

FLUORATING FRAGMENTS.

Regular meeting of the City Council tonight.

The funeral services of Robert Carter were conducted today.

Ogden is infected with roughs from Rawlins, Laramie and Cheyenne.

Another David H. Cannon arrived in this city from St. George this morning.

Last night an imperfect attempt was made to burglarize the 20th Ward Co-op.

John Oakes, who killed Richards, at Tintie, last fall, is in Provo jail yesterday.

Concert in the 15th Ward Hall tomorrow evening. It will be a good entertainment.

The funeral services of Brother William Hopwood were conducted at 1 p. m. today, at the 17th Ward school-house.

The little son of Samuel Bateman, who was accidentally wounded with a cartridge shell the other day, is progressing favorably.

There will be a conjoint meeting tonight of the Y. M. C. A. of the 10th, 11th and 21st Wards, at the 10th Ward school-house.

Judge Taylor has so far recovered as to be able to be out again. He will probably resume his duties in the police court in a day or two.

The case of Cregg & Bohl vs. Mark McMillan was decided in the District Court late last evening in favor of the latter with \$100 damages.

Two in want of good saddle or work horse can purchase at the saloon of H. P. Kimball, Main street, between North and First North Streets.

In China they punish an adulterer with food with death. In this country he is looked up to as a prominent manufacturer, prosperous merchant or enterprising citizen.

New the Herald editorial writer says Dr. Benedict into the "quack" and "charlatan" made in the Coroner, according to his "popular style."

If the burglar had got into the 20th Ward Co-op. last night they would have discovered that it was a really place to keep away from anybody was waiting to give them a warm reception.

Mr. Savage does not consider the demands for legal fees as an instrument in legal shape. He wishes the 50,000,000 people of America not to forget it. See his advertisement.

LOCAL AND OTHER MATTERS.

Postal Changes.—Appointments: Frank Dolan, Chino, Yavapai Co., Arizona; W. A. Langhorn, Dragoon, Cochise Co., Arizona; Henry Fleming, Show Low, Apache Co., Arizona.

Baby Hurt.—Yesterday, Samuel Nielsen, eight years of age, was struck by the fly wheel of the engine at the Sierra Nevada Lumber yard. His thigh and some of his ribs were broken and his face badly injured. He was conveyed to his home in the 8th Ward, where his injuries were attended to by Dr. Benedict.

Reports Wanted Immediately.—The Presidents of the Young Men's Mutual Improvement Association of the Salt Lake Stake are requested to fill up the blank reports which have been circulated and return them immediately to Joe. H. Felt, 422 C. M. I. as we must have them in time to make out our report for the coming Conference.

Joe. H. Felt, Stake Supt.

Deseret Jam.—Bishop A. Gardner returned a few days ago from a trip to Deseret, whither he had been called to confer with the people as to the best method of rebuilding their dam. When the Bishop left the majority of the people of all settlements were at work with all their energy, and they entertain the hope that the job will soon be completed, in time at least to irrigate their crops the present season.

Musical and Otherwise.—On Thursday evening, at the 14th Ward Assembly Hall, there will be an entertainment for the benefit of the Sunday school. A very fine programme, to be rendered by excellent talent, has been prepared for the occasion. The first part will consist of a variety of musical and other exercises, the second statutory by talented models, and the winding up will be the force of the "Burglar's Cabaret." Besides the good quality of the entertainment, the object is to raise money and should cause the house to be filled.

The Mrs. Rasmussen Matter.—As stated in the News, the funeral of Mrs. Rasmussen (Turnbull) took place yesterday. While a large number of people—relatives, intimate friends and neighbors of the deceased—were at her late residence, before the services, Coroner Taylor being present, stated that in conformity with his previous order, he was prepared to hold an inquest providing any facts rendering it necessary had developed. Those present were unanimous in the declaration that it was not needed. Charles Rasmussen, son of the deceased lady, remarked at the same time that some of the papers had been full of erroneous statements regarding the matter.

An Operation.—Yesterday, Dr. W. F. Anderson, assisted by Dr. Burrows, performed an operation upon James Castleton, of the 21st Ward, who has been suffering for a long time from a disease in his head. Some portions of dead bone, one of the pieces being at least two inches long by one and a half wide, were removed. The operation brought the fact to light that new bone had grown underneath that which had decayed. The disease had caused a portion of the forehead to be bare to the skull. The Doctor is of opinion that the flesh will now reform and cover the part formerly thus affected.

