The Evening paper is the paper of Today, the morning paper is the paper of Yesterday.

DESERET EVENING NEWS.

5 O'clock -EDITION.-

TRUTH AND LIBERTY.

NO. 297. MONDAY, SEPTEMBER 11, 1893. SALT LAKE CITY, UTAH. VOL. XXVI

HARD TIMES OVER.

Thousands of Idle Men Given Employment Again.

IRON AND STEEL PLANTS RESUME.

American Tin Plate Works Started Up with Full Forces.—Other Plants Preparing to Start.

PITTSBURG, Sept. 11.—A large number of idle men were given employment today by the resumption of numerous iron and steel plants. For the first time since June 30 every department in Jones & Laughlin's American works are in operation, giving employment to thirty-five hundred men. Sixteen additional furnaces were put in operation at the National Tube works and the sheet mill of Moorehead, McClintic & Co. was started. The Carbon Steel works went on "double turn" and the bar mill, two heating furnaces, two puddling furnaces, four sheet mills and United States iron and tin-plate works were started up with full forces. Jones & Co.'s plant has also resumed on single turn, and the other plants are preparing to start.

Miners Return to Work.

LONDON, Sept. 11.—Ten thousand miners resumed work in North Staffordshire district today at the old rate of wages.

THE DEBATE ON SILVER.

Prospects of a Long Struggle in the Senate.

WASHINGTON, Sept. 11.—It appears to be a long task to close the debate in the Senate on the repeal bill. It is stated that thirty-three senators have arranged to speak and ten or a dozen others may decide to take a hand before the conclusion of the debate. Should this prove true, it is more that probable that the snow will fly before the matter is settled. George, Allen, expects to speak two days. Jones, Nevada, and Daniel, Virginia, each two days; Morgan, Alabama, Stewart, Nevada, each one day. Even if a compromise is ultimately agreed upon, the final vote will not be taken until after the first week of October. The silver senators still insist that a vote cannot be reached at all without cloture rule. Under the rules the Senate has no provision whatever for shutting off the debate, and it is not probable such rules will be adopted now.

The Brewers in Session.

CHICAGO, Sept. 11.—The United States Brewers' Association met here in convention this morning. It will be in session a week.

BUSINESS MEN GATHER.

Representatives of the Boards of Trades of the Country.

WASHINGTON, Sept. 11.—One of the most notable gatherings of business men ever assembled in this country will meet here tomorrow. It is estimated that between one and two thousand representatives from 1200 boards of trade of the union, comprising the leading merchants, manufacturers, bankers and transportation men will be present to discuss the present financial situation from the business man's standpoint. It will probably result in the establishment here of a board of trade headquarters to keep in touch with the legislation on all branches of industry throughout the country, under the direction of a committee representing all of the boards of trade in the country to place of the present national board of trade which comprises only fifty organizations.

The Tariff Hearing.

WASHINGTON, Sept. 11.—The ways and means committee spent the entire day listening to arguments by representative iron and steel men from all parts of the country for the retention of the present duties on iron, steel and tin.

Vigilant the Winner.

NEW YORK, Sept. 11.—Vigilant is the winner. She was first at 3:47, Colonia, 3:54; Jubilee, third at 4:00, Pilgrim last.

The Ivanhoe Beaten.

RYDE, Isle of Wight, Sept. 11.—The Prince of Wales' yacht, Britannia, in the third race for the International gold cup beat the American yacht, Ivanhoe, in a stiff breeze by fifteen minutes.

No More Cholera Cases.

BERLIN, Sept. 11.—All hospitals here are now free of cholera cases.

A Severe Earthquake.

OMAHA, Sept. 11.—A severe earthquake was felt throughout Southern Nebraska this morning.

EARTHQUAKES IN NEW MEXICO.

A Peculiar Feature in Connection with the Disturbance.

