TELEGRAPHIC.

LIBERTY BELL CAST.

Miss Eugenia Menesly Lets Loose a Flood of Molten Metal.

PATRIOTIC MATERIAL USED.

Various Occasions on Which the Tones of the Bell Will Be Heard.

TROY, N. Y., June 22.—This evening Miss Eugenia P. Menesly, daughter of Clinton H. Menesly, let loose a flood of metal at her father's foundry, which when cool will be the liberty bell of this country. The molten mass which flowed at her command was composed of patriotic material. Implements of warfare, material of the most historic interest, swords that had been used in battle, metal identified with every progress of invention and science, remembrances and love gifts were melted to make the Columbian Liberty Bell. It was originally intended that Mrs. Cleveland should touch the button at Gray Gables whereby the electrical apparatus at the foundry would be set in motion, releasing the metal from the furnace, but Mrs. Cleveland was in poor health and could not venture out in the storm which prevailed at Buzzard's Bay.

When the bell is cool enough it will be made ready for transportation to Chicago. It is proposed that the bell shall ring at each sunrise and sunset, at 9 o'clock in the morning and on anniversary days marking the great events in the world's progress toward liberty, at 12 o'clock on the birthday of the "Creature of Liberty," and at 4 o'clock it will tell of the anniversaries of their deaths.

FROM THE CAPITAL.

No Pension Deficiency for the Current Year.

WASHINGTON, D. C., June 22.—There will be no pension deficiency for the current fiscal year, which will end the 30th of June next. The appropriations for pensions were for the fiscal year of 1892-3, $140,737,000. The deficiency for the year 1892 and prior years was $14,144,914, a total of $155,-882,234. There was expended for pensions for the eleven months ended May 31, 141,945,000; for June, up till today, $10,386,000. The estimate for the next eight days or June is $1,500,000, a total of $153,829,000. This will leave a surplus of about $1,500,000.

A NATIONAL BOARD OF HEALTH.

One of the first matters of importance that will be presented to the next Congress will be a bill already framed providing for the establishment of a national board of health with headquarters in this city. The board as devised by the projectors, is to co-operate with the state and municipal authorities in the matter of sanitary improvement.

THE PUYALLAP DECISION.

The government is not disposed to accept as final the decision of the United States district court at Seattle, Wash., that it has lost the entire power to control the use of the lands of the Puyallap Indians near Tacoma. Attorney general Olney has given instructions to the United States district attorney at Seattle to make appearance immediately in behalf of the Indian agent.

THE MONTEREY.

The coast defense ship Monterey has been finally accepted and the navy department will assume control of her immediately.

THE BANK RAIDERS.

With the appointment of E. Spencer Pratt of Alabama to be consul general at Singapore was given the first public information that it had been raised from a consulate to a consulate generalship. Singapore is an important post for the officers of the British consular service and is considered a position of honor. For the reason and on account of its great trade it is understood the President desired to raise its rank.

The Mechanics' Meeting.

DETROIT, Mich., June 22.—Considerable business was transacted behind closed doors by the national council of the Order of United American Mechanics today. The order decided to come before the country politely, but as a non-partisan body working for the best good of the country. The request of the state council of Washington to have taken under its jurisdiction the states of Oregon and Idaho was refused as it would require an amendment to the present laws. A severe blow was given the exponents of the Daughters of America by being refused recognition as an auxiliary order, and it was also discovered that the Daughters of Liberty, who believed themselves to enjoy such recognition, were out in the cold.

Another Cut in Rates.

CHICAGO, June 22.—The Great Northern today made another cut in transcontinental rates as follows: From St. Paul, Minneapolis and Duluth to Spokane, Seattle, Tacoma, Vancouver and North Pacific coast points $25 first-class, $18 second class, to be effective June 25th and will apply in both directions.

The Northern Pacific lost no time in meeting the rates and will put them in effect the same date. The Great Northern also decided to place on sale, commencing July 1st, 500 mile tickets good for a year for $75, the tickets to be good over the entire system, the Sioux City & Northern and over the Canadian Pacific between Neepie and Winnipeg.

COLORADO-UTAH.

P. J. Flynn Chosen Secretary.—Reduction of Rates.

DENVER, Col., June 22.—Today's session of the Colorado-Utah railroad commission was taken up with the discussion of rules as applying to the lines doing business between Colorado and Utah, and with only a few minor changes they were adopted the same as those governing the Transmission association.

Immediately following the revision of the rules the election of a secretary was taken up, and P. J. Flynn was unanimously chosen to fill the position. In the matter of rates a reduction was made between Colorado common points and Utah common points. At present the rate can way is $25. Commencing July 1st it will be reduced to $20. The round trip rate is the same, namely, to be reduced $5. This completed the business of the committee and it adjourned sine die.

Consumers in Banking Circles.

