WAS A DAY OF UNIVERSAL THANKS.

Business Houses Closed—Infirmary and Prison Inmates Fed—General Good Time.

Thanksgiving was celebrated yesterday such an entire regard for the significance of the occasion. Every business institution of the city was closed, and every person, so far as known had a good Thanksgiving dinner. The day was observed by all of the churches and in the homes of the people. It was a great day, too, for the many poor who were guests of the Salvation Army at their headquarters, where more than twelve hundred of them partook of the bountiful dinner that was spread every many times for their special benefit. At the city prison and at the infirmary the inmates were made to feel that there were hearts on the outside that held in sympathy for them, and they were provided with many delicacies that were enjoyed greatly. At the county infirmary Mrs. Whitaker, the superintendent of that institution, saw to it that the unfortunates who are cared for by her were given a good dinner and they had ice cream permitted to partake of for a long period past. At St. Ann's Orphanage the unfortunate little ones were children's three weeks from three to fifteen years, had much to be thankful for as the Sisters of Mercy made them aware of their charity and kindly remembrance. The little folks got away with eleven large turkeys. At St. Mary's Academy there were many delicacies for the students as there also were at the Holy Cross and St. Mark's hospitals for the patronts of those institutions.

The inmates of the Woman's Home Home who had a delightful time were provided for them. The Knox and two or more likewise furnished their guests with most appetizing dinners, so heartening to serve better meals than the other, to say with sentiment of our Saviour's words, "Inasmuch as ye have done it unto one of the least of these my brethren ye have done it unto me." The little folks got away with eleven large turkeys. At St. Mary's Academy there were many delicacies for the students as there also were at the Holy Cross and St. Mark's hospitals for the patronts of those institutions.

The Newsboys' Thanksgiving.

The most enthusiastic set of Thanksgiving observers to be found yesterday within the borders of a state was without question that irrepressible organization known as the Newsboys' Union. In that morning they rallied and scared the waters of the Sanitorium at the expense of the management of that institution; then they hied to the gridiron and at a rough and tumble game of football beat the Marvellites on a score of eleven to nothing. This result only put them in the mood for further commotion and they accordingly swooped down upon the Delicatessen restaurant where they proceeded to stow away Mr. Turkey and the way they succeeded was a caution. Even Nol Lott, who has been regarded by the newsboy fraternity for years was astounded and had his breath. The dinner all noted and was as delicious as any one the dinner and consumer will remember for a long time to come.

Thanksgiving at the Pen.

The prisoners at the State prison enjoyed a rare feast yesterday. Not only did they get plum pudding and turkey, but they were treated to a literary and musical entertainment that was greatly enjoyed by all. The concert began at 1:30 o'clock and lasted until 4. The affair was in charge of Miss Louise Dyden and Miss Ida Davis called to the gridiron and at a rough and tumble game of football beat the Marvellites on a score of eleven to nothing. This result only put them in the mood for further commotion and they accordingly swooped down upon the Delicatessen restaurant where they proceeded to stow away Mr. Turkey and the way they succeeded was a caution. Tooele County Prosperity.

The writer spent yesterday in Tooele county, where he found the people enjoying Thanksgiving much after the same fashion as they do in Salt Lake and here. There is much to be thankful for there as elsewhere for the people have had a year of unparalleled prosperity. The soil has brought forth in abundance enabling the all to have well-filled granaries and they are in a good many cases under with they have been struggling. N. J.

Wedding Bells.

The marriage of Miss Eugenie Meyer and Mr. William Emil Madsen occurred in the Salt Lake Temple shortly before noon yesterday. The bride is a daughter of Mr. Fred Meyer, manager of the R. C. M. L. clothing department. She is a young lady well and favorably known. The groom is the son of P. W. Madsen, the banker and furniture man. The young couple were tendered an elegant reception at the home of the bride's parents last evening. Many guests attended and all wished them unbounded joy.

Miss Susanne Stoutt of this city and Mr. Otto H. Schoen of Omaha, were married at 2 o'clock yesterday afternoon in the Congregational church. Only the immediate relatives were in attendance. Subsequent to the marriage ceremony they sat down to a delicate wedding breakfast at the home of the bride's parents, after which Mr. and Mrs. Schoen took the evening train for Omaha, where they will reside hereafter.

G. A. R. CARNIVAL AND FAIR.

A Series of Unique Entertainments to be Given in This City by Colonel Ginger.

Col. Lee Ginger of Colorado Springs made a pleasant call on the "News" this morning, stating that he was here for the purpose of raising a large relief fund for the benefit of the G. A. R. Post of this city. He said: It is to take on the form of a carnival and fair and will be held on the 19th, 20th and 21st of December at Christensen's hall and the G. A. R. armory.

It was the council's intention to give the carnival at the Salt Lake Theatre but as that house will be used for theatrical performances at the time it came up, we concluded to hold it in the Armory. Times were good and has had much experience in the raising of relief funds, he having been engaged every September that work during the past ten years, and dared that period has realized upwards of $20,000 for relief purposes in a way that never will be equalled. Some of the capitalists who urged against these odds. He has been in the city two or three days and thinks he has had received very substantial encouragement from Governor Wells and Adjutant-General Frank Wilson, of the Guard, and says there is little doubt that he will be able to give the people of this city entertainments of a special character that will surprise and please them. Many presents will be given ranging from $100 down to a dollar. He also stated that there will be music and a military banner drill by a company of twenty high school girls who are of Colorado Springs. Mr. Mosby went and continue until they have acquired a perfect knowledge of the various movements and drills, which will be a feature. The carnival will be a museum of interesting war bulletins of the South.

The following is a few of the features of what promises to be a most interesting event. The committees have already been appointed and are actively engaged in raising their respective quotas which will be submitted from time to time until the affair has been completely arranged.
