POPULIST TICKET.

Hon. Henry W. Lawrence the Gubernatorial Nominee.

DEMOCRATIC JUDICIAL NOMINEES

Republican Campaign Opens at Woodruff Tonight—Other Political Information.

The Populist State convention convened in the Weaver building on Saturday for the purpose of placing in the field a State ticket to be voted for at the coming election.

The convention was called to order by Dr. Hoskinson, and after the appointment of Alford, of Weber, as temporary chairman, and H. O. Young, of Sanpete, temporary secretary, the morning of committees was proceeded with.

Committees on credentials, permanent organization and order of business, and resolutions, were named, and a recess was taken until 1 o'clock.

Shortly after this the delegates assembled together and the question of putting up a judicial ticket was brought up and discussed freely. It was finally decided, however, to leave that matter alone, as there was no material strength in the party to furnish a judiciary.

In the afternoon the committee on credentials submitted their report, declaring that the committee on permanent organization and order of business also presented their report, which previous to Dr. Hoskinson for chairman and J. Hogan for secretary, Mr. Hogan not being present, his place was filled by E. H. Fraser.

THE PLATFORM.

Thatcher, of Salt Lake, then reported the following platform:

The People's party presents its claims for the suffrage of the people of Utah as an organized protest against the evils which have sprung up and been fostered under the rule of the Democratic and Republican parties. The People's party stands for human liberty, the perpetuity of a free government and the happiness and prosperity of the industrial classes. We protest against the corruption taxes imposed in transit political parties, which have resulted in wrongs and misery to our people and disaster to all branch of our varied industries, except the monopolies which have controlled the legislation of our country.

We declare that the money question is the one supreme issue now before the American nation, and involves the liberties and happiness of the people. We declare that the coining and issuing of money as a sovereign right is to be exercised by the government only, and cannot with safety be delegated to bankers or corporations of any kind. The greatest blessing a free government can confer on its citizens is to provide them with a sufficient supply of legal tender, debt-paying money, to serve as a medium of exchange for the products of labor and the payment of taxes.

We reaffirm and indorse the platform adopted at our last national convention at Omaha.

OPPOSED TO BONDS.

We are unalterably opposed to the issuing of interest-bearing bonds, and we condemn the recent action of the Democratic administration in its humiliating surrender to the Bondholders and other bankers of our financial independence, by a secret contract, the history of which is without parallel in our national history.

We demand that the Secretary of the Treasury shall cease issuing bonds to obtain gold with which to redeem treasury notes, but shall exercise the option given him by law to use silver or gold in making such redemption.

We demand that Congress make it unlawful for any note, bond or mortgage, or any other obligation, to stipulate for payment in gold only, or in any other particular kind of legal tender money.

We call the attention of the voters of Utah who wish to vote for their old parties some more to the financial legislation of the past twenty-eight years, in which the leading men of both old political parties have united in carrying out the wishes of the bondholders and bankers of this country and Europe, in contracting our legal tender currency into interest-bearing bonds, demonetizing silver as debt-paying money and forcing the debtor and producing classes to the payment of their obligations in gold, which has been the direct cause of financial panics and the concentrating of the wealth of the nation into the hands of the favored few, and making paupers of millions of American citizens. And now, at this patriotic society, when the people are being impoverished thus grossly on account of the inadequacy of money to pay income and debts, the Democratic and Republican parties are silent as to the issuing of legal tender paper money by the government to redeem the people's possessions, but they demand in some of their state party platforms the free coinage of silver, which is all those who can be greatly by their national parties, the monopolists of silver and the czars of its restricted use as money.

FREE COINAGE.

On the other hand, we point to the People's party platforms, national and state, regardless of geographical lines, declaring for the free and unlimited coinage of silver and gold at the ratio of 16 to 1, without consulting the wishes of any other nation, and the issuing by the government of legal tender, debt-paying currency in sufficient quantities to meet the demands of business and give work to the thousands and millions of people who are in want and struggling to keep their little property and homes from being confiscated by the creditor classes.

SAVING CONSTITUTION.

We demand a protection that will give American people a financial policy of their own, on bread and butter that they can preserve their farms and homes from mortgage foreclosure, and enable them to make money and thereby cut down the price of cotton, wheat and other staple products we export to Europe.