LAS LUNAS, N. M., Sept. 11.—Central New Mexico has been subject almost daily for more than three months to violent earthquakes. Five concussions last Thursday threw down scores of old adobe buildings already cracking from previous earthquakes. No lives were lost, but a peculiar feature in numerous cases is nervous sickness and even convulsions among the inhabitants as soon as the rumbling commences. The center of the disturbance is Salinal, where a spring has appeared at a place which has always been dry and barren.

Counterfeiters Arrested.

ELEANORE, Ga., Sept. 11.—The arrest of twenty-three men scattered through Jackson and Elbert counties and charged with wholesale counterfeiting of silver dollars, has stirred up this whole country. Of late money has flush about the little town of Clarksburg, Jackson county. A man who went to Danielsville to trade boasted that he had five coinage of his own. The remark made was thought significant. United States Deputy Marshal Elder was sent for and in less than twenty-four hours he had the whole affair as well as twenty-three prisoners in his possession. The plan adopted was to make dollars in large quantities, when the counterfeiters would scatter all over the adjoining towns, purchasing five-cent articles, and getting back ninety-five cents in good money. Deputy Marshal Elder refuses to talk further than to say he has broken the biggest affair of the kind on record.

A Reward Offered.

Special Dispatch to the News.

RAWLINS, Sept. 11.—George Downing, the murderer of Deputy Sheriff Scott, is still at large. Governor Osborne has offered $500 reward to his captor.

Trouble Quieted Down.

Special Dispatch to the News.

BUFFALO, Wyo., Sept. 11.—The trouble among the miners at this place has quieted down.

PARLIAMENT OF RELIGIONS.

The Occident and Orient Meet to Discuss their Creeds.

Immense Crowds Gathered.—Christian, Jew, Mohammedan and Pagan Unite in Prayer.

CHICAGO, Sept. 11.—An event of world wide historic interest, and one without previous counterpart in the history of the world, took place here today. It was the assembling of the parliament of religions, a gathering of representatives of all the great beliefs on the earth, with the object of showing how important are the things on which all are agreed; how comparatively unimportant are the differences of creed. The result of the parliament is expected to be to emphasize what is fundamental and throw into the background differences merely accidental and superficial. Since the series of world's congresses began with the opening of the World's fair, no such immense crowd has been gathered at Memorial Art Institute as assembled in the hall this morning. Long before the hour for the exercises to begin, ingress was absolutely impossible. No such scene has been witnessed since the World's Fair had never since the foundation of the world has such a cosmopolitan assemblage of exponents of the world's religious taken place. The occident in severely plain garments touched elbows not only on the platform but in the great audience with the brilliantly costumed orient. In picturesque commingling the followers of Jehovah, Christ, Confucius, Buddha, Mahommed, with the various sects sprinkled, stood ready in turn to give without controversy the reasons for the faith that is in them. Learned religious teachers of China, Japan, India, Turkey, the islands of the sea, Catholic and Protestant Europe, and of the Hebrews of the world assumed attitudes of prayer as the leading representative of the Catholic church Cardinal, Archbishop of Baltimore Most Reverend James Gibbons pronounced the invocation to the Deity. Then followed addresses of welcome by the World's Fair officials and local divines, followed by responses by learned and famous religious scholars of all parts of the world. These practically consumed the entire day.

THE NEW TARIFF.

Indications that It Will be a Moderate One.

WASHINGTON, Sept. 11.—A Washington special says: It has become evident, as the expressions of the ways and means committee develope, that the tariff bill will be much more moderate than it passed six months ago, and there is a strong disposition in the committee to putting wool on the free list and making a heavy cut in the wool manufactures. Some member of the committee will work hard for free lumber.

THE FAIR.

A Large Attendance Expected This Week.

