

A Store Full of Furniture Snaps

= A Sweeping Clearance of Odd Pieces and Small Lots From Our Regular Stock =

Here is a sale with a well defined and determined purpose—that of making room for new Fall Goods. To us it means a quick clearance of every odd piece of furniture remaining from the popular lines of the season just closing, in order to make place for the enormous shipments of new designs which have already started to arrive. To every matron of Salt Lake it means an opportunity to brighten the appearance and improve the convenience of the home with handsome articles of furniture at a mighty saving of dollars.

Our entire main floor and display windows have been converted into a vast bargain emporium, where you can make your own choice of the unlimited collections of worthy offerings. Every piece has the original price ticket marked in plain figures attached in addition to the special sale card, which makes it easy to make your own selection.

Extra salesman will be in attendance and everything will be in readiness to care for the crowds which will naturally respond to an announcement of such unusual importance. Read the lists and see what you want; then come early and pick it out.
