

JAPAN GIVES UNCLE SAM POINTERS.

First, Guns Are to be Removed From Fighting Tops of Battleships.

REPLACED BY RANGE-FINDERS.

This Decision Was Reached as a Result of the Battle of the Sea of Japan.

New York, June 14.—Orders were received at the New York navy yard today from the navy department at Washington to remove the guns from the fighting tops of the battleship Alabama. Orders have been issued also that the guns are not to be replaced on the fighting tops of the battleship Indiana, which is being repaired. It is reported that the guns are to be replaced by range-finders, and that similar orders have been issued regarding other battleships.

The news of the victory of Admiral Togo in the battle of the sea of Japan is said to have influenced the decision to put range-finders in place of the one-pounders which have occupied the tops. The fate of the battle was decided by the superiority of the work of the Japanese gunners while the ships were still at long range.

The department was informed that the aim of the Japanese gunners was due to the efficiency of the men with the range-finders, whom the Japanese placed in the fighting tops, and were thus able to "pick up" the Russian ships at a far greater distance than the Russians could locate the Japanese.

A BROOKLYN WOMAN SEEKS A CANADIAN FORTUNE

New York, June 15.—Seeking to establish her claim to a \$20,000 estate which includes a tract a mile and a half long and a half mile wide through the heart of the city of Quebec, and eight acres of famous Plaines d'Abraham, Mrs. Caroline Lambert Campbell, wife of William A. Campbell, an assistant superintendent of schools in Brooklyn, has engaged counsel to push her case in the Dominion courts. The property was bequeathed for three generations by the British government in 1760. In 1887 the property council refused a joint application from representatives of the Catholic church, the Church of England and the citizens of Quebec, asking that \$150,000 be paid by the British government and collected as rental should be equally divided between the two churches in Quebec. The property council decided that the heirs would in time appear and that the property and its usufruct from the time the decree of escheat terminated in 1865 belonged to the heirs of Louis Joseph Lambert, who gave large lots of his vast fortune to the French in the French and Indian war. When the English conquered he was deprived of his estates and those of his wife, the Comtesse Genevieve de Villars, who inherited 130 acres in Quebec city from her father.

SIX-INCH SMELL EXPLODES.

Eighteen Persons on the British Battleship Magnificent Hurt.

Quiberon, June 14.—During gun practice on board the British first class battleship Magnificent, off Tientsin, this afternoon, a six-inch shell exploded, killing eighteen persons, including four officers, were wounded. It is said by the British press that the explosion was due to a defect in the gun. The killed were brought here tonight.

BOY AND GIRL MURDERED.

Fired on From Ambush and Killed By Unknown Parties.

Valencia, Ga., June 14.—What is believed to be the sequel of a feud of long standing resulted here early today in the assassination of the 17-year-old son and the 16-year-old daughter of W. J. Carter, formerly a Baptist minister. The young people, attracted by the barking of a dog in the yard, went out to investigate, when they were fired upon. The girl fell dead and the boy crawled back to the house where he died. A younger child was wounded.

MUSN'T USE TELEPHONES.

Old German Baptist Brethren Decide They Are Sinful.

Elora, Ind., June 14.—The national conference of the Old German Baptist Brethren has closed a four days' session in this city. One of the questions which was warmly discussed was that of permitting telephones to be used by the church people. Foreman Michael Montgomery decided that members should not permit the use of a telephone in their homes, and that should any member now be using the telephone it should be taken out.

OWNER OF THE ATLANTIC.

Wilson Marshall Presented to King Edward.

London, June 14.—Wilson Marshall of the New York yacht club, owner of the yacht Atlantic, which won the transatlantic race for the cup presented by Emperor William of Germany, was presented by Sir Thomas Lipton to King Edward at Windsor castle today. His majesty received Mr. Marshall very graciously, and inquired about the ocean race. He said it would give him great pleasure to visit Mr. Marshall's yacht before it left England. Mr. Marshall, having remarked how he himself, and other American yachtmen would like to compete for a king's cup in English waters, the king said it always gave him the greatest pleasure to do anything for the encouragement of yachting.

A NARROW ESCAPE.

Boy Finds Young Boa Constrictor In Bunch of Bananas.

Boise, Ida., June 14.—While moving a bunch of bananas in a cold storage plant today Ben Walker had a narrow escape from instant death. As he was carrying the bunch a reptile uncoiled itself and made a spring for the young man's head. He dropped the bunch quickly and made a hasty retreat from the room. Assistance was summoned and the reptile was soon captured. It proved to be a young boa constrictor and measured four feet and seven inches. The bananas were received here last night in a carload from Costa Rica.

