SECOND EDITION.

DESERET EVENING NEWS.

Saturday, July 30, 1892

LOCAL BREVITIES.

A MARRIAGE license was granted to-day to John C. Smith, aged 25, of FreepORT, and Mamie E. Cook, aged 20, of Denver.

THE excursion to Cache, Bear Lake and Bear River Valleys, and Cassia county, Idaho, that will leave city and Ogden August 16th, at low rates, promises to be a very pleasant affair. Full particulars will appear in advertisement later.

WE received this afternoon a sample of very fine peaches from the gardens of Mr. H. W. Smithson, in the Twenty-ninth ward. They were of the "Alexander" variety. Considering the late season, these peaches are especially noteworthy as a satisfactory and a decidedly successful fruit grower.

FUNERAL services will be held at four o'clock tomorrow afternoon over the remains of Lucie, infant daughter of H. M. H. and Dagmar Lund, at Ogden. The deceased had been ill but a few days. Death was due to obscure intestinal troubles. Friends of the family are respectfully invited to attend the funeral.

A SMOKE spirited horse attached to a road cart ran wild on South Temple street this morning about eleven. The driver of the cart was a young and strong man, though unable to hold the frightened animal, but succeeded ultimately in wearing down of all obstructions in the street. It was just some boxes, drawer and cart were still right side up but going at a terrific pace.

THE notorious Mrs. Emmerson recently escaped from the penitentiary, in which institution she was for some months, Frank Maldrem, served twenty-four months in the same place for the same offense. A few nights ago she visited the her former husband but was turned promptly on her premises at a late hour and had him arrested on the charge. Today he succeeded in establishing an alibi in Justice Rosler's court and the case against him was dismissed.

A DESTRUCTIVE BLAZE.

A Barn, Seventy-Five Tons of Hay, A Horse, Wagon and Farming Implements Burned at Granerville.

Bishop James L. Weatherill of Granerville arrived in the city today. He said that smoke was still issuing from the smouldering remains of property destroyed on his premises at that place on Wednesday afternoon last. How the fire originated is not definitely known, but is believed to have been spontaneous combustion as it apparently originated in a stack of seventy-five tons of newly mown hay. The flames were quickly communicated to the large barn, sheds and corrals. The blaze was in big and raging one, and as the town has no fire extinguishing apparatus it could not be checked. The citizens from Grand near rushed quickly to the scene of conflagration and organized a bucket brigade, for their efforts were entirely futile, and the property was entirely destroyed, with one horse, a number of hogs, harness, wagons, buggies, farming implements and 150 bushels of grain.

The loss amounts to at least $2500, insured for $900 in the Home company.

At one time the incidence caught fire, but fortunately the flames were put out before doing serious damage.

STRUCK BY A STREET CAR.

A Little Boy in the Twentieth Ward Badly Hurt.

The little five-year-old son of Mr. John James, of the Twentieth ward, had a narrow escape from death yesterday afternoon. He was crossing the road with his sister, when a Main street and Twentieth ward car came along. He had just gone over the track, but, becoming confused, slightly backed himself. He was struck on the head by the corner of the car, just above the ear, and hurled some distance. When picked up and carried home he was unconscious and so remained for some time; blood also flowed copiously from his nostrils. Three doctors were sent up by the local officials of the company as quickly as possible after the matter had been reported to them, and, on examination, it was found that the little fellow had sustained a slight fracture of the skull. Today he is resting easily, and it is confidently hoped that he will soon recover. The motorman was a new hand; but an experienced man was driving the car. It is considered probable that he would have been able to pull up in time to avoid the accident, but the same child, not long since, picked up a bottle containing carbolic acid, which had been thoughtlessly thrown out into the yard by a person who had just before left the neighborhood to which Mr. James resides, and drank a portion of the deadly liquid. But for the prompt action then taken in administering an emetic death would undoubtedly have ensued.

Woman Suffrage Rally.

A grand rally of the equal suffragists was held on Friday, July 29th, at American Fork. There were visitors from Salt Lake, Provo and other places and a large audience assembled at the meeting house.

