RESERVOIR VETO OVER FOR A WEEK

Expected That It Will be Disposed Of at the Next Meeting.

MAY NULLIFY DISAPPROVAL.

Paving South Temple Hung Up—City's Real Estate Record—Assessment $36,873,045.

The city council took no action at its meeting last night upon Mayor Thompson's veto of the installment construction plan of the Parley's canyon storage reservoir. It developed that there were not enough votes to pass, over the mayor's veto, the Fernstrom resolution, which provides that $56,000 worth of work on the reservoir be done this year, so Fernstrom moved that the veto be laid over for one week. Daveler wanted to know why the councilman from the Third precinct wanted the veto to go over. Fernstrom frankly replied that two members of the council were absent who would vote for the resolution and that their votes were necessary in order to pass it over the mayor's veto. He further said that the necessary 10 votes to defeat the veto would be forthcoming on next Monday night. The two absentees who will vote against the veto are E. H. Davis and J. N. Sharp, Jr. The vote on laying the veto over was 8 to 4. A. J. Davis, one of the mayor's supporters, was also absent.

PAVING COMMITTEE "HUNG."

The committee of citizens appointed to confer with City Engineer Kelsey and adopt a compromise plan for the paving of South Temple street, met in a committee room of the council chamber last night and discussed the various plans during the entire time the council was in session. Just before the council adjourned, Councilman Thomas announced that the committee of citizens was unable to agree on a plan, that it was a "hung jury." He therefore moved that the council committees on streets and finance consider the proposition and settle on a plan and report the same to the council next Monday night. The motion was carried.

CITY'S REAL ESTATE RECORD.

Councilman Hewlett's ordinance providing for a separate record of all the city's real estate to be kept by the land and water commissioner was passed without opposition. The ordinance provides that all parties who sell real estate to the city shall furnish an abstract of title to the same before any money is paid over. The land and water commissioner is required to keep a record of all real estate transferred to and by the city. The city auditor is made custodian of all original deeds and the city recorder is required to notify the auditor and the land and water commissioner of all matters pertaining to the transfer of the city's real estate.

CITY'S ASSESSMENT.

City Auditor Reiser reported to the council that the assessed valuation of all property in this city, according to the figures of County Auditor Fisher, is $36,873,045, which is an increase of $2,367,887 over the assessment of last year. Mr. Reiser also reported that a statement of the current expenses of the city for the next year would be submitted to the council next Monday night so that the tax levy for the ensuing year may be fixed.

EXPENSIVE CELEBRATION.

Robinson Brothers put in a claim for $100 as damages for breaking a plate glass window in their store on the night of July 3 by the careless discharging of fireworks. It is claimed that the city is liable for the damage in that it carelessly permitted the discharge of destructive fireworks on a public street regardless of life and property. The matter was referred to the committee on claims.

PRESIDENT YOUNG'S PICTURE.

The committee on control of the city and county building reported in favor of loaning the large oil painting of President Brigham Young, which hangs in the council chamber, to the National Irrigation congress which meets in Ogden in the near future. The mayor is authorized to make all arrangements for the care and protection of the painting. The report was adopted by the council.

WILL MOVE PATROL BOX.

Councilman Hewlett introduced a resolution providing for the removal of the patrol alarm box at the entrance of Liberty park to a more convenient point to be designated by the captain of police. The resolution was adopted. The recent trouble at the park wherein Policeman Leaker was attacked by several hoodlums while taking them to the patrol box to call the patrol wagon is responsible for the adoption of the resolution.

RESOLUTION OF SYMPATHY.

The council adopted the resolution, introduced by Fernstrom, extending sympathy to Councilman Thomas in his bereavement occasioned by the death of his infant son. A copy of the resolution will be embodied in the minutes of the council and an engrossed copy will be presented to Councilman Thomas.

Health Commissioner Stewart submitted the analysis of the waters of City creek and Parley's creek made by City Chemist Harms on July 9. The waters of both creeks are reported as of first class purity.

Capt. Burbidge, acting chief of police, sent in the appointment of H. H. Voss as special policeman at Keith-O'Brien's store to act without pay from the city. The appointment was confirmed.

AMUSEMENTS.

A very pleasing vaudeville performance is presented at the Salt Palace this week by Manager J. Meyers. The program is 10 numbers long, each of which is a high class specialty. The attendance last evening at the initiatory performance of the change of bill from last week was a testimonial to the fact that the efforts of the management to please the general public with an evening's entertainment for young and old, are being duly appreciated. The feature of the musical part of the evening was the appearance of Miss Dora Pelletier, the balladiste, yodlist and coon shouter. The fact that the young woman was accorded three encores is evidence to the fact that her voice and selection of song pleased the audience. In the rendition of "Ben Bolt" Miss Pelletier proved the sweetness of her voice. In coon songs she added to the number of her realistic negro impersonations, which elicited applause. The yodeling of the young woman showed the audience the wide range of voice which Miss Pelletier enjoys, and the control which she has over it.

