MINING, BUSINESS AND STOCKS

MARKET WAS IN BETTER TONE.

Star Consolidated Moved Up Slightly on the Strength of Physical Conditions.

NEW YORK BONANZA STEADY.

Uncle Sam Consolidated Sold Down—Sales of Wabash—The Closing Quotations.

There was a better tone to the mining stock market today and during the forenoon calls 11,890 shares were transferred, for which was paid $3,139.

May Day, the first seller of the day, went at 9 cents a share. Star Consolidated, on the strength of late developments at the mine, met with favor, with the result that the price moved up and after call, on the curb, bids were made quite freely for the stock at 10¾ cents. Uncle Sam Consolidated started off with a sale at 35 and closed a cent lower, while New York Bonanza remained steady around 25 cents. Wabash came out at $1.70@$1.75.

The closing quotations and sales were:

CON. MERCUR OUTPUT.

During August the Mill Handled 22,000 Tons of Gold Ore.

During the month of August the Con. Mercur mill at Mercur handled 22,000 tons of gold bearing rock. Considering that the plant was forced out of commission owing to an accident to a transformer, the record is looked upon as being a very good one.

Manager G. H. Dern, who was in from camp yesterday, says physical conditions in the mine have not looked quite as well as now in a long time.

CERRO DE PASCO MINES.

John J. Case Has Been Named as Superintendent of Smelter.

A. W. McCune, at the head of the Cerro de Pasco mines in South America, has named John J. Case, for the position of superintendent of the new smelter, which is to go into commission about Nov. 1. Mr. Case was formerly superintendent of the Lake Superior Smelting works, at Dollar Bay, Mich.

Mr. Case is now in Mexico, where he visited his brother, George D. Case, general manager of the smelter at La Dicha, which recently went into service. Mr. Case will take all of his skilled construction men and smelter men from the United States and Mexico, as the smelter industry in South America is not yet sufficiently developed to furnish material of this kind. The smelter will have a capacity of 750 tons daily.

That portion of the Cerro de Pasco copper production which is destined for American consumption will be shipped by rail to the Pacific seacoast. From there it will go overland to the copper manufacturing points of the east, most of which are in the New England states, or to the New York or other markets. Copper for Europe from Peru will probably at first be shipped mostly around South America, but the Panama canal will be used after it becomes available.

SCOTT'S GOLD CHEST.

A Find Near His Mountain Abode Gives Rise to Suspicion.

The hunt for the fabulously rich gold mine of Walter Scott, familiarly known as the "Death Valley Croesus," has resulted in a find which suggests that Scott's gold mine has not been of the regulation hold-in-the-ground order, says the Sun of Goldfield.

Three broken-open Wells, Fargo Express company money chests have been found within 200 feet of what has been definitely ascertained to be Walter Scott's desert headquarters, located at the lower end of Funeral range, about 160 miles south of Bullfrog, near the border line between Nevada and California.

Ten days ago W. T. Miles brought the news from Bullfrog that Scotty's desert layout had been discovered on the fringe of Death Valley in a deep cavern, surrounded on all sides save one by rugged precipices. In this habitation, which was by nature carved out of walls of rock, were found letters addressed to Walter Scott and other evidences that the place was the abode of the spectacular frontiersman during his sojourn in that section. Staked about the place were location notices in the name of Scott. A nearby cave contained several bottles of wine and a supply of edibles.

SILVER SHIELD PRODUCT.

Concentrate Will Net Company $22 to The Ton.

Harry Joseph, manager of the Silver Shield mine at Bingham, came in from camp last night, mightily well pleased with the results being obtained at the Wall mill, where the company is having some of its low grade mill ore reduced to concentrate.

The plant is making a very close saving, the proof of which was indicated by two assay certificates on jig and concentrator table tailings, the former showing no lead, a trace of gold and seven tenths of an ounce in silver, while the latter gave no lead, one-sixtieth of an ounce in silver, and four-hundredths of an ounce in gold.

Mr. Joseph says the concentrate will net the company about $22 to the ton.

U. S. SMELTING RATES.

Schedule to be in Vogue at Mammoth Plant Bulletined.

According to an exchange the United States Mining company has established its schedule of rates for the treatment of silicious ores to apply to its Mammoth smelter in Shasta county, Cal.

Ore from $3 to $15 a ton assay value will be smelted free, and 75 per cent of the value returned to the shipper. On ore between $15 and $25 in assay value, 77½ per cent of the value will be returned to the shipper and there is no smelting charge.