CHICAGO, Sept. 11.—There is every indication and the Exposition officials confidently expect that the attendance at the Fair this week will far exceed that of any previous week. Every day there will be special features, which it is hoped will tend to cause this to increase. Today the gates are being taxed to admit the big crowds arriving from all points. This is silver day. Tuesday will witness the beginning of a series of exercises by the Kansas people. Colorado and Maryland will also share the honors of the day. Governor Crawn and John R. L. Findlay, of Maryland, and Cardinal Gibbons of Baltimore will make addresses. Governor Lewelling and other noted Kansans will be here. The Michigan people will celebrate Wednesday and Thursday and numerous excursions will bring the people of the state to the Fair. Governor Rich and President F. W. Palmer will be the orators on Thursday. The citizens of Ohio will come and listen to addresses by Governor McKinley and others. Mexico, Costa Rica, and the Kearny grenadiers will have a picnic on Friday. Saturday is New Mexico day, and Governor Prince will entertain his people at the territory building.

NO SILVER DAY.

Through mismanagement or misunderstanding the program for speeches on silver day is practically abandoned. Governor Prince, Senator Stewart, and a number of other silverites of national reputation were to have delivered addresses but only Dougherty of Texas appeared this morning and only a small audience listened to his address in Music Hall. The afternoon program was abandoned.

STATEHOOD FOR UTAH.

A Bill to Be Considered Before the House.

WASHINGTON, D. C., Sept. 11.—The Democratic leaders in the House say the Faulkner proposition in the Senate, to join silver up to $200,000,000 and then stop, has received a grateful punishment. It is certainly the plan of the House leaders to prevent consideration of this case of any kindred financial currency legislation which might complicate the situation in the Senate. They do not propose, however, to allow the House to tie its hands and adjourn from day to day until return is had on the repeal proposition in the Senate. As soon as the bills can be reported from the committee the House will take up the bills to admit the territories of Arizona, N. M exico and Utah, the bill to repeal the Federal election law, and possibly the bankruptcy bill. These measures will keep the House busy until the Senate acts, and will show the country that something is being done and, at the same time, prevent consideration or discussion of the last magic complicate the fight for repeal in the Senate.

Remains Found.

Special Dispatch to the News.

GLENROCK, Wyo., Sept. 11.—About July 17, John Boyce of this town disappeared. It was believed that he had been drowned. Last Monday Wm. Meeds while hunting, came upon the body of a man partially buried in a sand bar. It was the remains of the missing Boyce.

The Cherokee Boomers.

ARKANSAS CITY, Sept. 11.—The three government troops for the registration of Cherokee Strip boomers were opened this morning. It is estimated that between five and seven thousand persons were in line.

Miners Strike.

PITTSBURG, Sept. 11.—Three thousand railroad coal miners struck this morning against a reduction of five cents in the price of mining. Twenty-eight pits are idle. All is quiet.

A SPIRITED DISCUSSION.

The Senate Committee on Public Lands.

WASHINGTON, Sept. 11.—The Senate committee on public lands was the scene of a spirited discussion among its members today. A bill was introduced at the beginning of the session by Dolph providing for the repayment of Sioux purchase money and commission paid on said entries of public lands. The intention of the bill is to refund half the money to the settlers who paid $2.50 per acre on alternate sections of public lands within the railroad land grants. The committee was divided upon political lines, the Republicans advocating, the Democrats opposing. The estimates of the amount involved are all the way from $250,000 to $1,250,000. The committee adjourned without reaching a conclusion.

CONGRESS PROCEEDINGS.

The Repeal Taken Up in the Senate.—the House.

WASHINGTON, Sept. 11.—Stewart submitted a resolution for a committee of five to report whether any of the senators were interested as stockholder or otherwise in any national bank.

Hill objected to it on the ground of reflection on senators. It went over till tomorrow.

The repeal bill was then taken up. Pugh (Ala.) spoke in opposition to it.

Pugh said if the Sherman law was repealed to restore confidence among the money lenders the loss of circulation among the toiling millions would be unnoticed and the roar shake the continent. It was the unalterable purpose of the opponents of repeal to stand upon the convention of public duty and fidelity to the pledges to the people they represented and who had honored them with confidence on this vital question, until their physical strength was exhausted.

THE HOUSE.