MANUFACTURE OF GUNS.

German Factories Were Never so Busy as Now.

Berlin, June 14.—The Russian war office invited proposals from German ammunition works this week for 200,000 cartridges of all kinds, costing between \$1,500,000 and \$2,000,000, and also for considerable quantities of regulation infantry rifles. The largest arms and ammunition factories in Germany have been obliged to decline contracts because they have orders so far ahead from the Japanese, Russian and other foreign governments. The business of manufacturing guns, both large and small, is described as having never been so active in Germany as at present. With the German and Turkish governments orders the Krupp works during the year expanded to a larger degree than ever before. It is estimated that 25,000 persons are now employed in the various German smaller arms and gun factories, all of which are turning out the utmost product of which they are capable.

Another Chance for Hoch.

Chicago, June 14.—"Bluebeard" Johann Hoch, who was sentenced to be hanged June 25 for the murder of one of his numerous wives, may be given one more chance to escape the gallows. His case may be taken to the supreme court of Illinois in a conference held here today. Gov. Denson assured counsel for Hoch that in case the state's attorney's office is assured by Wednesday, June 21, that sufficient money is forthcoming to provide for the preparation of the necessary record a respite will be granted until the October term of the supreme court. The sum needed is \$100.

The governor assured Asst. State's Atty.

Olson that he had no desire to interfere with the carrying out of the verdict, but wished to give the accused every right afforded by the law.

THE CHINESE EXCLUSION LAWS

President is Much Interested in Statements of Members of American Asiatic Association.

TRADE RELATIONS ENDANGERED.

Immigration Officials Are to Use More Discretion—Problem Still Unsolved.

Washington, June 14.—President Roosevelt is manifesting a deep interest in the statements made to him last Monday by a delegation of members of the American Asiatic association concerning the difficulties which hitherto have been experienced by Chinese merchants, students, travelers and literary men in gaining admission to this country.

The complaints of the Chinese government about the alleged humiliation to which members of those classes of Chinese are often subjected upon their arrival in the United States, together with the threats of the commercial guilds of China to retaliate by boycotting American-made goods, have aroused the business men of this country to protest against what they have regarded as unreasonable discrimination in the enforcement of the Chinese exclusion laws.

In a letter to Secy. McCall of the department of commerce and labor, the president directs him to see that the immigration officers exercise discretion in the enforcement of the exclusion law, to the end that the relations of this government with China may continue to be cordial. It is pointed out that great difficulty is experienced by the immigration officials in executing the law, because of the many bogus certificates which are presented by Chinese. It is a well-known fact that for a consideration a Chinese coolie may procure in China a certificate that he is a merchant or a traveler or a member of the other exempt classes. On its face the certificate entitles him to admission to the United States.

A Fast Torpedoboot.

Elbing, Germany, June 14.—The trial trip of the torpedoboot "S 125," built at the Schichau works and fitted with turbine engines, took place here today. She averaged 27.8 knots per hour for three hours. Her highest speed was 29.5 knots per hour. Four sister boats fitted with piston engines averaged two knots per hour less than the S 125.

SERIOUS RIOTING IN HARLEM'S LITTLE ITALY

New York, June 15.—In a riot at Second avenue and One Hundred and Fifty street, one man has been fatally wounded and two others seriously shot. Twenty shots were exchanged in the street before the police arrived. All the participants were foreigners, the scope of the riot being known as Harlem's Little Italy.

A 19-year-old boy started the trouble. He got into a fight and was being worried when a friend ran to his home and warned the father's 16-year-old brother. The latter loaded up two revolvers and sallied forth. Approaching the crowd which had gathered to witness his brother's discomfiture, the younger unlimbered both revolvers and fired. One man in the crowd fell and the rest scattered. He then beat his brother's opponent over the head, and wounded him with another shot. By this time the crowd had plucked up courage and rushed back. The shooter calmly boarded a wagon and forced the driver to drive away while he sat on the rear end shooting at his pursuers. Several of them fired back, and the police are astonished that several persons were not killed.

The boy's ammunition soon ran out.

He was dragged from the wagon, and the crowd was tramping him under foot when the police arrived. He was drawn by the infuriated Italians and even after the police had surrounded the boy's prostrate form they had to batter many heads. Nearly a hundred cuts were found on his body, many of them to the bone, and one piercing the lungs.

Panama is Being Fumigated

Panama, June 14.—In order to facilitate the sanitation of Panama Canal Zone, the chief sanitary officer of the canal zone, has divided the city into eight districts, each in charge of a local physician, who will report any suspected cases of yellow fever. All the houses in Panama are being fumigated.
