SECOND EDITION.

DESERET EVENING NEWS.
Thursday, May 19, 1892.

LOCAL BREVITIES.

Rewards offered for lost eye-glasses, see special advertisements.

The second of the commencement exercises at the Latter-day Saints' College, held this morning, reached this office too late for insertion today, but will appear in tomorrow's issue.

Mrs. General Maxwell's funeral took place this afternoon at 2 o'clock. Services were held at the Presbyterian Church, the Rev. R. G. McNeice officiating. The attendance was large and the floral tributes numerous.

Seth W. Mommson, of the firm of Morrison & Merrill, the well-known lumber men, met with a serious and painful accident last evening. He had just entered his buggy and was about to drive away when his horse became so alarmed at a passing train that he ran off at full speed and the team, which Mr. Morrison had with a firm grip, parted. He immediately leaped from his buggy and seized the animal by the bridle bit. The horse commenced to rear and plunge and finally fell heavily upon Mr. Morrison, bruising and lacerating his leg in a frightful manner. A surgeon was summoned and dressed the wounded member. Fortunately no bones were broken.

A Bold Theft.

On Tuesday last, while R. J. Filer was making a call at a house in the Fifth ward, his horse and buggy were taken away and have not since been heard of. He had left them standing by the sidewalk and was inside but from five minutes; if they were stolen, it is one of the boldest and best performed thefts that has yet occurred in this city, where such things are getting quite common. The horse was nearly black and short-tailed, and the buggy had seen service but was still in tolerable repair.

Amusement Notes.

The engagement of the charming actress Hixe commences tonight, with the presentation of "La Cariina." Millie Hixe is booked at the Salt Lake Theatre for four performances, on Thursday, Friday and Saturday evenings of this week. The first two nights will be devoted to "La Cariina," while Saturday matinee and evening will be given to "Rosin," a play which is said to afford Hixe an exceptionally fine opportunity to display her talents and graces in comedy.

FRANCIS WILSON.

The engagement at the Theatre of this celebrated comedian commences on Monday next and continues for five evenings, during which time "The Merry Monarch" will be presented. This operetta, we are told, gives him ample opportunities for creating the most uproarious merriment, while at the same time it leaves other members of the company free to display their talents. It has proved a great success wherever presented, and it is to be presumed that Salt Lake City will prove no exception to the rule.

WONDERLAND.

With the commencement of the present week a new feature of attractiveness will be introduced in the Wonderland by the presentation of "The Mascot," by the California Opera Company. New curiosities are also exhibited in the curio hall.

Probate Court.

The following orders were made by Judge Barich today:

Estate of Charles C. Miles, deceased; final account came on for hearing. W. G. Van Horne sworn and examined. Account allowed; order made fixing May 31 to hear petition for distribution.

Estate of Andrew Peterson, deceased; petition for distribution and account came on for hearing. Account allowed and prayer of petition granted.

Estate of B. M. Halvesen, deceased; petition for letters of administration came on regularly; continued to May 31.

Estate of James Moses, deceased; final account and petition for distribution came on regularly. Amount allowed and decree of distribution made as prayed for.

Estate of Edwin Brain, deceased; petition for order to issue trickyard came on without notice. Order made to issue it.

Estate of Mary Anne Childs, deceased; order fixing May 31 to hear final account.

Estate of John Erickson, deceased; order made fixing May 31 to hear return of sale of real estate.

Estate of Jeremiah D. Murphy, deceased; decree of due and legal notice to creditors made, and order made setting May 31 to hear final account.

Estate of Octave Urseuhach, deceased; order made fixing June 14 to hear petition for final account and distribution.

BIG FIRE AT PROVO.

It is Supposed to be the Work of an Incendiary.—Other Items of News.

At 1:30 this morning, a fire alarm was given by Nightwatchman Hatton. The blaze broke out in an empty frame building opposite Hines' drug store, on Center street. It is supposed to have been the work of an incendiary, as a noise resembling an explosion, was heard just before the flames were seen. The damage will probably amount to $2500. The building in which the fire originated was completely destroyed and two or three adjoining ones more or less injured and would have been entirely consumed had it not been for Provo's economic system of water works and the efficient labor of the Volunteer Fire Brigade. The building was the property of Mr. Samuel Pratt.

