

KERENS TALKS OF THE SAN PEDRO.

Says There is Nothing in Story of Transfer to the Harriman Syndicate.

PAYS A TRIBUTE TO HANNA.

Says He Was a Great Man and That His Death Was a Great Blow to the Capital and Labor.

R. C. Kerens, vice president of the San Pedro, Los Angeles & Salt Lake, accompanied by General Manager Wells and other San Pedro officials, returned this morning on the special which has been down to Calientes on an inspection trip.

When seen by the "News" and asked for an interview Mr. Kerens said: "There is no mystery whatever to be attached to my visit here. I have been out west for a month past looking over the situation and seeing just what has been accomplished in the way of construction since my last visit here. I have been out here at intervals for the past 14 years and since my first visit I have been trying to interest people in the project of building the line which is now nearing completion. I want to see this thing go through."

"No," said he in answer to a question, "there is no truth whatever in the fairy tale that we have sold out to Harriman, or anyone else. That story has been up at intervals and apparently originates in Salt Lake. We have become so used to it that we do not take any notice of it."

Mr. Kerens was then asked to approximately name the date when the contract would be let for construction across the gap of the Nevada desert from Las Vegas to the Colorado river. He intimated that there was nothing to give out in this connection. "I do not see," he declared, "why that contract should worry the Salt Lake people any more than it does us. We are working like blazes on the construction, have all our material purchased and everything looking good."

Then changing the subject he said: "But it is the harbor situation and the work which is being accomplished at San Pedro that pleases me. Everything is in splendid shape. It is the best thing of the whole proposition. No, I am not in politics this trip; I left politics behind when I came west."

TRIBUTE TO SENATOR HANNA.

The national Republican committee man then went on to state that the country had lost a great man when Senator Mark Hanna passed away. "The death of Senator Hanna," he declared, "was an awful blow. It was a sorrowful thing following his declaration that he would devote the remainder of his life to bringing capital and labor to a better understanding of each other that Senator Hanna should be taken. It was his outlined task also to bring America's mercantile supremacy on the seas, to bring back the commerce to where it was in the old days when America owned the majority of ships plying to and from her ports. Then we would have been able to man them with our young men instead of sending them west, where they will soon not be room for them to expand if the west continues to build up as fast as it is now doing."

From Senator Hanna, whose presidential boom Mr. Kerens has been accused of launching, the conversation drifted to the next Republican presidential nominee. The question as to who would get that honor brought forth a very diplomatic answer. Mr. Kerens underlined the word "democratic" in the blue eye denoted otherwise. "That is the most fool question I have heard a man ask," he said, "one that a Democrat alone would ask."

Mr. Kerens declined, however, to commit himself. "I am not talking politics on this trip," he reiterated with emphasis as he bolted for the elevator and sidestepped the next question as to Perry S. Heath's resignation.

Accompanying Mr. Kerens in his private car "Rainbow" are S. A. Beams, the St. Louis millionaire bag manufacturer, who was one of the original incorporators of the San Pedro road and held an interest in the old San Pedro terminal road, which sold out to Senator Clark, Geo. E. Scott of St. Louis, and R. C. Kerens, Jr.

SPIKE AND RAIL.

The report previously printed in the "News" to the effect that the Oregon Short Line trains now coming over the Union Pacific at Granger, will run through to Green River, has once more been revived.

The general offices of the railroad companies here will be closed on Washington's birthday, while the ticket offices will observe Sunday hours, from 9 a. m. to noon.

The Twenty-seventh Infantry from San Francisco for the east pass through Salt Lake tomorrow on the Rio Grande. Traveling Passenger Agent H. M. Cushing will chaperone the specials through to Denver.

Two companies, six officers and 130 enlisted men of the Twelfth at Fort DuChesne, will be brought into Salt Lake by the Rio Grande on Tuesday when they will join the Fort Douglas troops on their way through to the Philippines.

The Rio Grande will run a special to Ogden on Monday on the occasion of the bull fight.

UNIVERSITY CLUB BANQUET.

Something of Its Toasts, Responses, Menu and Other Good Things.

