THE EVENING NEWS.

Tuesday, . March. 30, 1875.

The British Mission.—From the *Millennial Star*, Feb. 9—

"London, Feb. 8th.—I am very thankful that I can report to you that the Cause of Truth is moving steadily onward in this Conference, and that at no period since the commencement of my labors here have the prospects been so cheering as at present. The Saints exhibit more life and faith, meetings better attended, and a more earnest spirit of inquiry is evinced by strangers who attend our meetings, from some of whom we receive pressing invitations to visit them and converse upon the faith and doctrines of the Savior as taught and practised by him and his apostles, and restored to the children of men by the Angel through the Prophet Joseph.

"Quite a number have been added by baptism since you were here in November last. Yesterday four were baptized at iSpring Baths (London), and notwithstanding the inclemency of the weather yesterday, some of our meeting houses were well filled, and other names were handed in for baptism.

"On Sunday next we have an appointment at Woolwich for a special prayer meeting, which Elder Hardy and myself expect to attend.

"Elder Fowler will leave in a day or two for another visit to Hampshire and Sussex, where we have prospects of doing quite a work, especially in Bosham and Southampton; in the latter place we find great difficulty in obtaining a suitable meeting room, this, however, as you understand, is one of the greatest difficulties we experience in almost every instance, in consequence of the great prejudice in the minds of the people, and their almost entire ignorance of the faith and belief of the Latter-day Saints. Those whose crafts are in danger are still earnestly seeking by misrepresentation to keep this prejudice alive; but we rejoice in the Lord God of Israel, that however much his enemies plan and propose, he still disposes and overrules all things for the good of his people and the ultimate redemption of Zion.

"Elder Carrington starts on Wednesday to make another visit to the branches of the Church in Berks, Bucks and Wilts. Elder W. L. Bluder has fairly entered upon his missionary labors, having just returned from a visit to the Saints in Hants, etc.

"All are in the enjoyment of excellent health and spirits, laboring earnestly and hopefully for the promotion of the Kingdom of God upon the earth.

"R. T. BURTON."

From the *Millennial Star*, Feb. 16:

"Galashiels, Feb. 7.—Dear Brother—When I left Liverpool I proceeded to Glasgow, where I remained one day. I then went to Edinburgh, where I stayed about fourteen days, busy all the time going from house to house preaching the Gospel. I got the few Saints that were there together, and had a meeting, and instructed them to meet every Sabbath. A few that I have conversed with are friendly; I think I removed a good deal of prejudice. I then left for Tirnent, and found two families of Saints there; they were very kind to me; from there I came to Galashiels—have found two families of Saints here of old standing. I am going to meet with them to-day. There is another family in Selkirk.

"I have enjoyed myself first rate; wherever I have gone I have been received with the greatest of kindness and respect, far beyond what I expected. The blessing that was pronounced upon my head has been fulfilled to the very letter. I am well in body and mind—never felt better. I know I am engaged in the work of God.

"ROBERT HOGG."

"Gremsey, Orkney, Feb. 8th.—I am trudging along as best I can, in my simple and humble way, watching the dictates of the Spirit and trying to govern my movements accordingly. In hopes that it will not weary your patience, I will venture to give a description of these northern islands. The Orkneys—the 'Orcades' of the Romans—lie off the north coast of Scotland, between the 58° and 60° (degrees) of north latitude and between the 2° and 4° (degrees) of west longitude. So you see that I am about 1,200 miles north of Salt Lake City and 300 north of Liverpool, consequently there is some difference between the climate here in mid-winter and that of St. George; our days are very short. At high water the islands number seventy-three, at low water only fifty-six, the rise and fall of the tide being about twelve feet. Twenty-nine are inhabited, nineteen more could support a family each. A fall of the tide from low-water mark of thirty feet would reduce the number of the islands to twenty-three, of sixty feet to ten, of ninety feet to five, and of one hundred and twenty feet to one island. The highest hill on the group is fifteen hundred feet high; the population is 33,000; the rental valuation £84,000.

"The Shetland Islands, ninety miles off, bearing north-east, have about the same population, but the islands being more barren, although having more surface, the rental valuation is only one-half, or about £32,000. Many of the Shetlanders are leaving for New Zealand and other places. The principal occupation of the inhabitants of both groups is farming, fishing and knitting. The islanders are healthy and industrious, rather hospitable, averagely educated and intelligent, but very bigoted and much under the influence of the clergy and landlords. They will be a very fine people when prejudice is broken down; it is much modified since my boyhood days, and is fast tumbling down. The religion is Protestant, of varied hues; against the Church of Rome in particular and, like all other sectarian churches, against the Church of Christ in general.

"I am happy to inform you that I have baptized seven very fine people, between the ages of thirteen and twenty-five, since I last wrote to you, and all of them are rejoicing in the hope of eternal life. A good spirit prevails among them. I have also blest one child, the only child of a believing, happy pair. PETER SINCLAIR."

