Notes and Personals.

A telegram was received here yesterday by the officers of the Grand Central Mining company, which conveyed the welcome information that ore had been struck in the 200 foot level. The company has been doing development work on the Grand Central for over two years and spent over $100,000 on the property. A three compartment shaft has been sunk 700 feet, and the mine is in splendid shape for working. It is located between the Centennial-Eureka and the Mammoth, and can scarcely fail to become a valuable producer. The property is owned principally by Provo people, among whom are A. Holbrook, Reed Smoot, C. E. Loose, S. H. Jones, John R. Twelves and George Haversmith. Hon. George Q. Cannon and Hon. David Evans are also stockholders.

Chas. Gushaw, a patient at the asylum, committed from Smithfield, Cache county, who has been working on the outside as a "trusty," eloped yesterday morning. He has a heavy dark moustache and no hair on the front part of his head, is dark complexioned, about 35 years of age and stoops when walking.

The bad boys of this city take pleasure in breaking the fire alarm box located in the west end of the city, and the mischief has become so aggravated that a $5 reward has been offered by the chief of the fire department for information leading to the conviction of the guilty parties.

Marriage licenses have been issued to Chas. Fetch, aged 29, and Emily Glaff, aged 25, both of Lehi; Wm. Pinewill, of Mercur, aged 21, and Margaret M. Boyce of Provo, aged 16; H. C. Miesner, aged 24, and Edith Greenwood, aged 19, both of American Fork.

Sheriff Brown and Deputy Sheriff Fowler went to Eureka Monday evening in response to a summons from the Eureka officers, which stated that tramps were terrifying people east of Eureka over the line in Utah county. They had not returned this morning.

George Robertson of Springville was arrested last Monday evening and taken to Escalante, Garfield county, by Sheriff Savy of Garfield, to answer to a charge of rape, said to have been committed several months ago.

Companies I and M of N. G. U. of this city have received orders from headquarters of the First regiment to appear for inspection by the colonel at 8 o'clock on December 5th.

Harry Bonham of the Fourth ward has been called to go to Colorado on a mission, he expects to leave about the 15th of December.

Sterling Baker, the 7-year old son of Mrs. J. W. Baker of the Fourth ward, died yesterday from typhoid fever.

Mrs. Dr. Mary P. Silver of Salt Lake was in Provo yesterday on business.

Mr. Lee, of South, Lee & Grey, was here yesterday on legal business.

A son has been born to Mr. and Mrs. Farley Carter.

WHAT IT IS?

The National Council of Women of the United States—The Council Idea.

WHAT IS IT

The executive board of the national council of women will hold its executive meeting in Boston the 23rd, 24th and 25th of December, in the Y.M.C.A. hall. This brings up once more the question:

What does the national council of women mean?

What does it stand for?

What is the underlying idea?

The idea is first, that a council is not composed of individuals, but of societies; that a council does not seek to combine people of one mind, but it seeks to unite societies with different aims, objects and methods. Thus the national council is supposed to represent, not persons more and more, a republic of ideas.

The council grew out of a birthday celebration. This was the council anniversary of "the first organized demand for equal educational, industrial, professional, and political rights for women." The central idea was that of freedom for the body, mind and soul of women. Included within this were all the other ideas represented by the thirty-one national societies which this first gathering brought together.

The council idea is to bring together all the best thought and hope for the world. For its education, its philanthropy, its temperance, its industries, its professions, its legal conditions, its political conditions, its moral education. Finally the council would organize and unify all these as the truest method for strengthening and developing each one.

The council idea is to give "greater unity of thought, sympathy, and purpose" to women's work, and has been characterized as the "fulcrum in the organization of the moral forces of society by women." Again, it stands for the truest mutual respect and sympathy, and for the peace which "makes for righteousness."

The council was organized by women having the sincere belief that the best good of their homes, and of the nation, would be advanced by their own greater unity of thought, sympathy and purpose, and that an organized movement of women would best conserve the highest good of the family and the state.

Public meetings, in connection with the coming business session in Boston, will be held Thursday and Friday mornings, December 3d and 4th, and Friday evening, December 4th. One and one-third rates will be given on all railroads, if the attendance numbers one hundred. Please certificates at place where ticket is bought. Hotels will give reduced rates.

COULDN'T DRINK COFFEE.

Woman's Use For Of With Chocolate of Tea.

"And you might bring me a cup of weak coffee, too," a busy man said to a restaurant waiter when giving an order.

"What make you call for weak coffee, Sam?" a friend remarked.

"O, I have no business to drink coffee anyhow, but I don't care for chocolate or tea, and do like coffee, although it raises the old Harry with my nerves and stomach."

Many a man fails in business because of his physical inability to attend to it properly. Well, a man wakes up and looks squarely at himself and his affairs so will break off those habits that weaken his body and prevent him from pushing his plans to a successful issue.

Tobacco and coffee seem so harmless that a man feels that they cannot hurt him seriously and for that reason sticks to them day after day until his nerves give out and a long period of prostration sets in. While a man is sick no business goes—well, experience shows that it is a big, big, right, that a sick spell is a wonderfully expensive investment.

Quit the poisonous habits, and nature will slowly rebuild the broken system without the use of medicine.

It is not so hard to give over coffee when one can have Postum, a beverage which looks like the finest Mocha coffee, and creams up with the golden brown of rich cow's cream. It is very nourishing and refreshing, and as the pamphlet, Pointers, states demanded by the coffee drinker, at the same time it can be used by children as well as adults.

Nothing which nature furnishes is superior to the grains for making gray matter, and the ready manner that Postum, the food drink, is made wholly and entirely of the grains. It may be said to "make old blood," in comparison with coffee the cost is about one-third. Grocers sell it, or the Postum Cereal company (limited) at Battle Creek, Mich., send enough for fifty cups for 35 cents.

Beware of the fraudulent imitations of the original Postum Cereal Grain coffee. Insist on Postum. Sold by leading grocers. Jno. McDonald Jr. and J. H. Williams.

Kate J. Corall, plaintiff, vs. James F. Corall, defendant.

The state of Utah sends greeting to James F. Corall, defendant:

YOU ARE HEREBY REQUIRED TO APpear and answer the complaint filed in the above entitled action in the District Court of the Third Judicial District, in and for the state of Utah, and to answer the complaint filed therein, within ten days after the service on you of this summons, if served within this county, or within twenty days if served out of this county, or if served out of this county, but in the district, or if served out of the district, then within forty days, or judgment by default will be taken against you, according to the prayer of said complaint.
