EASTERN.

The Alliance.

NEW YORK, 9.—In the Evangelical Conference the Rev. Dr. Prime announced that farewell addresses would be made by Rev. Dr. Schenck, in the Academy of Music, on Tuesday evening next, and that meetings would likewise be held in Tammany Hall and Steinway Hall, free to all. A German meeting the same evening will be held in the Cooper Institute. The first paper read was on "The Church and the Nation," by Rev. Freeman Lee, of London. He argued that in a Christian nation the Church and the State are identical, and there can be no alliance between them, for they are not independent powers. He believed that in future the pulpit will speak more of civil government, and that law and legislatures will feel more of the influence of religion. The judges and magistrates are the true elders of this day.

The Evangelical Alliance held a meeting to-night in the Church of the Disciples. Hon. Geo. H. Stuart, of Philadelphia, presided. The subjects for discussion were free churches on the continent of Europe, and ministerial support. Prof. Astic, of Switzerland, favored the American system of voluntary individual support of the churches.

The afternoon session of the Evangelical Alliance at Association Hall, was devoted to a free discussion of the general topics of the day in relation to Church and State. Among the speakers was the Dean of Canterbury, who expressed the belief that what was practicable in this country was not practicable for England. Bishop Simpson said the Alliance had not assembled to make a constitution for the United States nor a church for England.

Why they Failed.

Gibson, Casanovo & Co., stock brokers, say their suspension is one of the results of the recent panic. The depositors drew out their funds, and securities became unavailable, and people indebted to the house were unable to pay, and in some cases failed. Added to this, a large amount of capital was locked up in a new railroad. They express belief in their ability to pay in full.

The Stokes Case—"Murder will out."

The trial of E. Stokes for the murder of Fisk, was resumed this a.m. Judge Davis sustained the challenge to the array of jurors, and the counsel for the prisoner asked leave to withdraw it, asserting that an investigation by them showed that the panel was drawn in the usual way and without intention to prejudice the case. The work of empanneling the jury then began.

Six jurors were obtained in the Stokes case up to the adjournment of the court.

It is said that Irving will prove that Kelly, now in Sing Sing, killed Nathan with the iron dog which was obtained of a caulker in Brooklyn Navy yard; that the $10,000 in bonds, which were in Nathan's safe, were seen in Kelly's hands a few days after the murder; that these bonds were negotiated, and that Nathan's watch and chain were pawned in Centre street the day after the murder.

Total Abstinence Union.

The National Catholic Total Abstinence Union to-day gave expression to sympathy with the Holy Father, and condemned the action of the German and sub-Alpine governments in the expulsion of religious orders. The secretary's report showed that the union included 255 societies, with a membership of about twenty-eight thousand. The report of the treasurer showed a large balance in hand. Father Byrne, of N. J., was elected president for the ensuing year.

Pere Hyacinth's Views.

Pere Hyacinth's letter to the members of the Evangelical Alliance is published. He says, he is united by faith in the same Christ, the only Son of God, the Redeemer of men. You are laboring to bring together, on common ground, the different Christian confessions, which have been so sadly and until now so irremediably separate. My ambition, I confess, is still higher. Where you are satisfied with an alliance, I would desire an organic and vital unity. I believe this unity to lie in the future destinies of the Christian Church.

Henry Ward Beecher, in his address, last evening at Brooklyn, of welcome to the delegates of the Evangelical Alliance, said, "If it were an extermination of sects that was sought by this convention, if that was the philosophy, I certainly should not be of it, for I do not think it would be wise to exterminate sects, and uniting the church into one great phalanstery, any more than, it is beneficial to society to bring together all the great families into one phalanstery. We get along very well, and allow men to keep house as they want to."

Black Republicans—Resumed Greenback Payment.

The convention of colored republicans, of this State, has resolved that it is for the best interest of the colored veterans of the State to perpetuate their separate political organizations. This action was taken on the proposition that all the colored organizations be disbanded and their members join the Republican organizations in the various districts.

Some banks have virtually resumed payment in greenbacks. Mr. Camp, manager of the Clearing House, said that since the issue of the loan certificates, there has not been seen so many greenback as was seen yesterday when clearances were made in Wall St. bank. The president was spoken to on the subject and said he thought greenbacks had become sufficiently plentiful to allow of resumption; in case, however, the pressure became too great, the banks would no doubt fall back on the plan followed during the past two weeks as a measure of safety. There seemed to be no reason, he said, why the payment of legal tenders should not go on. Trade was prosperous, produce men were paying for and receiving larger quantities of grain than had been received in any time before, and the shipments of grain from the west had been greater during the past week.

Arrival of Irving—Failures—W. U. Officers Elected.

The detectives arrived this a.m. with John T. Irving, who made a statement in San Francisco that he was present at the killing of Mr. Nathan, in this city, about three years ago.

The *Evening Post* learns that the comptroller will not pay to the charges made against him by the reform association to Mayor Havemeyer.

A Washington special says that owing to the small receipts from the revenue, treasury officials say it will be necessary to issue eight or nine millions of the forty-four millions of the reserve, to meet the Government current expenses for the present month.