On ore from $25 to $50 a ton 90 per cent of the assay value will be returned and a charge of $2.50 a ton will be made for smelting. On ore from $50 to $75 a ton 95 per cent will be returned and a charge of $5 a ton will be made for smelting; on that assaying from $75 to $100 a ton 95 per cent will be returned and a smelting charge of $7 a ton will be made. On ore from $100 to $200 a ton 95 per cent will be returned and a smelting charge of $10 added. In addition to the above percentages of gold 90 per cent of all silver values will be returned on ores assaying above five ounces to the ton. No returns will be made on less values. Only silicious ores as high as 90 per cent in silica will be subject to a smelting charge; gold will be paid for at the rate of $20 per ounce and silver at current New York quotations. No lots of less than 10 tons will be received at the smelter.

MONTANA MEETING.

Temporary Organization Will be Perfected this Afternoon.

The stockholders of the Montana-Tonopah Mining company met at 10 o'clock this forenoon in the office of Dickson, Ellis & Schulder, in the Progress building, but shortly afterward adjourned to the A. O. U. W. hall.

A committee on credentials was appointed, which will report late this afternoon.

It is expected a spirited contest will then ensue, for a control between the supporters of President Knox and those of Directors Dickson and Ellis.

AMERICAN FORK DEAL.

Goodsell Conveys Last Chance Claims To the Pacific.

Special Correspondence.

Provo, Sept. 12.—The Goodsell Mining company has conveyed to the Pacific Gold Mining and Milling company the Last Chance No. 2 mining claim in American Fork Canyon. The deed is also an agreement for the establishment of a vertical boundary line between the two companies, the boundary line being that between th last chance and the Last Chance No. 2 mining claims.

OLD BOARD RE-ELECTED.

Action Taken at New York Bonanza Meeting This Afternoon.

The annual stockholders' meeting held this afternoon, resulted in the re-election of the old board of directors, which consists of M. J. McGill, Mrs. M. V. Rogers, S. W. Platt, Julius Frankel and Dr. A. J. Shores.

A total of 228,227 shares were represented at the meeting. The report of President McGill was read, explaining the financial and physical condition of the company at the present time.

The financial exhibit showed that the receipts during the past year came from the following sources: Water rent, $500; assessments, $9,015.20; ore sales, $25,400.97. An obligation of $35.36 is owing to Frankel & Co of Park City, while the balance sheet shows an over draft of $2,698.83; which, President McGill stated, would just about be cleared up by returns from the shipment of about 30 tons of ore now at the mine.

The expenses for the year were summed up in the following: General expense, $4,690.13; labor, $22,434.74; mine supplies, $2,841.42; lumber and timber, $1,501.53; other items, $8,418.66.

The development work done in the mine during the year was gone into in detail and shows quite encouraging results.

Incorporation Articles Filed.

Articles of incorporation of the Goldfield Gold & Copper Mining company of this city have been filed in the county clerk's office. The company is capitalized at $1,000,000. W. H. Tibbals is president; D. P. Rentling, vice president; W. F. Adams, secretary and treasurer. The company owns five claims in the Goldfield district, Nye county, Nev.

CONCENTRATES.

William Ochs has returned from Chicago.

Simon Bamberger is in Ogden today on railroad business.

Joseph Dederich is expected to return the latter part of the week.

Richard Stringley of the Newhouse staff has returned from a trip to Beaver county.

George R. Hancock was down from the Ferry-Hancock properties at Park City yesterday.

Frank P. Swindler, superintendent of the Bamberger-Delamar mines, will return to camp tonight.

Robert Glendinning of the Allis-Chalmers company will leave for Boise and other Idaho points tonight.

The ore and bullion settlements reported late yesterday were as follows: Crude ore and concentrate, $17,500; base bullion, $29,700.

It is said there are fully 500 men employed at the new copper smelter at Garfield on the south shores of the Great Salt Lake.

An additional electrical generator is to be installed at the plant of the Columbus Con. Mining company in Little Cottonwood canyon.

The arguments in the Wall-Utah copper case were concluded before Judge C. W. Morse yesterday and taken under davisement by the latter.

Manager M. J. McGill and W. S. Platt came down from Park City last night to be present at Scotty's stockholders' meeting of the New York Bonanza Mining company.

E. C. Mellen and H. F. Quint, Chicago mining operators, who last week secured a bond on a promising property in Esmeralda county, Nev., are in the city en route east.

The Pittsburg mine, at the head of American Fork canyon, just over the ridge of the mountain from Alta, is in the market today with a lot of ore showing controls of 23.3 per cent lead and 16.3 ounces silver.

E. W. Griffiths has returned from a trip east on mining business. While away he was instrumental in disposing of the Arizona group of claims, located in the Bullfrog district, and which has been made the basis for the formation of the Four Aces Mining company.

The construction crew of the Goldfield railroad is within a mile or two of the outskirts of this camp. Rapidly the line is coming along. There remains but a very little of the track to be put down now. Nothing whatever appears to stand in the way of the line reaching Goldfield a day or so in advance of the time scheduled for its opening.—Goldfield Sun.