WASHINGTON, Sept. 11.—The House remained in session only for half an hour with less than a hundred members present. The chaplain in his prayer asked for continued life and health to Mrs. Cleveland and child.

Murray, colored, (S. C.), unsuccessfully sought the immediate passage of a resolution appropriating $200,000 for the relief of the cyclone sufferers at Beaufort, South Carolina.

A resolution was passed providing that the public documents issued up to December 1st, which members of the last House voted to themselves.

Adjourned till tomorrow.

Bismarck's Condition.

PARIS, Sept. 11.—It is reported from Kissingen that Bismarck is seriously ill. He has lost the use of both hands.

It is said that he has been stricken with paralysis and is being fed by attendants, and the doctors are holding a consultation of the general nature. Though the real state of his health may be somewhat exaggerated, there seems no reason to doubt that his illness is most serious. Solitude is said to be the foundation of the disease. Disquieties inquiring about his health are being received at Kissingen from all parts of Europe. It is hardly believed he has paralysis, but there is little hope that he will live any great length of time. It is reported that the emperor has telegraphed for accurate information. Specialists in Berlin are being consulted as to the advisability of removing him to a milder climate. His present condition is thought to be due to his persistence in receiving deputations in defiance of the doctor's orders.

Electric Light.

NEW YORK, Sept. 11.—It is reported that the electric light companies of St. Louis have consolidated under the management of the Edison company.

Mrs. Cleveland and Baby.

WASHINGTON, Sept. 11.—Mrs. Cleveland and child were reported at the White House this morning as doing nicely. Dr. Byron left this morning for New York.

The new White House baby was weighed this morning and turned the scales at 9½ pounds.

A Verdict of Guilty.

TOPEKA, Kansas, Sept. 11.—The court martial in the case of Colonel Hughes, of the state militia, this morning returned a verdict of guilty, and dishonorably dismissing him from the service. The verdict is based on a charge of his refusing to obey the Governor's orders to elect Douglass to the Republican house from Representative hall.

SEPTEMBER TERM.

The Third District Court is Now in Full Swing.

GRAND AND PETIT JURORS.

Preliminary Work Accomplished at This Day's Session.—Judge Zane's Charge to the Jury.

It was five minutes before eleven which this morning when Chief Justice Zane took his seat on the bench of the Third District court and called upon Bailiff Hyrum to declare the court in session for the September term. His honor then passed upon the following cases, argued and submitted last Saturday.

MOTIONS DENIED.

L. Karpen et al vs the Isle's Furniture company et al. The motion for a new trial was denied.

Thomas Cahill vs the Park City bank. To this instruction the motion was denied and the demurrer overruled.

DEMURRER SUSTAINED.

In the case of Matthew White vs the Solitaire Beach company et al, the demurrer to complaint was sustained and ten days allowed to amend.

GRAND JURY.

The following gentlemen all of Salt Lake City were then called, answered to their names and went into the grand jury box:

H. Kahn.	W. H. Dyer.
M. T. Lynch.	Thomas Jennings.
Walter P. Morgan.	Fred W. Lyon.
H. S. Foster (R.).	Hyrum S. Spencer (R.)
Thos. Carter (R.).	J. Ansel Walker.
J. Montgomery (R.).	E. M. Wilson (R.)
C. A. Carlton.	S. A. Kenyon.
Jos. Scowcroft (R.).	Joseph Leiter.
O. W. Ormes (R.).	J. R. Thompson.
John Alder Jr. (R.).	

There were interrogated by Assistant District Attorney Bishop as to their qualifications and fitness to serve, but Messrs. Fowlks, Carter, Pearson, Anton, Savage and Wilson were "excused" on the ground that they had served on either the grand or petit jury within the past two years. Mr. B. F. Grant was also, upon making an application to the court, allowed to go because of pressing business engagements.

The panel being exhausted, a special venire was issued returnable at 2 p.m., at three more jurors were required to complete the list.

PETIT JURORS.

