

ference to the English extraction of Waddington the French Premier. The charge preferred against the archbishop is what is called an "abus," that is an act exceeding his proper functions, a form of procedure applicable only to state functionaries. The government, it is semi-officially stated, has placed no obstacle in the way of the protest which the bishops thought proper to publish in the shape of petitions or pamphlets, but is quite resolved to prevent these controversies from arising under the form of pastorals destined to be read from the pulpit, and to introduce politics into the exercises of religious worship.

OTTAWA, 26.—The Chinese committee sat to-day. So far, only residents of British Columbia have given evidence. They are strongly opposed to Chinese immigration. A member of the committee proposed to-day that the leading Chinamen should be examined, but the committee decided that the session of parliament was too far advanced to permit of it.

LONDON, 28.—The journal *Des Debats*, states that France and England sent a dispatch to Constantinople replying to the Sultans offer to depose the Khedive, taking due note of the offer and asking the Sultan to allow them to reserve the acceptance.

On the other hand, the London *Observer* says: The British government declined the Sultan's offer.

Le Temps says: The Anglo-French note to the Khedive does not bind him to dismiss the European ministers without the consent of France and England.

The *Times* Paris dispatch says: English and French agents in Egypt have been instructed to represent that their governments regard the good administration of Egypt as indispensable to their interests, and they therefore invite the Khedive to comply as promptly as possible with their demand and hand the portfolios of finance and public works to the English and French ministers. The communication does not forbid the Khedive changing his European ministers without consent of the two governments.

The *Times*' correspondent adds: It is thought the Khedive will yield.

The *Standard's* Rome special says: It has been heard from the Vatican that the Pope has asked foreign governments whether he could rely on their protection in the event of an attack upon the Vatican by the republicans. Some powers have replied affirmatively.

The *Post's* Berlin special says: The announcement that Germany has designated Captain Zensch, a distinguished naval officer, as Consul-General to Samona, is much commented upon. The government, without intending to annex the island, is finally resolved to prevent the Americans establishing their sway there to the detriment of other nations. A dispute between Germany and the United States is not impossible.

The *Times*' correspondent telegraphs from Simla: "Yakoob Khan is protracting negotiations, but the best judges here are fairly confident he will agree to receive Major Cavanaugh, and that a peaceful settlement, rendering an advance on Cabul unnecessary, will be the result. The Khyber column is now believed to be capable of advancing on Cabul if necessary."

Telegrams from India speak of the complete break down of the quartermaster and commissary departments. The Khyber column, now at Jellalabad and Gandamah, owing to a lack of transportation, will, it is said, be incapacitated for offensive operations. The garrison of Candahar is in a very similar position. In consequence of these failures the control of the transport has been transferred from the commissariat to the commander of the column, the chief commissary merely advising and assisting. This effects a radical change in Indian military system.

A Peshawar dispatch says: Everybody from the General down is tired of the war, which brings endless discomforts and no glory.

JUAB STAKE CONFERENCE.

The quarterly conference of the Juab County Stake of Zion, was held Saturday and Sunday, April 19th and 20th, 1879.

Saturday, April 19th, 10 a.m. Present on the stand, President John Taylor; Elders A. P. Rockwood, John Van Cott and Wm. W. Taylor, of Salt Lake City.

President George Teasdale and Counselor K. H. Brown, Patriarch Jacob G. Bigler, sen., Members of the High Council, the bishops of the several wards and their counselors.

After singing and prayer, the clerk read the statistical and Sunday School reports, and the Bishops reported their various wards in favorable condition. President Teasdale remarked that notwithstanding the local improvements by way of a vestry added to the Tabernacle, and the building of a co-operative mill, amounting to nearly \$15,000, there had been no decrease in tithing, the faith of the Saints being demonstrated by their works.

President John Taylor was pleased to hear the good reports given by the President and Bishops of the Stake. Instructed the officers of the Stake in their duties, exhorting them, by fatherly kindness, humility, and love to unite the Saints together, and if there were any who were inclined to go astray, to endeavor by long suffering and kindness to show them the right way and keep them within the fold. Exhorted the Saints to prayerfulness, that they might have the Spirit of the Lord among them, to have no hard feelings one against another, but to promote harmony in all their dealings. Portrayed the duties of the officers of the Church, from the the greatest to the least, showed that all were necessary in order to form the perfect body of the Church, and that each should be honored and respected in their place and authority.

2 p.m. After devotional exercises, Elder John Van Cott addressed the conference. Showed the beauties of the organization of the church and kingdom of God, the advantages that the Latter-day Saints had over the people of the world, the Latter-day Saints being taught by those who are inspired of God, etc.; the responsibilities of parents to teach their children correct principles; eulogized the Nephi brass band on their sweet and soul-stirring music at the laying of the corner stones of the Manti Temple and also during this conference; exhorted the Saints to cultivate the spirit of union, that they may eventually become prepared to enter into the United Order.

Elder William Jennings spoke on co-operation; showed that it had proven a success and had been a great benefit to the people; also of the advantages the young people have to-day in being instructed in the principles of righteousness.

President John Taylor demonstrated how the people had been blessed by co-operation at various times and under various circumstances; spoke at some length upon the Board of Trade and encouraged the Saints to become self-sustaining.

Sunday, April 20th, 10 a.m.

After the usual exercises, Elder A. P. Rockwood impressed upon the minds of the Saints that the coming of the Son of Man is near at hand, and the necessity of the gospel being preached in all the world; showed the duties of the Seventies, and exhorted the young to study the Scriptures and all good books, preparing themselves for the ministry, etc.