Provo has been visited with a good many fires during the past eighteen months, and each one appears to have been the work of a "Fire bug." Our citizens have done everything in their power to discover the villain, but without avail.

Hon. W. H. King went to Milford this morning in the interest of Democracy.

Judge J. W. Judd was in the city yesterday on legal business.

Judge Sutherland of Salt Lake paid us a visit yesterday. BEE.

"TE DEUMS OF PRAISE."

How the Amphibious Animals of the Genus Rana Endorse the City Fathers.

Residents in the western part of the city, near the Rio Grande Western round house, have long complained of a nuisance in that locality in the shape of a frog pond. They claim that the stench arising from it is such that a whiff from the mire-hole of a Chicago sewer-pipe would be inflinitely preferable, and perhaps no greater a menace to health.

The disagreeable germs emanating from it have not in the past prevented the usual croaker; the nuisance in question of frogs. On the contrary, it has been a most prolific spot for the propagation of that amphibious animal, and from it are annually sent forth hundreds upon thousands of frogs for the hotel and restaurant tables of the city.

A lengthy petition has been presented to the City Council asking that it be abated.

The composition of the paper is rather humorous. The last paragraph, which is a specimen of those which precede it, reads as follows:

"Gentlemen—Were you connected to live in the presence as we are and could hear the thousands of frogs sing Te Deums of praise to the City Council for furnishing such a fine, large swimming pool we know we would very soon have no cause to complain."

The matter has been referred to the board of health with instructions to apply the red iron remedy and if that timely complies with the request of the petitioners the singing of frogs from that pool will soon cease and the residents made happy.

THE CORRECT STATUS.

The Union Pacific Bridge at Omaha Not Washed Away.—Land Slide on the Burlington.

The following self-explanatory telegram was received today:

OMAHA, May 19th.

D. E. Burley, Salt Lake:

I understand the Burlington are circulating report that the Union Pacific bridge at Omaha is washed out. Following is the correct status:

Union Pacific line all right. Burlington have not run through trains through Omaha for the last three days. Their line is washed out between Omaha and Lincoln and they have been transferring their passengers over rival line. They tried and sent this morning on their line between Omaha and Portsmouth and we have accommodated them by allowing their trains to run over our Omaha bridge. E. L. LOMAX.

Take Notice.

Y. M. M. I. A. Salt Lake Stake:

You are urgently requested to send report of your association for year ended April 30th at once to Joseph H. Felt, Z. C. M. I., Salt Lake City. If you lack blanks, notify him.

LATEST TELEGRAMS.

A Dreadful State of Affairs in the Inundated Sections of Country.

AN IMPORTANT REPUBLICAN CONVENTION.

Military Dispatches Sent by Bicycle.—Killed at a Picnic.—Other Items.

By Telegraph to the News.

THE DESTRUCTIVE ELEMENT.

Reports from Various Points of the Flooded Districts.

CHICAGO, May 19.—Advices to the Associated Press from many points west show a dreadful state of affairs in the flooded district. St. Louis reports, in addition to a prospective real famine, that there is a threatened milk famine, the water on the Illinois side having cut off the dairymen from the city. Deserted dwellings in the flooded districts are systematically robbed of their contents, including furniture. Stealing is said to have amounted to over a hundred thousand dollars.

At Sioux City, among other things, stock yards with the animals in them, corn cribs and other buildings have been carried away by the flood.

At Clarksville, Ark., the flood in the Arkansas river led to the drowning of five people.

At St. Joe, Mo., the river has risen nearly two feet, and is now at its highest point.

At Marysville, Kas., the river which has been falling, is again rising. The city is cut off from railroad communication.

At Texarkana, Ark., the Red river flood has weakened all railroad bridges so that no trains run over them. There has been no mail since Saturday.

At Perryville, Mo., men employed on the Bonbrute levee returned to report that the water is breaking over all along the bottoms so that they will be flooded.

At Minneapolis a few more inches of water will cut the big boom loose, causing great loss.

Cincinnati reports a rainfall of nearly two inches in the Ohio Valley.

A tornado passed over the northwestern part of Hamilton County yesterday afternoon and plowed a furrow of destruction nearly three miles long. A number of dwellinghouses and barns were destroyed and several persons injured.

FLEEING FOR THEIR LIVES.