The operation was performed with consummate skill, and lasted about half an hour.

BURGULARS CORRALLED.

HOW MR. ST. CLAIR ARRESTED A GANG OF THIEVING TRAMP.

Yesterday morning, at Ogden, a gang of roughs broke into a Union Pacific freight car and stole a quantity of goods. Mr. W. P. St. Clair, the agent of the company, got an idea of the direction in which the thieves had gone. He got a couple of men to accompany him, all three being armed with shotguns. Mr. St. Clair took an engine and he and his companions ran it along the Central Pacific track half a mile, where they found the tramps, who were marching, at the muzzle of the three shot guns, after the manner of prisoners of war, to the city jail, where they were locked up.

When Mr. St. Clair goes at anything, he does it in prompt, vigorous and business shape, and with pluck that sets impediments aside.

BURGLARIOUS BUSINESS.

AN UNSUCCESSFUL ATTEMPT UPON THE TWENTIETH WARD CO-OP.

There was an attempt to burglarize the 20th Ward Co-op. Store last night. About 11:30, Mr. Reeves, who sleeps on the premises, heard a noise at the windows on the west side of the building. Failing to gain ingress there, the would-be robbers next tried a window at the back or north end. It is heavily shuttered inside and out. With a wrench the parties had stolen from Bishop Sharp's place, they took off the outside shutter, but the inside one was too much for them, and they finally abandoned that point of attack and operated a while on the door on the east side. Failing there also they proceeded to the front and tried to wrench off one of the shutters. At this juncture Mr. Reeves considered that it was time for the burglarious proceedings to terminate, so he made a noise which caused the robbers to scamper in double-quick time.

Sunday School Exhibition.—N. A. Woodbury sends us the following, dated yesterday:

In response to a call made by Superintendent Jacob Peart and his Assistant Willard Snow, the children of the Sabbath school of Farmers' Ward, accompanied by their parents and friends, assembled in the ward house on Sunday morning last, prepared to entertain us by an exhibition of the proficiency made by them in their studies during the winter. The programme consisted of examinations of several classes in the Catechism, Bible questions, etc., interspersed with songs, recitations and dialogues. It is needless to particularize when all who took part did so well. Suffice it to say, the affair passed off very creditably and showed a decided improvement during the winter months.

It would be well for us to have an exhibition of this kind at least twice a year, and to offer prizes to those who acquire themselves creditably, not only for their proficiency in their lessons, but also for their general good conduct at school. The teacher of each class to keep a record of lessons, and conduct and report to the superintendent monthly. By this means scholars will have some inducement to be studious, and our Sunday school will be better attended.

A Three Dollar Murder.—This afternoon Sheriff Allison, of Summit County, arrived in this city, bringing with him W. J. Wilson, known as "Tex," who shot and killed Ezekiel Durnall, at Park City, yesterday morning. The homicide was the culmination of a dispute between the parties about the pail sum of three dollars, which was owing by Durnall to Wilson. While the latter was on his way to the Ontario mill, where he was employed, Durnall accosted and abused him, when he retaliated by drawing his pistol and shooting the deceased in the abdomen. The wounded man died within ten minutes after being shot.

Wilson, who is under commitment to await the action of the grand jury, on a charge of murder, was handed over by Sheriff Allison to the custody of the U. S. Marshal.

Seriously Ill.—We regret to learn that Mr. George C. Ferguson, watchmaker, of First South Street, lies in a very precarious condition at his residence, in the Third Ward. He suffers from a complication of complaints, and hopes of his recovery are not strong.

Brother Ferguson is known by a large circle of people in Utah. It would be difficult to find a more conscientious man. He is also possessed of considerable native intelligence, cultivated by extensive reading, and his attainments are tinted with a degree of modesty almost amounting to self-depreciation.

Obsequies.—The funeral services of Brother Robert Carter were conducted in the 9th Ward School-house, which was crowded on the occasion, beginning at 11 a. m. today. The opening prayer was offered by Elder H. Ashbey, of Bonanza, and remarks were made by Elders Samuel Friday, William Thurgood, George Teasdale, W. C. Fenner, and Bishop S. A. Woolly. The benediction was pronounced by Counselor Brown. The singing exercises, which were very fine, were conducted by Brother J. Taylor.

