# OUR OWN STATE.

## OGDEN.

Ogden, Jan. 28.—Industries and Effective Reasoning," "A Plea for Reading," "A Talk on Geography," were the titles of papers read at the meeting of county teachers Saturday.

Mansfield L. Snow, of the Brigham City Dodge, was visiting the city on business Saturday afternoon.

Senators Shurtliff and Kinsel and representatives Johnson, Harris and Smith, came home Saturday evening and spent Sunday with their families.

Invitations are out for a "social" on evening, the "barbecue" ball—to come off on February 7th at the Brown hotel.

The forty-second anniversary of the marriage of Mrs. Nicolina Farr, wife of Neil Jack Farr, was celebrated at the lady's residence by a large number of friends Friday afternoon.

The wife of Peter Herrick, who is to start on a mission soon, was give a ball in his honor at the Union Opera house on Thursday night.

The reunion of Hazel M., the 3-year-old daughter of Mr. and Mrs. George Graham, of Ogden, and Mr. Clements, of Logan, who died Thursday, was brought to Ogden, and the funeral was held at 1 o'clock p. m. Saturday.

The weather continues mild and the road is cutting out of the ground. Yesterday the water was running freely in the gutters.

A surprise house was tossed Saturday to J. F. Walton of South Weber, Uinta county, aged 25, and Mrs. Harriet Young, aged 18, of the same place.

The Southern Pacific company is crowded for yard room and has to continue the building of sidings and switches to afford greater facilities for handling the vast volume of freight which comes to Ogden over their own road and connecting lines.

Today the Southern Pacific company will inaugurate the company's new dining service on the Central Pacific road. These cars are fully equipped with all the accessories of a first-class restaurant, and will be appreciated by the traveling public.

Superintendent H. P. Thrall of the railway mail service, who was in Ogden and Salt Lake last week on an official visit, left for San Francisco, headquarters of this division, Saturday afternoon.

Several companies of the Twenty-second infantry, United States regulars, come to over the Rio Grande Western railway, enroute to the Philippines. Two companies marched in into the city about a week ago. They left later in the day for San Francisco, where they will take transports for Manila.

## PROVO.

Provo, Jan. 28.—The case of the State vs. Marion Duncan and George Watkins occupied all the time in the Fourth district court Saturday and will be given to the jury today.

Katie G. Vance vs. Thos. Barratt; demurrer sustained and defendant given 10 days to answer.

James M. O'Brien vs. Hulton-Peck Tunnel company; motion for a bill of particulars sustained and defendants given 10 days to plead to amended complaint.

Estate of John Crane, deceased; petition for final account and distribution overruled, and to stand as a demurrer.

Charles Mitchell Hussey, the five-weeks-old son of Mr. and Mrs. John Hussey of the second ward, died Saturday from bronchitis. The funeral took place yesterday from the residence.

The following notices of location of mining claims have been filed with the county recorder: "Alabama" placer, located in Spanish Fork canyon, by C. W. Harris et al; "Black Bird, and Blue Bird claims in Kimball canyon, by Catherine Winn; "Spring mineral in Sanaquin canyon, by George E. Wilson et al.

Jas. Wilson of Eureka has conveyed to mining deed to the Crown Point Mining company of Salt Lake, the Livingston claim, situated in the Tintic mining district.

Mrs. Alice Greener of Nephi, deputy county clerk of Juab county, was a visitor at the office of County Clerk Hutchings Saturday.

A very instructive lecture, delivered in the lucid like manner of the speaker, was given Saturday evening before the Literary society of the Brigham Young academy by Attorney Walter Young on "Alexander the Great."

Mrs. Edith L. Martin has returned from Eureka, where she has been teaching school, and will make Provo her permanent place of abode.

Zach Hooper of Thistle will have a hearing before Justice Allen Nose on a charge of assault upon a boy by W. H. Bager, also of Thistle, who claims to be a specialist party. The trouble occurred at Thistle last week, and gives rise to some discussion among the boys as to who is the owner of property.

The funeral of Mrs. Eliza Brown of the Fourth ward was largely attended yesterday. The speakers were Elders Joseph Nebeker, Wm. H. Dusenberry and Bishop J. B. Keeler, who spoke words of consolation and hope to the mourners.

