### MEETS DEATH IN MOUNTAINS.

**A. Baker of Mendon Frozen to Death While Out Hunting.**

Logan, Cache Co., Dec. 6.—A benefit concert is given here this evening to obtain equipment for a brass band. A fine program will be given. Among the attractions is Miss Judith Andersen, Salt Lake's young contralto, who makes her first appearance in the College City tonight.

FATAL HUNTING TRIP.

A. Baker, a young man of Mendon, went to hunt in the west mountains on Monday morning, last, with a horse and gun. He did not come home as expected, but his horse returned the next morning. A rescuing party of some 25 men was immediately formed and a search commenced, but he was not found till this morning, when his body was discovered on the other side of the divide, cold in death. He had evidently lost his way and was frozen to death.

### AMERICAN FORK.

MID-WINTER CARNIVAL.

**Miss Babcock Gives Dramatic Recitals —Parents Entertained at School.**

Special Correspondence.

American Fork, Utah Co., Dec. 6.—Great preparations are being made for a mid-winder carnival that is to come off the week before Christmas. The object is to raise means to assist the four new meetinghouses lately erected in the four wards of this city.

Under the auspices of the high school, Miss Maud May Babcock will appear before the public Friday afternoon and evening, the 8th inst., in her dramatic recitation. A banquet will be given by the students the same evening. Prof. Babcock will be the guest of honor.

Last Wednesday morning the parents and patrons of the public schools were invited to visit the children of the Harington building in regular class work. In the afternoon the high school and grammar grades gave an interesting program in Science hall, after which the numerous gifts of clothing, fruits, vegetables, flour, coal, wood, etc., presented by the children, were distributed as tokens of Thanksgiving among the worthy poor of the town.

Prof. Mark Robinson, musical supervisor of the schols, presented the beautiful operetta, "Snow White," last Monday night. Mr. Robinson has certainly won the sincere admiration of the people here for his efficient work. From the proceeds of the entertainments, the teachers' room has been beautifully and comfortably furnished.

The local missionary committee voted $10 as a Christmas remembrance to each of the missionaries out in the field from this city.

The postmaster has renovated and greatly enlarged the postoffice facilities, which will be greatly appreciated by the public.

**Croup.**

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by all druggists.

### HUNTINGTON.

SPECIAL SCHOOL ELECTION.

**Majority Favor Bonding to Build Much Needed School House.**

Special Correspondence.

Hountington, Emery Co., Dec. 4.—The school trustees called a special election to give the taxpayers of this district a chance to vote on bonding the district to build and furnish a new schoolhouse, as one is badly needed here. The election came off on Saturday, the 2nd inst., and out of a voting population of over 300 there were only 47 votes cast, 33 for bonding the district and 14 against it. As over two-thirds of those who voted were in favor of the bonding proposition, it is presumed that the trustees will go ahead and bond the district. There are six schools here now and every one of them crowded, some with over 60 pupils.

The city council has decided to fence the public square with a board fence, that will cost about $700, and there is some fault-finding on account of it, as some think the money could be better spent in running a few drains down some of the principal streets, so that some of the water-logged city lots could be drained. This is a proposition that every one who visits Huntington can plainly see is badly needed.

A complaint was filed a few days ago against Martin Black, charging him with having undue relations with a female under the age of consent. The preliminary hearing comes off on Wednesday next at Huntington.

Masons, carpenters and plasterers are very busy trying to get the large meetinghouse finished up by the next quarterly conference to be held in Huntington in January next, but the rain, snow and cold weather is retarding the work greatly.

There was a sad death, that of Mrs. George Graham, last Thursday morning. She leaves a husband and five children to mourn her demise.

Don C. Robbins was here last week and let a number of contracts to run in tunnels on some of the large coal veins in Huntington canyon, and has offered to assist the claimants in Cedar Creek canyon to run in tunnels there.

### ST. GEORGE.

RETIRING OFFICERS HONORED.

**Illicit Distillery at Rockwood Raided —Two Veterans Laid to Rest.**

Special Correspondence.

St. George, Washington Co., Dec. 4.—Last Steurday night, the retiring city councilmen were treated to a genuine surprise. As the members left the council chamber, they heard a loud cry for help in the city treasurer's office. They rushed in, and, instead of a looted safe, a dead treasurer, and burglar's guns, they found tables groaning under the weight of good things for the inner man. After their fright was over, the mayor, members of the council, and the other city officials with their wives, who, under the direction of the city marshal, F. R. Bentley, had furnished the good things in sight, sat down to a long-to-be-remembered feast.

Friday night, Dec. 1, U. S. Marshal Heywood and Sheriff F. R. Bentley returned from Rockville, bringing with them Ozro and Jesse DeMill and Bryant Millet to answer to two indictments found by the federal grand jury, viz. illicit distilling and conspiracy against the government. They were released after giving bonds of $1,300 each to appear in Salt Lake City to answer to the charge.

Many celebrated Thanksgiving day here but there was sadness in some homes, there being a double funeral held in the tabernacle on Thursday afternoon, over the remains of Charles Smith and Henry Whatman.

