intercept the present sewage it was only necessary the construct the main sewer to the intersection of State and Fifth South streets. The erection of two new public schools and other improvements east of this intersection, however, indicated the necessity of an extension of the main sewer so far as the intersection of Fourth East and Ninth South streets at the earliest practicable time. Committee on sewerage.

STREET OPENING.

The city attorney reported in the matter of the petition of H. F. Taylor et al., asking for the opening of Seventh West street from Fifth to Eighth South, that he had succeeded in having the fence removed, but that certain flumes and some grading would be needed. He also suggested the impropriety of referring such matters to him where there were no legal proposition to pass on. Committee on streets.

BOULEVARD ROUTES BY DORSHIM.

The city engineer submitted the following:

Gentlemen—In pursuance of your adopted resolution instructing me to submit my views concerning a route for the proposed boulevard, I beg leave to represent that a driveway of this kind to meet all the requirements should be in the nature of a belt line in order that it may be reached from any point from within the city to about the same distance. It should also be located with reference to affording the best possible view of the city and valley and should also afford an opportunity to the greatest number of our public institutions, namely to secure important consideration and to secure this, easy grades and street occupied by railway tracks should be avoided as far as is practicable. And will be impossible to keep such a roadway in suitable condition without sprinkling facilities for this purpose have also to be considered.

Without hope of being able to satisfy all I believe a majority of our citizens will agree with me that all things considered, the following described route presents the least number of objectionable features and is therefore submitted for your consideration:

Beginning at the intersection of Fourth South and Second West streets and running thence north along Second West street to Fourth North, passing the Fourteenth District school, Fire House No. 2, the Utah University, Deaf Mute Institute and St. Mark's Hospital to the Warm Springs; thence via Wall street to Peach street; thence along Peach street to Oak street near Washington school; thence along Oak street to Current street at the head of East Temple street; thence along Current street, passing the head of State street and Capitol grounds to the west bluff of City Creek canyon; thence along the edge of said bluff on the east side of the canyon, near the brick tanks of our water supply system; thence up the bed of the canyon to about the gate house of our Capitol hill water supply system; thence southerly along the slope of the east bluff of the canyon to the west end of Eleventh street; thence east on Eleventh street to N street; thence southeasterly, passing through the northeast corner of the city cemetery, above any portion that has been subdivided into lots, to the intersection of Eighth and U streets; thence southeasterly to the north boundary of Popperton place; thence south along same street to be hereafter laid out through Popperton place to the south boundary of said tract; thence southeasterly across the Fort Douglas reservation to the relief tank of Farley's canyon water supply system, near the head of First South street; thence southwesterly across the reservation to the head of Second South street; thence along Second South street to Thirteenth East street; thence along Thirteenth East street to Third South street; thence along Third South street to Twelfth East street; thence along Twelfth East street to Fourth South street; thence along Fourth South street to Eleventh East street; thence along Eleventh East street to Eighth South street; thence along Eighth South street to Eighth East street, passing the Hamilton school to Sixth South street; thence along Sixth South street passing the Exposition building and Sumner school to Second East street; thence along Second East street passing the new city hall to Fourth South street; thence along Fourth South street to Second West street, the place of beginning.

This will provide a drive of about ten miles in length and while it does not extend as far west as in my opinion it should, it takes in as much of that portion of the city as the presence of the numerous railways in that neighborhood will permit.

If at some future time it shall be thought wise to increase the length of the drive it can be done by starting from the relief tank near the head of First South street and following southward through the reservation, passing east of Mt. Olivet Cemetery to the intersection of either Thirteenth or Fourteenth East streets on Ninth South street, and thence to the Penitentiary, and from thence westward to a junction with the old east or west drive.

In the meantime the construction of the shorter route will perhaps cost all that can be raised for the purpose at present and will afford a drive which will serve the purposes for sanitation and admit of extension at any time and to any limit desired.

Referred back for an estimate of cost of construction.

THE SEASON OF CLEANING.