The contests at the intermediate preparatory were Esbon Beker T. Booth, T. Calvin Cutbirth of Pillmore, and V. L. Halliday.

Dallas Allen of American Fork was brought down to City Marshal Hoggan's office Saturday to be examined as to his sanity. Mr. Allen is a highly respected citizen, who moved from Provo to American Fork with his family about a year ago. The last two months he has been absent from his home, but that some one was trying to poison him. The examination will be held today.

Martin Heinze, a coal miner from Pleasant Grove, has come down to Provo with a broken ankle, which Dr. Allen is trying to save. Heinze was working in a mine near Price, owned by the Pelican Point company, when a very large piece of coal fell on the limb and mangled it. He endured severe pains a long time before working were strong to extricate him, and attempted to remove himself by cutting the leg off with his pocket knife, but was prevented from doing himself any injury in this manner by his companions.

## LOGAN.

Special correspondence to the "News."

Logan, Jan. 29.—The Seventh ward Y. L. M. I. A. gave a very successful entertainment for the benefit of the organization. An excellent program of song and hoop drills, recitations, etc., followed by a laughable farce entitled, "Jumbo Jim."

STAKE CONFERENCE.

The regular quarterly conference of Bear Lake received this morning in the Tabernacle. The attendance was very large. Among those present on the stand besides President Osmon Smith were ex-President Osmon Smith, who led the opening hymn were, Apostles Lyman, Merrill and Teasdale, Presiding Bishop Wm. B. Preston, Dr. Carl G. Messer, President Card of the Alberta Stake, the presidency of the Bear Lake Stake and others. Elder Isaac Smith of the Stake presidency offered the opening prayer. Elder Smith was also the first speaker, and at Apostle Lyman's request made a report of the condition of the Stake. He said that the bitterness and spirit of strife, which was the outgrowth of politics, had which prevailed in the Stake a few years ago, is now nearly dead, and that there is now no division of sentiment amongst the people here. Elder S. M. Moles of the Stake presidency followed and his remarks were largely corroborative of former speakers. President C. O. Card of the Alberta Stake, made a report of his colony, which he said was in a prosperous condition, spiritually and temporally. He pointed out the many advantages that Alberta offered to the home seeker. Presiding Bishop Wm. B. Preston's remarks were to the effect of a report of his department of the Church. He said that with abundant evidence is offered of the growth of the Church, there is an apparent falling off in the faith of Bishops generally for the duties which they are first performed with zeal and vigor. He said that Bishops should no shoulder upon the Church. "When we were poor and an outcast, we could do all we can for the Church to help us build our comfortable homes, so to keep the families of our people together, and we did it, it merited, and willingly too, but now we are rich, it is the Church can help to do that. Our lack of faith in God leads us to look for assistance in all things. Alluding to the payment of tithe, the speaker said the Bishopricks, that in order to be closed in tithing the corporation must be paid, there is no such thing as tithe tithing, anything short of a full payment is an offering, not tithing. The speaker, however, for it is the best way to increase our faith in that direction, so that everyone should pay the law of tithing." Apostle F. M. Lyman delivered a powerful sermon upon the necessity of harmony and kindred matters. Harmony includes being straightforward with our brethren, for on earth we are blessed with but Father's do, regards the just claims of his brother. The speaker made a vindication of Bishop Preston's remarks about the payment of tithing, saying that any Bishopric which tithing or earnest, however small, is technically a tithing payment and is recorded as such.

## LEHI.

Cards are out announcing the wedding of Miss Nora Bowen and George Gurney on Feb. 8.

A car load of ores was shipped from the Pelican Point quarries to Chicago on Wednesday. Several more cars will be shipped in the near future.

Thomas Welsh returned from his ranch near Vernal on Wednesday, bringing in a flock of lambs which he will feed and fit for market. He reports that hot little snow has fallen on the desert.

M. Augusta Chevron finds that sugar has more value than fat as an ingredient of diet for a hard day's work. Sugar is not only better than fat because it supplies more heat and energy to the muscles, but it also helps to promote the assimilation of proteids, or to speak generally, because of its bulk—as do the cellulose and other indigestible substances—it aids the digestion of the solid elements of the body.

