Lee Oliver has been arrested at Lewiston, Oregon, by Neil Gordon, charged with having killed the Arrowsmith stage on the night of Dec. 6th, on the Tepey grade.

Mrs. Gibbens, editress and proprietress of the Bellevue Herald, is in Boise, Idaho. She takes a live interest in the cattle now on hoof the sunflower country, investing the valley of the sole crawling Blaine and Lincoln counties. She hopes to see these sole crawlers manufactured.

St. John, Kan., News: Elders Lyon and Anderson, who have been in St. John for the past week or eight months, left Monday night for their Texas where they will spend their winter's work. They made many friends during their sojourn in the city.

A special from Silver City, Dec. 19, to the Idaho Statesman says: The sudden disappearance of John Rollinsky, of Reynolds creek, still remains a mystery. The entire county has been searched but no trace of him has been found. The sheriff and his party returned to this place late last night.

For the past few years deer have been increasing rapidly on the Gilmore cattle range, commencing a few miles southeast of Fossil, Or., and the settlers have been making farmers to good shooting, but their hopes are doomed to disappointment, as a party of sportsmen moved in this season and killed thirty-five head, a number equal to the increase of several years.

The unoccupied land in the vicinity of Grapeland, the ownership of which is still in dispute as between the Southern Pacific company and the government, is again being taken up by squatters, and within the last few weeks as many as fifteen or twenty cabins have been built, and they are all occupied by people intent on establishing possession of a quarter section of land.—San Bernardino Times-Index.

James Struve of Watsonville, Cal., has begun suit against the Western Beet Sugar company for $20,000 damages and to restrain the company from dumping pulp and waste from the sugar works on his land. He alleges that his land has been damaged and the health of himself and family impaired in the same manner, and says he will be forced to abandon his home if the dumping of pulp is permitted.

A Spokane (Wash.) dispatch of Dec. 20 says: An accident at the Fissure at Gem, Idaho, today may result in the death of two men. Thomas Noonan, Thomas Lewis and Frank Richardson were at work preparing primers and a box of powerful explosives in blasting steel in front of the three men. Lewis picked up a piece of iron, lighted it and held it to his hand. Noonan was about to stop him when a jet of fire flew off the fuse into the box of caps, causing a terrible explosion. All three men were knocked senseless and it is thought Noonan and Richardson are fatally injured.

Mr. and Mrs. J. T. Link, residents of Whittier, went to Los Angeles last Wednesday to visit their daughter and son-in-law, Mr. and Mrs. Hyer, on Central avenue near Nadeau Park. They started home in a buggy, and after going a short distance, they turned back. Just as they reached the railroad at Nadeau Park, about 6 o'clock, the Santa Fe train from Redondo struck the buggy, throwing Mr. and Mrs. Link about 150 feet, killing them instantly. Mr. Hyer who lives near heard the train stop and went to the spot to ascertain the cause and found the mangled bodies of his wife's parents. Mrs. Hyer was notified of the accident and when she arrived her grief was painful. She was almost prostrated.

Salmon Recorder: Robert Ball arrived in town Saturday from an extended trip to the Middle Park country. He brought 200 carats weight of beautiful opals. Mr. Ball sent some of the gems to Tiffany & Co., the well known jewelers of New York, and they pronounced them genuine fire opals. Several of the stones were also sent to Denver to the care of Henry R. Wood, the assayer, who submitted them to a prominent lapidary and gem expert to be cut and valued, and he pronounced them equal to the finest Mexican fire opals and valued them at $8 a carat. The find is located on a tributary of Big Camas creek. Mr. Ball thinks the field over which the gems may be found is very extensive and predicts that some important discoveries will be made in this line next season.

"I have used no other antibilious remedy for six years and know from experience that for ladies of a constipated habit nothing equals it."—Laura V. Craig, Elmwood, Pa.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., is speaking of the various ailments of children said: "When my children have croup there is only one patent medicine that I ever use, and that is Chamberlain's Cough Remedy. It contains some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croupy cough appears it will prevent the attack. It is also a great remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by druggists.

Mrs. W. J. Falsey, of Le Roy, N. Y., says: "Have tried fifty cough cures. Piso's Cough Syrup is the only one that helps me. I know it is the best cough remedy." For sale by F. J. Hill & Co., and Nelden Judson Drug Co.