In all probability the most remarkable discovery in a gold mine in recent years, if not in the world's history of mining, has just been reported from the Bull Frog Extension Mining company's estate in the Bullfrog district. A narrow seam of almost pure tellurium ore has been encountered that assays 82 per cent pure gold.—Goldfield News.

The ore shipments over the Tonopah railroad last week, according to the Tonopah Miner, agregated 1,009 tons, of which 347 came from Goldfield. The shipments are divided as follows: From Tonopah—Tonopah company, 355 tons; Tonopah Extension company, 415 tons; Montana-Tonopah, 80 tons; Belmont, 190 tons; Midway, 30 tons; North Star, 20 tons; Gold Mountain, 25 tons. From Goldfield—Goldfield Sampling Ore company, 347 tons. From Lone Mountain—Nevada-Alpine, 29 tons.

A bracing tonic. Cures all stomach troubles. Makes red blood, bone and muscle. A wonderful remedy for making sick people well. Hollister's Rocky Mountain Tea, 35 cents. Tea or Tablets. Ask your druggist.

SCHOOL OF MINES

The State School of Mines offers complete four year courses in mining engineering, mechanical engineering, electrical engineering, civil engineering, and chemical engineering. All of these courses lead to the degree of Bachelor of Science in Engineering.

The Utah School of Mines has one of the best metallurgical laboratories in the United States, as well as splendidly equipped laboratories in chemistry, physics, mechanics, electricity, mineralogy, geology, etc.

The School of Mines is one of the three state schools that comprise the University of Utah.

Catalogue and full information sent free upon request to
UNIVERSITY OF UTAH,
Salt Lake City, Utah.

To Out-Of-Town Newsboys—Christmas News.

TO the army of enterprising news boys who sell the Deseret News in cities and towns outside of Salt Lake. This paper will present a handsome watch to the boy whose record shows that he has sold the greatest number of papers, including the Christmas News, between Sept. 15, 1905, and Jan. 1, 1906. In addition the picture of the successful newsboy will be printed in the Saturday "News."

BANK OF MORONI.

Strong Association of Sanpete and Salt Lake Men to Form New Company.

Arrangements have been concluded for the organization of a new bank to be located at Moroni. The location of the sugar company between Moroni and Mt. Pleasant was the factor which decided those interested in placing the bank at Moroni, which is only three miles from the sugar factory, where so much business of a financial nature will be done. The bank will be incorporated with $25,000 capital under the state laws, and will be called the Bank of Moroni. It will transact both commercial and savings business, and those interested in its formation are as follows: Orlando Bradley, president, and Andrew Anderson, superintendent of the Moroni Co-op.; J. M. Christensen, jr., principal of the Moroni public schools; A. J. Asgard of Fountain Green, Thos. D. Rees of Wales, Peter Anderson, the Sanpete agent of the sugar company, Thos. R. Cutler, Gov. John C. Cutler, President Jos. F. Smith, H. G. Whitney, Richard W. Young, C. S. Burton, H. T. McEwan, George Austin, Heber M. Wells, State Treasurer J. M. Christiansen, and several others. The bank will be incorporated and commence business immediately.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief; until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Sold by F. J. Hill Drug Co.

STOCKS SHOWED UP BETTER TODAY

Not Much Change in Opening Prices but They Were Soon Lifted Above Yesterday's Closing.

MUCH AIDED BY GOLD IMPORTS.

Announcement That They Were Coming Stiffened Stocks—The Meta's Well Bought.

New York, Sept. 12.—Opening prices in the stock market were but slightly changed from last night's closing and gains and losses were quite evenly divided. The trading was on a moderate scale. The offerings of the leading stocks were absorbed and prices were lifted well above yesterday's closing. Advances extended to 1½ in Atlantic Coast Line, 2 in Allis-Chalmers preferred and 1 to 1¾ in New York Central, Union Pacific, Canadian Pacific, Great Northern preferred and Allis-Chalmers. Subsequent realizing left little of the rise, Reading first preferred, C. & A. preferred and Pacific Coast declining 2 points.

The market responded immediately to the announcement of an engagement of $1,250,000 gold for import and a determined showing braced the list very generally. Louisville & Nashville and Missouri Pacific made gains of about 1½ and the advances reached about a point for Erie, Reading, Pennsylvania, Baltimore & Ohio, St. Paul, Illinois Central, Wabash preferred, Southern Pacific, United States Steel preferred, Amalgamated Copper and Smelting, Northern Pacific rose 3¾ and Great Northern preferred 2½. The buying abated before noon, but the advances were well held.

Bonds were steady at noon.