Superintendent Valles and Engineer Dugdale expect to leave for the Reed today. While absent they expect to visit some of the sugar factories and will likely return accompanied by the Gay City, Mich., factory where Mr. Valles's brother-in-law, Mr. Drummond, works. They will also arrange for some of the new machinery to be installed here next year. As much of this as is possible will be put in by Silver days, or if it should be stored for use next year in the season. If the farmers don't take care of it some big company will take it and then make the farmers pay dear for it.—Lehi Banner.

## COALVILLE.

The Chalk Creek school house has been condemned, and as a consequence the school is discontinued for a few days. The old log meeting house is to be fitted up to receive the primary department and the advanced grades will be accommodated temporarily in William Wright's residence. The report of the committee which examined the building contains a recommendation to the effect that the outside walls be built under the old roof and ceiling and upon the old foundation.

MEETING OF THE S. B. L. CLUB.

In the review of Roman history Mrs Child read from Wm. Wolfe's the vivid description of the Roman revolt against Nero, and the death of the monster. Mrs. Northcut attended the club with an exceedingly interesting sketch of the life of Charlotte Corday. Miss Hattie Whedon finished with a beautiful poem from Longfellow, "The Wind Over the Chimney." Mrs. Hosmer read from "Success," an account of an interview with Sir Walter Besant, the great English writer who was knighted by Queen Victoria as a tribute to genius. At the conclusion of the program Mrs. Allbeck invited the ladies into the dining room, where a large table awaited them, loaded with delicacies. The table was prepared for as highly appreciated by the ladies that a "social" should be tendered Mrs. Allison for preparing for the club such a pleasant surprise. The S. B. L. will meet next Wednesday with Mrs. Northcut.—Coalville Times.

## MURRAY.

The greatest crowd that has ever attended a dance held in the hall in Murray passed the evening at the dance last evening. The music of Owen's orchestra was excellent and the dance which was a crowning success.

Dr. Mosher lost there was a case literally, a case of "Hoodoo" in the Murray hotel. The opera house porch, mounting the bunny in solitude. The mysterious disappearance of the case of ale was a mystery. Nobody was lost in other cases.

INCORPORATION MEETING.

Thursday evening a meeting was held in the opera house for the purpose of electing committees to attend to the furthering of the incorporation.

M. A. Williamson called the meeting to order and nominated Wm. Miles chairman, who upon taking the chair was elected secretary. After the call was read, the following committees were appointed and the meeting adjourned.

On survey, A. E. Cahoon, Wm. M. Atwood and Del Blair.

On Census—M. A. Williamson, P. D. Cahoon and J. W. Grigsby.

On Petition—Wm. Miles, P. Durand, Osmon Sanders and Wm. Pender.

## PAYSON.

A very pleasant surprise party was given Mr. and Mrs. J. S. Douglass at their home Thursday night.

The Young Ladies' Society rendered their excellent entertainment at the Baptist church last Sunday evening.

A large number of Henry Smith's relatives and friends gathered at his home Wednesday evening to give him a surprise party in honor of his 30th birthday. Henry didn't surprise much, but an excellent time was had. Dancing and music were the order of the evening and then all were called to the table board and all partook of a repast which was a source of great pleasure to the inner man.

A meeting of the interests of the Mutual Improvement association was held in the tabernacle Thursday night and was largely attended. Several representatives from different parts of the Stake were in attendance at the meeting who spoke to the congregation and gave the young people some good exhortations. Some very good vocal selections were introduced between speeches which were well received.—Globe-Header.

## HEBER.

The winter so far, has been very pleasant and uninteresting, there has been more snow this week.

There is more snow in the mountains, we are informed, than has been known in the memory of the oldest settlers.

Alice Irie and Martha Ann Wheeler, both of Vallebrey, were joined in wedlock by Justice Barnes last Monday, at the court house.

The Heber choir has enlarged its force by adding a number of members to its ranks. President Hatch and T. H. Giles were present at the practice last evening and were introduced to the members to the singers. We know of no reason why Heber should not have a first-class choir.

If all, or even one-half, the reports are true Utah county is going to have a great mining boom this year, and we are hoping it will come, for there are hundreds of poor around us that need but the magic touch of this water to transform them into beautiful homes. It is a useless waste to allow this water to go unused when it is so valuable; every drop of it should be stored for use next to the season. If the farmers don't take care of it some big company will take it and then make the farmers pay dear for it.—Lehi Banner.