Jack E. Cheney.	Wm. A. Jennings.
T. F. Thomas.	Hugh Kennedy.
A. M. Paul.	Fred. C. Graves.
Jas. Sharp.	Thos. Kearns.
Thos. L. Judd.	Chas. Alex Bishop.
Geo. Q. Cannon Jr.	Thos. H. Lewis.
J. R. Rawlins.	W. H. Lawrence.
C. Crane.	W. F. Dewey.
W. C. A. Smoot Jr.	S. H. Hume.
Anthon Lund.	Geo. Ballantyne.
Anthon Densmore.	T. A. Smith.
J. C. Moore.	J. H. Lindsay.
E. A. Cornwall.	J. S. Roe.
A. S. Hyde.	J. M. Dyer.
Murray Hodgs.	

Only two—James Miller and J. H. Green—failed to respond when the roll was called by Clerk McMillan. All those who answered passed through the ordeal of questioning at the hands of Assistant District Attorney Howat and were approved for service during the term.

MORE THAN TEN YEARS OLD.

Judge McKay asked that a certain case which had been on the court docket for the last ten years, be stricken out. No objection was offered and the judge made an order accordingly. It was the case of Morris Goldberg vs Morris Shaughnessy.

When the court reassembled this afternoon the grand jury panel was completed by the addition of the following names: David Utter, Edward Merrill and Thos. J. Baker.

The court appointed Rev. David Utter as foreman.

Judge Zane, in charging the grand jury, instructed them as to their duties and warned them not to be influenced by fear, favor, passion or prejudice in the discharge of the same. They must not allow themselves to be misled by partial or willing witnesses who might have some private end to serve, and they should not indite any person unless there was reasonable ground for so doing. He enumerated the class of offenses coming under the United States and territorial laws, and especially besought the jurors to keep strictly secret what transpired in the grand jury room. The men who did not observe this rule, he said, was a perjured villain before the law and in the sight of justice. He made these remarks because he was satisfied from what he had heard that grand juries did sometimes violate the law in this respect.

SENT UP FOR THREE YEARS.

Robert Cummings, the youth who had plead guilty to stealing a bicycle, valued at $125, came up for sentence.

The defendant now stated that his true name was not Cummings, though he declined to tell what it was. He admitted having been previously convicted of stealing a horse, but on that occasion he received a pardon.

Judge Zane ordered him to be kept in the penitentiary for three years.

DISMISSED.

Upon motion of Assistant District Attorney Howat, the charge against Olaf Gagnon of passing counterfeit coin was dismissed. Counsel said the prisoner had already served one term for counterfeiting and had done the state some service.

The trials of civil cases were then proceeded with.

College Opening.

The Latter-day Saints' College began its eighth academic year this morning with an unusually large attendance.

The college will occupy in addition to the structure heretofore used, the first floor of the building erected for the Church University.

With a competent corps of instructors, complete sets of apparatus, more light apartments much in evidence by the college to those who enter its institution. The names of the faculty have heretofore been given.

In the opening exercises the announcement was made by Professor Dunn, the principal, that those wishing to become students need not hesitate on account of lack of available funds. He will be glad to make special arrangements with students regarding time or medium of payment.

TODAY'S COUNTY COURT.

Matters Which Came Up for Consideration this Morning.

At this morning's session of the County court, Probate Judge Blair presided, and there were also present selectmen Cahoon, Morris and Bamberger.

YES, GO ON WITH IT.

W. S. Davis, road supervisor at Alta, reported that the road taxes in his district (Twenty-seventh) had been practically all worked out, and that the roads still required some repairing, at a cost of from $50 to $75. He asked for instructions as to whether he was to do this work or not.

The answer of the court was an affirmative.

COME AND SEE IT.

J. J. McEvoy, deputy sheriff at Bingham, stated that the condition of the county jail for that precinct was such that one of the two cells "would not hold a person." He invited the selectmen to go and inspect the same.

The matter was referred to Messrs. Cahoon and Bamberger.

LIQUOR LICENSE.

The bond of John Newman & Co. for a retail liquor license to sell at Bingham canyon was approved.