NEW YORK, June 22.—The amount of clearing house certificates issued today, $2,500,000, brings the total up to $4,000,000, and so far the banks have withstood in good condition and the clearing house committee have not been called upon to examine any of them. A feeling of uneasiness still prevails in banking circles on account of the Western and Pacific coast bank troubles, and all day banks and private banking houses here were receiving dispatches from California, particularly Los Angeles, together with a demand for currency, and bankers as a rule are not yet much relieved on the heavy return of gold from Europe. The bullion on its way here is regarded as a mere drop in the bucket.

Miners Killed.

WILKESBARRE, Pa., June 22.—At a late hour this evening, while eight men were at work in the No. 9 mine of the Susquehanna Coal company, a terrific explosion of gas took place, which hurled the victims off their feet and scattered them in all directions, killing four men and a boy instantly and seriously but not fatally injuring three more.

Students Drowned.

TORONTO, Ont., June 22.—Edward Kelly and J. N. Cluthier, law students and Edward B. West and Camille McGowan, medical students of Juliet College, were drowned today by the upsetting of their boat.

Asking for Protection.

WATERTOWN, N. Y., June 22.—The lumber dealers having docks in Erie county today telegraphed Governor Flower demanding military protection for shovers. The say the men dare not work though they have ample help ready.

Will Cover the Exhibits.

CHICAGO, June 22.—The Methodists will not withdraw their exhibits from the World's Fair. After three hours' discussion this evening a committee decided to cover up all the exhibits of the church on Sundays, and all members of their church are asked to do the same with their individual exhibits.

Fair Rates.

TOPEKA, Kan., June 22.—Governor Lewelling of Kansas today sent letters to the governors of North and South Dakota, Nebraska, Oklahoma, Texas, Arkansas, Missouri and Iowa inviting them to join with him in a movement to persuade the railroads to reduce World's Fair rates.

In the Ring.

CONEY ISLAND, N. Y., June 22.—The crack tools scheduled to take place before the Coney Island Athletic club tonight proved a drawing card. There was a representative sporting audience of 5000 present when the proceedings began. George Reynolds and Mike Leonard opened the evening's entertainment at 126 pounds. Both displayed considerable science. Leonard was stronger in the ninth, and after opening up a big gash in Reynolds's cheek, pounded him about the ring until he had him out.

Billy Vernon, the Haverstraw brickmaker, and Billy Ernst next came upon the stage. The men opened cautiously, and four rounds were fought with both men smiling and the fight anybody's.

In the fifth round lively exchanges were witnessed with honors still even. In the sixth round Vernon kept jabbing away at his opponent till he had him running around like a mad bull. In the seventh round Ernst started in to rush matters and fought Vernon into a corner. In the eight and last round Ernst went at his man in a determined manner. He showered right handers upon Vernon until he knocked him out and he had to be carried from the ring.

The final bout of the evening, between Jim Daly of Buffalo and Joe Butler of Philadelphia, started at 10:30. It was to be twenty rounds or more for $1500, but in the sixth round Daly was knocked out in two minutes and ten seconds.

THE FAILURES.

Grain Merchants Go Into Liquidation.

NASHVILLE, Tenn., June 22.—The well-known firm of Ross & Son, grain and commission merchants of this city, have gone into liquidation, the debts, amounting to about $110,000, paid and secured by transfer. The assets and property of the firm are satisfactory to the creditors.

A BANK DISEASE.

NEW WHATCOM, Wash., June 22.—The First National Bank, the oldest in the city, closed its doors at noon. The cashier stated that depositors will be paid in full. No statement of assets or liabilities has been made.

FAILURE AT SAN DIEGO.

SAN DIEGO, Cal., June 22.—The Bank of Commerce closed its doors this morning. A notice on the door stated that the bank was temporarily closed and that depositors would be paid in full.

CITIZENS' BANK CLOSES ITS DOORS.

ONTARIO, Cal., June 22.—The Citizens' Bank closed its doors this morning. The statement shows that the resources greatly exceed the liabilities.

RECEIVER FOR IRON WORKS.

ANDERSON, Ind., June 22.—A receiver was today appointed for the Anderson iron and bolt company. The liabilities are $34,000, and the estimated assets $50,000.

CONTRACTORS WRECKED.

BOSTON, June 22.—Crosby & Noyes, contractors and builders, and Benning C. Noyes & Co., furniture manufacturers, made an assignment today.

UNABLE TO MEET CONTRACTS.

NEW YORK, June 22.—D. Meld White, of the consolidated stock exchange, announced his inability to meet contracts.

Stinting Socialists.

VIENNA, June 22.—Great excitement has been caused at Andochow by rioting socialists. A mob had full possession of the place for a time. The military finally intervened, and some of the rioters were killed and a number wounded.

IN THE FRENCH DEPUTIES.

Millevoye Reads Some Papers and Creates Confusion.

The Documents Condemned on Sporting on Account of Unanimous Vote.

PARIS, June 22.—In the deputies today the physicians sent to England to report on the condition of Cornelius Herz stated that his condition was such that his extradition was impossible. Millevoye asked several questions concerning his extradition and the documents alleged to have been stolen from the strong box at the British embassy. With regard to the first matter Dupuy replied that England had done everything possible, and regarding the documents he said the public prosecutor could take no knowledge of such documents.

