RED CROSS HEADQUARTERS TO BE CLOSED

During the Month of August Are Five-date Ladies Trains Leave every Door—What is Due Done.

The delay in arrangements for transportation home so unanimously asked for the class of deportees of Refugees is a temporarily. It is now thought, so likely that the entire party will be moved on and that it may even be the last of August before they left on the road. Everything is ready for the start, so far as the members of the party are concerned, and some of them are so prepared that they can be ready to move at any time they may be called to move.

WHAT HAS BEEN DONE.

Enough is now known to make it definite that the Red Cross has done a short sum of the work undertaken by it, which was to provide for the transportation of the Cuban refugees from Havana to Spain. There have been several lots of school from which will have to be left behind, and the Red Cross has made up a list of 2,000 of these, and 24 pulled of them, which will be left behind, which will have to be cared for and supplied with food, clothing, etc.

WHAT WILL BE DONE.

When the men of Company F come home they will be brought with families, or have with their consorts who have been waiting before them. Cuban families are to be left behind, but it is now not known how many, and it will be for the Spanish to care for them. The Red Cross has done its work, so far as the transportation of the refugees is concerned, and it is now ready to be relieved of the care of the refugees.

The Red Cross ladies have decided to close their headquarters during the month of August. An occupant room will be reported to Miss Clara Barton, Leader, or Miss Dave, No. 21 Park street. The headquarters will be closed but as soon as the Cuban refugees in Cuba has been made up, it will be left for the rest of the month.

PHAIRS FROM THE WEST.

A letter has been received which says that members of the San Red Cross society in San Francisco are anxious to their peace of the Indian Ocean. The Francisco people are that all the arm coming from Utah have been better fed and clad and better were have arrived on the coast; that what the government has failed to furnish, the ladies have **have** made up. They say that they are proud of the Red Cross society of the "Sand State" and had not expected such good work from them. Whenever the Red Cross ladies of San Francisco have visited the Utah boys to see if they were in need, they have met with the assurance that the ladies look have thoroughly attended to their wants. The ladies expect the positive and appearance of the Utah boys will prove.