DES MOINES, May 19.—The Des Moines river rose three feet during the night, and is still rising. The city waterworks are surrounded. There is great danger that the water supply will be cut off.

At Dutchmans, five miles south, the sawmills are flooded, and the occupants are fleeing for their lives. Reports from the country are contradictory, but enough is known to say that the loss of livestock and other property is enormous. There are indications that many people are drowned. The situation in Little Sioux Valley is very serious, but not so bad as that in the Floyd Valley. Reports from there place the loss of life at from 25 to 100, and 65 lives in Sioux City.

Lincoln, Nebraska, Has Another Terrible Flood.

LINCOLN, Neb., May 19.—This city was visited by another flood of mammoth proportions, owing to the tremendous rains. Early this morning the bottom lands were flooded and hundreds driven from their homes. The police worked all day rescuing people from the flooded districts. The railroads are terribly hampered and few trains are leaving town. Some of the large manufacturing industries suffer losses. Not less than a hundred are virtually wrecked.

THE WATERS SUBSIDING.

The waters are subsiding. Communication was opened with Omaha last night over the Burlington line. Elsewhere it is cut off from here. The Union Pacific can start no trains. Its line is grass and bridges is very heavy.

The Omaha lighting gas works are flooded and the city was in darkness last night. The chance to business is very large. The will probably for the people driven from their homes.

AGAIN RISING.

KANSAS CITY, May 19.—The rivers are rising again. The Kaw rose three feet and the Argentine and Armourdale are two to seven feet more water than last night. The Missouri is also two feet higher. The packing houses have suspended.

Thirty Persons Drowned.

SIOUX CITY, May 19.—It is known that thirty persons are drowned and the number of half of that number are missing. One body has been found. Relief for losses will be continued in the morning.

THE EGYPTIAN LEVEE BREAKS.

KEOKUK, Ia., May 19.—The Egyptian levee, which protects a vast stretch of land, broke this morning at 3 o'clock. The waters of the Des Moines river flooded the entire district. The high wind prevailing will cause considerable damage. The whole town of Alexandria, Mo., is completely submerged.

THE FLOYD RIVER.

SIOUX CITY, Iowa, May 19.—The Floyd river was almost back in its banks at noon. Hundreds are returning to their abandoned homes. Scores of houses are swept from their foundations. Others are washed away.

The Methodist Conference.

OMAHA, Neb., May 19. — Bishop Merrill presided at today's session of the Methodist conference.

Dr. Arthur Edwards was elected editor of the Northwestern Christian Advocate at Chicago, by ballot.

Dr. C. W. Smith was chosen editor of the Pittsburg Advocate.

It was decided not to consolidate the Educational Society of Methodists and Southern Educational Society.

Dr. Jesse B. Young was elected editor of the Central Advocate.

The committee on revision for the committee report abolishing the five-year limit on pastorates and referring the question to the annual conference.

The Bicycle Test.

CHICAGO, May 19.—Covered with mud from head to foot, Arthur Lumsden rode into this city today and had the Illinois Central track at Grand Crossing this afternoon, bearing General Miles' dispatch to General Howard in New York. There he was met by the first relay man, Gulteon, who wheeled up street, grabbed the dispatch bag, and wheeled on. The terribly muddy condition of the roads, rendered very good time impossible. At Kensington, Gulteon, in spite of the handicap, was a minute ahead of time and turned the bicycle over to H. Hoagland, who whirled away in New York. A thousand or more people watched the start. Dispatches from Indiana indicate that the racers are still going on.

FIVE HOURS LATE.

TOLEDO, O., May 19.—F. H. Tuttle, the bicycler bearing General Miles' dispatch, came in on foot at 11 o'clock this morning, five hours late, completely exhausted. He had traveled through mud from six inches to a foot deep and broke the crank. Ballsey rode up the journey to Wauseon, along the railroad, as the wagon roads are utterly impassable.

LONDON PARAGRAPHS.

Dreaming Most Hang.—Coal Miners' Strike.

LONDON, May 19.—The privy council today denied the petition of Deeming, the Australian wife murderer, for respite. This was his 2nd hope, and he most certainly hangs on May 23. The petition is based on the allegation that Deeming is insane.

The Durham coal miners decided to continue the strike which began March 21, in spite of the great suffering not only among the miners but the factory hands, ironworkers and others, thrown out through the lack of coal supply. The result is that many have been compelled to accept parish relief, and consequently, under the British law, have been disfranchised.