Dr. Beatty reported that as the season was approaching when the public health would demand a thorough cleaning of the city, and in view of the fact that the garbage nuisance is rendered ineffective because of a lack of system whereby its provisions and requirements may be easily complied with, and recommended that the council should adopt the contract system of garbage collection, and let the contract to the lowest bidder. Referred to sanitary rules and quarantine committee.

HOUSES IN SALOONS.

Chief Paul reported that frequent complaints were being made to him of the parents of boys of tender age who were in the habit of frequenting saloons and billiard rooms. He also called attention to the fact that there was no ordinance by which the evil could be remedied and suggested the passage of an ordinance to that effect. Referred to city attorney to draft an ordinance.

TO FILL BUILDING MATERIAL.

L. C. Karrer asked permission to place building material at the corner of State and Second South streets. Referred to committee on streets with power to act.

EXTRA PAY BILLS REPORTED.

The committee on claims recommended the payment, among other claims, of the claim of P. O. Peterson, assistant auditor, of extra work in January and February, amounting to $95. Several of the members were very emphatic in their opposition to the bills being allowed, and upon a vote they were rejected.

FIRST STREET GRADING.

The committee on streets reported in the matter of T. W. Jennings et al. for the grading of First street and recommended that the matter be referred to the city engineer for an estimate.

FROM BEFORE TO ST. LOUIS.

The committee on streets recommended in the matter of changing the name of Surgeon street to St. Louis avenue, that the city engineer be requested to change the records in accordance with the petition. Adopted.

FIREPROOFING KNOCKED OUT.

The secretary of the joint city and county building committee sent in the following:

Gentlemen—At a meeting of the joint city and county building committee held in the Mayor's office this afternoon, the following resolution was submitted by Superintendent Ramberger:

Resolved, That the subcommittee of the City Council and the members of the County court having assembled to consider the propriety of fireproofing the jail, jury and county building, are of the opinion that it would be inexpedient and unwise to fireproof the same.

The above resolution was adopted on the following roll call vote: Ayes—Commissioners Bell and Westlandt; Councilmen Rawlings and Celesia; nayes—Councilmen Lentzlinger and Silversmith; Mayor Morris.

The communication was filed and the action approved.

HYDRANTS AND VALVES.

The committee on waterworks submitted a contract entered into with the Michigan Brass & Iron Works for hydrants, valves, etc. Adopted and referred to the Mayor.

Two members of the committee on police reported adversely upon the appointment of Frederick W. Benson as a police officer on the ground that his eyesight was defective. Adopted.

PUBLIC GROUNDS.

Bids offered as follows:

Resolved, That Liberty Park and Pioneer Square and such other public grounds as are dedicated and set apart for park purposes, are hereby placed under the control of the committee on public grounds, to see that the same are improved and used with due as the Council will compare with the ordinance regarding the appointment of park commissioners. Adopted.

IMMEDIATE ACTION.

Kelly offered a resolution empowering the city recorder to issue retail liquor licenses immediately after the same are granted by the Council.

This resolution precipitated a tempestuous debate of twenty minutes' duration after which it was referred to the committee on license.

LIQUOR LICENSES.

The committee on license reported favorably upon the applications of the following persons for licenses to sell intoxicating liquors: E. Norton, M. Fitzgerald, G. C. Harlow, Philip Harcock, Globe Pale Ale company, A. Fisher Brewing company, W. A. Hinder, L. W. Dollman and M. E. Halvey. Adopted.

LIBERTY PARK IMPROVEMENTS.

Moran introduced a resolution providing for an appropriation of $20,000 for the improvement of Liberty Park, to be expended during the present year under the supervision of the board of park commissioners, or such supervision as the Council may select. Referred to committee on public grounds.

Adjourned until Friday eve inst.

Making a World Wide Reputation.

Council Bluffs, Iowa, Sept. 1892.