Machinery and Implements.—Those who wish to be fitted up with agricultural machinery or implements of any kind, and of unusual quality and utility, from a passed quality and utility, from a steam engine to a hoe, should read the advertisement of Mr. H. R. Clawson, of the first page of today's News. Intending purchasers should scan the list he presents, and then go and see him, for the advertisement itself is worth looking at, its composition being unusually unique.

Killed by the Cars.—We recorded the following special this afternoon: Ogden, March 28, 1892, 2:43 p. m.

Editor Deseret News:

A special to the Ogden Herald from Heaver Canyon says: The U. S. train, near Chain Point, during a blinding snow storm, killed Harry Lowrey, from Leadville, while traveling on the track to Butte.

At the request the engineer and train hands were exonerated.

John Oakes Suicides.—The following special was received this morning:

Provo, March 28, 1892.

Editor Deseret News:

John Oakes, who killed the man Richards in Tintie last September, died in the county jail, last night, at 11 p. m., from the effects of poison (morphine) administered by his own hand. Sheriff Turner, upon receiving the jail yesterday morning, with the intent of taking Oakes to the penitentiary, found him in an unconscious condition. Dr. Pike's assistance was called, but to no effect.

Stealing Case.—A party named Wilson Brown was arrested last night, on a charge of stealing \$30 from an inmate of Madame Johnson's house of ill-repute. His examination is set for this afternoon at 2 o'clock.

MORRISON FLOWS.

The following letter has just been received by Mr. Clawson in regard to the above Flow:

St. Johns, Utah, March 21, 1892.

H. B. Clawson, Salt Lake, Utah:

DEAR SIR.—I take pleasure in informing you that we have tried the Celebrated Morrison Flow you sent us and find it perfectly satisfactory in every way. It is in fact far ahead of any flow we have ever had in our settlement. The flow is well put out and thoroughly braced and just suits our land, which is heavy and not easy to scour. I have every reason to believe that the Morrison Flow is the best in the market.

Very respectfully yours,

Geo. W. Burdette, Superintendent.

ORGANS MEDALS AND TESTIMONIALS VERSUS Organs Without Them.

THE MASON & HAMLIN ORGAN COMPANY HAVE entered into Competition with American and European makers of Organs at all the World's Great Exhibitions with their various styles of Organs, from one stop to the most elaborate, and at each one of them they obtained the FIRST PRIZE and HIGHEST DISTINCTION OF DEMONSTRATED SUPERIORITY over all of the Most Celebrated Makers of Organs in Europe and in America. The most eminent Musicians, Organists, Artists and Musical Critics in all countries have declared, in written communications, that these organs are unequalled by any others in the world. The principal musicians of the Territory, recognizing these organs in preference to all others. There are makers, and they are in the great majority, who never submitted to compete with first-class manufacturers at any of these exhibitions, some of whom now advertise that they "never exhibited their instruments to compete for premiums" for the reason that "Awards are made the subject of the grossest Misrepresentation and are but a source of jealousy, corruption and falsehood." These charges cannot apply to the Mason & Hamlin Organ Company, because a fact of all the medals and diplomas awarded to them, and the certificates of the directors of each of the World's Expositions, and sent broadcast throughout Europe and America, (copies of which can be obtained at my office.) It is not probable that European jurors would have permitted an American firm to carry away evidences of so many victories over their own countrymen, if they could have honestly prevented it. If management, intrigue and bribery could have been used to influence the jurors in their decision, who will doubt that the awards would have been retained on the other side of the Atlantic? If, as one firm has the effrontery to aver in its own case, the non-competition for awards in to be regarded as good evidence of greater honesty and a higher standard of uprightness in business, and superiority of instruments, then the vast majority of manufacturers are to be congratulated. But for the energy and success of the Mason & Hamlin Organ Company, resulting in the opening of an entrance for American made Organs to the Markets of Europe, these non-competitors and self-proclaimed makers of a superior class of Organs would not today have an agency in England. They sailed in under the colors of the Mason & Hamlin Organ Company.
