FRAGMENTS.

THE Territorial Democratic convention will be held at Provo on Wednesday next.

THE differences of the street car and telephone companies will be ventilated before the City Council on Friday next.

THE Ninth quorum of Elders meet in the Eleventh ward meeting house on Monday evening, at 7:30. All are invited.

THE weekly pay roll of the city today was as follows: Waterworks, $1,[illegible]; streets, $[illegible]; sewerage, $[illegible]; health, $[illegible].

THE Utah Pharmaceutical Association has called a meeting for Tuesday next at 3 o'clock in the afternoon at the Knutsford.

AT the Tabernacle concert to be held on the 6th inst. the front seats will be reserved for the old folks. All over 70 will be admitted free.

THIS is the first day in many that Governor Thomas has not received an application for pardon from some penitentiary prisoner or his friends.

A TRANSCRIPT of the articles of incorporation of the Utmost Warming and Ventilating Co., of Colorado, was filed with Territorial Secretary Sells today.

IT is now rumored that the Continental Hotel will be razed to the ground and a modern and pretentious business block reared on the same site.

COUNTY CLERK ALLEN today issued a permit to marry to Gregory P. Richardson, aged 21, and Fancy Charles, aged 18, both of Salt Lake City.

DEMOCRATIC delegates from this city and county to the Territorial convention at Provo met at the Walker House this afternoon to discuss political matters.

ARTICLES of incorporation of the Middleboro Trust company of the State of Connecticut, also of the Utmost Warming and Ventilating company were filed with the county clerk today.

IT is rumored that there will be another raise of twenty-five cents per ton on coal in this city in the near future. It is said to be the result of the sale combination or rather consolidation of the coal companies of this city.

"WILL civilization and science replace all religions, or what will be the final religion of mankind?" This question will be discussed by Rev. Mr. Uhler at the Tenney tabernacle tomorrow. Services begin at 11 o'clock. Classes in the Ten Great Religions meets at 12:30.

FOR several hours last night the heavens were illuminated with frequent flashes of lightning which were simply blinding in their brilliancy and splendor. They were followed in some instances by terrific peals of thunder accompanied by heavy showers and wind, which trees were blown down in different parts of the city and the telegraph, telephone and street car service were seriously interfered with.

THERE is trouble in the camp of the THANKERS. The dissension is of so serious a character as to threaten the existence of the organization and it is said to be partly the result of Powers having promoted one Mulgrew to the chairmanship of scroll. The majority of the members are supposed to and have giving no place to Tom Mathews. Another reason is that the throne do not keep up time.

TWO men, one of them blind, were thrown from a buggy at 300 the Alleghenian at the intersection of East and South Temple streets. The accident was due to turning abruptly over the street car track. The men were dragged from their perilous positions by a crowd of pedestrians who quickly gathered around when they were extremely hurt. The horse was stopped and the vehicle turned upright, after which the gentlemen again entered the buggy and drove off.

THE fall meeting of the Wheelmen's Club which commences on Monday next is attracting considerable attention. The races will last for two days and will come off under the direction of the following officers: Referee, H. B. Wilson; official handicapper, T. C. Angell; official timer, A. F. Boehm; judges, G. F. Dewey, W. F. Jennings, J. S. Jennings, Dr. Fisher, James Pollock, Dr. Fisher. The contest will be held under the rules and regulations of the League of American Wheelmen. The prizes for the races are now displayed in the window of the Noble Mercantile Company on Main street.

Notice.

To the Bishops of the several wards in Salt Lake Stake:

Inasmuch as our General Conference commences on the first Thursday in the month, it will be inconvenient for the people to attend ward meetings on that day. Unless other steps are taken to collect fast offerings, the poor will perhaps be improvised for. It is to be hoped that the Bishops will bear this in mind and arrange to meet the circumstances.

ABR'M M. CANNON,
President of the Stake.

Estate of F. H. Dyer; application for sale of certain stocks set for Thursday, October 6.

A SHORT RECKONING.

This An Unimportant Day in the Third District Court.

Contrary to his general custom on Saturdays, Chief Justice Zane held no court today for the hearing of motions and the disposal of informal matters. His Honor did not, however, remain idle, but occupied himself in his private apartment with Supreme court work. The opinion in the Church case—which will be delivered when the supreme court meets on November 5th—will, it is understood, be of considerable length, and it is awaited with interest by the attorneys on both sides.

On Monday morning next Judge Zane will continue with the criminal calendar.

Judge Anderson this morning had one more term of matrimony thrust upon him, and there was another heavy flood of applicants for the honors of citizenship. The judge interrogated each man as he came forward with lightning-like rapidity, and the admonishing of the usual oath was intoned equally short work of by Deputy Clerk Lewis.

On the grounds of election, Judge Anderson this morning granted a decree of divorce to Emma Lingle from her husband, Frank Lingle. Plaintiff was represented by Attorneys Reilly & Kane.

