## FRAGMENTS.

NEVADA is coming.  
This city is under a cloud.  
Diphtheria and scarlatina have departed.  
Jodel Grover came up from Nephthi last evening.  
Leprosy quotations, New York, per 100 lbs., none received.  
The Mikado has been played in this city till it is played out.  
NEVADA at the Theatre Monday evening, for that night only.  
The wages are down east of here, hence no afternoon entertainers.  
MR. AND MRS. J. V. HAMILTON, of Juarez, came to the city last evening.  
B. F. CHAMBERS came up from the south on last evening's Utah Central train.  
THE Centure for December is at hand, and is an unusually interesting number.  
SALT LAKE STATE PRESIDENTS meet to-morrow, at 10 a.m., in the Assembly Hall.  
JOS. A. WEST, of Weber County, and Wm. R. SMITH, of Davis County, went to Provo yesterday.  
SEEK the advertisement as to whereabouts of Samuel Nelson, and give the information if you have it.  
SILVER quotations, corrected daily to Wells, Fargo & Co.: New York, 102 1/2; London, 47 1/2.  
THE local opera company will next attempt "The Pirates of Penzance," to be produced about Feb. 25.  
THE condition of Joseph W. McMurrian was more encouraging to-day than at any time since the shooting.  
DR. KILLIS R. SMITH proposes to open another class on the 3rd of January for the study of obstetrics. See our advt.  
THE fire alarm rung out to-day proved to be merely a chimney blaze, at 10 S. Fourth East Street. No damage.  
LIEUTENANT WILLIAM TOWN, who has been absent from the city for a long time past in the employ of the government, has returned, bringing his family with him.  
COLLIN is still a guest at the Fort, having a good time at the expense of the government. It is said that Vanderhook is inquiring about the chances for a berth up there.  
CARLTON presents "The Mikado" (the last performance of it here, we hope) at the Opera House on Monday evening. Carlton's rendition of the opera is said to be the best on the coast.  
TICKET mayor and recorder were before the grand jury this afternoon. The "others of the court" are groping blindly in their search for the "conspiracy." All they had is, their own blith.  
TICK secretary, in mentioning the donations made recently to the Desert Hospital, omitted the following: Primary Associations, Salt Lake Stake, Ellen C. Clawson, President; Burton, Gardner & Co.; W. B. Douzall and Rocky Mountain Ice Company.  
AN old time offender, known as Mrs. Brandy, was brought into the Police Court this morning, charged with being drunk and using profane and obscene language. The charge being sustained, the prisoner was fined \$25, for payment of which she will remain in the city jail 25 days.  
THE Keynote, an illustrated weekly review of music, drama, literature, art, society, and current events, published at New York, has entered upon its ninth volume, greatly improved in appearance, and fully up to the standard of excellence heretofore maintained by its journal.  
IT was announced some time since that the members of Bishop D. B. Brinton's family, of Big Cottonwood, were all suffering from the diphtheria. It was much doubted whether it was really the diphtheria they had; if so, it was a very mild form of that dreadful disease. They have almost entirely recovered.  
THE members of the Fireman's Mutual Aid Association, are hereby notified that a meeting will be held at the Fireman's Hall on Saturday evening, Dec. 5th, 1885, at 7 o'clock sharp. A full attendance is desired on matters of importance.  
BY order of the President,  
WM. R. AARAS, Sec'y.  
AT SAN BERNARDINO, Cal., on Thanksgiving night, Thomas Stanton was cooking his supper over a fire only about forty rods from a hotel, when he was set upon by four Indians who demanded whiskey. He having none to give them, was unceremoniously beaten and then left over his fire and roasted. Next morning Stanton was found near dead in the hall. He was removed to the hospital and examination showed the best on his legs (10) burned to a crisp. His injuries were fatal.  
THE criticism that appeared in the morning papers on the Nevada concerts were peculiarly humorous, providing a lot of amusement to the audience. If Dr. Palmer talked at all of the people of the San Francisco critics, the local critics referred to must have made him feel like buying a dynamite gun was worth it to break records. Poor Doctor! But, no happy reporter for him and his state to a word during the day, when he was to sing in the evening (and as he often sings)—*—see Los Angeles Express—*  
THE Butte Miner, in an article denouncing few denials and illegal fees, says: "The difficulties in the way of successfully breaking up any long established corrupt system, are greater than most people imagine. Especially is this the case in the courts, because, first, the judges have so long, like the lawyers, tolerated illegal practices by their subordinates, and, second, the whole affair, and promised to be honest in the future. Sentence was suspended."

