mode of promotion. The bill passed under a suspension of the rules.

H. R. 185, appropriating of $1,500 for the purchase of supreme court reports was received and passed under a suspension of the rules.

Recess until 3 p. m.

Executive Session.

Late yesterday afternoon the Senate held an executive session to consider the following nominations that had been sent in by the Governor:

State board of land commissioners—Henry E. Walton of Rich county; Edward Hansen of Cache county; Byron Groo of Salt Lake county; T. D. Hoge of Sanpete county; Isaac C. McFarlane of Washington county.

Mrs. Jean A. McAllister as trustee of the Agricultural College, to fill the vacancy caused by the resignation of Mrs. Sarah A. Cannon.

Dairy and food commissioner—H. J. Faust Jr., of Salt Lake county.

State Board of Horticulture—A member and secretary of the board, J. A. Wright, of Weber county; as member, C. H. Bloomstrand, of Utah county; Thomas Judd of Washington county.

Regents of the University of Utah—Heleman E. Lillie of Salt Lake county, to fill vacancy caused by the resignation of John J. Daly; James Sharp of Salt Lake county, to fill vacancy caused by the resignation of L. S. Hardy; T. R. Cutler of Utah county.

Members of the State Board of Pharmacy—Conn Schramm and George Fonnesbeck.

State Board of Dental Examiners—J. W. Thatcher and W. H. Barker.

Col. L. W. Tallent, inspector of target practice and H. C. Wallace, inspector general.

On a close vote James Sharp was rejected because he was supposed to have supported McKinley, and the same as Byron Groo was said to be severe because of his supposed sympathy for Palmer and Buckner. The other nominations were confirmed.

THE HOUSE.

This report closed yesterday afternoon, immediately after the reading of the Governor's veto of H. R. 67, to prevent the boiling of waters by steam. A mile later day moved that the bill now over the veto, not only twenty-four votes, six ought to make the necessary two-thirds, were given to the bill, and it failed.

The report of the conference committee on the appropriation bill was presented and considered, occupying most time. Later another conference was had on some of differences, and it was left into the night hours the conference committee came to an agreement.

Meantime the House passed H. R. 84, relating to fire and police departments.

At about midnight the conference committee on the appropriation bill reported as follows: The University $72,600; Agricultural college $24,500; State school for the deaf, dumb and blind, $45,000. The time covered by these appropriations was extended to June 30, 1899. The "Utah tables" item was stricken out, and $4,500 was allowed for land for the Industrial school.

The conference report was adopted and the appropriation bill passed, when votes were taken till 9 o'clock this morning.

Immediately on assembling this morning, the House passed the revenue bill which the Senate passed yesterday.

Hoopert rose to a question of personal privilege and spoke at great length in reply to an editorial in the Tribune, in which a bill, introduced by him and passed by the Legislature, relating to bearings in the State supreme court, is severely condemned.

Thurston moved that a committee of three, with the chief clerk associated, be appointed to revise the journal and expunge from it anything affecting the validity of business done. Carried, and the chair appoints Thurston, Keener and Scandlin.

S. B. 93, authorizing certain county indebtedness to be funded, passed.

Mr. Le Barne was called to the chair and the journal was read.

Shepard explained that a bill had passed and now now a law providing for the purchase of Utah Supreme court reports by the secretary of State or notable officer, but no appropriation had been made or pay for them. He introduced H. R. 159, appropriating $3,500 for the purpose. The bill passed under a suspension of the rules.

The Governor signs the Park City hospital bill.

Taylor said what there was before the House and the most applied that the table was clear. Thurston Taylor said that so much work was having a position in executive session, a bill appropriation bill was in the hands of the appropriating committee and had not reached the House yet, he moved a recess till 2 p.m. Carried.

The House met at about 2 o'clock this afternoon. The Senate Bee and Honey exemption bill was passed, and Shepard introduced H. R. 160, to allow justices of the peace in cities to hold court outside of their precincts. It was passed.

When these items and transpires the House resigned into a "business" condition.

NOT KOFFORD AND MICKLE.

Sheriff Judd Returns from Wilmington, Empty Handed.

The Men Held for Him Resemble Very Closely the Murderers of Sheriff Byron.

Special to the News.