We demand a protection for the unemployed millions of American citizens, who are suffering for the necessities of life through the enforced competition of the pauper labor of Europe and Asia.

We demand a protection from the plundering politicians, who have controlled our legislation for the last twenty-five years for the spoils of office and in the interests of monopoly corporations and monopolies.

And lastly, we demand protection for the great producing and consuming classes of this country, as well as for the manufacturers.

We congratulate the women of Utah on the bright prospect of anything the franchise, and thereby becoming the political equals of men, believing as we do, that if they would use the present corrupt methods of the old political parties their refining influence and sense of justice will become a potent factor in helping the ballot to its original purity, and in accord with the high purpose of the founders of our republic.

STATE GOVERNMENT.

While favoring a state government for Utah, we recognize the limits of the proposed Constitution, and trust to the mature judgment of the voters of the new State in county to the future work, defects as may exist.

We favor direct legislation by the initiative and referendum and imperative mandate.

The magnitude of this contest has perplexed in the liberties of the American people, and the enemy so firmly entrenched, that we invite the association of those who believe in these money and free silver and in the free and unlimited coinage of silver to cooperate with us, whenever they agree with us or not in all our other demands—those who are sincere in their wish to end the reign of monopolies and corruption, which have brought our once happy and prosperous people to the verge of ruin.

Nominations were then in order and the following ticket was made up, with but very little opposition: For G. vernor, Henry W. Lawrence, of Salt Lake; for Secretary of State, T. C. Bailey, of Salt Lake; for Auditor, H. O. Young, of Sanpete; for Treasurer, Thomas L. James, of Davis; for Attorney General, J. S. Weaver, of Sevier; for Superintendent of Public Instruction, Irving T. Alford, of Weber.

In the nominations for Congressman James Hogan and Warren Foster were named, and upon a vote being taken, Hogan was declared the nominee with a vote of 79 to that of 58 for Foster.

Mr. Hogan then favored the convention with a speech and an enthusiastic adjournment was taken.

NOMINATIONS RATIFIED.

In the evening the Populist party met again in the Weaver building and listened to speeches by Warren Foster, James Hogan and Irving T. Alford, all testing upon the soundness of the convention and complimentary the doing the upon the ticket which they had formulated.

Rousing Ratification.

The ratification of the Democratic State ticket at the Theater on Saturday night was large, cheerful and enthusiastic. The speakers were Judge Powers, Governor West, Hon. J. L. Rawlins, Hon. John T. Caine, Judge Maloney, Victor Ferris, Alma Greenwood, J. A. Walker, Dr. Musser, Hon. R. H. Rood and Hon. F. S. Richards.

A letter of congratulation and greetings from Hon. Moses Thatcher was read by Judge Powers, and telegrams of regret on account of inability to attend were received from Hon. S. H. Tarbonna and Hon. Henry W. Young.

Hills, Howat and Young.

When the News went to press on Saturday the Democratic judicial convention was still in session. The prognostication was made that Judges Hills, Howat and Attorney Le Grand Young would probably be the nominees. This conjecture proved to be correct, the gentlemen being the choice of the convention on the first ballot.

The following judicial district committee was named: Judge C. C. Day, J. H. Moyle, S. W. Burke and Heber Bennion, of Salt Lake; Solon Spiro and Edwin D. Ellis, of Ogden; Solomon J. C. De La Mare, Tooele.

Political Painters.

Hon. Frank J. Cannon, Hon. C. E. Allen and Hon. Heber M. Wells left Salt Lake for Woodruff, Rich county, where they will fire the opening gun of the Republican campaign this evening.

Judge Powers has accepted the chairmanship of the Democratic State central committee and will accordingly conduct the campaign.

Mrs. Emily J. McVicker has withdrawn from the Republican ticket as the nominee of that party for the office of State superintendent of public instruction. The name of Dr. John R. Park has been substituted by the committee.

Judge Powers held a reception in the parlors of the Knutsford H. 4:45 this afternoon, at which he talked Democracy to gentlemen ladies of that political faith and laid plans for an active campaign, in which he informed them that he expected them to work as hard for success as the opposite sex.
