CUT THEM DOWN.

A Cache County Correspondent Demands Salary and Tax Retrenchments.

LOGAN, Utah, Jan. 30, 1896.

To the Editor:

A feeling of anxiety is plainly manifest and freely expressed by the people of this county regarding the labors of the present Legislature upon the fee and salary question. The people have been so shamefully imposed upon by deeds in this county that they wish the Legislature to place it out of the power of fee officers to repeat the exploitations of the past.

A great mistake has been made by the people in the past in electing so many county officers to the Legislature for they were anxious for high salaries, and the result was that the salaries and fees of the various offices were placed so high that people have come to think that to get office was to get rich and it has filled the country with office seekers and burdened the people down with taxes. In order to support these expensive officers tax rates have been increased far beyond what would have been necessary had economy been used in the expenditure of the public funds and had the county officers received only a just remuneration for their labors.

The taxes under a state government need not be higher than they have been in Utah, for many of the residents of this county are heavy owners of real estate in Idaho and Wyoming and the universal testimony is that their taxes are very much lighter in those states than they are in Cache county. It is a matter of frequent query among people living near the Idaho line as to why the taxes should be higher in Utah under a territorial form of government than they are in Idaho under a state government, but such is the case.

What justice is there in paying a county clerk, a county recorder, an assessor, a collector twice or three times as much as he could earn at any other occupation, or at times there is more as a well-to-do farmer can make off his farm? To see now inconsistent some men are, we need only refer to the proposition made and assisted by some members of the last association, to allow each judge of the various district courts $5,000 a year, and yet when this was cut down to $4,000, how wise for the members were to accept the office, thus showing that some of the officeseeks would have been willing to place the salaries as high as they should be and it is believed now that the salaries have been placed at $2,000 there are plenty of good, competent attorneys who would have been willing to accept the office.

If the Legislature desire to make the people a nolse of office seekers they have only to follow the example which has been set them by some of the legislators of the past. Let us have retrenchment in fees and salaries, retrenchment in taxes, and a correct and economic expenditure of the public funds, by honest and conscientious men, who will be chosen by the people in amount of their fitness for the offices and not by their boasted integrity in correct principles. Let the emoluments of office be so low that the office will seek the man and not the man seek the office as is now the general and we will have a better government and a more contented and prosperous people.

ANOTHER TIRED TAXPAYER.

The Banquet to Mrs. Young.

The banquet of the Templeton yesterday afternoon, given by the ladies of the Relief societies in honor of Mrs. Zina D. H. Young, was a very largely attended and enjoyable affair. Nearly two hundred relatives and friends were present and all joined heartily in extending congratulations and good wishes to the honored guest on reaching the seventy-fifth milestone on life's journey. The banquet took place in the completion dining room and the tables were well laden with dainty edibles and decorated with flowers. Speeches appropriate to the occasion were made, original poems read, hymns and songs sung and a general time of rejoicing indulged in.

Christopherson's Mileage.

County Clerk Sisson has filed a demurrer and answer to Selectman Christopherson's application for a writ of mandate to compel the issuance of a warrant for the amount of $50 which he claims to be due him for mileage while attending the county court.

Mr. Christopherson has already received $4 per day for each day for which he claims mileage. The selectman's affidavit upon which he prays for the issuance of a writ of mandate—according to the clerk's answer—does not state facts enough to entitle him to the relief prayed for.

Grand Jury's Report.

The grand jurors submitted a report of their proceedings to judge Hiles yesterday afternoon, after which they adjourned for two weeks. The report shows that they have returned eighteen indictments and ignored the two cases, those against H. A. Fyler and Mrs. M. A. McKone. The following indictments were returned:

Thomas Isaac Wilson and Holden O.Connor, petit larceny, stealing an overcoat from J. A. Greenbeck Jr., valued at $10; Frederick Gray, assault with a deadly weapon upon the person of E. Farter on December 14, 1895.

Second Ward.

There will be no session of the Sunday school in the Second ward tomorrow, Sunday.

"OLD FOLKS" DAY.

The Local Celebration Thursday at American Fork.