## RANDOLPH.

There is said to be plenty of hay in Bear River Valley to winter all of the cattle in good order.

The game season closes for rabbits on the 15th of February. Better kill a few Mormon—enough to last a few days.

Skating is still the raging fad. A number of young men have two pair of skates—one pair for themselves and a pair that most any of the girls can wear.

The oysters are said to be pretty bad at the dance tonight down my farm. While the herder is just reading the riots and villainous plot, in his novel, in which the stubby ones are racked carries off the freckled face, red-headed girl, the mean boy carries make a sneak and fill up on oysters.

The wind arose and blew a gale, and for a while a sprinkle of rain fell, last Saturday evening, the morning was fair from its high notch and the January thaw is over. Sunday morning the mercury was 4 degrees below the goose egg, and the hen owners who were gathering a crop of eggs soon have adjourned until nearer Saint Patrick's day.—Bloomington.

## ROCKPORT.

If I would describe Rockport, it would be sick, sick, sick. No one is seriously ill but a great many are ailing.

Your correspondent has been confined to the house for two weeks, a part of the time with a boil on his left foot which he is now on the mend.

The farmers in our community are carrying out the advice given by the Farmers' Institute or Farmers' Union; we do not study, individually, the best seeds to plant in order to get the best returns either in grain or vegetables. The farmer assumes, as rule an inferior quality, and get a corresponding price. If we were alive to our interests we would meet and discuss the best methods of planting, what to plant and how to plant; the best time for planting and how to plant, and be adapted this climate. A great many of our farmers have bought fruit trees—it is likely some of them will be disappointed in the kind they have to plant them and take care of them when planted, while many make an utter failure by not knowing when to set or when is the best time for planting.

While there are many agricultural works that could be studied, there is as good as practical experience and the bulk good is almost everything that has come under my observation.—Coalville Times.

## PANGUITCH.

Mr. Penny of Cowsto has twenty tons of ore ready for shipment awaiting the first Pangutch man's order. The work at the camp is going on quite regularly.

Mr. Thos. Heal says that he has enjoyed school very much since during January and February, it is often followed by stormy and cold weather in March and April and sometimes May.

Mr. Ted Black of Kanosh, a late retired missionary from the Southern States, is visiting his parents here. He was the speaker at our services on Sunday. His missionary trip has been a very long one.

A. P. Hayrick Esq. has visited all the schools of Panguitch, and speaks in praise of the work done by the teachers. He urges the need of proper facilities, and says the work would be easier for the teachers and better for the pupils if we had them.

Last Wednesday evening there was a delightful surprise party given to Mr. J. F. Worthen in honor of his 31st birthday. Like many an other surprise, the one here was not a surprise only as the people were on the way however, he's some how the man object to see his party friends and gave them a most kind and cordial welcome.

Mr. Harry Hancorth from Glenwood and Miss Martha Ann Lewis of Kanosh were married on the 19th of January, Elder Hancorth was a free dance up in the Bluff. There was a fine music and all seemed to enjoy themselves.

Hatchtown is on a race with Panguitch and is at the present time three miles ahead in the lead. Last winter Panguitch boasted an district built a school house and it went up to stay.

Since that time, without leaving the district mind you, Hatchtown has built a fine hall, and Panguitch, we have three yards of rock on the ground for a stone building, but has stopped to take a breather for awhile.

Johnson is becoming numerous. George and Albert have got their a very nice school house, and on Saturday afternoon the dancing hall is purse and low dance. They had a good time, in the hall, and the music furnished by Brother Meeks, accompanied by brothers Fry and Cypress, ukuleleer, who is the boy who made the Kanosh band. They are all three splendid young men. They ever be some very good advice, which I will try to read to study over.—Panguitch Progress.

## FILLMORE.

The sudden departure of J. S. Giles, the county clerk, has resulted in the filing of a large number of Fillmore Mercantile company's claims, of which he was manager, and committed to clerk to draw the money.

