ARRESTED ON THE TRAIN.

Sheriffs Capture Two Men Wanted at Leadville, Colorado.

Tim Sullivan and Mike Handley Were Going to San Francisco, But Stop on Route at the County Jail.

Mike Handley and Tim Sullivan were two passengers who came in on the Rio Grande Western train this afternoon, and who intended to continue their journey on to San Francisco, but it did not turn for the last that Sheriff Hardy sheriffs made a visit to the car in which they were riding. This visit changed the course of the travelers to the extent that they are now in the county jail, awaiting the arrival of Colorado officers who are expected on today's 11:55 p.m. train.

Handley and Sullivan are wanted in Leadville, Colo., and for what crime is not known to the officers now. This morning Sheriff Hardy got a telegram from Leadville, Colorado, to arrest and hold Tim Sullivan and Mike Handley until officers could come on the next train. The men were described as to their clothing, and one was registered as tall, while the other's description was short and stout. As a matter of fact, both men answered to the description, height and build, but their clothing is exactly as described. Both answer to the names in the telegram, and both came direct from Leadville here.

When the train pulled into the depot today Deputy Sheriff Thomas went into the cars, and quickly spotted his man. As one of them approached, the officer inquired his name.

"Handley, sir!" was the response.

"Is your friend Mike Sullivan?"

"No sir, he's Tim Sullivan."

"You are from Leadville?"

"Yes, sir; going to San Francisco."

Then the officer informed Handley of the order for his arrest. To this Handley made no objection, going peacefully with the sheriff, at the same time stating that he had not committed any offense and did not know why he should be arrested.

Sullivan acted in a different manner. When the officer informed him that the answer was it was none of the officer's business, Sullivan refused to give any information, and was decidedly sulky. For a little while it looked as though the officers would have trouble, as Sullivan was armed. Finally Deputy Sheriff Thomas's gentle persuasiveness, backed by the evident determination to have his man, prevailed, and Sullivan agreed to come quietly rather than to be handcuffed and taken by force. Then the two prisoners were escorted to the county jail, where they will lodge till the Leadville officers, who are due here at midnight, come for them.

THE CARNIVAL BUTTON.

It Will Be Ready for the Public in a Few Days—the Queen Contest Becoming Exciting.

The carnival buttons ordered some time since are expected to arrive here during the late part of the coming week and will be immediately placed on sale at the principal stores. The charge for them will be nominal and it is hoped by the managers that every citizen who is interested in the carnival and in the advancement of the city will see to it that a badge adorns the lapel of his coat. The design ordered is a neat one. The button will not be as large as a dollar. The American flag, in colors, will be the insignia, and enclosing it will be the words "Salt Lake City Midsummer Carnival July 2, 3 and 4, 1896." It will be an admirable advertisement of the carnival.

THE VOTING CONTEST.

All coupons in the hands of a candidate to be turned in to the Office of Pacific and Mountain Express, in sealed envelopes to accompany their coupons, when to be counted for the Carnival Queen of the Carnival, in place of money.

Withdrawn From the Contest.

Miss Mary Carson this morning, over the protests of her friends and supporters, hurriedly announced her withdrawal from the Carnival queen contest. The step was not taken on account of retaining strength, but a mistake. The young lady had decided to withdraw her name from the contest, and did so. The friends who have been loyally by her from the beginning were anxious to do so to the last. They had much to consider in connection with the contest of Miss Carson, excellent being shown in the quarter thereof of unknown quantity, and certainly as good as those of any other competitor. The vote taken in the Carson's with figure was the only number outside that she and a score everybody's nominee. Who realizes this but the sisters and her parents. The statement was wholly untrue, for as a matter of fact a number of the effort were made to induce her to remain in the contest at all, are waiting for other reasons. Miss Carson felt so sure that she would be the nominee of the Democratic party, and so strong was her hold on the people, that she felt justified in the action, and notwithstanding the disappointment she is taking her position in the contest.

OGDEN.

OGDEN, UTAH, MAY 28, 1896.

Burglars and Tramps.

Mr. H. S. Robinson's home in Fairmont was burglarized yesterday morning. They forced open a desk and took $10 in gold, a pocket-book and some minor articles, and about 7 o'clock yesterday morning Mike Podney was relieved of his watch and $25 in cash by tramps who knocked him down and then jumped on him. A large number of the genuine tramp kind are in Ogden. Some need to stand or beg for food in Ogden, because all can get employment at the Power Co.

Funerals.

The funeral of John Mullen, the man killed by the train in Ogden canyon, took place yesterday. The wind had been received from any of his friends. Joseph Richards, the Indian foreman who died from injuries received in Ogden canyon, was buried yesterday at Mountain View cemetery.

Notes.

The stockholders of the Weber club held their first meeting last evening, which was well attended. Committees were appointed for the ensuing year.

PROVO.

PROVO, UTAH, MAY 28, 1896.

The Democratic Convention.

When the Democratic convention met yesterday afternoon, after the usual recess, the following permanent organization was effected: Chairman, Orson Cluff; M. M. Warner, first vice-chairman, and Mrs. Lucretia Wightman, second vice-chairman; Miss Mary Brown, secretary; P. E. Jenks, assistant secretary; Thomas Child, enrolling.

While waiting for the committee on platform and resolution, speeches were made by Col. A. D. Gash and Hon. M. M. Warner; they urged the seating of five silver men to the State and national conventions.

The following resolutions were adopted:

The Democratic party of Utah county in convention assembled hereby adopts the following resolutions:

First—That we view with alarm the tendency of the times to limit silver legislation, which has been the cause of the downfall of the republics of the past, it being very generally sought by the money power and has already destroyed one-half of our money of priority, exemplified during the gold-bearing period of last which so limited and we believe the maintenance of the prosperity of our country demands that we return as rapidly as possible to the money of the Constitution, and therefore we insist upon the free and unlimited coinage of both silver and gold, at the ratio of 16 to 1, without, in a manner considering the desires of any of the other nations of the world, and that we view as candidates for the Utah and Idaho conventions only those who are willing to sell to pledge themselves to such principles.

Second—That in the spirit of the great evil of the age is legislation in favor of the monied class against the interests of the masses of the people.

Third—That we endorse and reaffirm all the principles enunciated at the Ogden convention, represented in Salt Lake City October 22, 1895.

Fourth—That we are truly grateful to kind Providence for seeing the Democratic party as we believe, in assisting to Utah the inestimable boon of statehood, and hereby pledge ourselves to materials, invitable, as far as lies in our power, the principles of our State Constitution, and consider that with the interest of our State and the United, general existence of all, otherwise within its borders demand a complete separation of the functions of the State from the functions of the churches.

Allen of Springville are members of the committee, but a few years ago as the beginning of H. B. Jones in this city and county. It will be a big affair if the committee is successful in carrying out their schemes.

All the principal business houses in this city now intend to close their stores on Decoration Day and on all legal holidays hereafter.