SPANISH FORK, Utah, March 15.—Sheriff Joseph Judd of Sanpete county, who went to Wilmington, Delaware, for Kofford and Mickle, returned today alone. He empty handed. The two suspects were wonderfully connected in many respects, the size, complexion, weight and even a scar on the right side of Mickle was duplicated on the Wilmington suspect. Mr. Judd did not leave Utah with his requisition papers before getting almost absolute information from U. S. Detective Boles of Wilmington and Police officer O. W. Lyon of the same city, and he knew the whole force of Wilmington were almost positive they were the Utah murderers. The men held were arrested on a charge of robbery and were quite the origin. The one who resembled Kofford had a brother who employed Judge Byron of Wilmington to vindicate reputation. As soon as Sheriff Judd saw the men he felt sure even with the close resemblance that his arrest was merited. He examined them thoroughly and was surprised at the close resemblance both general and in detail and express no little surprise at the Wilmington officers' mistake.

From the Attorney General.

Attorney General Bishop submitted the following opinion today:

James Atherton, County Attorney, Parowan, Utah:

Dear Sir: Answering your communication of March 8th, in which you ask to be advised whether county officers must present claims for salaries to the board of county commissioners before such can be allowed and paid, permit me to suggest, that I am of opinion that under section 9 and 12 of the salary bill, page 207 and 208 of the laws of 1896 and other general statutes that such claims should be presented to and be passed upon by the board of county commissioners the same as other claims for other county expenses.

You also ask: Can salaries of county officers be paid before the expiration of the quarter?

Under section 9, supra, which provides that salaries of county officers must be paid quarterly, etc., I am of the opinion that they could not legally be paid before the end of the quarter.

I return the papers to be.

Very respectfully yours,

A. C. BISHOP,
Attorney General.

O'CONNOR'S PAL CAUGHT.

He Waives Preliminary Examination and is Held in $250 Bonds.

J. W. Ashworth, alias Edwards, was arraigned in the police court this morning charged with burglary. He waived preliminary examination and was bound over to await the action of the district court in bonds of $250. For lack of bail he was consigned to the county jail.

Ashworth was arrested last evening by Detective Shoots, charged with being implicated in the Sunday evening burglary at Dancy's clothing store. The officers knew him to be quite intimate with Jack O'Connor, and thought he was with him in the street about 9:30 and at 10. He was at his home, as a rule, at his good, so far as the overcoat was concerned, but when the officer Ashworth's mother came to consult with Jack O'Connor as the time, the said that he did not assist in the burglary other than to take the goods from Jack as he handed them out of the window.

H. H. Andersen Dead.

In this city at 1 p. m. today, H. H. Andersen, the well known architect, breathed his last. The cause of death was consumption. He was born in Aarhus, Denmark, March 17, 1852, and came to Utah in 1881. He leaves a wife and four children. He was a worthy citizen, high in public esteem, his family are deeply sympathized with in their sad bereavement.

Much in Little

Remember that of Hood's Pills you get a medicine unsurpassed in excellence, strength and economy. They are a wonderfully active medicine, in small doses, yet so thoroughly and positively effective in their action that they are universally recognized as the model pill. Sugar coated, easy to take, sold by all druggists, 25c. The only pills to take with Hood's Sarsaparilla.

FINAL ORDER MADE

In the Geyser Mining and Bank of Salt Lake Case.

DISCHARGE OF THE RECEIVERS.

Allegation of Fraud in a Mining Deal —Other Court Matters —Notes.

Judge Hiles Made a final order this morning in the case of the Geyser Mining company et al. vs. The Bank of Salt Lake, James H. Bacon et al, defendants, and M. E. Mulvey et al intervenors.

He hence directs that the receivers Frank Knox and Charles H. Jacobs transfer and deliver to H. H. Rea, all the back books of account, papers and documents referring to the outside and property sold, and also to transfer to James H. Bacon all the private books and documents.

The discharge of the receivers is then ordered and that they be allowed to make a final report and that C. C. Day and C. S. Varian, attorneys for the receivers be allowed a further sum of $300.

Allegation of Fraud.

Kate Doyle has filed an action in the Third district court against J. C. Hardwick alleging that he wrongfully set out of some real estate in Salt Lake City by transmuted misrepresentations. She asks that the defendant be made to restore the property to her.

According to the complaint Hardwick represented to the plaintiff that he was owner of a half interest in the Delight lode, on Gold hill, in the Cripple Creek mining district, covering two or three acres of ground and that the interest would be worth $25,000 as soon as a patent could be obtained.