In the case of the Mexican International Hotel Banking Co. vs. Henry Lindemann, the demurrer was overruled and an exception taken, five days being allowed to answer.

In the suit of Justin Fish et al. vs. the Rio Grande Western Railway company, the demurrer was withdrawn by consent and ten days were allowed to answer.

In the suit of the Utah Commercial & Savings Bank vs. P. Behman, John C. Parr, and Jos. McLellan, the motion to dismiss Parr's cross suit, and resulting in judgment for the plaintiff for $[illegible] and costs $[illegible]. Judgment has been entered accordingly in the Third District court.

W. M. Erwin, a colored man, was convicted in Judge Zane's court last night of grand larceny, and sentenced to his months' imprisonment.

In the case of Joseph Hedges, indicted for criminal assault on little Laura Brown, the jury disagreed and were discharged. The prisoner remains in custody pending further arrangements.

Edward Wightman was tried yesterday for being concerned in a burglary at Park City. After being out all night, they this morning at 9 o'clock reported that they could not agree and were discharged by Judge Zane.

Bailiff George Walton of the Third District Court returned from Washington, where he has been attending the G. A. R. Encampment. He looks as bright as a new dollar, and has quite recovered from his recent severe indisposition.

The final report of the grand jury is expected early next week. They have adjourned until Tuesday.

Elder Chipman's Remains.

It is understood that the remains of Elder Chipman will reach Ogden by this evening's C. P. train, and that they will be taken to the home of the family, at American Fork, by tonight's Rio Grande Western.

Priesthood Meeting.

The regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion convened in the Assembly Hall at 11 a. m., Saturday, October 1, 1892; President Angus M. Cannon presiding. Present also upon the stand, Counselor Joseph E. Taylor, President Elias Morris, High Counselor Edward Snelgrove, Patriarchs William J. Smith and A. H. Raleigh and other High Priests and Elders. All the wards of the Stake were properly represented excepting the Fifth, Eleventh, Twelfth, Thirteenth and Seventeenth wards of the city, and the Union, Sandy, Bluff Dale and Brighton wards of the county.

Ten quorums of Elders were represented by their presiding officers, viz: The first, second, fifth, seventh, tenth, fifteenth, eighteenth, nineteenth, twentieth and twenty-first.

The Stake Superintendency of the Sabbath Schools and Presidency of the Young Men's Mutual Improvement Associations responded to the roll call.

The usual business having been dispatched, remarks were made as follows by the brethren named:

PRESIDENT A. M. CANNON

reminded the Bishops that the General Conference of the Church was at hand, and touched upon the subject of providing accommodation for visitors from other parts. There was a lack of interest and sympathy in this matter on the part of many, though doubtless others were faithful, and, for the sake of their own families and on account of visiting relatives at Conference time, to extend hospitality to such. A call was made for doorkeepers—four from each ward—to attend each service during the coming Conference.

Bishop George Romney of the Twentieth ward, and Bishop James C. Watson of the Sixth ward, also spoke upon the subject of visitors to Conference. The brethren felt that something should be done to provide accommodations for them, and that the hands of the committee having the matter especially in charge should be upheld by the people.

President Cannon mentioned the fact that certain theories and speculations relative to the coming of the Messiah to the Lamanites, etc., were being printed and circulated through the community, and he warned those present and through them the Saints at large to beware how they gave heed to things that unsettled their minds and might have the effect of diminishing their faith in the living oracles of God as well as in revelations already on record. He also touched upon the subject of the Sacrament, and the proper administration, and deprecated the practice of reading the Sacramental blessing from printed cards. It should be committed to memory or else read from the book.

COUNSELOR JOSEPH E. TAYLOR

dwelt upon the subject of prayer. Years ago, he said, it was a custom in our congregations for the people to respond aloud "Amen" to the remarks of the speaker. He would like to see this good old custom, which seemed to be dying out, revived. There should be a closer unity between the Bishops and the people of their wards. They should pray for each other and they would bring them nearer together. The Saints should also pray for the President of the State and the High Council, as well as all the other authorities. The speaker resented to the heavy labors of the Bishops and their associates, and thought they deserved the prayers of their flocks and the general sympathy of the people.

PRESIDENT CANNON

stated that there was some question among the people as to what constituted a decision in a Bishop's court. Some thought a Bishop alone had not the right to make a decision, and that if one of his counselors, or both, disagreed with him and refused to sustain him, there was no decision. The President believed that a Bishop had the right to give the decision, but that he had no right to sit in judgment and hear a case without counselors. A Bishop's decision could be appealed from to the High Council, and if it were not a righteous one, it would be set aside by the High Council, whether the Bishop alone had rendered it, or whether all three of the Bishops had united upon the matter. A Bishop's decision would stand until it was set aside, and it took the High Council to set it aside. Was it reasonable to suppose that a Bishop's counselor could reverse his decision? It was certainly best for the three to be united in all such matters, and a lack of unity on their part constituted good grounds for an appeal.