At 2:30 the meeting was called to order by Mrs. Hannah Laplah, President of the association at American Fork. "New America" was sung by the congregation. Prayer was offered by the chaplain, Mrs. Fanny Christiansen. Singing followed and the chairman made some introductory remarks, announcing the presence of Hon. C. W. Penrose, Mrs. Zina D. Young and Mrs. Emmeline B. Wells from Salt Lake, and Mrs. Electa Bullock, of Provo.

An essay was read by Mrs. Ellen Hawkesworth.

Mrs. Zina D. Young gave a brief but spirited address.

An original song by Mr. Grant was sung by Lina and daughters.

W. K. Bullock, Esq., delivered a short speech in defense of the rights of women.

Mrs. Emmeline B. Wells was the next speaker and touched upon a variety of interesting topics.

Mrs. Evans then sang a humorous composition entitled "Bother the Men."

Hon. C. W. Penrose delivered an address on the legal, constitutional and political status of woman, showing what were her rights, privileges and duties as a citizen and member of the body politic.

The Chairman, Mrs. Laplah, expressed her delight and satisfaction at the proceedings, a vote of thanks was tendered the visiting speakers, "Columbia's Daughters" was sung and the meeting was closed with prayer by the chairman.

Bishop Holliday and other gentlemen were present and lent their aid to the proceedings.

The members of the association with the visitors then repaired to Grant's Music Emporium, where a social and an elegant repast was partaken of, and the afternoon was spent in conversation and fellowship with mutual interest.

The association at American Fork is large and lively, and the ladies, while wisely refraining from party politics, are interested in woman's progress and in the dissemination of information on civil government and equal rights.

TODAY'S TELEGRAMS.

The Verdict in the Alice Mitchell Murder Trial.— She is Insane.

THE LATEST NEWS FROM HOMESTEAD.

Fortifying Victoria. — Rebellion in China — Lightning Strikes a Negro.

By Telegraph to the NEWS.

ALICE MITCHELL.

She is Deemed Insane and Dangerous to the Community.

MEMPHIS, July 30.—The verdict in the case of Alice Mitchell, on trial for the murder of her sweetheart, Freda Ward, finds the defendant insane, and recommends that she be restrained of her liberty as dangerous to the community.

The question of the sanity of the prisoner was the only one involved in the trial. She was perfectly calm during the reading of the judge's charge. The jury was out only ten minutes. When the verdict was read she smiled; she was then taken to jail quite quietly. Sex will go to one of the State insane asylums.

HOMESTEAD MORE.

Sixty Families Turned Out of the Company's Houses.

HOMESTEAD, July 30.—Sixty workmen's families occupying company houses, who were served with eviction notices several days ago, moved out today. The Carnegie people claim that they wanted only to damage the houses since moved out. The houses will at once be put in repair for the non-union men, and additional houses will be built. Meanwhile, arrangements are made to accommodate 2000 men in the works. Eight hundred and seventy-three men are now at work. The advisory committee of the strikers say they will be able to induce half of them to quit next week.

THE HOMESTEAD SITUATION.

General Snowden Sees Few People Really Embroiled in It.

PHILADELPHIA, Pa., July 30.—Gen. Snowden has returned from Homestead and says that few people understand the situation accurately, as there has been practical press censorship and the correspondents have been prevented from describing the situation as it actually exists. He says the trouble is by no means over, the men merely being overawed by the presence of the military. As long as the belief of safety exists a brigade of troops will remain on the ground. The strikers are full of threats, and declare they will have the men of the Pinkerton force as soon as the military leave. They believe the works belong to them as much as to the Carnegie company. General Snowden says he object Private Tams to be disgraced and strummed out of the camp, but declines to say what his opinion is as to the lying him up by the thumbs, though he intimates the punishment was deserved, as his act was treason in a time of actual revolution.

FORTIFYING VICTORIA.

A Million Dollars to be Spent on the Work.

OTTAWA, Ont., July July 30.—It is reported that a million dollars will be spent on fortifications in British Columbia. Mr. Lemuel Powell, minister of the militia, and General Herbert will go west shortly to look over the ground. Instructions are to be relayed to them by wire long before the work will be begun by throwing up a line of defenses, which will make Victoria a fortified city and the naval station at Esquimault invulnerable in the event of war.

ADVICES FROM CHINA.

Rumors of Riots and Rebellion.— Troops Called Out.