On the strength of these representations plaintiff says she was induced to exchange her property for the interest.

She also alleges that there is no such property owned by Hardwick in existence.

Hardwick has been temporarily restrained from selling or encumbering the plaintiff's property.

Court Notes.

In the case of the United States vs. John and William Miles for cutting timber in government lands, a bench warrant, bail bond and the indictment brought before the United States commissioner, their bail is fixed at $500.

The petition in a lunacy in the case of the United States vs. the Salt Lake Stock company was argued by counsel for both sides and taken under advisement.

Resolutions upon the death of Walter Murphy were spread upon the minutes of the Federal court yesterday.

Joseph Moncur et al vs. Joseph F. Gowans et al; Stephen and Smith Williams appear for defendant Gowans.

Exhibits vs. Cullen in days adjourned to be given to answer.

In Rees, guardian, vs. Jacob H. Gunn, order of sale is filing 175 at "Ley's Ford."

Victoria R. Hiller vs. Hector Hiller et al, default entered against F. M. Heath, case argued and taken under advisement.

Salt Lake Hydraulic company vs. Lake Mining company; leave given to amend to the counter to appear.

R. A. Briggs filed a suit in the third district court today against Douglas A. Shiley et al to foreclose $600 on a promissory note secured by mortgage.

Sunday School Union Meeting.

The meeting of the Sunday school workers of the Stake, held Monday evening, March 15, 1897, was largely attended by both superintendents and teachers. All the city schools, except the Twentieth ward, were well represented, also the following country wards: Bill hollow, (two schools), Bingham, Hill, Ophir, Lake, Lewis district, Cannon, Francis, Forest Dale, East Mill Creek, East Jordan, Sugar, Union and Willow.

The most excellent singing rendered during the evening by the Seventeenth ward choir was highly appreciated. Professor S. M. Burrell directed the music.

The opening prayer was offered by Elder Joseph Hodgins.

Stake Superintendent Griggs presided. In his opening remarks he announced that of the schools with an enrollment of over 200, the Twentieth ward, having the largest average attendance (84 per cent), was entitled to the century for the coming year of the beautiful silver medal offered by the Sunday school union for the highest average attendance.

Superintendent Griggs announced that on March 28 the superintendents of the city schools were expected to visit the school of the neighboring ward; the superintendent of the First ward would visit the school of the Second ward, the superintendent of the Second ward school would visit the Third ward, and so on throughout the city.

The meeting then separated into the catechism departments, and excellent instructions were given in each.

Professor Willard Done, in the highest department, gave a very interesting address on the geography of the holy land. The high presence of other work (Professor Done was recently compelled to resign from his talents in this department. His resignation was accepted with a unanimous vote of thanks for his very efficient work in this department.

Prof. Done's address on Bible geography was both instructive and interesting. He showed by his illustrations the relation of geography to the history and character of a people, both with reference to climate and natural advantages and to neighboring peoples; hence the importance of the study of geography to obtain correct ideas as to the character of the people. With a large Bible chart of Palestine, the speaker showed the lack of the knowledge known in ancient Bible times, with the entire centers of civilization, Egypt, Chaldea and Mesopotamia.

The question of soil fertility to the Jews was illustrated by the comparison between our own country and Palestine, south Palestine. The speaker showed the geographical history of Israel, from the days of Joseph to the days of Christ and His Apostles, and the work of the latter.

In the intermediate department, Professor Done spoke on the subject of "Grace," and drew a very good story.

In reply to the question as to what degree of order should be expected in the Sabbath school, Superintendent Arnold G. Gaugue of the Ninth ward said that perfect order should be expected and insisted upon. Roles should be made clear and then enforced in the spirit of love and kindness. Where order is called for, insist on getting it and proceed with the lesson unless until attention is given. This is applicable both in class and general exercises.

In obtaining the attention of the children in the school and keeping order much depended upon the officers and teachers themselves. Brother Gaugue continued. If they are orderly, if they give attention themselves and set a good example, attention or order will not be so difficult to obtain from the children. With exceptional cases they must be appealed to and labored with personally at their homes, or away from school, and if they are still incorrigible they are based to leave the school, as attendance of such will not result in any benefit to themselves and are a menace to the rest of the school or class.

Order in the classes, to the school during the opening exercises, and during the passing of the Sacrament was also discussed at some length.