The University club of Salt Lake will hold its thirteenth annual banquet this evening at 7:30 o'clock, in the dining hall of the elegant new clubhouse on east South Temple street. One hundred members or over will "sit down to meat" at handsomely decorated and arranged tables, to discuss and delectate the following menu: New York roast, tips olive, coleslaw, consommé in cups, ribbon sandwich, salted almonds, grilled striped bass, chicken patties, French peas, almond pudding, larded tenderloin of beef, mashed potatoes, shrimp salad (Mayonnaise), Niagara loess, dream cake, Rouffout cheese, Ben's biscuits, coffee. The wines will be cocktail, sauterne, claret and creme de menthe.

The toasts will be as follows, with President Lyon as toastmaster: "Toastmaster" (Knocking within-after Shakespeare), Frederick Lyon; "George Washington" (The progenitor of Carle Nation), E. S. Perry; "University Club" (The convulsive faculties immersed in nocturnal cogitation), Rev. E. J. Goshen; "Churchgoers" (Let's to billions), W. A. Wilson; "Husbandry" (I am the marrier and the mander you know me), Capt. S. D. Sturgis.

Will You Help A Sick Friend? Get My Book For Him Now.

Which shall I send? Book 1 on Dyspepsia. Book 2 on the Heart. Book 3 on the Kidneys. Book 4 for Women. Book 5 on Rheumatism. Book 6 on Rheumatism.

Send me no money. Only tell me which book to send. You certainly know of some one who is sick—some sufferer who will be grateful for the help my book offers.

And that book tells of a way to help. Tells of a way so certain that I, as a physician, offer that help on trial. The book tells how, for 30 years in hospitals and at bedside I searched for a way to cure deep-seated and difficult diseases. It tells how I perfected my prescription—Dr. Shoop's Restorative. How by scientific experiment I traced out the causes that bring on chronic diseases.

I found invariably that where there was a weakness, the inside nerves were weak. Where there was a lack of vitality, the vital nerves lacked power. Where weak organs were found, I always found weak nerves. Not the nerves commonly thought of, but the vital organs' nerves. The inside—the invisible nerves.

This was a revelation. Then my real success began. Then I combined ingredients that would strengthen, that would vitalize, these nerves. That prescription I called a restorative. It is known the world over now as Dr. Shoop's Restorative. After that I did not fail to cure one case in each hundred. In the extreme cases, my failures for five years were one in each forty. I found cancer incurable. Cancer is for surgery, not medicine.

Then how to get this prescription to sick ones everywhere was my thought. I must announce it in the public press so that all would realize the real truth of my discovery, the real power of Dr. Shoop's Restorative. Then a way came to me—like an inspiration. "I will offer it to the sick on trial. Then they will know I am sincere—that my prescription is unusual."

I wrote a booklet, drugged in each city and village in America. They agreed to co-operate with me. Now by any sick one.

Dr. Shoop's Restorative

Can be taken at my risk. For a full month I will let you use it entirely at my risk.

Send no money. Just write me for the book you need. When I send it I will tell you of a druggist near by who will permit the month's trial. Use the Restorative a month. Then decide. If you say to the druggist, "It did not help me," that will relieve you of any expense whatever. He will bill the cost to me. This is my way of clearing your mind of all doubt as to what Dr. Shoop's Restorative can do.

No matter how protracted, you cannot dispute this absolute security I offer. You cannot say in effect like this: "If you are at all sick, if you have a weakness, write me. If you can't do things like you used to do them, tell me about it. Write in confidence. As a physician I will tell you a way to help. Get my book now—today. Address: Dr. Shoop, Box 718, Racine, Wis."

Mild cases not chronic, are often cured by one or two bottles. At druggists.

U. S. A.: "Reminiscences" (Should add acquaintance he forgot?), Hon. George L. Nye; "Love's Labor Lost" (Out of the abundance of the heart the mouth speaketh), Senator George N. Lawrence. The menu card is got up in bond paper, such as college degrees are written on, with the coat of arms of the club on the colored cover. It is one of the most attractive and artistic things of the kind ever to appear in this city.

Following the toasts are four contrived (not revival) songs, to be sung at the call of the toastmaster, and it is stated that Christensen's orchestra will be heard, but not seen at the banquet. This is to be the first annual banquet held by the club under its new name and, every member will want to be there.

PROF. CLARK COMING BACK.

Noted Chicago Educator Will be Heard in Salt Lake Again.