The tight wire work of Miss Ridgway, in the turn she and Andrew Martin gave, was about the best of its kind seen in this city for some time. The couple is decidedly clever. Frank Wilson, the baritone ballad singer, made a most favorable impression in his latest eastern successes. Hanvey and Doane kept the audience in good humor by their jokes and clever work in their rag time turn. Professor Cunning, whose name is not a misnomer when used in connection with his feats of magic, "grew" real flowers on the stage, and distributed the posies to the ladies. The program is rounded out with the Apollo quartet.

Safeguard for Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Riggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all druggists.

GALLAGHER FINED $90.

Riotous Hack Driver Found Guilty of Battery on Officer Gillespie.

Ed Gallacher, the hackman, was pronounced guilty of battery on Officer Gillespie, by the jury last evening and Judge Tanner imposed a fine of $90 or 90 days in jail. Gallacher was permitted to talk for clemency, but it required so much of an effort for him to suppress his anger and keep his temper within bounds, that tears came to his eyes, and it was hard for him to speak. He said he could not expect justice from Officer Gillespie and appealed to the judge to remove him from the depot beat. During the progress of the trial, Gallagher's attorneys, Irvine and Snow, interposed scores of objections to the questions asked by Assistant County Attorney Schulder, and became so indignant at times over the rulings of the court they made some rather frank remarks and his honor said he would fine them for contempt if they did not refrain from making impertinent remarks.

Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Acute, Chronic, Inflammat and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

SSS

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

PLAYERS FROM THE "ANGEL" CITY HERE

How They Are Lining Up for Their First Game in Salt Lake.

SOME BIG MEN AMONG THEM

What Will the Verdict be in the Trial With the Local Nine?—Fans Anxious to Know.

The Los Angeles team is blossoming forth at Walker's field this afternoon and from all indications a fast and strong game is being played. The Angels, however, have just had a long and wearisome journey from Butte, having arrived here last evening and are not feeling as well as they will be in a day or two. Just what they will do with the local team or what the home boys will do to them cannot be decided at this time, but we are justified in anticipating good ball this week.

The captain of the visitors is Charles Reilly and he stands guard over the third base just like he owned it. His team broke even at Butte and if the locals can hold their own this week they will be doing something fancy.

LOS ANGELES LINE-UP.

The line-up of the california team is as follows: Walters, center field; Sears, second base; Gannon, first base; Householder, left field; Hardy, right field; Reilly, third base; Hildebrand, catch; Egan, short stop, and the pitchers are Stricklett, Johnson, Leivhardt, Thatcher and Hildebrand.

It will be noticed that young Egan is to play short stop, Capt. Reilly explained this morning that Hall, his regular man at short, had a finger broken at Butte last Friday and, was of course out of the game, and that he had investigated the work of Egan since his arrival and decided to give the boy a chance. Egan is to be congratulated and if he is found with the right goods he will land himself in the best of company for the rest of the season.

Householder, the left fielder, is said to be the heaviest batter in the league, clouting them over the fence nearly every time up.

The visitors have the reputation of working together like the respective wheels of a clock, and if that is the case the fans are going to be dished up some mighty interesting and artistic ball this week. It is understood that the salary list of the Angels gets pretty close to $5,000. That sounds like the wages of expert witnesses. If the boys are that valuable, and they must be or they wouldn't draw the money, the fans would do well to repair to Walker's resort as often as possible and get "wised" up on the national game as she is played by artists.

The home boys should show up well after their rest over Sunday, the fact, that they took a bath in the Salt sea need not make them any the less fresh. They are lined up today as follows: Catch, Anderson; first base, Davis; second base, Donahue; third base, Taylor; right field, Bradley; middle field, Hanley; right field, Parrott; short stop, Fisher. It is expected that either Miller of Kelly will pitch this afternoon.

OUTSIDE EVENTS.

WARRANTS WERE NUMEROUS.

Twenty Constables at Work at Washington Park Race Track.

Chicago, July 13.—Twenty constables were engaged for the fourth time by Attorney Cantwell, acting for E. E. Farley, the turfman ruled off at Detroit, to serve warrants on officials and bookmakers at the Washington park race track today. Only one constable was admitted to the track. He served the warrants on the men.

The men arrested were Lawrence Young, president of the club; Secretary James Howard and nine bookmakers. The bookmakers had all been arrested in the previous raids. Those arrested today at once gave bonds and racing went on as usual.

DOG SHOW FAKES.

Long Needed Move to Disqualify Canines That Are Not Genuine.

