee of 12 members of which the superintendent, the principal of the high school, three principals of grade schools and one teacher of each of the eight grades shall be appointed, to report to the board at its next regular meeting the subject and report in the board meeting on Friday, Feb. 5, 1897, such a revision and alteration from grade requirements as may be deemed adopted to realize the above object.

The following were appointed the committee: Dr. J. F. Millspaugh, president; W. H. Shearer, W. J. Shipp, William Stoddard, O. H. Avery, Louisa Stoich, Alice Sheridan, Anna Nowell, Ella Powers, Mary Cooper, Lucy Van Cott, Lulie Rowe and Elizabeth McMillan.

A resolution was passed requesting the service of principals as janitors. Principals of buildings from nine to twelve rooms, $115 per month; from twelve to fourteen to six, $125 per month. In accordance with this the salary of E. S. Holmes of the Franklin and W. W. Batten of the Summit were increased from $115 to $125, and Mr. E. A. Fritz of the Bryant to $115.

The committee on finance reported the recovery as billing from insurance on pupils and the amount was turned into the treasury.

The sale of the Weber Coal company in Carbon and Emery counties for the sale of wood that may be required, cut in to two foot lengths, at $5.75 per cord, was accepted.

Janitor's supplies were ordered purchased at a cost of $35.

One Lane Webster's Unabridged and a International Dictionary were ordered purchased for the schools. It was amended by providing a standard for the use of the board.

A communication was received from Superintendent Millspaugh, calling attention to the urgent need of two more school buildings, as soon as means can be secured for the purpose. The greatest pressure for a new building, the superintendent reported, was for a new building to take the place of the present Tenth school, as that building is unsuited for school purposes. Two additional buildings is needed in the vicinity of the Franklin school. The matter was referred to the committee on buildings and grounds.

TREASURER'S REPORT.

The treasurer submitted his report for the month of October as follows:

RECEIPTS.	
Balance S. Lawrence, late treasurer	$ 78 [illegible]
Balance to balance on hand	[illegible]
Total	$ [illegible]
DISBURSEMENTS.	
Paid district treasurers	$[illegible]
Amount due treasurer on 1, [illegible]	[illegible]
Total payments	$[illegible]
RESOURCES.	
Balance June 30, 1896	$[illegible]
Receipts for four months	[illegible]
Total	$[illegible]
Less disbursements for four months	[illegible]
Due treasurer	$[illegible]

On report of the committee on school work, the reinstatement of Miss Bertha Shipp, at the Lowell school, was accepted, and Miss Jessie Dickson was reinstated temporarily to fill the vacancy at a salary of $55 per month. The resignation of Mr. C. A. Henry of the Whittier school, was also accepted.

After transacting other public business and seeing an appropriation of $15,577.15 the board adjourned for two weeks.

THE SCHOOL ELECTION.

It Will be Held Wednesday, December 2nd—Five Members to be Elected.

The next election to be held in this city will occur on Wednesday, December 2nd, less than a month from now. Five members are to be chosen by the people at that time. The outgoing members by municipal wards will

First—J. J. Thomas.
Second—W. F. Cohn.
Third—George G. Sywster.
Fourth—Hamilton E. Woolley.
Fifth—J. H. Dougherty.

As yet no candidates have appeared in the field of action in behalf of communities, and the prospects for there being a new decidedly remote. The positions are entirely honorary, the members being required to serve without pay. In some of the wards women have been suggested for school commissioners, and it is not improbable that in one or two they may be selected. None of the retiring members, so far as known, have signified their intention of seeking for reelection, but all have made efficient public servants and may be called in like the most again.

IMPROVEMENT LEAGUE.

Its Splendid Library and Other Advantages for Young People.

The Mutual Improvement League is progressing nicely, and is certainly accomplishing much good. The old social hall on State street, one half block south of the Eagle Gate, has from the time of its erection been the scene of many literary treats, and it is fitting that the walls that have so often echoed pleasant social gatherings should now form the home of the league which has for its purpose the proper development of the physical, mental and moral faculties of the youth of Utah.

During the warm weather the classes in physical culture were discontinued, but have been resumed for some time, those for ladies being under the care of Miss Annie E. Spencer and Louie Folsom. Those for gentlemen will be directly in charge of a competent instructor who is expected here early next week. The supervision of all classes in athletics is entrusted to Miss Maud M. Hebenon who will aid in the formation of the classes, and give much counsel to the various instructors as will be for the good of the League.

One of the most important departments is the library and reading room. The library embraces only in its 1st, contains many choice volumes, covering almost any subject upon which information is desired. Many additions are being made constantly, those for the first week of the present month embracing the following valuable contributions:

From Twentieth ward library, (O. Hodgson presc.)—A. Nimo (Isa) Delsarte; History of Prussian Reformation in Great Britain and Ireland; Cassell's Natural History; Lives of Presidents of the United States (illustrated.)

From Mrs. Evelyn Y. Davis.—Manual of American Literature; Whitney's Poems; Correspondence of Palestine Tourists; Shakespeare's works in one volume; Tennyson's Political Works, and W. H. Howard's Travels Around the World.

The League is supported by contributions by entertainments given up for that purpose and by membership dues. The latter are only $1.00 per year, and include the privileges of physical training, use of baths and library privileges. In the library are found all current magazines of choice and contents, as well as many newspapers of U.S. and other states.

A Peculiar Feeling.

The sensation of nervousness has been variously described, but never more graphically than by a little girl who, while away from home and nursing, sat heavy-eyed and silent at a hotel table.

"Aren't you hungry, dear?" asked her aunt, with whom she was traveling.

"No."

"Does your head ache?"

"No."

"What is the matter?"

The child's lip quivered, and she said in a tone to grieve the heart, "I'm so sick for home."—Louisa Tilt Sifts.

Same Thing.

Mrs. Tiddledewinks (from behind her paper)—I wonder what the man is reminiding Miss Cupid's wedding the paper says she was married in the "carriaging room."

Mr. Tiddledewinks—Her father wrote the account, I fancy. He is a senator, you know.

Mrs. Tiddledewinks—But I don't quite see.

Mr. Tiddledewinks—He probably means "drawing room."—Washington Times.

Awarded Highest Honors—World's Fair.
DR. PRICE'S CREAM BAKING POWDER
MOST PERFECT MADE.
A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.
40 YEARS THE STANDARD.

The druggist will tell you that no one is better qualified to judge of the merits of an article than the dealer, because he bases his opinion on the experience of all who use it. For this reason he wishes us to publish the fact that of other remedies sold on the market for months, Messrs. G. F. Moore & Co., New Berlin, Ore., say: "We sell more of Chamberlain's Colic, Cholera and Diarrhoea Remedy than all others put together, and it always gives good satisfaction." Mr. J. F. Alsey, Fox, Ore., says: "I believe Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best I have handled." Mr. W. H. Hitchcock, Chehalis, Wash., says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best seller we have, and it is highly prized by all who use it."

Sore throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. This medicine is also famous for lameness of rheumatism, lame back and pleurisy and muscular pains. For sale by Druggists.

Mrs. W. B. Moss, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy, she concluded to try it, and was pleased that it always gave prompt relief. It was seldom necessary to give the second dose, "It has not only saved us much of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For Sale by Druggists.

Nerve Creative Power

Is exhibited in a bottle of Hood's Sarsaparilla than in any other similar preparation. It sets the pancreas and secretory organs more. It costs the jobber more and it is worth more to the consumer. It has a record in cases unknown to any other preparation. It is the best to buy because it is the One True Blood Purifier.

Hood's Pills are the best family cathartic and liver medicine. Gentle, reliable, sure.