Millevoye then stated that he had the text of several minor documents in respect to the negotiations with Austin Lee, second secretary of the British embassy in Paris. M. Millevoye started to read one of the documents. He got as far as "Law today Clemenceau," when M. Dupuy interrupted him and begged the president of the chamber to consider the matter an international question. M. Millevoye further accused M. Clemenceau of delivering to England a private letter that passed between Albert, later prime minister and minister of foreign affairs, and the French minister in Egypt and between M. Hanotaux and the French ambassador to Constantinople. He produced a list of names of persons and papers which he alleged England had bribed and the amount of money given as bribes. He read which appear that money drawing the values: *Le Temps*, 50,000 francs; *Le Soleil*, 50,000 francs; *Le Jour*, 15,000 francs; Rochefort, 50,000 francs; Clemenceau, 20,000 francs.

At this point the uproar and confusion in the chamber became tremendous. The members of the extreme left rose and demanded that Millevoye leave the chamber. M. Millevoye, however, stood his ground, and when a semblance of order and quiet was restored he shouted: "The whole thing is a scandal. Barbeau received 50,000 francs."

Barbeau, rising from his seat and exclaimed: "I, expect the chamber to vindicate my honor."

M. Clemenceau and all the members of the party of the extreme left insisted that the rest of the paper be read. M. Millevoye again started to read, but M. De Lanessan, who is also a Boulanger, stated that he could not listen to him, and he would resign his seat rather than do so.

The order of the day was then made to the effect that the chamber condemned the documents as spurious and regretted that time had been foolishly wasted listening to their presentation. This was adopted by practically a unanimous vote, only four members voting against it, while 403 voted in favor of it.

M. De Rodiele retired to a committee room where he spent a lengthy period, refusing to receive his most intimate colleagues. M. Millevoye left the chamber declaring he would resign his seat in order that he might act independently.

THE BERING SEA.

Mr. Phelps Makes a Brilliant Speech.

PARIS, June 22.—Hon. E. J. Phelps of counsel for the United States opened his argument in behalf of the contention of the United States before the Bering Sea tribunal of arbitration today. His address was a brilliant one. He said the case presented only two main questions: Have Canadians and foreign Americans were seek the shelter of the British flag in order to defy the laws of their own country, a right to continue destroying the seal species, and if so, what regulations are necessary to prevent the extermination of seals? Another, he added, claimed the indiscriminate destruction of seals inhuman, barbarous and in violation of the laws of all civilized nations for the protection of wild animals in the breeding season. The British claimed the right to exterminate the species for the sake of a small temporary profit. They did not meet the question as to whether the right exists, but exhausted the resources of the ablest advocacy to evade it.

After remarking that the British assertion that the United States wished to declare Bering sea a mere closed nation Phelps said the seizures of pelagic sealing vessels was effected under the American claim to the right to protect seals.

"Great Britain veered round," he said, "after the arbitration treaty was concluded and based the case upon an elaborate defense of pelagic sealing, insisting that no regulations would be acceptable to her which were inconsistent with the prosperity of pelagic hunters."

The Irish Home Rule.

LONDON, June 22.—In the commons today Mr. Gladstone stated the alterations the government had decided to make in the financial clauses of the Irish home rule bill. No change in managing or in collecting existing taxes would be made. The Irish parliament would be empowered to establish new taxes. Ireland's contribution to the imperial exchequer would be one-third of the ascertained revenue, also the whole yield of any taxes imposed upon Ireland by the imperial parliament expressly for war or special purposes. At the close of six years's constitution the whole arrangement would be revised.

Duelle Bills.

BERLIN, June 22.—The first of the second ballots was taken today in Lessen. Herr Goertz, a radical unionist, was elected by a majority of 700. This is a loss to the social democrats as well as to the supporters of the army bill.

WILL MEET IN JULY.

The *Schutzzeitung*, the official newspaper, states that the Reichstag will be summoned to meet on July 5th.

Sarah Bernardt Robbed.

VALPARAISO, June 22. — A correspondent from Rio Janeiro telegraphs that Sarah Bernhardt was robbed of jewels to the value of 200,000 francs while in the Brazilian capital.

A U. S. Minister Dead.

NEW YORK, June 22. — News reached New York by way of England today that William D. McCoy, of Indiana, United States minister resident of the republic of Liberia in west Africa, died at Monrovia, the capital of the country, on May 8th, and was buried with military honors.

The Temple Spoon.

Said by tourists to be among the handsomest of all souvenir spoons. Is of unique size, full weight, heavy bowl. Gilt bowl, sterling handle. The Temple is represented in a very magnificent series on the nave of the Mormon Temple, as set from Salt Lake City and the beautiful spire of this year's issue, with the great seal of Utah on the reverse, while the Temple is symbolized upon the bowl.
