Hood's Sarsaparilla Gives Nerve Strength and Bodily Health

Hood's Pills are "Much in Little."

"I have used Hood's Sarsaparilla and Hood's Pills for years and can say that I have not found anything equal to them for my complaint. Hood's Sarsaparilla has done me more good than any other medicine I have taken." Mrs. J. H. Crocker, 1107 Vermont Ave., Washington, D. C.

Worn Out From Overwork

"For the support I had from Hood's Sarsaparilla I am very much indebted. I was worn out from overwork, and was very nervous. I could not sleep, and was very much troubled with pimples. Hood's Sarsaparilla has done me more good than any other medicine I have taken." Mrs. Lizzie Hall, Lynn, Mass.

A limited number of volumes of the weekly can be obtained at the Deseret News Office, Salt Lake City, at the rate of $[illegible] per volume. If you are any history of Utah, [illegible] for the chapter and the book is lost [illegible] to be regarded [illegible] to [illegible] of history. [illegible] At the beginning of the seventy-one years covered by these volumes [illegible] to a considerable extent of Canada. At the beginning of the seventy-one years covered by these volumes [illegible] Europe with French in Europe and there [illegible] many [illegible] in Europe. [illegible] English and, in fact, English had a foothold in each.

Colonization in America and Asia, and particularly the section of Japanese in Japan in the Year 2000, Being the Extension of Religion. Colonization in Europe and Central America Between Mormons, and in Japan, Portuguese. [illegible] the eight and central American [illegible] English language has been that [illegible] from Great Britain has been very much larger than that other countries, and the English have made their influence felt more decisively than have the people of all or nearly all other countries. Thus, for instance, Holland has today extensive colonies in various parts of the world. The present population of Holland is [illegible], and of the Dutch nation [illegible]. The area of Holland is [illegible] miles, is [illegible], and of colonies [illegible]. The Dutch language has never been extended to any great extent by means of these colonies, the inhabitants of which have never learned Dutch. The French, Italian and Russian languages have not been extended greatly through colonization. As a consequence of the unequal increase in population, [illegible] 10,000,000 speak a new spoken English language [illegible] the inhabitants of the mother country. Germany has lost its own without [illegible] for nearly 50 years, and is still spoken by 10 per cent of those speaking the German language. It has lost [illegible] of a million in numbers, but in percentage, we know all the Latin countries. The number of persons speaking French at the beginning of the century was [illegible], and now it is [illegible]. The number of persons speaking Spanish at the beginning of the century was [illegible], and now it is [illegible]. The number of those persons speaking Italian has increased from [illegible] to [illegible]. Spain and Italy.