REFUNDS TO OTHER COUNTY WARRANTS.

County Treasurer Lyon reported that there were funds in the treasury sufficient to pay county warrants up to and including No. 1155, first series.

TAXES ABATED.

On petition of William Wood, the subjoined resolution was adopted:

That $470 worth of personal property now assessed on the assessment roll of 1890 as the property of William Wood, be stricken off, and the taxes thereon abated, the property being assessed on said roll erroneous to him, at a valuation of $470.

The following resolution was also passed and the clerk ordered to transmit a copy to the county collector: "Resolved, That the following described lots in Sunny plat, assessed to Lorenzo Young, upon the assessment roll of 1891, to wit: lots 8, 9, 10 and 11, in block 84, all of blocks 71, 82, 91, 40, and 27, and lots 3 and 7 to 16, both inclusive, in block 13, be stricken from said roll and the taxes thereon abated, as assessed to said Young, the same having been included by the territorial board of equalization in its assessment of the right of way to the Oregon Short Line and Utah and Northern Railway Company."

The board is in session again this afternoon.

SHOWELL IN MOURNING.

Four Teams Now Removing Garbage for Which Thirteen Were Formerly Paid.

For the first time during the official career of Sanitary Inspector Showell has that gentleman of money-making proclivities been compelled to knuckle in obedience to the demands of the City Council, and, according to reports that quietly come from his office, he does not take kindly to the idea of being a subordinate. Heretofore his word has been law in the health department. But in the language of a city slang he "rules the roost" no more. Dr. Beatty comes nearer having charge now than ever before.

Showell's teams and the one-horse outfits owned by his sector half have, it is said, been displaced in accordance with the resolution introduced by Rich at the last meeting of the Council.

Four teams are covering the district for which thirteen once did the work, and it is claimed they are doing the work easily. The saving to the taxpayers in by the new order of things will be enormous.

One Held, One is Not.

The amended complaint in the case of James R. Blair and August Eller, charged with burglary, was submitted to Commissioner Norrell, as per arrangement, this afternoon, when Prosecuting Attorney Eichner announced that he desired to withdraw the charge against defendant Blair as upon investigation it was found that the testimony against him was not such as would warrant his being further held. This was accordingly done, and the preliminary examination of Eller was set for Thursday, the 14th inst. at 2 p.m.

LEFT HIM FOR ANOTHER.

William Logan and Mrs. Elizabeth Neilson Arrested Today For Adultery.

Deputy Marshals Roman Cannon and J. B. Toomey this morning, at 8 o'clock, paid a surprise visit to 29 West Fifth South street, and in a bedroom there arrested William Logan and Elizabeth Neilson on a charge of adultery. The complaint was sworn out in June last by the woman's husband, Frederick Neilson, who is by trade a carpenter and at present employed on a school building at Logan. The Neilsons formerly resided at Richfield, Sevier county, and have five young children. In June Mrs. Neilson suddenly departed from home, but her husband traced her to this city and discovered that she was living with the male defendant; but before the warrant for their arrest could be served the guilty couple had fled. Ever since that time the deputy marshals have been watching for them, and on Saturday night Deputy Cannon located them in their changed apartments. Logan is a good-looking man about 35 years of age, and has been working on the city and county building as a carpenter. Mrs. Neilson is apparently some five years his junior and of attractive appearance. When taken before Commissioner Norrell they plead not guilty. Their bond was fixed—the male defendant's at $1000 and the woman's at $500, the preliminary hearing being fixed for Thursday next. Attorney J. H. Harris has been retained to defend them. Up to noon the required bonds were not forthcoming.

A STRANGE VISITOR.

A Mammoth Eagle Takes Up a Temporary Resting Place on the Temple.