The meeting adjourned until the first Friday in November.

OGDEN OCCURRENCES.

Professor Paul and Judge Henderson on Democracy.—A Narrow Escape.

The Democratic rally in the Opera House at Ogden last night was well attended. The Opera house band furnished the music.

The stage was beautifully set with a raised rural village scene, the Alps showing up in the background. On the dais back of the "stage auditorium" sat the dress corps "amid the mountains," presenting a pretty picture. A vase of rose geraniums adorned the chairman's table, which was draped in the stars and stripes.

The speakers were Professor Paul and Judge Henderson. Their remarks were listened to with rapt attention and applause was frequently and warmly given.

A SMALL BLAZE.

At 8:30 yesterday an auxiliary inspector Leeds was going through the Bitsom hotel alley he discovered fire under the kitchen floor. He telephoned for the chemical, which soon arrived and extinguished the blaze. Had it happened at night with a wind blowing, the Mosley house would soon have been consumed.

THROWN FROM A BUGGY.

Joseph Starr and George Welch had a narrow escape from injury if not death, yesterday afternoon.

The gentlemen were driving in a single buggy behind a spirited black mare, and when crossing the street railway track at the corner of Washington avenue and Twenty-fourth street the animal, from whose bridle the blinds had been just removed, suddenly took fright and started to run. Both men grabbed the lines and brace themselves, but their combined efforts were of no avail. The frightened and frantic animal swung around the corner, south along the avenue, so quickly that one of the wheels of the buggy gave way and the vehicle turned bottom side upwards, both men being undermath. Fortunately they escaped without serious injury but the escape was a narrow one.

FIRE AT PROVO.

Lightning Believed to Have Been the Cause.

Shortly after last midnight a fire was discovered in the barnyard of Thos. Vincent near the Union Pacific depot, Provo. In a brief space of time 2,500 worth of property in hay, grain, implements, carriages, cattle, horse and machinery was consumed. The fire burned rapidly and 1000 people witnessed its progress. The fire department was called out, but their efforts were in vain. The origin of the fire is not known, but it is believed to have been caused by lightning, as the electric fluid displayed great activity at Provo last night. After the fire had "died out" the crowd was thoroughly drenched by a heavy shower. The property was insured for $1500.

THE NEW U. S. MARSHAL.

Mr. I. A. Benton Has Received His Commission From the President.

Mr. Irving A. Benton, the recently appointed U. S. Marshal, received his commission from Washington this morning. He has filed his bonds, and will qualify and be in his office soon. As, however, Mr. Benton finds he will have a good deal of work yet to do in the possession before entirely relinquishing his duties there, and moreover, as his successor in Idaho has not yet been appointed, the chances are that he will not be able to undertake the mountainous for ten or twelve days, or may be a month to come. In the meantime retiring U. S. Marshal Parsons will hold on.

Latest Court News.

John B. Rodgers, assignee, this afternoon brought suit in the Third District Court against Marshal E. H. Parsons, and Messrs. Simons and Woolf, demanding damages in the sum of $1200, interest from August 6th and costs. The complaint alleges that the plaintiff was appointed by the creditors of S. Roquette, tobacco and cigar dealer, who on August 1st, in the city, executed a deed of assignment conveying to him all his property. That on the same date, the defendants unlawfully carried away the goods and converted them to their own use. Hence this suit.

More wholesale naturalizing is in progress in Judge Anderson's Court this afternoon.

Street Improvements.

There is a movement on foot among the property owners on East Brigham street to materially improve and embellish that thoroughfare from Fifth East street to the reservation. Yesterday a few of the prominent property owners met together and were unanimously of opinion that an association should be formed having for its object the improvement of the street in question and that the association should be brought to permanent grade at once as far east as the reservation; also that the street should be paved, macadamized, or laid with heavy gravel, properly screened and rolled, and that as nearly all of the other east and west streets have been monopolized by the electric street car companies, the thoroughfare should be established and maintained as a carriage avenue.

A call has been issued to the owners of property on Brigham street to meet at the office of Mr. J. C. Cutchin, in the Wasatch block, on Tuesday, October 4, at 8 p. m., for the purpose of organization, with the object above referred to.

Easton, Pa., Oct. 1.—Early this morning a train of empty coal cars and a light freight collided at Hamden siding, causing a bad smashup and a heavy coal train then dashed into the wreck, causing heavy loss. One trainman was killed.

The Stores of Success.

A traveling man in a line of hardware goods (and we may as well say right here, it was Paterson name he had in his grip) on visiting a blacksmith shop took long since found the corner using Putnam nails. After a pleasant chat he was about to go, when the smith said, confidentially, "Don't wipe the sheet down the street too much to use the Putnam Nail. We use a cheaper nail now and as a consequence I get most of the profit." He had discovered the secret of success.