Chamberlain's Cough Remedy is an Iowa manufacturing institution and one in which the residents of the state look upon with pride. Chamberlain's Cough Remedy has become national in reputation and is known in nearly every household in the state and throughout the great west. Its merits are becoming established in all parts of America. For sale by Z. C. M. I. Drug Dept. d&s

How to Save Doctor Bills.

Just Choose Daily Consort.

Many a doctor's bill has been saved by the use of Chamberlain's Cough Remedy. The name is a household word in many parts of the country. Chamberlain's medicines have an extensive sale in the Western Union and many people testify to the merits of their different remedies. For sale by Z. C. M. I. Drug Dept. d&s

Out of Sight.

The traveling public are now fully alive to the fact that the Chicago, Union Pacific & North-Western Line offers the very best accommodations to the public from and to Salt Lake, Ogden and intermediate points, not only during the World's Fair, but all the year round.

These figures represent the number of bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, which were sold in the United States from March, '91, to March, '92. Two Million, Two Hundred and Twenty-Eight Thousand Six Hundred and Seventy-Two bottles sold in one year, and each and every bottle was sold on a positive guarantee that money would be refunded if satisfactory results did not follow its use. The secret of its success plain. It never disappoints and can always be depended on as the very best remedy for Coughs, Colds, &c. Price, 50c. and $1.00. At A. C. Smith & Co's. Drug Store. 4

An Easy Winner.

The cold vestibuled trains of the Chicago, Union-Pacific & North-Western Line distance all competition with ease. It has the shortest line, fastest time, Union depots and no change or delay at the Missouri River, and is the popular World's Fair route.

Mme Lamb's
Millinery Reception,
Thursday afternoon,
March 23,
will be the grandest display ever attempted in this city, and I will entertain all for former off ers in display of fine Millinery, which insures a great treat for the ladies and all lovers of the beautiful. Hours 2 to 5 and 7 to 9 p.m. 55 Main Street.

World's Fair Travellers Will Have It.

The public demand through service when traveling. It is old-fashioned to "Change Cars." On the through, solid vestibuled trains of the Chicago Union Pacific & North-Western Line from or to Chicago, Omaha and intermediate points there is no change. This is the finest and fastest service between the points named.

Army Behind,

Leg all competitors with the Chicago Union Pacific & North-Western Line. This is the popular route for passengers destined to the World's Fair.

Salmon's Hoarhound Syrup.

We guarantee this to be the best Cough Syrup manufactured in the whole wide world. This is saying a great deal, but it is true. For Consumption, Coughs, Colds, Sore Throat, Sore Chest, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough and all diseases of the Throat and Lungs, we positively guarantee Salmon's Hoarhound Syrup to be without an equal on the whole face of the globe. In support of this statement we point to every individual who has ever used it, and to every druggist who has ever sold it. Such evidence is indisputable. Sold by Z. C. M. I. Drug Dept. 4

Oh the Agony

Of Those who Suffer from Scrofula

Hood's Sarsaparilla Purifies, Soothes, Heals, CURES.

Mr. T. F. Johnson
San Jose, Cal.

"I have for some years been a great sufferer from SCROFULA breaking out on my arms and legs. The sores covered with scurfy and very disfiguring at times. I tried many medicines and consulted physicians for and spent considerable great money. I have taken but three bottles of Hood's Sarsaparilla

Hood's Cures

Hood's Pills are easy to take, yet powerful and efficacious, on the best and most in. 25c.

How Much will you Risk for One Cent?

THE difference in price between the PUTNAM NAIL and other wire nails is only a fraction of a cent each nail.

A trial of a box will convince the most skeptical and convince them that the Putnam Nail does all we claim for it, viz., that it holds more than twice as much as any other nail made.

Ask your dealer for the Putnam nails and insist and demand that he shall supply you with them. Take no other nail. If he does not keep them he can easily get them from his jobber. Do not be persuaded to take a nail that is said to be just as good as the Putnam. There is no nail just as good as the Putnam. The Putnam is the only nail that will not split. The only nail that will not cut your hands. The only nail that will not rust. The only nail that will not bend. The only nail that will not break. The