Buying continued on a liberal scale, but few of the representative stocks exceeded the best prices of the forenoon, the realizing about equalling the demand. Delaware & Hudson and Colorado & Southern second preferred improved 2 points, Northwestern, St. Louis Southwestern preferred, Kansas City Southern preferred and Virginia-Carolina Chemical 2½, Chesapeake & Ohio Sugar, Locomotive, Tennessee Coal and Sloss-Sheffield Steel 1½, Iowa Central preferred yielded a point.

Much of the afternoon buying was in the metal stocks and the steady improvement contributed to a strong tone throughout the list. Several of the railroad stocks moved up aggressively, but as a rule the standard stocks were quiet. Sloss-Sheffield rose 2½, Tennessee Coal 2½, Missouri Pacific, 2 and Ontario & Western, United States Steel, Colorado Fuel and Central Leather 1 to 1⅝.

LIVE STOCK.

CHICAGO.

Chicago, Sept. 12.—Cattle—Receipts, 14,000; market weak. Beeves, 3.75@6.35; cows and heifers, 1.35@4.60; stockers and feeders, 2.40@4.30; western steers, 3.10@4.75.

Sheep—Receipts, 6,000; market weak to 10 cents lower. Muttons, 4.25@5.30; lambs, 5.50@7.10; range wethers, 4.40@5.30; fed ewes, 3.50@4.60.

WOOL.

ST. LOUIS.

St. Louis, Sept. 12.—Wool, steady. Territory and western mediums, 28@30; fine medium, 22@26; fine, 18@20.

PRODUCE.

CHICAGO.

Chicago, Sept. 12.—Clear weather in the northwest had a weakening influence on the wheat market here today. December opened unchanged to ⅛ lower, at 83⅜ to 83½. After touching 83½@83⅝, the price reacted to 83¼.

Minneapolis, Duluth and Chicago reported receipts of 782 cars against 671 a year ago.

Sentiment in the corn pit was rather bearish as a result of liberal local receipts and good weather. The volume of business was not large. December opened a shade lower at 42⅝, sold at 42¾, and then eased off to 42⅝.

An active demand from pit traders and commission houses for oats caused a firm undertone. December opened a shade lower to shade higher at 27¼ to 27⅜, and sold up to 27½.

Provisions were steady as a result of firm prices for live hogs. Trading was very quiet.

January pork was unchanged at 12.32½; lard was up 2½ at 6.85, and ribs were unchanged at 6.40.

Cash: Wheat—No. 2, red, 84@84½; No. 3, red, 81@83½; No. 2, hard, 82½@83½; No. 3, hard, 80@83½; No. 1, northern, 90; No. 2, northern, 83@88; No. 3, spring, 80@85.

Corn—No. 2, 35¾@35¾; No. 3, 35@35½.

Oats—No. 2, 26; No. 3, 25¾.

After December had touched 83¼@83½, the price made a slight advance on moderate demand from a leading bull. The volume of business, however, was small throughout the entire session. The market closed neather firm with December up a shade at 83⅝@83⅞.

Corn—The market held steady the remainder of the session. December closed unchanged at 43¼@43⅜.

Close: Wheat—Sept., 82⅝; Dec., 83½@83⅝; May, 85⅝@85⅞.

Corn—Sept., 35 old, 35¾; Dec., 42⅝@42¾; old, 45¼; May, 42⅝.

Oats—Sept., 26⅝; Dec., 27¼@27½; May, 29⅞.

Pork—Sept., 15.20; Oct., 14.70; Jan., 12.30.

Lard—Sept., 7.62; Oct., 7.37½@7.40; Nov., 7.42½; Dec., 6.92½; Jan., 6.85.

Ribs—Sept., 6.55; Oct., 6.62½; Jan., 6.40.

Rye—Cash, 62½.

Flax—Cash, northwestern, 1.10.

Timothy—Oct., 2.40.

Clover—Cash, 10.75@11.00.

Barley—Cash, 37@52.

NEW YORK PRODUCE.

New York, Sept. 12.—Sugar, raw, quiet. Fair refining, 3¼; centrifugal, 96 test, 3¾; molasses sugar, 3.

Refined—Quiet. Crushed, 6.00; powdered, 5.40; granulated, 5.30.

Coffee—Steady. No. 7 Rio, 8¾.

Price of Crude Oil Advanced.

Pittsburg, Sept. 12.—The Standard Oil company today advanced the price of all grades of crude oil. Pennsylvania oil was raised three cents and the other grades were advanced two cents. The quotations follows: Pennsylvania, $1.30; Tiona, $1.45; Corning, 97c; Newcastle, $1.23; Cabul, $1.05; North Lima, 88c; South Lima, and Indiana, 83c; Somerset, 77c; Raglan, 48c.

Given Up to Die

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Sold by F. J. Hill Drug Co.

Daniels says, "I will pay $50.00 in gold to any up-to-date dresser whom I cannot give a perfect fit, no matter how big or small, short or tall." Daniels, 57 West Second So.