Upon reassembling the meeting was favored by the singing of Elder R. Snow's beautiful poem, O My Father, in the more sign language by Sister Lorena Pratt, accompanied vocally by her daughter, Miss Mae Pratt.

Superintendent Griggs extended an invitation to all school workers to attend these meetings, not representatives of the departments merely. All was to be equally benefited.

After the singing of an anthem by the choir the meeting adjourned for one month, the Eighteenth ward being requested to furnish the music for the next meeting. Benediction was pronounced by Elder Willard C. Burrell.

J. H. PARRY, Secretary.

There is a story of a scoundrel rolling down a Western mountain side until it goes so big that it lodges in a miner's cabin. If you ever rolled a scoundrel down hill you know that might have happened. It would certainly grow big. Bad blood is bigger, and something bigger it is stopped it. That's the way little symptoms of bad blood get thoroughfares—bigger and bigger into some dangerous illness.

Headaches, backaches, biliousness, dyspepsia and constipation seem like trifling ailments, but just as sure as they are neglected they will develop into something more serious. If you have these troubles, the first thing to do is to get a little bottle of Dr. Pierce's Pleasant Pellets. These never was anything like them for cure constipation and indigestion. They tone the stomach, liver and bowels, and insure natural regularity without violence or inconvenience. They prevent serious disease by breaking up its beginnings. They cure completely and permanently. Don't allow any druggist to persuade you into getting "something else" on which he makes more profit.

If you want to keep in health and condition you ought to have Dr. Pierce's Common Sense Medical Adviser. It gives reliable prescriptions for the cure of all ailments of ordinary character. It explains the principles of anatomy and physiology and the laws of life. It has over one thousand pages profusely illustrated. A paper-bound copy may be had on receipt of 21 cents in one-cent stamps to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y. For the cents extra a handsome cloth-bound, silver-clasped copy will be sent.

DEED OF TRANSFER.

Property Turned Over to the New Company

SUBJECT TO CERTAIN MORTGAGES.

Deeds of Trust to the Guaranty and the Mill Colony Trust Co.—U. P. Land Patents.

The transfer of the railway property to the Oregon Short Line Railroad company having been effected last midnight, a number of documents were this morning filed with the county recorder of Salt Lake county.

One was a deed turning over to the Oregon Short Line railroad company the several branches of the Oregon Short Line and Utah Northern railway company including all property, real or personal, acquired by receivers of the company or otherwise, subject, however to certain underlying mortgages, held by the following persons: F. L. Ames and J. F. Dillon, trustees, securing bonds payable in February, 1922; Jay Gould and Joe Richardson, trustees, securing bonds, payable July 1, 1908; American Loan & Trust company, payable July, 1926; H. S. Eldredge and A. O. Sumner, trustees, against the Utah Central R. R. Co. dated Jan. 1877, and said to have been payable Jan. 1, 1893; W. H. Hooper and H. B. Hammond, trustees, payable July, 1891; W. H. Hooper and J. M. Hare, trustees, payable July 1, 1905; A. L. & F. Co., payable Jan. 1, 1917.

Another deed was filed by the Oregon Short Line & U. N. railroad company.

A mortgage or trust deed was filed by the Short Line company in favor of the Guaranty Trust company of New York. It provides that in consideration of the conveyance of the railroad, branches and other properties, the Oregon Short Line Railroad company, agrees among other things to execute a mortgage or deed of trust, covering the railroad, to the Guaranty Trust company of New York for $15,428,000.

The second mortgage or trust deed is in favor of the Mill Colony Trust company of Boston, subject to the mortgage to the Guaranty Trust company, for $7,185,000 of the five per cent fifty year income bonds, payable at Boston or New York July 1, 1946, the interest payable only when earned out of the surplus net earnings of the property covered by the mortgage.

A United States patent was also filed, deeding to the Union Pacific Railway company, of its successors, 75,344.93 acres of land in Salt Lake, Davis, Weber, Morgan and Summit counties. The patent is dated Feb. 27, 1897.

Another patent, dated Feb. 13, 1897, covering 2,957.71 acres in Davis and Salt Lake counties.

William Devey Dead.

Special to the News.

LEHI, March 16, 1897.—William Devey of Alpine, Utah county, died last night at 7:55 o'clock.

Police Court Notes.