AMERICAN FORK, Jan. 31.—Long before all the lights of the eastern horizon on the morning of January 30th might have been seen rustling around our quiet little town T. Barratt, J. Tracy and Wm. Grant, in active preparation for one of those never to be forgotten days on which our old folks are gathered together, to talk of "Auld Lang Syne" and partake of a bountiful repast. Vehicles of all kinds were readily furnished by the good citizens to convey the old to and from the Opera house. Among the veterans were Bishop W. B. Preston, General H. T. Rolfson, George Goodard and wife, C. R. Savage and wife, W. C. Dunbar and wife, of Salt Lake City; Patriarch George Halliday, of Santaquin, and Mrs. Hallinan, of Provo.

At 12 m. meeting was called to order and all joined in singing O, My Father, during which night be seen many a tear which the inspiration of the hymn brought forth. Prayer was offered by Elder George Halliday, of Santaquin.

A repast provided by the secretary showed that no one had been "called home" since our last meeting.

At 12:30 the curtain was raised and revealed a handsomely decorated room, containing tables well spread with sumptuous of life. One hundred and twenty veterans and mothers (?) seated down, and after a grateful blessing by Bishop Preston, did ample justice to the feast prepared. After this display program was rendered which called forth alternately laughter and tears. At the close a present tendered by Dr. J. B. Cooper, to the oldest lady and gentleman present, were carried home respectively by Mrs. Diana Wright, aged 92, and Geo. Spradley, aged 78. All were conveyed to their homes in peace and safety.

Thus passed one of those happy days when not only the old are made happy but the young also in ministering to their wants. In conclusion, I will say that every city, village and hamlet in Zion should dedicate one day in the year to making the old folks happy that blessing, joy and peace may dwell in our midst. LEO T. SHELLEY.

THE SANPETE VALLEY ROAD.

Order to Broadgauge and Extend Southward.

Nephi Times: Every indication now points to the early carrying out of the long contemplated plan to extend the Sanpete Valley road through into southern Utah.

This it seems was one of the things determined upon in the annual meeting in this city last Friday.

A great deal of business was discussed which the official present refused to give out for publication, but since the adjournment it has gradually leaked out that the road was to be broadgauged and extended as soon as the weather permitted the throwing of dirt.

Already ties have been contracted for and the order for the steel has been placed.

As soon as practicable a surveying party will take the field to run the line of location south of Manti.

In this scheme the little valley road will have not only a portion of the English capital President Brothers has long struggled to obtain, but also the backing and assistance of the Union Pacific road.

The latter corporation has never quites over the deadly thrust to its southern Utah business given by the Rio Grande folks when they built south through Sanpete. It has long awaited an opportunity to even up matters, and the recent alliance with the Sanpete Valley and the perfecting of a hand agreement, whereby the little road obtained an entrance into Salt Lake City and Ogden over the Union Pacific tracks, was but the first way toward retaliation on the Rio Grande.

There is no question but the parallelling of the Rio Grande tracks by the narrowgauge is to be done chiefly by Union Pacific influence and backing, though it would not surprise many here should it will, this every vacant business house on Main street will once more be thrown open and with shelves loaded to the ceilings, will supply our southern neighbors and sheep men with the goods they in former years purchased only in Nephi.

Don't worry. Don't run in debt. Don't trifle with your health. Don't try experiments with medicines. Don't waste time and money on worthless compounds. Don't be persuaded to take a substitute for Ayer's Sarsaparilla. It is the best of blood-purifiers.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the ten mile road race in which Mackenzie finished third, Kirby third pace and third time prize. The same the track race, Joe Lees taking second to the novice, Fowler first, Kirby second, and Toutcher third in the mile scratch, class B, all "Ramblers" on the seats. In the half mile class A, Sly took second, Cooper third. Half mile class B, Toutcher second, Fowler third. Five mile, class B, Fowler second. In this race a man in a yellow coat led the lead and Sly, Cooper and Wolcottang immediately behind him, the result was a spill for these parties and they came in Evans. The five mile, class A, was another Rambler event, Sly taking first, Joe Lees second, Cooper third. Fourteen prizes in one day is pretty smooth for any one.

People may laugh and people may cry,
And men may howl if they please,
But Fowler's win cause Worcester sleep,
