# IN THE EUROPEAN MISSION.

## How the Work Has Progressed During the Past Year,

### AS SHOWN BY THE STATISTICS.

**Sample Report of a Conference President.—Release and Appointments.—Other Items.**

The last issue of the *Millennial Star* received contains a statistical report of the European Mission for the year 1892. By comparison with the two previous years, about the same ratio of progress has been preserved. There has been a considerable falling off in the number that has gathered to Utah. This is no doubt partly due to the stringency in financial matters among the industrial classes in Europe, and in some degree to dull times here; for many of those who came over during the past two or three years are families where the head of the house has preceded them, and has earned money and has sent for them to settle here.

The statistics of the entire European mission for 1892 show a division into five smaller missions, viz: Great Britain, Netherlands, Turkey, Scandinavia, and Switzerland and Germany. Of these, Great Britain is further subdivided into thirteen conferences, as follows: Birmingham, Cheltenham, Irish, Leeds, Liverpool, London, Manchester, Newcastle, Norwich, Nottingham, Scottish, Sheffield and Welsh. In these conferences there are in all 78 branches. Scandinavia has seven conferences: Copenhagen, Aarhus, Aalborg, Christiania, Stockholm, Gothenburg and Skoven, which embrace 45 branches. In the Swiss and German mission there are 28 branches, included in the seven conferences of Berne, Central Swiss, Jura, East Swiss, North German, Nuremberg and South German. The Netherlands mission consists of the Belgium and Holland conferences, with 14 branches, and in the Turkish mission there is but one branch, that of Asia Minor. This makes up a grand total of 30 conferences, with 150 organized branches.

Throughout the whole mission there have been during 1892, 1120 baptisms; 607 persons have emigrated; 144 have died, and there have been 187 members excommunicated. The total of officers and members is reported at 8628. Scandinavia leads in the list of baptisms, as well as of membership, there having been of the former 455, the total of officers and members numbering 2042. The baptisms in the various conferences for the year are: Copenhagen, 50; Aarhus, 55; Aalborg, 81; Christiania, 29; Stockholm, 156; Goteborg, 61; Skoven, 52.

In Great Britain there are 2084 officers and members, and there have been 338 baptisms. In the latter, the Scottish conference heads the list with 67; then comes Leeds with 43; Nottingham, 32; Manchester, Newcastle and Norwich with 24 each; the London and Welsh with 22 each; Cheltenham, 21; Birmingham, 19; Liverpool, 18; Sheffield, 17; and the Irish conference with 3.

Switzerland and Germany has a total of 1019 officers and members. The 233 baptisms are divided among the conferences as follows: Berne, 31; Central Swiss, 7; Jura, 33; East Swiss, 72; North German, 33; Nuremberg, 20; South German, 37. In the Netherlands there are 424 officers and members; the baptisms were 81. Turkey has 59 officers and members, with a record of 8 baptisms for the year.

The following are the latest changes in the British mission noted in the *Star*:

Elder W. H. Dougall, Jr., is honorably released from his labors in the editorial department of the *Millennial Star* office, until his health improves.

Elder R. G. Savage is released as traveling Elder in the London conference and is appointed to preside over the Birmingham conference.

Elder Thomas Minson is appointed to preside over the Cheltenham conference.

Elder Geo. D. Merkley is appointed to preside over the Leeds conference.

Elder Wm. C. Hunter is appointed to preside over the Nottingham conference.

The Saints of the Manchester conference held a general assembly at Farnworth, Lancashire, on Sunday, February 19. There were at this conference the following missionaries from Zion: Elders Joseph Quinney, T. E. Taylor, and W. D. Gallister, of the Liverpool office, Samuel Brockbank, president of, and H. Williams, Chas. E. Murdock, H. Boyer, and Geo. M. Thompson, traveling Elders in the Liverpool conference; H. M. McClune and H. H. Pitchforth, traveling Elders in the Sheffield conference; H. W. Woolley, president of, and T. G. Humphrey, H. A. Woodruff, John H. Evans, E. A. Stratton, B. M. Blackburn, Thomas Gaskill, H. W. Lant, and A. Wallwork, traveling Elders in the Manchester conference.

A number of these Elders occupied the time in speaking on the first principles of the Gospel as taught by the Lord and His disciples. The conference report for the six months ending February 14th, 1893, was read as follows: Meetings held, indoor and out, 256; tracts distributed, 11,579; books sold, 59; books loaned and given away, 326; baptisms, 18; confirmations, 16; children blessed, 6; emigrated over eight years, 13; emigrated under eight years, 3; received, 7; removed, 2; excommunicated, 2; died, 2; Seventy ordained, 20; High Priests, 1; Seventies, 6; Elders, 19; Priests, 7; Teachers, 3; Deacons, 2; members, 116; total officers and members, 157.

In making his report to the president of the mission, Elder H. Hillam, Jr., conference president, wrote as follows from Bradford on February 21:

"President B. Young:

"Dear Brother—I have pleasure in reporting the workings of the Lord through His servants in this the Leeds conference. Our conference is divided into four districts, viz., Bradford, Hull, Otley and Harrogate and Pudsey, Birkenshaw and Leeds. In each district Elders are stationed and report success attending their labors.

"Since our conference in the Hull district, in January last, strangers have increased in attendance at our meetings, and six persons have been baptized in that district. Elder Crowther, Wilson and Parsley, who are laboring there, are much encouraged. We attribute much of the interest awakened to several influential gentlemen who have been attending our meeting, and we feel great, but rather proud to tell the truth concerning us. This, added to the efforts of the Elders and Saints, with the blessings of the Lord, has awakened a spirit of inquiry which we are pleased to note.