VANCOUVER, B. C., July 30.—Advices from Hong Kong say that there is insurrection against the tobacco monopoly of the various officials. At Fuchsan troops were brought out who killed eight of the rioters. Finally the authorities conceded to the demands of the people and quiet was restored. There is an unconfirmed report of riots in Kowloon, and it is stated the authorities have sent troops against the people who number 20,000.

A LIGHTNING STROKE.

A Peculiar Phenomenon Connected With It.

PITTSBURG, July 30.—A severe storm passed over the city last evening. A number of houses were struck by lightning. Two negroes were killed and several others were severely and probably fatally hurt. One of the negroes had a photograph of the brave or the tree under which he had a similar photograph taken on the track, but it faded after a time. He has turned permanently white.

A Spanish Vessel Attacked by Moors on the Coast of Morocco.

MADRID, July 30.—The Spanish gunboat "Filar," while cruising along the coast of Morocco, was fired upon by a party of Moors on shore. The commander of the gunboat hailed the Spanish flag, thinking the attack was the result of a mistake, and expecting that it would cease, but the firing became more vigorous.

Thereupon the commander ordered the fire returned and a brisk engagement was kept up between the vessel and shore. The course of the gunboat was changed to bring her nearer the shore and resume the fire more effective. The Moors held the ground, until the vessel neared shore, when they fled precipitately.

EXCHANGE OF CIVILITIES.

A Correspondence Between Editor Howell and Cleveland.

ATLANTA, July 30.—Editor Howell of the Atlanta Constitution, upon his return from the Chicago convention, wrote Mr. Cleveland and Cleveland that whatever might have been the differences among the Democrats as to who should be nominated, they all have two harmonized by the settlement of the national convention, and he would receive the cordial support of the Democrats.

In reply Cleveland thanks Howell for the assurance of support and says among other things: "Honesty is the foundation upon which our party must stand. Our ideal, then, will have two harmonized by the settlement of the national convention, and he would receive the cordial support of the Democrats.

Illness.

Filibustering Continued in the House.

WASHINGTON, July 30.—Inasmuch as the bill prohibiting the House resume the filibustering on the World's Fair amendment to the sundry civil bill, with no prospect of cessation of hostilities.

Holman, Indiana, offered a resolution extending the sundry civil appropriation of less than 100 August 1st, Hopkins of Illinois objected. The speaker thought the resolution had no priority over the sundry civil service bill, but making appropriations, but, as it was the most important, he would inquire into it further.

The House then adjourned out of respect to the memory of of the late Representative Craig.

THE SENATE.

There was not a quorum in the Senate today, but attention was not called to the fact and routine business was proceeded with.

Higgins offered a resolution directing the committee on interstate commerce to investigate the aggression of the Canadian Pacific Railroad and the affiliated Pacific Coast Steamship line on the American commerce, and report as to the propriety of suspending the privileges of transit of freight on the west end of the continent, and recommended legislation to protect the internal and foreign commerce of the United States against Canadian aggression. Referred to committee on interstate commerce.

Allison introduced a joint resolution continuing the appropriations for the service of the government covered by the sundry civil bill to August 3rd. Passed.

Washburn made another unsuccessful attempt to get the anti-option bill voted on next week.

Finally it was consented to let the motion go over till next session as unfinished business.

The names of the members of Congress interred to by Watson in the pamphlet alleging drunkenness and incapacity of Speaker Crisp during the session of the special commission appointed yesterday to inquire into the charges. He said he knew enough to substantiate them, but would not mention the name except under compulsion. He said he had in his mind two members.

He had been informed during the debate on the silver bill at a night session in March when he spoke about the members being on the floor of the House intoxicated. The phrase, "drunken speeches debating grave questions" inserted to one of the speeches in the Noyes-Bickwell debates.

A large number of other members of the house were also called and a number of them testified that they had seen members in the House intoxicated. No names were mentioned. The committee reserved the question of publishing the names of the witnesses.

The Vice-President has intimated by telegraph the absent members to return and remain till the business of the session is finished.

Adjourned out of respect to the memory of Craig.

THE COEUR D'ALENE STRIKE.

A Movement on Foot to Arbitrate the Matter.