Shortly after day-break this morning a large bird was observed perched on one of the west towers of the Temple, and there it remained until the bright rays of the sun shot over the peaks of the Wasatch and flooded the valley with light, when it flew in the eastern part of the building and circling about the central tower finally alighted on the crown of the statue of the angel Moroni. It was now discovered by the aid of a strong field glass belonging to Professor C. J. Thomas that the strange visitor was a magnificent eagle of the Golden species. His plumage was brown with the exception of that portion which covered the head, which was almost black, and that on the breast, which was of a silvery gray color.

After surveying the surrounding country from Moroni's golden crown for probably half an hour the eagle flew out on the transept, which is a part of the statue, and, remained there for a considerable time, all the while looking outward and being viewed by many persons in the street below.

A couple of Temple sleepers ascended the tower so far as they were able in order to get a closer observation view of his Imperial Eagleship, but the latter objected to such curiosity as being an unwelcome interruption and immediately rolled his feathers, spread his wings and left his temporary resting place, flying over the city towards the southeast, presumably for his aerial home among the crags and peaks of the Wasatch.

GLAD TO HEAR IT.

The Ogden Broom Factory Not Suspended.—It is in Full Operation.

Editor Deseret News:

From some remarks which appeared on broom-making in an article entitled "Shall We Answer Yes or No," and published in the DESERET WEEKLY of September 2nd, 1893, it may be thought that, since the death of H. B. Seeville, the Ogden Broom Factory has entirely suspended operations. Such is not the fact; on the contrary, the institution is in full operation. By giving insertion to this note you will greatly relieve any such impression that may have been made inadvertently prejudicial to our business, and much oblige Yours truly,

M. O. NOURSE.

OGDEN CITY, UTAH, Sept. 8, 1893.

PRESS CLUB PROGRAM.

Some Of The Features To Be Seen At Saltair Tomorrow.—Fireworks at Night.

Following are the leading features of the Press Club program to be rendered at Saltair tomorrow:

1. Fancy Dances.....Prof. Tonnner's Pupils
2. Track and Fancy Bicycle Riding.
3. Rock Climb and Descent.....Prof. Steinmetz
4. Contest Spurting.....Fitzgerald and Demarest
5. Comedy on Bicycle.....Class of Young Ladies
6. Medley Dance.....Prof. Tonnner's Pupils
7. Kinetoscope.....In Favor of Legislation
8. Antics and Dexterities.....Prof. Steinmetz
9. Grand Double Trapeze Act, and Long Jump for Life from the Dome of the Grand Pavilion
10. Fireworks.....Prof. Pyro
11. Grand Finale, Leap of Death From Lower Dome.....Professor Steinmetz
12. Concert.....Salt Lake Band, W. C. Dunyon, Director
13. Mixed Concert.....Miss Lucie Harrington
a. Harbor Song.....Miss Annie O'Malley
b. Dance Song.....Mr. E. C. Corey
c. Duet, Lucia.....Miss Harrington and Mr. Corey
14. Grand Fire Works Display.
15. Dance.
Canoe races, Sampling club, Sandow and Guitar exercises on the Lagoon, Walking contests, etc., etc.

There will also be a surprising collection of wild animals exhibited on the great pavilion.

The special R. G. W. depot as follows: 10:15 a. m., 2:15, 3:45, 5:15, 6:30, 7:00 and 8:00 p. m.

Wonderland.

An exceptionally fine program is offered for the week commencing September 14th at this amusement resort. The midgets, Jennie Quigley and Captain Lathie, who appeared at this house to the largest audiences last season, are booked for another week. They are the representative liliputians, and besides being curiosities are entertaining and talented. A first-class specialty show, including many new artists, will appear in the Bonbonion. The phenomenal wonder, Evarete Sylvester, the human box contortionist, will give his marvelous exhibition in curio hall.

IN GOOD HANDS.

The Provo First National will Resume Under New Management.

Special Dispatch to the News.

PROVO, Utah, Sept. 11.—The First National bank will resume business tomorrow morning with Douglas A. Swan as cashier. W. H. Pike has been elected vice president, vice S. S. Jones, resigned. Other changes will be made.

POLITICAL CHAOS.