Elder Smith, the first named, was born July 10, 1819 in Ipstones, Staffordshire, England. Baptized in Ellismere, Shropshire, Eng., Dec. 13, 1840, and labored as a traveling Elder about one year in Wales. In 1843 emigrated to Nauvoo where he became acquainted with the Prophet Joseph. Moving west with the Saints, he was the first watchmaker in Salt Lake City. From 1852-5 he fileld a three-years' mission to England. On his return he married Eliza Roberts, and was called to Dixie in 1862. Was president of the stake High Priests' quorum when he died, Nov. 28, 1905, being in his 87th year.

Henry Whatman, who died on the 29th ult., was in his 86th year, having been born Dec. 30, 1820, in Breed, England. He had no family, living alone many years, but he was faithful to the end.

A nice storm visited Dixie last Tuesday, but the weather is pleasant now.

**Doctors Could Not Help Her.**

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible. For sale by F. J. Hill Drug Co.

### CAINEVILLE.

BENEFICENT RAINFALL.

**Country Soaked With 4½ Inches of Precipitation—Wedding Bells.**

Special Correspondence.

Caineville, Wayne Co., Dec. 1.—This section has just been favored with one of the heaviest soaking rains ever known here; 4½ inches of water fell, and wet the ground to a good depth. A little damage was done to roads and ditches, but all feel that it is a long needed blessing.

William R. Carroll and Vina Huntsman were joined in wedlock in Manti temple a few days ago, and were given a wedding reception the 29th of last month.

Hyrum R. Huntsman, Sr., has been ill for some time with little or no improvement.

**Pirating Foley's Honey and Tar.**

Foley & Co., Chicago originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by F. J. Hill Drug Co.

### THATCHER, ARIZONA

DESTRUCTIVE FLOODS.

**Again Visit Southern Arizona—Great Damage at Clifton.**

Special Correspondence.

Thatcher, Graham Co., Ariz., Nov. 28.—In the last few days southern Arizona has been visited with floods almost as severe as those of last January and February.

Sunday, the 26th inst., nearly all day and night it rained steadily, and one of the heaviest floods experienced visited Layton and Thatcher, making a river bed of some of the principal streets, and filling yards and fields with water and mud. The worst damage, however, was done in cutting out and destroying the roads. The railroad bed was damaged and trains delayed. The railroad bridge over the Gila just below has been carried away.

Clifton is practically in ruins. Many of the residences have been washed away, and others so badly damaged that they cannot longer be occupied. In many instances the people lost all their household effects, everything being carried down the raging torrent of the flood. The railroad depot is inundated in several feet of water. Some of the people were fortunate enough to get their household goods upon higher ground before the worst comes, but they and all their belongings are out on the hillsides exposed to the elements, and present a sorry spectacle. A Mexican man and boy who tried to catch floating plunder were caught in the current and washed away at Clifton.

# THE BIG SIX DAY BICYCLE RACE.

**Riders Circle Track Just Thirteen Thousand Times So Far.**

RIDE ONLY HALF COMPLETED.

**Tricky Spurts and Dangerous Falls Characterized the Contest—Achorn Going Ahead.**

New York Dec. 7.—Thirteen thousand times the six-day bicycle riders in Madison Square Garden had circled the saucer-shaped track at 8 o'clock this morning. At that hour they already had a start of 140 laps on the fourteenth thousand lap and they had, moreover, completed only a little more than half their long ride. Tricky spurts, dangerous falls down the steep inclines of the track and the frequent appearance of rolls of money sent into the enclosure by spectators who offered good sums as prizes to the team who would out ride their competitors and gain an extra lap filled the hours from midnight until daylight today with excitement.

Once at one of the turn Stol, riding at the top of the embankment fell and as his wheel slid to the bottom of the track he upset Achorn and Dussol. All three mounted their wheels and went ahead again with a loss of less than half a lap. Early this morning two women, who occupied a box sent $100 into the track for the Achorn-Downey team, provided these riders would gain a lap. The team failed to make the distance. Physicians who are attending the riders say that thus far their loss in weight has been scarcely appreciable. There are still 60 teams in the race. The score at 8 o'clock was as follows:

Bedel-Bedell, 1314.4.

Vanderstuyft,Stol, Root-Fogler, Keegan-Logan, MacLean-Moran Downing-Bowler, Hopper-Hollister, 1314.3; Galvin-McDonald, 1314.2; Achorn-Downey 1314.1; Dorelfinger-Dussol, 1314.

Antics which made the great endurance test appear like a burlesque race were indulged in by the riders during the forenoon hours. Eddie Root rode around the ring with a watersoaked sponge and approaching close to the rail he threw it full against the teeth of a man who was howling for the riders to go faster. Another rider, seeing that many of the spectators were asleep about the track soon after daylight secured a syphon and awakened the slumberers by well aimed squirts of soda water.

Meantime the pace was very slow. They were 257 miles behind the record at 10 o'clock today which was the eighty-second hour of the race.

Nine of the twenty colleges invited already have accepted, and three have refused the invitation. Answers from others are still awaited.

A PERFECT FOOD.