BOISE CITY, Idaho, July 30.—A movement is on foot between leading men in Boise with parties in Coeur d'Alene to submit to arbitration by a commission at present chosen.

Homestead Rrrrrrrr.

PITTSBURG, July 30.—Secretary Lovejoy says the company will have fifteen hundred men at the works in the Homestead mill on Monday, and they will be able to start up all the departments in the mill by the end of the week to manufacture plates. Many skilled men are at work, including Bill and Sands. As soon as Homestead is going in full force the works will be started.

The recent of Judge Magill to annul Critchlow to bail seared the other rioters for whom warrants are out, and they have gone, and by the end of the week be running in full.

Frick is now pronounced out of danger.

A Town Threatened by Fire.

WILMINGTON, Del., July 30.—A dispatch was received this afternoon from the mayor of Cambridge, Maryland, saying that fire is in a big blaze there and the entire town is in danger. A train started with engines at 5:30, Cambridge has a population of four thousand two hundred.

THE BUSINESS FOREIGN BOARDS.

BALTIMORE, July 30.—A special from Lexington, Va., says a big conflagration which threatens the whole town started in a livery stable and spread to Fox and Mary and Central streets. Three of the Chronicle and News are in the midst of the flames. The fire is spreading rapidly and the whole business portion of the town seems to be doomed.

How to Avoid Asking Gladstone to Form a New Cabinet.

LONDON, July 30.—It is reported that when the Queen sent for the Duke of Devonshire and asked him what must be done to avoid calling on Gladstone to form the new cabinet, he answered that the only way was to abolish the office.

More Anarchists.

PITTSBURG, July 30.—It is probable that more arrests of anarchists will be made soon. The Carnegie officials are receiving threatening letters and the officers in the mills are guarded by a special force. Tommy Spiers has been arrested on the complaint of John M. Dickson, clerk in the Homestead mill, and an important witness in the riot cases, who charges Spiers and others with threatening his life, if he persists in testifying.

The Weather in New York.

NEW YORK, July 30.—Fifty deaths from heat have occurred in the twenty-four hours ending at 11 a. m. Fifteen occurred these morning. The weather is not quite as warm as yesterday with less humidity and a slight breeze.

The Position on the Seagle Island.

VICTORIA, B.C., July 30.—The sealing schooner Minnie of Japan brings advices of a proclamation by Queen Victoria on the great Seagle island on June the 7th. The queen of Queens was buried by sohos. Immense amount plunder there were destroyed. It is estimated that 10,000 lives were lost. Relief has been sent from the neighboring islands.

Absolute Quarantine Against Small Pox.

VALLEY CITY, N. D., July 30.—Governor Burke has promulgated absolute quarantine against Small Pox on account of smallpox.

An Unsuccessful Attempt at Robbery.

VINCENNES, Ind., July 30.—An unsuccessful attempt was made today to assassinate Count Gizzo, the leader of the Progressive party and Viscount Tokena, minister of public.

Congressman Craig Dead.

CLARINDA, Ia., July 29.—Congressman Alexander M. Craig died last night.

Gladstone Ill.

LONDON, July 30.—Gladstone is suffering from a cold and is confined to bed. Though the physicians have ordered that Gladstone shall not be allowed to arise, he announces his condition not serious.

DEATHS.

WILLIAMS.—At Washington, near Salem, Utah county, June 19th, 1892, Mark Williams, in his 80th year. Born in Monmouthshire, South Wales, March, 1812. He was a faithful minister in the work of the Lord, endeavored to live and was a faithful Latter-Day Saint.—Minerva Jane.

Mr. Robert W. Dewey

As Patron Harmon of Jackson Eagles Cor. Long Island City, N. Y., says that at Cleveland, Ohio, he could not take a meal or dinner, as he was so troubled with Sick Headache. Dewey's Sarsaparilla has cured him. He says he can now eat anything he wants, and sleeps like a log. Dewey's Sarsaparilla is the best medicine he ever took. It has laid by a supply for future use. It is the best he knows of for a family medicine.

Hood's Sarsaparilla

Sold by Druggists, and is a liquid extract. Dose, one teaspoonful. Prepared only by C. I. Hood & Co., Lowell, Mass.

HOOD'S PILLS cure sick headache, indigestion, biliousness, jaundice, constipation.
