Ends Long Automobile Trip in Fine Health and Spirit.

George T. Odell has returned from an

absence of six months in Europe. He traveled in all 13,764 miles in his auto-

between this city and New York Mr. Odell went as far south as the Straits of Messina, and as far east as Berlin, but made no attempt to get into Russia. The ride west from New York was pretty good sledding" until Wyoming was reached, but there the roads were found in abominable shape. The car went into the ditch once, but was not broken. Many bridges were out, making it necessary to take long detours in crossing streams. Mr. Odell brought with him from Moline Edward Patee of the Deere company, whose father is one of the editors of the Chicago Tribune. Mr. Odell's face is a deep roay red, and his health is so well established that he expects now to reach the somewhat mature age of 56. He says the only way to see Europe properly is to see it from an automobile.

BOWMAN'S ADMONITION

Presumes That Woman is Guilty and Gives Her Some Advice

Another exhibition of the blindness f justice as shown in the police court, and the indifference manifested as to the rights of defendants, occurred this morning when the case of Mary Dorr, charged with petit larceny, was called for arraignment. The woman is ac-cused of siculing a number of articles belonging to Mrs. Mabel Y. Long, but the complaint charges the accused with taking a few trinkets valued at \$1. Mrs. Dorr pleaded not guilty and Assistant County Attorney Bowman asked that the case be set for Nov. 11, and that in the meantime the woman be released on her own recognizance. Judge J. M. Bowman made the order, as usual on motion from the prosecution, and then addressing the woman in a stern tone of voke said:

"Now you be here at the appointed time. In the meantime you had better behave yourself, because if you don't it will go hard with you."