Harry Marks and Jacob Johnson, vendors of cheap jewelry, were arrested by Detective Shoots this afternoon and charged with violating the license ordinance. They were arraigned in court this afternoon and upon pleading not guilty, the hearing was set for tomorrow at 10 o'clock.

Jens Johnson, a Murray hog raiser was fined $5 for violating the sanitary ordinance.

Alleged to be Insane.

A warrant was sworn to this afternoon before Judge Hiles charging C. Dahlberg, of Murray, with insanity. Deputy Sheriff Ed Davis went out this afternoon for the purpose of making the arrest. Dahlberg is a married man with three children. It is said to be a pitiable case. The unfortunate man will be given a hearing before Clerk George E. Hale tomorrow.

AMUSEMENTS.

The Grand played to luck last evening when the opening performance of The Shadows of a Great City was given, as there was no opposition of any kind at the other theaters and amusements of other kinds seemed to be enjoying a lull. The attendance was very satisfying, and if it continues good tonight—and the indications are that it will be better—the Free Kindergarten society will be enabled to add a song sum to its depleted treasury, through the generosity of Manager Rogers, who has kindly consented to give to the society the receipts of the two performances, over and above the usual expenses. Stage Manager Hatch is deserving of much credit for the able manner in which he staged last night's production of the Shadows, and the new scenery specially prepared by Mr. Anderson, particularly in the revolving scenic effects, created a great deal of favorable comment. The Shadows has been done here a number of times by such people as Lewis Morrison, L. R. Stockwell, Frank Mordaunt and others, but it is all of less importance the last presentation here. The company at the Grand made a splendid impression last night in the play, notwithstanding the very long wait between acts and the noticeable blunders in places. Of the individual work done, that of Mr. Hatch as Ate Nathans the Jew stood prominently to the front; he was a "hit" from the start and did a splendid bit of character acting. Mrs Bateman did well a congenial role as did Miss Isette that of the woman of the Hickory type. Edwards' style was somewhat at the "theatric" but he was not happily cast though he did his work well; Kyle, Rea, Fox and the others filled in nicely in their respective roles, while Miss Marshall as Rosy Rouse was good though the profession of the work will aid her materially in improving upon last night's work. The audience of the cast was well sustained and the audience could fill one house every night during the present week.

Madame Camilla Urso, with her concert company, will appear for one night only at the Theaters on Thursday evening. Her appearance will afford an opportunity to the music loving public for hearing a violin virtuoso, who notwithstanding her sex is ranked of the highest of terms, the artists supporting her also being of excellent ability.

Gus Skinner begins his engagement next Monday evening and by special request will remain over an extra night in order to accommodate those who were unable to secure tickets for the first night. Miss Daisy Trask, who plays Lorena leads in Mr. Skinner's productions. The latter's style of a warm reception upon her reappearance here, Mr. Skinner's repertoire for the engagement here will be as follows: Monday night, Rip Van Winkle; Tuesday night, the dual role of the Merchant of Venice and Kilmeeny and Peter; Wednesday night and Lady of Lyons for the Wednesday matinee. In all of these plays Miss Trask has great opportities and no doubt the engagement will be well patronized.

MINOR MENTION.

S. N. Cook of Box Elder county was commissioned a notary public today.

A marriage license was issued today to E. C. Smith, aged 21, of Salt Lake City, and Libbie Shields, aged 22, residing at Tooele City.

In the case of the Commercial bank et al vs Victoria Copper Mining company et al, the decree of foreclosure was agreed to and Receiver Chambers allowed $340 fees.

Principal W. R. Malone of the Salt Lake City High School has handed in his resignation. He expects to go to Columbia, Utah, and engage in other business outside of the school room. He has been with the High School for several years.

STOCKS AND BARGAINS.

New York Stock Market.

NEW YORK, March 16.—Stock market opened irregular. Railroads generally showed slight improvements. Sugar pressed for sale fell off 1½, rallied 1 and closed 1 per cent, leaving a net loss of ¼ per cent.

The general character of transactions on a large scale and the appearance of supporting orders in some influential general stocks by some strong interests, caused a rally in the market which carried sugar up to 115. Later on stocks on strongers based on improved crop reports caused a general rising movement, in which the earlier gains were lost.

The last further made a drive against Missouri Pacific, depressing the stock 2½ on the strength of receivership rumors which were officially denied yesterday. Decline averaging ½ occurred in the general stocks.
