FRENZIED OFFICE IN HIGH FINANCE

Auditor and His License Collector Would Replenish Depleted Coffers.

THEY NEED MONEY SORELY.

Plan is to Boost Rates for Cars and Other Utilities and to Tax Laundry Wagons.

In an effort to replenish the coffers of the contingent fund, which is gradually dwindling to nothing, City Auditor Rudolph Alff and License Assessor Samuel L. Godman sent communications to the council last night suggesting a scheme in "high finance." They ask that the license of the Utah Light & Railway company be boosted from $25 to $75 a year for each car operated. This alone would bring in a net increase of $8,625. Then it was suggested to draw up an ordinance making the Utah Gas & Coke company, the Utah Light & Railway company and the American Linen Supply company and similar other companies to pay a heavy license tax. It is proposed to compell the Utah Light & Railway company and the Utah Gas & Coke company to pay $3 for each meter installed and operated by them; and that the American Linen Supply company and other companies engaged in the laundry business be required to pay a license for each delivery wagon which solicits business. This would bring in between $20,000 and $30,000, of which the city administration is sorely in need. Without any discussion the proposed measures were referred to the finance committee for consideration.

AFTER LOAN SHARKS.

In another communication License Assessor Godman asks the council to take some action against th "loan shark" agencies which refuse to pay licenses. He says that owing to the secretiveness of their business it is impossible to secure evidence against them. A committee composed of Councilman Mark Reedall, L. D. Martin and F. S. Fernstrom was appointed by the council to investigate the matter. It is stated that the "loan sharks" have raised a "slush" fund to fight the city in its effort to collect licenses from them.

The council will take a little junket Wednesday afternoon, accompanied by the city engineer, to look over the site where the Oregon Short Line railroad is erecting a foot viaduct, to see what change, if any, will be made in it.

The new garbage ordinance reducing the hauling rate from 7 cents to 6 cents a hundred pounds from Nov. 1 to April 30, during which time the garbage is heavier, was passed. The remainder of the ordinance remained unchanged.

The wide-tire ordinance was passed last night as amended giving the three-inch tires loads from 4,000 to 5,500, with only one dissenting vote, that of Councilman Black.

AFTER "UMBRELLA ROUTE."

The ordinance directing the employment of two men to manage a passenger street car was passed. It was aimed at the West Side Rapid Transit company, which only employs one man to act as motorman, conductor, and mechanic on the line.

F. S. Richards and Ogden Hiles were appropriated $2,500 as part of the payment for their services in the pending water suits.

The parking and paving of Fourth East from Brigham street to Second South street went over for one week, and a similar improvement from South Temple to Second South on Twelfth East went over for two weeks.

A request from W. H. Dickson and others for sidewalks between Center street and North Main street was sent to the finance committee for purposes of delay, as was sidewalk extension 141, which takes in from First to Second North and North Main and Third North streets. The cost of this extension is $5,035.94, of which the city's portion would be $1,911.71.

Paving extension 30, on Twelfth East, between South Temple and Second South streets, was given a hoist for a week. The city's portion of this is $7,601.68, and the property owners' $22,996.05.

Petitions were received requesting the opening up of Fifth South street, between Second East and Fourth East streets and Tenth East street, between Eighth and Ninth South streets. Both were referred to the streets committee.

Glen R. Bothwell and others want Tenth East street opened between Eighth and Ninth South streets. The matter went to the street committee.

The petition of F. M. Schulze and others for the establishing of a sewer district in the southeastern part of the city, south of Ninth South street and east of Seventh East, went to the finance committee.