New York, July 14.—Dog exhibitors in America who have long wondered that steps have not been taken to stop "faking" dogs for show purposes, will be interested to learn, cables the Herald's London correspondent, that the British Kennel club has at last made a move in the matter by drawing up new rules of a stringent character for suppression of the evil.

The rules set forth that a dog shall be disqualified if any one of a number of offenses can be proven to the satisfaction of the committee of the show.

The production of bristly hair on a terrier is so common that preparations are advertised for the purpose. On the show stand the terrier's coat feels like the back of a porcupine, but when the dog is taken home and washed the coat feels like that of a lamb. Many tricks of a similar nature have caused the action of the Kennel club.

EASY MARK NO. 2 FOR LITTLE "MEX"

Now Herrera is to Meet Gardner a Reported "Helpless Has Been."

ANOTHER "SURE THING."

Will Salt Lake Sports Stand For it in View of Recent Fakes?—Enough Film Flam Work.

And it is now given out that Herrera, the little Mexican fighter, is to meet Gardner. Who is Gardner? That is a question Salt Lake sports were asking all the day long. Some say he may be Jack Downey come to town again under another name, or that he might be "Tommy White," the same "Tommy" that Downey the quitter fought somewhere in Iowa within the last 12 or 15 years.

For the benefit of the uninformed a well known promoter of sporting events assures the Deseret News that Gardner is a "has been." That the only man he can whip is himself, and that he needs assistance to do that. Furthermore, it is claimed he will go down before Herrera in less time than it took Downey to find the mat. Nevertheless the contest is to be "square and clean" and "honestly" promoted just like the recent fake was. Perhaps if there is dissatisfaction and wailing on the part of the fans a portion of the proceeds will go to "charity." That is what it was decided should become of Downey's share of the ill-gotten gains in his fluke with Herrera. The money was "cut up into four pieces" to be distributed by the sporting editors of the four daily papers and disbursed by them to such objects of "charity" as they might select. But the "News" has made no such distribution and will not participate in a division that would cast a shadow upon the "charity" sought to be benefitted.

The question that now arises is: Will Salt Lake stand for any more fake prize fights? To begin with the business is unlawful, disreputable and degrading. The fact that it is carried on with the police officers and other important officials at the ringside does not elevate it in the least. There are many men in the community, respectable citizens, who admire clean, scientific exhibitions along the lines of self-defense. But they object to being flimflamed by any more exhibitions of the Herrera-Downey order. The time has come to stop them altogether and to drive from the city those who participate in them.

READY FOR HORSE RACES.

Preparations for the Big Meet Have Been Completed.

The horse races open next Thursday, and T. J. Montgomery says they will be the best ever seen in Utah. All the eastern horses that are going to enter have arrived and a carload from Montana will get here this evening.

The races begin Thursday and the program for the opening day includes a 2:29 trot for a purse of $100, best three in five heats; a half-mile dash, purse $100; five and one-half furlongs, purse $100; one and one-quarter mile over five hurdles; seven-eighths mile, pure $100.

FRIDAY, JULY 17.

First race—Purse $100, 2:30 pace, three in five mile heats.

Second race—Maiden 2-year-olds and up. Fifteen pounds below the scale; four and one-half furlongs.

Third race—Purse $100. Three-eighths mile dash; weight for age.

Fourth race—Purse $100. One mile and 70 yards; weight for age, five pounds below the scale.

Fifth race—Purse $100. Three-quarters mile, selling; horses entered for $500 to carry his weight. Five pounds allowed for each 100 to 200 pounds.

SATURDAY, JULY 18.

First race—Purse $100, 2:18 pace; three in mile heats.

Second race—Purse $100. Six and one-half furlongs; 15 pounds below scale.

Third race—Four and one-half furlongs; weight for age.

Fourth race—The Kenyon hotel handicap. One mile and one-sixteenth; weights announced night before the race.

Fifth race—Purse $100. Five-eighths mile for beaten horses; 10 pounds below the scale.

PIONEER DAY.

A purse of $500 will be hung up for the free for all purse. Entries close the 21st, and the five-mile cowboy race will be pulled off the same day.

INTERESTING FOR UMPIRE.

Eureka Enthusiasts Threaten to Put Him Out of Business.

Special Correspondence.

Eureka, July 13.—The Blue Rocks and Maccabees today played off the tie game of July 4 at the Summit grounds. According to an agreement that was reached after much wrangling the game only lasted five innings and resulted in a victory for the Blue Rocks by a score of 8 to 3.

The feelings of the fans ran very high for their respective sides and when Dan Ostrander, the umpire, made a decision in the first half of the fifth that looked rank to some of the fans, the game was suddenly terminated and an assault on Ostrander was narrowly averted. The Blue Rocks were pronounced the winners and the purse of $75 was turned over to them.

Bicycle Races Tonight.