James Carne, representative of the Cheap Wagon & Machine company, has been in town for a few days, and is now trying to get a settlement, and entering claims against the company, attachment papers, but he has not succeeded in gotten out the attachment papers, but he has succeeded in attaching most the entire stock, leaving the office out. Those interested claim this was not done in order to favor Giles's bonds, but to give the smaller creditors a chance. Nothing yet has been heard from the missing county clerk.

## VERNAL.

The magic lantern entertainment given at the Opera house Saturday night by the Weekly boys was quite a success and will be repeated in the near future.

The minstrel troupe from Fort Duchesne arrived Friday and Tuesday evenings to packed houses. The entertainments are deserving of great praise and that they have been liberally patronized is also another fact.

There are a number of prospectors looking to the mineral deposits in Green river. No work of importance has been done, although the fall of snow is not deep enough to permit development work.

Wm. McCabe, Judge McConnell, Bert Leavitt and Thomas Leavitt started yesterday morning to White river to look after their grazing claims. They report the snow quite deep on the old folks as soon as possible. Accordingly a committee was appointed with Mr. Frank C. Parkinson as chairman. This committee appointed subcommittees on invitations, transportation, reception, decorations, music and program, decoration, finance and refreshments. Wednesday, January 25th was decided on for the entertainment. The meeting house was beautifully decorated with red, white and blue bunting, intermingled with evergreens, with pinnes and arches, etc. In the center was the inscription in silver letters, "We Honor the Aged. Welcome All." The aged folks were visited and invited, invitations being given to all over 65 years old, regardless of creed, color or nationality. The program consisted of music, speeches, songs, recitations, step dancing, etc.

In the morning the Fireskin brass band gave us the music, and at the hour of gathering, between ten and eleven o'clock the wagons began to roll in loaded with the aged people, their sons and wives of absent mountaineers, and before eleven the house was full. Badges were given to all present, ranging from eighty upwards, white from seventy to eighty, white and blue from sixty-five to seventy, and red, white and blue, Pioneers to Franklin but a month, red, white and blue. The committee on decorations, music and program received the honored guests in grand style.

A little after eleven o'clock the chairman called the house to order. The choir sang, "My country 'tis of thee." The congregation and orchestra joined in.

Prayer was offered by Mr. J. J. Hill, after a speech of welcome was made by the chairman, Frank C. Parkinson. Then came the music, speeches, songs, recitations, etc., which dinner was announced. Then were few tables on the stand. It was a grand sight to see so many of the aged rejoicing themselves.

After dinner the program was continued.

To Sister Petersborg Broom, 87 years old, was invited to make a speech. She was quite a little old lady of 87 years. A pair of slippers was given to Mr. William Lonch, 94 years old.

Mr. Oscar Woodland, a handsome beautifully, and thus ended the resistful day. It was beautiful to witness so many of our aged including together, relating past experiences and trials that they had passed through, and enjoying their meeting in the spirit of good cheer for years.

At night all the married folks met and had an excellent time. Great credit is due to our Bishop and his counselors and to the noble committee.—L. H. NASH.

## LEIGH, IDAHO.

Leigh, Idaho, Jan. 25.—We have no organized ward here but there is a branch corner of Teton valley. H. G. Mellen is our Bishop, Mrs. Polly R. Hopkins is president of the Relief Society and Elder James Hopkins is superintendent of the Sunday school. Our ward is part of Smithfield, Utah. James Palmer of the Ward, Salt Lake City, is president of our Y. M. M. I. A.

The snow is fifteen inches deep. Teton River is not quite as high as it is mountain as some people think. It is about twelve by twenty-five miles in area. Hundreds of acres of land are raised in the valley last year. Mumps and whooping cough are prevalent at present.—L.

GREAT PRICE DAYS! SALE AT Z. C. M. I. Commencing Wednesday, Feb. 1st, at New Wash Goods and Cutting Planks.

YOU CAN BELY

On the Rio Grande Western local train to Ogden at 4:45 p. m. (leaving Salt Lake on time) also return train leaving Ogden at 5:35 p. m. No connection to and from Provo trains on Sundays between Ogden and Salt Lake City and intermediate points.

The Semi-Weekly "News" is the great country journal of the intermountain region. It circulates in every city and settlement in Utah, and in most of those of Idaho, Wyoming, Nevada, Colorado, New Mexico, Montana, Nevada, Western Canada and Old Mexico; as an advertising medium it is unexcelled.