The board of directors of the W. U. Telegraph Co. met to-day, at the company's office, and elected the following officers: President, Wm. Orton; Vice Presidents, A. B. Cornell, Norvin Green, Augustus Schell, George H. Mumford and Harrison Durkee.

Executive committee: Wm. Orton, Jos. Harker, Jas. H. Banker, Edwin D. Morgan, A. B. Cornell, Augustus Schell, Harrison Durkee, W. K. Thorn, Norvin Green, A. H. Vanderbilt and Frank Work.

A Fire.

BOSTON, 9.—The Elliot block, Newton, owned by J. W. Bacon, was burned last night; Bacon's loss $35,000, insured $12,000. Other losses not stated.

Clearing House Business.

CINCINNATI, 9.—The Clearing House Association, to-day, decided to cease issuing Clearing House certificates, and retired fifty thousand of the half million already issued.

Cheering News.

SHREVEPORT.—Dr. Burns says the backbone of the epidemic is broken.

More Frost.

LITTLE ROCK.—Another frost this morning.

Contest for $100,000.

BUFFALO, 9.—The steam canal boats *Wm. Newman* and *Wm. Baxter* left to-day, for Syracuse, with full loads of grain, competing for the State prize of $10,000.

Destroyed by Fire.

A fire broke out this evening in the box factory of Geo. E. Page & Co., Broadway, Cambridge, which was entirely destroyed. The fire caught in the engine room, and spread to the lumber wharf belonging to the same company, where a large amount of lumber was destroyed. One hundred men employed in the building are thrown out of employment. The loss is estimated at $30,000, partially insured.

Troops Returning.

OMAHA, 9.—Six companies of the 8th infantry, and four of the 9th, returning from the Yellowstone country, came down the river on the steamer *Josephine*, this a.m.

Temperance Convention.

UTICA, N. Y., 9.—The State Temperance Convention here, to-day, was attended by only fifty delegates. No nominations of State officers were made. A platform was adopted, demanding that Congress suppress the importation, manufacture, and sale of liquor. They will vote only for legislation favorable to prohibition; they recommend the citizens of the State to unite in securing, from the next legislature, a law submitting to the people the question of prohibition, and to urge the enforcement of present laws against the Sunday traffic in liquor.

Suspended.

READING, Pa., 9.—Bushong & Bros., bankers, suspended this a.m. The bank will remain open for the adjustment of accounts. The assets will meet all liabilities.

Female Strike.

PHILADELPHIA, 9.—A number of female operatives in Campbell's mill, at Manayunk have struck in consequence of a reduction of wages and five days' work in the week; they are visiting the mills to induce a general strike.

Fires—Fever Spreading.

NEW ORLEANS, 8.—There has been a fire at 82 St. Charles St., and 82 Commercial Place, loss $10,000. Six buildings were burned on Clam street, near Jackson, loss $8,000.

Of the 63 nurses and physicians sent by the Howard Association to Shreveport, not one has taken the fever. Fifty-six nurses have been sent by them to Memphis and to-day the following was received:

"MEMPHIS.—W. L. Pike, President of the Howard Association.

"Send us thirty-five female nurses, in addition to those previously ordered. The fever is increasing. Several of our first citizens have died.

"A. DOUGHSHAFF."

Arrival of the "Polaris" Survivors

WASHINGTON, 9.—The *Tallapoosa* arrived last evening, and was anchored in the stream. No communication was permitted from shore with the *Polaris* survivors.

Examining the "Polaris" Men.

Secretary Robinson is examining the *Polaris* survivors, as to the loss of the ship and the death of Captain Hall.

The treasury reserves are now being drawn on daily to pay the expenses of the government. There is no apprehension at the department that the draft upon the forty-four millions will be very heavy in the ordinary course of business. The outstanding legal tenders are now shown to be over three hundred and fifty-six millions, and they will be reduced again to those figures at the earliest practicable moment, and it may be before the issue of the next public debt statement. The Secretary emphatically asserts that the out-standing legal tenders are not to exceed the minimum figures of to-day more than the absolute demands of the government require.

The examination of the Buddington party of the *Polaris* survivors will be made chiefly in the interest of science. The Secretary of the navy discredits the report of foul play in the death of Captain Hall.

FOREIGN.

SPAIN.

Brisk Fire.

MADRID, 9.—A brisk fire was kept up yesterday by the Republican forces besieging Carthagena. During the day many intransigente deserted. The national squadron is momentarily expected at Carthagena.

ROME.—An explanatory note, regarding king Victor Emanuel's recent visit to Berlin, is expected soon, from the Italian minister for foreign affairs, to correct the erroneous interpretation which have been given to that event.

FRANCE.

Bazaine Court-Martial.

PARIS.—In the Bazaine court-martial to-day, the hearing of M. Rivière's report was concluded, and the documents presented were read. One relates to dispatches sent and received by the accused, and shows that the intelligence of Grant's march Bazaine addressed to McMahon precipitated the catastrophe at Sedan.