That Scott's Emulsion should act so quickly and satisfactorily in all cases of lost flesh and continued wasting is not surprising when its food value is understood. With pure Norwegian cod liver oil, hypophosphites of lime and soda and glycerine, there is combined in Scott's Emulsion the best elements of nourishment and strength building known to medical science. Any physician will tell you this. The use of these ingredients in the proper proportions; the employment of only the purest grade of each, and to combine them perfectly is the secret of the success of Scott's Emulsion. You will not find a more certain way to stop waste, build flesh and strength and supply nourishment than through Scott's Emulsion.

### COREY'S LONG RUN.

Chicago, Dec. 7.—Albert Corey, the French long distance foot racer, is now running to Chicago from Milwaukee a distance of 90 miles. Clad in jersey, light bicycle trousers, and low shoes, he started at 11 o'clock last night on his long, cold trip with the hope of reaching the tape across Michigan avenue at Adams street before 2 o'clock this afternoon, establishing a record for the distance of 15 hours.

Starting with him is Joseph Replate one of Corey's friends.

President Wilmer Steg of the Milwaukee Athletic club, and President Walter H. Liginger of the Central association of the Amateur Athletic Union, accompanied the two runners in an automobile.

# OLD MAN FITZ IS AFTER THE MONEY

**Sports Out 'Frisco Way Have Made the Ruby One a Favorite.**

WANTS THE EXPENSES CUT.

**Only $500 for Referee and Not More Than Four Hundred Passes to The Fight.**

Bob Fitzsimmons is determined that he will get every dollar he can out of his coming battle with Philadelphia Jack O'Brien, for at a recent conference with Eddie Graney, who is representing Matchmaker Jimmy Goffroth during the latter's absence, Fitz agreed to allow the club to give out only 400 complimentary tickets. He would not consent to a referee's fee of more than $500. This money is to be paid the referee as soon as the fight is decided. Fitz said that the $1,000 which was paid Referee Graney for officiating in the Britt-Nelson contest was too much.

Fitzsimmons is training away for dear life at Croll's, a short distance out from 'Frisco, and daily receives hundreds of visitors who go to get a line on the old man's ability.

The results of this, according to dispatches, are that the sports trot back to town and deposit their little wads with Harry Corbett, betting that he ex-champion will dispose of O'Brien without difficulty. They have made Robert a favorite.

AS CLEVER AS EVER.

According to reports Fitz has shown no signs of staleness and has lost none of his cleverness. With practically no exceptions every one who has seen the men train declare that the old fellow has it on Jack in everything with the exception of age. Bob keeps in a bubbling good humor, telling story after story of his experiences as a slugger and as a Thespian, and graciously providing bodies of material for the space writers.

If the Cornishman wins this battle he will undoubtedly rank as the world's most remarkable fighter. He has been at it for nearly 25 years and has not taken particularly good care of himself when he was training for a bout, but only two men have ever beaten him, Jeffries and Hall, and the latter defeat should undoubtedly be stricken from the old boy's record.

FIGHT WILL BE SPECTACULAR.

The fight with O'Brien will be one of the most spectacular ever fought. It will be full of fistic pyrotechnics from start to finish. The first few rounds may be slow, as each man will be trying to size the other up, but after they think they have got a line they will begin to box in good earnest.

The following comparisons gives the best dope on the qualifications of the two men:

| Fitz. | Dimensions. | O'Brien. |
|---|---|---|
| 43 | Age | 28 |
| 5 ft. 11¾ in. | Height | 5 ft. 10¼ in. |
| 165 lbs. | Weight | 168 lbs. |
| 76 in. | Reach | 73 in. |
| 13½ in. | Biceps | 14 in. |
| 12 in. | Forearm | 12 in. |
| 43½ in. | Chest (normal) | 39 in. |
| 46 in. | Chest (expanded) | 43 in. |
| 31 in. | Waist | 31 in. |
| 21½ in. | Thigh | 22 in. |
| 14 in. | Calf | 16 in. |
| 14 in. | Neck | 16 in. |
| 7½ in. | Wrist | 7½ in. |

then judge for themselves whether or not the victory was "on the square."

Next week the official pictures of the great battle will be in Salt Lake, under the management of Otto Floto, the well known sporting writer of Denver.

The pictures will be on exhibition at the Grand theater Dec. 11, 12 and 13. It is claimed that these pictures are the best ever taken of a ring battle, and local fans will no doubt rush to see them.

**There Is Not the Slightest Necessity For Leaving Salt Lake City To Look For Proof.**

The experience given below by this well known citizen of Salt Lake City is easily proven. The proof he offers for his conviction can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Salt Lake City cannot ask for any better authority on this point than that given by Mrs. Annie C. Poulsen of 176½ west South Temple street, says: "The direct action of Doan's Kidney Pills upon the functions of the kidneys is so manifest and the results follow so quickly after a course of the treatment that the user cannot but come to this conclusion. The remedy acts as represented. I am too far along in years to ever expect a permanent cure from any medicine, but I can say with all honesty that Doan's Kidney Pills procured at the F. J. Hill Drug Company's store, did me more good than all other remedies for the kidneys I ever used."