# Good-Bye, Rheumatism.

**The Right Remedy Will Banish it Forever.**

If you would forever be rid of the aches and pains, and sometimes the tortures produced by Rheumatism, you must take the right remedy. Those who continue to suffer are relying upon remedies which do not reach their trouble. The doctor's treatment always consists of potash and mercury, which only intensify the disease, causing the joints to stiffen and the bones to ache, besides seriously impairing the digestive organs.

Rheumatism is a dissolved state of the blood, and the only cure for it is a real blood remedy. Swift's Specific (S. S.) goes down to the very bottom of all diseases of the blood, and promptly cures cases that other remedies can not reach.

Mr. E. K. S. Glikensteed, a prominent attorney of Mt. Sterling, Ky., writes:

"Two years ago I was a great sufferer from Rheumatism. I had tried every remedy I could hear of except S. S. S. I had been to Hot Springs, Ark., where I remained for twelve weeks under treatment, but I experienced no permanent relief, and returned home, believing that I would be a sufferer as long as I lived. At a time when my pains were almost unbearable, I chanced to read your advertisement and was impressed with it so much that I decided to try S. S. S. I took eleven bottles and was entirely relieved of all pain and cured permanently. When I began to take S. S. S. I was unable to sit or stand with any ease, and could not sleep. Since taking the last dose I have had no return of the Rheumatism, and I take great pleasure in recommending S. S. S. to any one who has the misfortune to suffer with this distressing disease."

S.S.S. is the only cure for Rheumatism, which is the most stubborn of blood diseases. It is not intended to give relief only, but to completely neutralizing the acid condition of the blood in order that it forces out every trace of the disease and rids the system of it forever. It is

**Purely Vegetable**

and one thousand dollars reward is offered to any chemist who can prove that it contains a particle of mercury, potash, or any other mineral ingredient. S. S. S. is the only blood remedy guaranteed to be absolutely free from mineral mixtures.

Books sent free by Swift Specific Company, Atlanta, Ga.

Reynolds is one of Woodland's most respected young men. He is a nephew of Wm. Reynolds of Park City.—Coalville Times.

# OUR NEIGHBORS.

## FRANKLIN, IDAHO.

Franklin, Oneida County, Idaho, January 28, 1899.—Yesterday, the 25th inst., was a most eventful day in Franklin. According to the counsel given by the Presidency of the Church to the Presidency of Stakes, and to the Bishops of wards, to remember the Lord's Jubilee, inheritance, our Bishop and his counselors met with the Relief Society of Franklin ward and discussed the matter with the result that they concluded to have a social gathering for the old folks as soon as possible. Accordingly a committee was appointed with Mr. Frank C. Parkinson as chairman. This committee appointed subcommittees on invitations, transportation, reception, decorations, music and program, decoration, finance and refreshments. Wednesday, January 25th was decided on for the entertainment. The meeting house was beautifully decorated with red, white and blue bunting, intermingled with evergreens, with pinnes and arches, etc. In the center was the inscription in silver letters, "We Honor the Aged. Welcome All." The aged folks were visited and invited, invitations being given to all over 65 years old, regardless of creed, color or nationality. The program consisted of music, speeches, songs, recitations, step dancing, etc.

In the morning the Fireskin brass band gave us the music, and at the hour of gathering, between ten and eleven o'clock the wagons began to roll in loaded with the aged people, their sons and wives of absent mountaineers, and before eleven the house was full. Badges were given to all present, ranging from eighty upwards, white from seventy to eighty, white and blue from sixty-five to seventy, and red, white and blue, Pioneers to Franklin but a month, red, white and blue. The committee on decorations, music and program received the honored guests in grand style.

A little after eleven o'clock the chairman called the house to order. The choir sang, "My country 'tis of thee." The congregation and orchestra joined in.

Prayer was offered by Mr. J. J. Hill, after a speech of welcome was made by the chairman, Frank C. Parkinson. Then came the music, speeches, songs, recitations, etc., which dinner was announced. Then were few tables on the stand. It was a grand sight to see so many of the aged rejoicing themselves.

After dinner the program was continued.