The impressions made by Prof. S. H. Clark, the professor of rhetoric in Chicago University at the time of his appearance in this city last year, were so favorable that he has been invited to lecture here again, and he will begin a series of 18 public addresses in Barratt Hall on March 14 next. The professor appeared here under the joint auspices of the state university, the city schools and the Ladies' Literary club, and he will return under the same auspices. That there will be a large turnout of people to hear him goes without saying.

"FORD" NOT "MILLER."

Mistake Was in Warrant of Arrest—Newspapers Not to Blame.

An item appearing in last evening's "News" under the heading "Hotel Man in Trouble," concerning the arrest of John R. Norris, of the Ford hotel, and his arraignment on the charge of embezzlement, an injustice was done to the proprietor of the Miller hotel. In the statement that Norris was the proprietor of the latter place, the mistake was made through an error which appeared on the warrant of arrest which read Miller hotel, instead of Ford hotel, and was through no fault of the "News."

MISSIONARIES HOLD REUNION.

Pacific Islanders Have a Most Enjoyable Time at Granite Stake Tabernacle.

OLD MEMORIES ARE RECALLED.

President Joseph F. Smith Tells of His Experiences on the Sandwich Islands.

The Pacific Islanders had a very enjoyable time at the Granite stake tabernacle last night. About 600 people were present, including President Joseph F. Smith, President Frank Y. Taylor, John T. Caine, James H. Anderson and many other prominent Elders with their families.

A male chorus rendered "Home Love" very beautifully, after which President Taylor welcomed all, and expressed the hope that those present would have an enjoyable time.

B. Morris Young humorously entertained with an old man's political speech, and was followed by Chairman John T. Caine, who said he felt sure these gatherings were productive of love, friendship, and better acquaintance with the Elders and their families. He interestingly reviewed some of his missionary experiences, calling attention to Nathan Tanner, who was the oldest missionary present, he being on the way home from his mission when Brother Caine and others were on their way out.

Adelbert Beesley, accompanied by Beesley's orchestra, rendered "Studying waits on the xylophone." This number was so applauded that another piece, "Ben Hur," was rendered. Benjamin Goodard, of the general committee, said he was highly pleased with the program. In his remarks he pleasantly referred to his experiences among the Maories, and concluded by telling a funny story.

President Joseph F. Smith took the audience back 50 years, graphically relating experiences on the desert on their way to San Francisco. When they landed in the Sandwich Islands, said he, the people received them very kindly. An old native lady adopted him, calling him her son. The naval and military gentlemen and kind, and undoubtedly of the House of Israel. All who go there should be proud of it. He referred to his mission on the islands as the most striking and important one of his life. At the conclusion of his remarks, the chairs were removed, and all present participated in an old time social dance.

SEVENTIES' REUNION.

Second Quorum Has an Enjoyable Time in the Fifteenth Ward Hall.

Last evening in the new Fifteenth ward amusement hall, the Second quorum of Seventy held an enjoyable reunion, well attended by members of the quorum, their wives and sweethearts. The function was presided over by President Thomas Hull and an excellent program was rendered consisting of songs, recitations, instrumental music and old-time dancing. Among those who took part on the program were the Misses Josephine Morris, Vera Jones, Miss Ashton, Gus Bachman, Jr., and the Ashton quartet. Tubbs were set on the stage and during the evening delicious refreshments were served to all present. Besides members of the quorum there were present the ward highpriests and Elders Joseph E. Taylor and Charles W. Penrose of the stake presidency.

TO DIVIDE ELDER'S QUORUM.

A special meeting of the Fourteenth quorum of Elders is called for Monday, Feb. 23, in the Fifth ward meeting-house, at which time the quorum will be divided and re-organized. As the matter is one which concerns all members of the quorum, all the Elders residing in the Fourth, Fifth, Twenty-sixth, Thirtieth and Cannon wards are urged to be present on that occasion.

Word has been received in this city to the effect that Lee Richards, J. T. Harwood, A. J. W. and Miss Louise Richards and Hon. Young Utah students studying art in Europe, have been granted permission to exhibit their work at the world's fair. The same advice state that Mr. Richards has been appointed an associate member of the October salon in Paris, a distinction rarely granted, especially to foreigners. Miss Richards is now on her way home and will likely reach here in the course of two or three weeks.