Manager Schefski has a good program of bicycle races to offer to the public tonight. The chief feature will be the Australian pursuit race, with tandems by the professionals. There will also be a mile race professional, while the amateurs will fight it out in a five-mile lap and a half mile consolation. Carl Lunberg, the autocrat of the amateurs, has been obliged to step up into the professional class and will be seen in faster company for the first time this evening.

Calders and Clevelands.

The Calders and Cleveland baseball teams will play a match game at Calder's park next Sunday at 3:30 p. m. These two teams are the acknowledged champion amateur clubs of the city.

Nelson Wins Prize of $1,000.

Providence, R. I., July 13.—The match race between De Guichard and Nelson, 20 miles, motor paced, for $1,000 a side, was won tonight by Joe Nelson, who defeated the little Frenchman by four and a quarter laps, covering the distance in 28:29 1-5.

Had No Opportunity.

New York, July 13.—Shamrock III. had no opportunity for the anticipated first test since the change in her sail area by stepping a new mast. Sir Thomas Lipton, on the Erin, and the two Shamrocks left the Erie basin early today and were towed by the Lipton tug to Sandy Hook, where they lay at moorings for the remainder of the day, part of the time in a drizzling rain, and wind too light for racing. Sir Thomas expects to race the Shamrocks tomorrow.

CAUTION.

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like Boschee's German Syrup. The 25-cent size has just been introduced this year, regular size 75 cents. At all druggists.

SPRING AND SUMMER SHOWERS.

All Nature Points the Way.

The showers that bring forth blossoms and make nature more beautiful often cause untold misery to mankind in whose blood the poisons of the past winter have accumulated. When all nature seems to be glad we sometimes experience our greatest ills. The important thing is to make this life worth while—consider each disappointment and ill-feeling as so much experience and as a temporary lesson set for us to learn. When you catch cold—suffer from indigestion or notice the skin breaking out with pimples let this furnish you a warning that the blood is in disorder. Profit by the experience of others and quickly drive the poisons from the blood and build up the system with a reliable remedy—such as Dr. Pierce's Golden Medical Discovery which has stood the test of time and for over a third of a century has sold more largely than any other blood remedy. Thousands attest to its remedial value as witness the testimonials which have been published for the past thirty-five years.

COMMON SENSE.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. Tonics consisting of large portions of alcohol, iron or cod liver oil do not bring the desired changes in the blood, because they do not enter the system and are not absorbed into the blood, with the exception of the alcohol, which shrivels up the red blood corpuscles when it *does* come in contact with them. We recommend this botanical extract of Dr. Pierce because it contains no alcohol, and offers a reasonable and scientific method of treating the blood, by improving the nutritive functions of the patient. The "Golden Medical Discovery" accomplishes this, by first restoring the enfeebled digestive organs, so that food, the natural tissue builder, will be digested and assimilated. For there is generally present in these cases, loss of appetite and lack of sufficient nourishment to replenish the waste of flesh.

"Your kind letter of inquiry reached me some time ago," writes Mrs. Geo. W. Irey, of 411 Chestnut Street, Lebanon, Pa. "I am grateful and happy to be able to write you that I am much improved in health. I was never strong, and about two years ago, just after getting through the 'change' I seemed to break down entirely. Had a bronchial trouble and suffered dreadfully with neuralgia, nervousness and heart trouble; was reduced in flesh until I only weighed eighty-nine pounds. Doctored for quite a while with two different doctors but did not improve, and finally decided to write to you. At that time was so low-spirited that I feared I would go out of my mind and no one who knew me thought I would live through the summer. Your kind letter of encouragement and advice cheered me and I commenced to take the medicines and follow the hygienic advice. I improved very slowly at first but made up my mind to give the medicine a fair trial, and now, after using fifteen bottles of 'Golden Medical Discovery,' two of 'Smart-Weed' and four vials of 'Pellets' find myself greatly improved in health; have gained ten pounds in weight, can eat and sleep once more, but intend to continue the 'Golden Medical Discovery' through the spring months on account of a slight trouble I still have with my throat.

"If you think this letter will be the means of help to some other poor mortal, I am willing you shall use it as you see fit."

"One year ago I wrote you concerning my daughter," writes Mrs. Jennie Smith, of Pinegrove, Md. "She was very weak and nervous, had no appetite, could not sleep, complained of headache, backache, and dizzy spells; was too weak to go to school, took no interest in anything, was inclined to sleep most of the time. I took her to several physicians who said she was going into consumption. My mother advised us to try Dr. Pierce's medicines, and I wrote to you giving the symptoms and you advised us to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription.' We did so, giving her three bottles of each. My daughter began to improve before the first bottle was gone. When she had taken in all six bottles she seemed to be entirely well."

Doctor Pierce's Common Sense Medical Adviser, sent *free* on receipt of 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