RATES OF POSTAGE.

All domestic mail matter must be prepaid by postage stamps. There is no franking privilege, and no "free" mail matter except newspapers (one copy each) sent by subscribers within the county where published, and not delivered through letter-carrier offices. All letters received in the office with stamps cut from stamped envelopes, or with such postage-stamps as were in use prior to 1861, or with revenue stamps on them, are treated as "unmailable," and sent to the Dead-Letter Office. Departmental postage is prepaid by special stamps, prepaid and furnished by the Post-Office Department. *Letters deposited in city lamp-post boxes must have the requisite number of stamps before placing them therein. Depositing money in the boxes does not insure their being prepaid.* Newspapers are not taken at city lamp-post boxes. A letter on which *one full rate* of postage is prepaid, but on which further postage is chargeable, will be forwarded, when delivered at a post-office, and the deficient postage at single rates collected on delivery. If the postage is left *wholly* unpaid, or is prepaid less than one full rate, it will be "held for postage" and sent to the Dead-Letter Office. Should it reach its destination by inadvertence, however, it will be charged with *double postage* on delivery, with allowance of any amount less than one full rate which has been prepaid thereon. "One full rate" means, in the case of notices, *three cents*. All matter other than letters, must be *fully* prepaid, or it will not be forwarded except possibly by inadvertence, in which case *double postage* will be collected on its delivery. The following are the rates payable on the different classes of domestic mail matter:

FIRST CLASS.

On letters, sealed packages, mail matter wholly or partly in writing (except book manuscripts and corrected proof-sheets passing between authors and publishers, and except local or "drop" letters), on all printed matter to be marked as two or any other or further information than is conveyed by the original print (except the correction of typographical errors); on all matter not otherwise chargeable with letter postage, but which is so wrapped or secured that it can not be conveniently examined by postmasters without destroying the wrapper or envelope; on all newspapers, magazines, and periodicals sent from publishers to subscribers and enclosing any article whatever except bona fide supplements or bills and receipts for subscriptions; and on all packages of matter not in itself chargeable with letter postage; but in which is inclosed or concealed any letter or other thing chargeable with letter postage, 3 cents for each half-ounce or fraction thereof, weight of packages limited to *four pounds*. On local or "drop" letters, at offices where free delivery by carriers is established, 2 cents for each half ounce or fraction thereof, weight of packages limited to *four pounds*. On local or "drop" letters, at offices where free delivery by carriers is *not* established, 1 cent per half-ounce or fraction thereof, weight of packages limited to *four pounds*.

SECOND CLASS.

On newspapers sent to regular subscribers from a known office of publication, or by newsdealers to other newsdealers, 2 cents per pound. On magazines and periodicals sent to regular subscribers from a known office of publication, or by newsdealers to other newsdealers, 2 cents per pound. These rates are payable by the publisher or newsdealer *at the office of mailing*, and at the time the matter is deposited in the postoffice. Postage on *printed* matter to Canada, and other *British North-American Provinces*, can be prepaid only to the boundary-line—the rates being the same as on domestic matter of the same kind.

THIRD CLASS.

[Packages of mailable matter of this class must be prepaid by stamps, and must not exceed the weight prescribed by law (which is *four pounds*); and any package exceeding that weight will be excluded as unmailable.] On books, pamphlets, occasional publications, transient newspapers, magazines and periodicals; hand-bills, posters, sheet music, unsealed circulars, prospectuses, *book* manuscripts, and proof-sheets; cards, maps, lithographs, prints, chromo-lithographs and engravings; seeds, cuttings, bulbs, roots, *and scions*; flexible patterns; samples of ores, metals, minerals, and merchandise; dry articles of merchandise (samples or not); sample cards, phonographic paper, letter envelopes, postal envelopes and wrappers, plain and ornamental paper, photographs, and all other articles for which other rates of postage are not prescribed in this table, and which are not by law excluded from the mails, 1 cent for each two ounces or fraction thereof, weight of packages limited to *four pounds*. On unsealed circulars, newspapers (whether transient or addressed to regular subscribers—excepting *weekly* papers, which may be mailed to subscribers on prepayment of postage at second class rates), and on periodicals not exceeding two ounces in weight, when any of the same are *deposited in a letter-carrier office* for delivery by the office or its carriers, 1 cent each. On periodicals exceeding two ounces in weight, when *deposited in a letter carrier office* for delivery by the office or its carriers 2 cents each.

POSTAL CARDS

may be procured at any post-office, at a cost of 1 cent each. The message etc., must be always written on the *back* of the card. UTAH AFFAIRS.

Congress and Polygamy,

Including the

POLAND BILL.

The writer has used, very generally, the language of prominent men in Utah, and has endeavored to avoid misrepresentation in any matter relating to the Territory.