## LOCAL NEWS.

THE Second District.—The Second District Court convenes on Monday next at Beaver. There are several important cases coming up, among them those of Orin, convicted of murder in the first degree, and granted a new trial; two polygamies cases, against W. G. Bickley and William Robinson respectively; and some six or eight unlawful cohabitation cases. Judge Boreman left for Beaver this morning. Mr. Denby, who defends several of the parties to be tried, goes on Sunday. It is expected that the session will last out the year, and that the docket will be cleared.

Help for the Needy.—In a good many of the wards and settlements of this Territory a custom has prevailed for some years past of calling upon the young men to turn out with their teams upon a given day in the fall of the year, and haul wood for the purpose of supplying their old and decrepit and poor neighbors with their winter's fuel. The alacrity with which the young men invariably respond to such calls, and their goodness of heart, and the hard work involved in procuring wood from the mountains is rendered almost a pleasant pastime by the cheerful manner in which they go about it. And then after the wood has been procured another "bee" is engaged in for the purpose of cutting it up and piling it away in convenient shape for winter use, which is generally followed by a public feast for the young men, prepared by the young ladies of the Ward. A number of those wood-hauling "bees," generally under the auspices of the Young Men's Improvement Associations, have already taken place this year in the surrounding settlements, the last we have heard of being in the Big Cottonwood Ward, and we recommended the young men in other Wards to go to and follow the worthy example, and not defer it too long, as the snow upon the mountains admonishes us that what carbon work remains to be done this year, ought to be done in a hurry, and if the poor people are not soon supplied with the necessary fuel they are likely to suffer from the cold.  
This system of the young men to help the few who are needy might very properly be extended to other matters than the supplying of fuel. There are a great many families in our community at the present time who have heretofore been in a position to help others rather than to require help, but who are now deprived of their chief means of support; and they should be the objects of care on the part of both young and old who have it in their power to supply their wants and extend to their assistance in various ways, and it should be done in such a way as to leave no one feeling that they are objects of charity. Help extended to such in a proper spirit proves a double blessing—the giver is equally blessed with those to whom it is given.

A Suicide.—We mentioned yesterday that a young woman known by the name of Beatrice, staying at a house near the Metropolitan Hotel, had taken morphine with suicidal intent. Her full name is Mrs. Beatrice H. Raynor, and it appears that she has been in poor health for some time past, part of the time being in the Sisters' Hospital. Her husband, to whom she was married in Idaho in February last, had also evidently abandoned her, and her domestic troubles added to her illness, drove her to commit the rash act of taking her life. There could be no doubt as to her intent, as she left a note addressed to a lady who occupied the same house in which she acknowledged it, stating as her reason that she could not bear to suffer longer as she had done during the last nine months. She took about fifty grains of morphine in a dry state, and though efforts were made as soon as it was discovered what she had done, to save her life they were fruitless. She expired about 4 o'clock yesterday afternoon without being able to talk. There being no doubt as to the cause of her death it was not thought necessary to hold an inquest.  
She was about 22 years of age and her parents reside in St. Joseph, Missouri, where she lived until about three years since, when she came west.