PRESIDENT CANNON'S HEALTH.

President Angus M. Cannon has been suffering for several days—and nights, from a severe attack of sciatica. He has ventured from his home to attend important meetings connected with irrigation affairs when he should have been taking care of himself in quiet. His friends need not be under anxiety on his account, as his ailment, though painful, is of local and will probably soon be removed. We make this announcement to answer many inquiries. It is not badly sick as imagined, and we hope and expect he will soon recuperate.

RUSSIAN AMBASSADOR LEAVES LONDON.

London, Feb. 20.—Count Benckendorff, the Russian ambassador, left London today for St. Petersburg. The afternoon papers made a sensation out of his departure, connecting it with rumors that the czar was displeased with his ambassador at Washington and London, and with his minister at Tokyo, owing to the recent turn of events and out of baseless rumors of threatening European trouble.

The Russian embassy said positively that Count Benckendorff had been in St. Petersburg for three days to bid farewell to his son, who is going to the far east with his regiment. The embassy added that the ambassador's journey was in no way connected with his position as ambassador. The foreign office here confirms this.

The uneasiness exhibited on the continent in regard to the possibility that a European war may ensue from the struggle in the far east, was not shared by Great Britain. No power has made such complete naval preparation and every contingency and yet nowhere is confidence greater that the hostilities may be confined to Russia and Japan than it is in London. The naval and military preparations announced from continental capitals are regarded here as being mere compensating measures which any power must adopt.

It is also thought that the full in the actual war news has led European respondents to employ their spare time in exaggerating the continental action and in applying such as have been actually taken to erroneous motives. The latest of these, that Great Britain intends to seize Spanish ports in the event of war has not even the semblance of probability.

The Associated Press learns that at the present moment Spain and Great Britain are on the verge of concluding an arbitration treaty and that in other ways their diplomatic relations are closer than they have been for years past.

At the Spanish embassy here it was emphatically declared that the movements of Spanish troops were simply precautions that all nations must take when one of the great powers is involved in war. At the foreign office it was stated that the Spanish belief is entertained that no other European power will be involved, least of all Spain, which has no direct or indirect interest at stake.

"All the rumors," the foreign office said, "that European complications are in sight are quite baseless."

AN ELECTRIC CAR HAS A RUNAWAY.

One in Pittsburgh With Brakes Off and All Aboard Had a Terrible Time This Morning.

Pittsburg, Pa., Feb. 20.—A blazing Larimer avenue electric car with all brakes off and with 20 passengers aboard, racing at a terrific speed early today from Grant almost to Market street. For 15 minutes after the car came to a stop, it blazed like a furnace. Four of the passengers were seriously hurt and Dorothy Greenup, who was internally injured, was taken to the hospital. As the car was stopped, several persons were still aboard although the car was more than half ablaze. E. J. Thompson, who was driving the car, was dragged with him a colored woman. He was severely hurt. The car was almost entirely consumed.

PARIS BOURSE EXCITED.

Reports of World Complications Were the Cause.

Paris, Feb. 20.—Wild excitement prevailed on the bourse today as the result of startling, contradictory reports concerning possible world complications growing out of the war. These rumors included the prospective mobilization of the German and French armies. The evening papers also said that serious influences were exercised by the report of difficulties between the United States and Russia in consequence of the refusal of Russia to grant an expatriation to Mr. Morgan as United States consul at Dalny. Financiers asserted the market was in such a sensitive condition that the slightest rumors were taken up and might lead to serious complications. The financial authorities claimed that not since 1882 has a scene occurred on the bourse like that of today. Almost from the opening the leading securities began to fall. Russian rentes were particularly affected. French rentes also dropped, as did other foreign bonds.

SPAIN GETTING READY.

Four Regiments Are to be Sent to the Balearic Islands.

Madrid, Feb. 20.—Two regiments of infantry at San Sebastian and two regiments at Pamplona, are held in readiness to start for the Balearic islands. War Minister Linnes has also sent a circular to the military authorities ordering the recall of all soldiers on furlough and to retain with the colors men whose service terminates March 1. These measures caused considerable excitement which was not diminished by the rumors which continued to circulate in spite of official denials, that this military activity was due to a warning from a European power to the effect that in the event of a continental war Great Britain intended to seize ports on the Spanish coast.