Republicans in Conference.

DETROIT, May 19.—A conference was held at General Alger's house yesterday, by General J. S. Clarkson, chairman of the Republican National committee, Hon. J. Sloat Fassett, New York, Hon. John M. Thurston, Nebraska, Hon. John S. Osborn, Mich. and Hon. Jos. M. Langston, Va.

The *Free Press* says: Their minds were considerably relieved when it was virtually assured that Harrison will be renominated and Alger is to run with him. Hon. Daniel S. Lamont and Frank Hatton are drawing a revolver, but the girl is here Frank. The latter said she would marry, whereupon he was struck and knocked down by Henry Flower, colored, grassy Dandy, who had his gun out. All the four men began firing then, and when the smoke was over Flower was dead and Hatton and Frank fatally wounded. Dandy escaped injury.

California District Conventions.

FRESNO, May 19.—The Sixth Congressional District convention met, but adjourned subject to the call of the state central committee.

The Seventh Congressional District convention elected W. W. Phillips, Fresno, and Henry W. Patton, Surrine, delegates to the national convention with M. T. Dooley and E. E. Young of Kern as alternates. It was decided to defer the nomination for Congressman from this district until August 30th.

A resolution was adopted instructing the district delegates to vote for Cleveland for President as long as his name is before the national convention. This was the Fourth District's instruct the delegates for Cleveland.

The Democracy at Chicago.

CHICAGO, May 19.—When the Democratic convention reassembled at 1 p.m. the committee on permanent organization and other committees made their report. The temporary officers of the convention were made permanent.

Chairman Murphy then made a speech thanking the convention for the honor of being permanent presiding officer and referring to Cleveland said "This grand figure stands out alone. He rises in stature, and when the Chicago convention puts him in nomination, and which we march under his banner in November next, we shall march to victory."

Chairman Murphy's remarks were greeted with cheers. It was announced that the platform committee would not ready to report, so the convention took a recess till 4 o'clock.

J. E. C. Sawyer was elected editor of the *Western Advocate* at Syracuse, New York.

The discussion on the Rose of Bull for the episcopate was then resumed.

The Quebec Legislature.

QUEBEC, May 19. — The Quebec legislature has rejected the proposal to abolish the Legislative Council.

A CARD.

We herewith gratefully tender our sincerest thanks to all who have assisted to brighten the days of illness of our son, John H. Silver. Also to those who have proved their kindness and sympathy after his death, especially we appreciate the sympathy of the people of Manti, and feel to say, "God bless you!"

JOHN A. SILVER,

Especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable food of all is the Gail Borden "Eagle" Brand Condensed Milk. Your grocer and druggist keep it. 2 Dur

Had Not Slept for Years.

Mr. A. Jackson, an old resident of Bisbee, Texas, and managing one of the magnificent new Hotel at Bisbee, informs us he had not slept at night for years, except in short naps, owing to incessant coughing. He was advised, when very much run down, to try Ballard's Horehound Syrup, he was immediately relieved of his Cough and his rest improved to such an degree that he could sleep soundly all night. Mr. Jackson states: "I regard Ballard's Horehound Syrup superior to any Cough Syrup on the market, and the freedom from Opium and Morphine leave no constipation after using it. For this reason alone I consider it the best Cough Syrup in the world for children. My lungs are now stronger than they have been for years. This syrup is very soothing to the throat and lungs." Sold by Z. C. M. I. Drug Dept. 1x

SUMMONS.

In the District Court in and for the Third Judicial District of the Territory of Utah, County of Salt Lake.

E. L. Myers, Plaintiff,
vs.
E. L. Myers, Defendant.

The People of the Territory of Utah send Greeting:

To E. L. Myers, Defendant:

You are hereby required to appear in an action brought against you by the above named plaintiff, in the District Court of the Third Judicial District of the Territory of Utah, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county, or if served out of this county, but in this district, within twenty days; or else judgment will be taken against you according to the prayer of said complaint. The nature of the said action is briefly as follows: Plaintiff seeks a decree of divorce from defendant on the ground of cruel treatment, and has ever since conducted herself in such a manner as to give her husband reasonable apprehension that she will be guilty of adultery, and has been guilty of adultery