Elder Wm. Paxman, of American Fork, spoke of the different circumstances under which the Saints had heard and received the gospel, and the intelligence which they had received through obedience.

President Teasdale then presented the general and local authorities of the Church, which were unanimously sustained.

At noon the dedication of the Tabernacle vestry took place.

There were present during this service—President John Taylor and visitors, the Presidency of the Stake and the High Council, Patriarch and Presidency of the High Priests, the Bishops and representatives of all the Quorum and Societies and Associations in the ward. The services consisted of singing, and remarks by President John Taylor, who also offered the dedicatory prayer.

2 p.m.

After singing and prayer, President Teasdale read from the Doctrine and Covenants, commencing at page 283 to end of section, during which time the Sacrament was administered.

President John Taylor occupied the afternoon on the dispensation of the fulness of times; referred to the first vision of Joseph Smith, the visitation of Moroni, John the Baptist, Peter, James and John, Moses and Elijah, with the keys of the Priesthood they held, and referred to the experience of the Elders since the restoration of the gospel, their experience proving the correctness of the promises given therein; spoke very encouragingly to the Saints and exhorted them to live and practice the principles of righteousness, magnify their callings and sustain every correct principle; referred to the labors performed on the Manti and Logan Temples and the increase of faith manifested by the works of the Saints; exhorted the Saints to live in love and union in family and social relationships, and invoked God's blessing upon them.

Benediction by President George Teasdale.

WM. A. C. BRYAN, Clerk.
Nephi, April 22nd, 1879.

SHORT AND SHARP.

A man being asked by his neighbor how his wife did, made this answer: "Indeed, neighbor, this case is pitiful; my wife fears she will die, and I fear she will not—which makes a desolate house."

A son of the Siamese twins is achieving high honors in an eastern college, which leads a funny man to ask: "Why shouldn't he rise in the world? His father was well connected."

"One half the world don't know how the other half live!" exclaimed a gossiping woman. "Oh, well," said her neighbor, "don't worry about it; isn't your fault if they don't know?"

Old lady (to boy dragging a child along)—"Ah, you bad boy, dragging a child along like that! S'posin' you was to kill him?" Bad boy—"Gah! Don't care. Got another in doors."

A little five-year old boy, who had seen a peacock for the first time, ran into the house, exclaiming to his sister, "O Lizzie! I've seen a great, great, big monstrous tail walking around with a hen tied to it."

Ehrich's Fashion Quarterly.

Ladies of limited incomes—and in these hard times most ladies will readily acknowledge their inclusion in that category—will find it a great advantage to be able to plan all their purchases for the spring season at one time; a dollar spent judiciously, and in pursuance of a settled scheme, often accomplishing more real work than two dollars expended on the spur of the moment to meet some want which might easily have been foreseen and avoided.

To aid its subscribers in thus systemizing their shopping appears to be the chief object of *Ehrich's Fashion Quarterly*, of which the spring number is now on our table. Everything that a lady can possibly need for the spring season has a place under its proper heading, where it can be found without difficulty, and where the reader can see at a glance, what changes fashion has decreed, what stuffs and tints are likely to be most worn, and at what prices her wants can be supplied.

The literary portion of the magazine is very praiseworthy, containing a careful choice of pleasing fiction, interesting and instructive articles on dressmaking, housekeeping, etc., poems, humorous and entertaining sketches, chit chat for the little ones, etc.

Published by Ehrich & Co., 287 to 295 Eighth Avenue, N. Y., at 50 cents a year, or 20 cents a single number.

Important to Wool Growers.

I take pleasure in announcing that I am making a pure "TO-BACCO SHEEP DIP" from the best Kentucky Leaf, which makes an article of uniform strength and purity, without the addition of poisonous substances, and should be diluted 100 parts to one (although safe to use at any degree of strength) for dipping sheep.

This dip is convenient for use, as it only requires water to dilute it. As tobacco is so well known to wool growers who have used the same, I can only add that I have it in this convenient form for them—put up in one and five gallon tin packages, sealed tightly.

Order either of my Sheep Dips, viz.:

Concentrated Extract of Tobacco, Also, Non-Poisonous Sheep Dip.

WERE man to conform more to the laws of health and of nature, and be less addicted to the gratification of his passions, it would not be necessary to advertise Fellows' Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightenment would indeed be marvelous.

THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchitis Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle, 25 cents.

THE WORLD'S CHOICE.

Competent judges representing the civilized people of the world, appointed for the knowledge of particular arts or sciences, convened at Philadelphia for six months to decide upon the comparative merits of the various inventions of mankind, awarded to the manufacturers of Benson's Capeline Porous plaster, the highest and only medal above all foreign and American competitors, on the ground of its great strengthening and curative properties. Remember that this decision was made by four practical and skilled physicians.

Remember when you are suffering from any ache or pain that Benson's Capeline Plaster is the best remedy ever devised for all external difficulties. Sold everywhere. Price 25 cents!

ASK THOSE WHO KNOW Ask your physician if Benson's Capeline Porous Plaster is not the best Plaster in the world. It has a better reputation among physicians than any similar article known. Its superiority to the old style of porous plaster is very marked. eod&w

IT is astonishing with what rapidity ulcerous sores and eruptive maladies are cured by HENRY'S CARBOLIC SALVE, an external antidote to unhealthy conditions of the skin which is preferred by physicians to every other preparation containing the carbolic element. It is undoubtedly the finest antiseptic and purifier extant. It acts like a charm on purulent eruptions and has also been successfully used for rheumatism and sore throat. All druggists sell it. eod