"Otley and Harrogate is a new district, having been opened hardly a year. Harrogate is the great Yorkshire health resort, and is visited by many thousands of people during the summer months. We have a nice hall in a prominent locality where we hold our meetings each Sabbath, and there we announce by advertisement in the papers, by posters and handbills, and are rewarded by the attendance of a number of strangers.

"Our labors in Otley are but small, the Elders having turned their attention to this place at the commencement of winter. We have already received much encouragement, and, as in Hull, a number of influential people have taken an unprejudiced view of the message we bear, and are supporting our cause among their friends. Prominent among these is Mr. John Thompson, the manager of the Prudential Assurance company, in the Otley district, who is adding at greatly by carrying the message wherever he goes, and introducing the Elders among his friends. Elders Hall and Weston are at present laboring there; Elder Weston having taken the place of Elder Jos. H. Gaisford, lately honorably released by the Cheltenham Conference. Meetings are held on Thursday evening of each week, and are well attended.

"Elders Kore and Merkley have been laboring of late in the Pudsey, Birkenshaw and Leeds districts, where they have been successful in placing the Gospel before many people, and a number have united themselves to the Church. In this district we also have a promising outlook for the summer season.

"Bradford district is large, very much scattered, and requires considerable travel to fill appointments.

"Meetings are held at Clayton and Bradford on Sundays, and at Clayton and Silver Lane during the week; full houses at each meeting, among whom are many strangers. Elders Jones, Snell and Tolleson have this district in charge.

"Early this month, in answer to requests for baptism, notice was sent into the districts near Bradford that Saturday evening, February 11, would be set apart for the purpose. At the time appointed eleven candidates presented themselves, making in all seventeen persons baptized since our conference in January.

"Last Saturday evening the Saints and their friends gathered to the Temperance Hall, Bradford, and enjoyed themselves in a social tea party. Music (vocal) was the young ladies for the kind manner in which they presided at the tables and aided in the evening's entertainment, which consisted of speeches, songs, recitation and games, and was indeed an enjoyable and pleasing affair.

"On Sunday, February 19, a district meeting was held in the Temperance Hall, Bradford, at which three meetings were held. At our morning service the heavy rain kept two hundred persons present, which increased at our afternoon and evening sessions until only a few seats remained unoccupied. The Spirit of the Lord was abundant and the speeches of the brethren throughout the day were plain, forcible and impressive. We are confident that much seed has been sown which will not easily be uprooted, and that in the Lord's own due time the increase will be given.

"The Elders are all united in the work of the Lord, and are taking the heavy duties imposed upon them cheerfully and willingly. Owing to the small number of Elders in the conference, many times they have to hold meetings alone in order to meet all appointments, but the promise of the Lord is realized and they have strength sufficient to meet day.

"My labors as a missionary are almost at an end, and I wish to express to my brethren associated with me, and to the Saints with whom I have been associated for several months past, my heartfelt thanks and gratitude for the support and encouragement given to me, and I trust that they may be given and maintained to my successor, that he may be enabled, by the blessing of God and their support and encouragement, to continue the labor begun."

# THE FIVE CENT CAR FARE.

## And Extension of Rapid Transit Franchises for 25 Years.

**Different Recommendations in Relation to the Matter—Opposition by Annexed Districts.**

At the meeting of the City Council last night the committee on improvements reported as follows in the matter of the Salt Lake Rapid Transit company asking for an extension of their street railway franchises: "We recommend that the prayer of the petitioners be granted by the adoption of the ordinance herewith submitted in which we recommend that the per capita tax be abolished and the company be hereafter required to pay to the city $25 per annum, besides all taxes on their taxable property. The matter of requiring a five cent fare we submit to the Council for their action, not being able to agree on a recommendation."

The ordinance submitted is entitled "An ordinance regulating and confirming certain resolutions and ordinances granting franchises to the Salt Lake Rapid Transit company, Popperton Place and Fort Douglas Rapid Transit company and East Bench street Railway company, and amending the same." The ordinance says: "Whereas, questions have heretofore arisen between the city and said railway company regarding the duties and obligations of said company as to the amount of special or license tax to be paid by said company; and Whereas, the said company has requested the council to grant to it an extension of the rights and privileges it now enjoys thereunto such provisions be and are hereby granted for a term of twenty-five years."

FROM THE MUNICIPAL LAWS COMMITTEE.

The subjoined is from the committee on municipal laws on the same matter, the wisdom of which will be considered at the next meeting of the council.

We, your committee on municipal laws report as follows in the matter of the petition of the Rapid Transit company to have its several charters amended so as to raise the special assessment of taxes uniform by repealing the per capita tax, provided the method of assessment is provided for, and to put the special assessment at a certain sum per annum on the number of cars used in it, that your committee believe the special tax should be made uniform. We believe it would be much more to the interest to the city financially if all the lines were put on a per capita basis. If put on the other basis we believe the tax would be put at from $50 to $100 per annum per car, depending on the size of the cars. It might be four thousand as the company claims to be at present at great expense in making extensions and further claims that times are slack, to put the tax at a low rate for a period of two or three years, reserving the right in the Council to readjust and raise the rate of tax at that time. We further suggest that the per capita where it is preferred, for no occasion should not be relinquished without securing corresponding concession in the interest of the people in rates of charges.

The residents of the newly annexed district southeast of the city are almost over the repeal. They contend that a uniform rate of 5 cents only should be charged throughout the city, and had a representative walking up the house today with a view to opposing the extension of petitioners' franchises unless such uniform rate shall be decreed.

## SCROFULOUS SORES.

**Lady Badly Afflicted Three Years Tries Many Doctors Here and in England Without Benefit. Is Cured by Cuticura.**

[illegible]