A Useful Missionary.—Among the missionaries who have recently returned from Europe was Elder Joseph A. Smith, of Providence, Cache County. He had been absent most of two years, during most of which time he labored in the Swiss and German mission. Part of that time he served as Secretary in the office at Bern, and the other part in active service in the missionary field in various parts of Europe and Asia. He had the advantage of a good education and ample acquaintance with English literature as well as a knowledge of Greek and Latin, and he entered upon the study of the German language with a zeal that secured success. He learned to speak it like a native and was often taken for a German. He was much blest in his labors and had the privilege of going down into the waters of baptism with over sixty persons. He assisted in starting new churches in the city of Berlin over which District he presided, and obtained in his ministry a certain testimony of the divinity of the cause in which he was engaged. He has returned to his family and friends in good health, we trust for a long career of usefulness, as he is yet a young man and blest with abilities and experience which can be made a power for good under the influence of the Gospel. We bid him welcome home.

Star Valley. By communication from "A. C. of Alpine Valley," we learn that the first Sabbath meeting in Star Valley was held on the 15th of last month, at which a letter from the President of the Bear Lake Stake was read, authorizing Charles D. Cazier to preside over the latter day Saints residing in that and the adjoining valley. The vote to sustain Brother Cazier in the position was unanimous. He then counseled the Saints to draw near to the Lord and if any difficulty or difficulty existed between them to make it right immediately, so they could all partake of the sacrament worthily on the following Sunday. A good spirit prevailed throughout the meeting.  
That valley is now said to be peopling a boom, as people are flocking in there from all quarters. Those who are not prepared to remain permanently go away with the determination to return as early as possible in the spring. The residents here are long to be favored with mail facilities.

Third District Court Proceedings.—In the case of H. Brischner vs. J. K. Gillespie, yesterday, a motion to vacate and set aside judgment was allowed, on payment of all costs to date. Laura Crocker vs. Isabella Brunker, heretofore submitted; judgment for defendant for property, and in favor of plaintiff for costs.  
Louis Nadle et alvs. M. H. Lipman et al.; motion to re-tax costs overruled.  
Miles Mix was sworn in as bailiff.  
The grand jury reported one indictment found under Territorial laws.  
Mary M. Bevis vs. Charles Crow et al.; Court allowed a continuance for the term at plaintiff's cost.  
In the suit of Geo. H. Knowlton et al. vs. Henry J. Hayward et al.; motion to reinstate case overruled, the Court being of opinion that the party is not entitled to an appeal.  
James Thompson vs. F. Cronson et al.; plaintiff enters a motion to dismiss the action.

DAN HENRY, the boy who stole the money from the 17th Ward meat market, was before Justice Speirs to-day. The boy made a clean breast of the whole affair, and promised to be honest in the future. Sentence was suspended.

Run Over.—A young man by the name of Heber Anders, who resides in Big Cottonwood Ward, while attempting to stop a span of fractious horses in their endeavor to run away, last Wednesday, was knocked down and run over by the wagon, receiving such severe injuries to his foot and leg as to temporarily disable him, though it is thought that no bones are broken.

Home-made Lozenges.—Dr. E. L. Plant, the herbalist, whose office is on First South Street, is the maker of a kind of lozenges that are highly recommended as a remedy for coughs, colds, sore throat and croup. They are a pleasant taste, and if they are as efficacious as those claim who have used them they ought to be patronized in preference to imported nostrums.

The Lechers Alarmed.—The persistent efforts of the city council to suppress vice in our midst, meet with more rebuffs than rewards so far; but this only stimulates them to renewed effort, and that something will be done, in the absence of such intervention as occurred before, is well assured. The matter is of too much consequence to be trifled with, and our local authorities appreciate this fact fully. Threats of implacable wrath, and of no avail; it is now a question of maintaining what little of law and order in our midst the District Court will permit. We will hear of something soon.

Disappeared.—The Butte Miner gives an account of the mysterious disappearance, on Thanksgiving Day, of Chris. Jurgensen, a young man engaged in ranching. The missing man went from his home, in Anaconda, Montana, on the 26th ult., taking along with him a cow, which he sold for \$80. After spending the day in town he started for home, and has not been heard of since. The following Saturday the neighbors searched for him, but no trace could be found of the man or of his horse or dog, and the general belief is that he has been murdered, his horse stolen and his dog killed. Jurgensen is said to have been about 20 years of age, sober and industrious, and the only support of a widowed mother.