Uncertainty and Indecision on the Part of Local Party Leaders.

DEMOCRATIC CITY PRIMARIES.

Summit County Republicans Preparing for the Coming Campaign.—Political Notes.

A leading local politician was met on the street by a NEWS representative today and asked as to his opinion of the situation. He looked perplexed and evidenced a desire not to be quoted. He, however, unhesitatingly admitted that he was at sea regarding the proposition; that affairs were of so kaleidoscopic a character that he would not even venture a guess as to the probable outcome. The leaders of the respective parties with whom he had talked appeared to be as much troubled and just as uncertain as himself. Everything, he declared, was in a chaotic condition and the result depended entirely on the action of the business men's nominating committee. He believed if those gentlemen would devise some plan whereby they could get directly before the people and sustain the masses satisfactorily and secure a ratification of their action, that the ticket nominated by them would win overwhelmingly. But unless something of that kind was done, all the old parties would in all probability take the field, and in view of the general uncertainty, there was no one at this stage of the game who could with any degree of accuracy predict what the outcome would be.

DEMOCRATIC PRIMARIES.

The Democratic city committee met on Saturday night, and substituted in Friday evening's NEWS issued a formal call for precinct primaries to be held on Saturday night, Sept. 23rd, at 8 o'clock for the purpose of nominating delegates to a convention to be held in Park City on Tuesday, September 26th, at 2 o'clock p. m., for the purpose of nominating a superintendent of public schools, to be voted for at the coming election; for the election of a county central committee for the ensuing year, and for such other business as may be brought before the convention. The convention will consist of 29 delegates, apportioned as follows: Park City, 9; Coalville, 5; Grass Creek, 1; Echo, 1; Henefer, 1; Hoytsville, 1; Kamas, 2; Parley's Park, 1; Peoa, 2; Upton, 1; Wanship, 1; Woodland, 1; Oakley, 1.

REPRESENTATIVES AND COUNCILORS.

A delegate convention of the Republican party of the Tenth representative district, composed of Summit and Uintah counties, has been called to convene at Park City on the 26th inst. at 4 p. m. The purpose is to nominate a candidate for representative from that district to the Thirty-first Territorial Legislature, and electing a Republican Council Representative committee, of electing delegates to the Seventh Council District convention. The apportionment is as follows:

Summit county: Park City, 9; Coalville, 5; Grass Creek, 1; Echo, 1; Henefer, 1; Hoytsville, 1; Kamas, 2; Parley's Park, 1; Peoa, 2; Upton, 1; Wanship, 1; Woodland, 1; and Oakley, 1. In Uintah county: Ashley, 2; Brownlee Hall, 1; Riverside, 1; and Vernal, 5.

POLITICAL NOTES.

The Third ward Democrats are slated for a meeting in Society Hall, Lincoln avenue, evening at 8 o'clock.

The Wasatch Democratic club at the Third precinct meets on Wednesday evening next. The place of meeting, however, has not yet been decided upon.

At the meeting of the Utah Democratic Club on Saturday night the following officers were elected for the ensuing year: President, James H. Moyle; vice-presidents, G. W. Thatcher, of Logan and S. R. Thurman of Provo; secretary, George D. Alder; treasurer, E. R. Backman.

"Club of the unemployed"—Such is said to be the name of a political organization now forming in this city, with an alleged membership of five hundred. It is claimed by its promoters and its chief purpose appears to be to promise labor to outlawed voters providing they will vote the Liberal ticket.

This is how Councilman P. J. Moran expressed himself on the local political situation today: "I know that unless the Liberals put a ticket in the field this fall it will mean the death of the party, and in the event of a failure to act I know to what party I belong and with whom I will be found fighting hereafter. When Liberalism abandons the field I shall be Democrat. As for the Bankerine movement it savors too much of a salmagundi mixture to suit my taste. Make one of the three political parties responsible."

A Press Back to Reopen.

WASHINGTON, Sept. 11.—The comptroller has permitted the First National bank of Provo, Utah, to reopen.
