SECOND PLACE.

(Continued From Page One.)

Jones of Arkansas brought back Arizona to Sewall. California gave 18 votes for the Maine Democrat. The chairman of the delegation said: "California thinks the time has come when a New Englander may stand to proceed on the ticket." Indiana gave a big surprise to the McLean contingent by casting 30 votes for him. Iowa followed immediately with 24 votes. Michigan came into the Sewall column with 28 votes, but Mississippi put in 18 for McLean. The Utah delegation gave its vote for Sewall. Ariz. gave Michigan returned her vote to McLean.

Governor Hogg came forward after the result of the third ballot had been announced. He thanked the convention for the honor it had shown his state. Then he continued: "I am in receipt of a telegram from Mr. Bryan. He says unmistakably that he would rather it anyone and impossible to nominate than candidate from west of the Mississippi river. He directs me to say that the nomination of Bryan for his name and heavy applause, and he thinks the nomination for Vice President should be made for one ticket alone, and that to strengthen the ticket. Accordingly he desires his name withdrawn."

The Illinois men cheered.

FOURTH BALLOT.

The progress of the fourth ballot was watched with intense interest. Georgia shifted her 26 votes from Bland to McLean, and the cheering began of the Oregonian. Vermont's addition to McLean's strength was greeted with applause. Missouri cast 34 for Sewall, Oregon changed from Bland to Sewall, Texas and West Virginia threw their votes solid for Daniel, as did Wyoming.

The center had narrowed down to a race between McLean and Sewall. The delegations who were out for compromise filed in. Intense excitement prevailed.

Alabama cast 22 votes for Sewall but when John Fowler of Illinois announced that Illinois cast 48 votes for McLean there was a scene of wild confusion. Men sprang about Illinois standard. Ex-Congressman Fithian jumped on a chair and in the face of white passion. "We cannot afford to nominate that man," he shouted, "as the platform we have adopted. I challenge the vote of the delegation."

The convention was in an uproar. Fithian continued to protest. At last order was restored and roll of the delegation called. It showed 23 for McLean and 15 for Sewall and 2 for Bland, but under the unit rule 48 votes went to McLean.

Tennessee gave 24 votes to Sewall and Virginia went to Clarke of North Carolina.

Ulrich Sloane of Ohio, who placed McLean in nomination, after the fourth ballot, sent the following telegram from home:

"Any ticket for me for Vice President is against my express wishes and without my authority."

Sloane added: "That is for McLean, not for the Ohio delegation."

Sloane for McLean, coupled with with "No, no" and "Sewall" interrupted the reading of the dispatch and were cautioned for a time. When order was restored the fifth ballot was taken.

FIFTH BALLOT.

The first change came when Georgia and Indiana changed to Sewall. Iowa and Louisiana also swung into the line for Sewall. When North Carolina was called the chairman of the delegation announced that North Carolina was not playing to the rail and again voted for Clarke. Delegate Wilson said Ohio voted her votes for McLean "Notwithstanding resolutions." A dozen delegates arose to protest but was paid with the ruling of angry men about him. When the roll call was concluded, there was a footed representation of 556 votes and 278 votes within 28 enough to nominate.

The Illinois delegation, Governor Hogg, Senator Harry Brewster mounted a chair and shouted "Illinois, which will cast the vote for the nominee of this convention, now retires to aid in the making of the ticket." Nine votes for 49 votes for Arthur P. Gorman of Maine."

"Hurrah for Sewall" shouted thousands of voices. Kentucky, Ohio and nine states in quick succession rose.

A Minnesota delegate moved to make the nomination unanimous. Delegates jumped on state chairs and marched about the Indian Ring. They at last fired up to their seats, the stage which swayed and bulged with the purple shaft of Nebraska and Maine to the fore. There was a wild scene of enthusiasm. At last all state colors were brought to the center of the floor where the Nebraska delegation knelt. They conferred there holding aloft like corks on a sea of swaying men until the chairman began to lay the pall cover.

FINIS.

By repeated appeals the chairman persuaded the delegates to go back to their seats for the transaction of the routine business remaining.

Resolutions were adopted empowering the national committee to fix the time and place for holding the next national convention and those chairman and executive committee of last year were set members of the committee.

The resolution thanking Presiding Officer Daniel, White and Robinson and thanking the city and people of Chicago for its hospitality, and declaring Chicago the "greatest convention city in the world," were passed. The last was presented by Senator Blanchard of Louisiana.

C. H. Lada of Illinois made an unsuccessful attempt to pass a motion for the abrogation of the two-thirds rule and his motion after the chairman declared the convention adjourned.

The bands played America while the crowds filed out.

SETS HIM EXACTLY.

John Prentiss Is Enthusiastic Over the Nomination of Bryan.

TOPEKA, Kas., July 11.—John Prentiss, chairman of the Populist State central committee is enthusiastic over the nomination of Mr. Bryan. He said this morning: "I believe the Populist National convention will endorse the nomination of Bryan. I feel that the Kansas delegation will vote that way beyond doubt.

NO PEPPER HERE EV.

Senator Peffer threw cold water on the proposition to endorse Bryan.

"I do not believe the Populist National convention will or should endorse the nomination of Bryan," said he. "I believe a candidate should be regularly nominated by the Populists of St. Louis and the Democrats should be nominated by the Populists and Democrats of the country, where Bryan is the strongest. Our Populist delegation is for Bryan, and we have the Democrats should vote for Populists candidates.

Governor Lewelling said that he was so sick in his sick room he could not attend the convention. Senator Peffer said that he was in favor of the Democratic nominees.

BLEW HIS HAND OFF.

Serious Result of a Rocket Explosion This Afternoon.

About 3:30 this afternoon Mr. Felshaw, the gentleman who had charge of the construction of the floats at the recent carnival, was busy in the Continental market, where he took up a "sky" rocket and lighted it. While he held it in his right hand the rocket exploded, shattering the member badly. The hand was so severely mangled that it looked as though the whole member was torn to pieces to the wrist. Mr. Felshaw was placed in a carriage and was immediately driven to a surgeon's office to receive the necessary attention.

Priesthood Meeting.

The monthly meeting of the Priesthood of the Salt Lake Stake of Zion convened in the Assembly Hall, Salt Lake City, today, Saturday, July 11, 1896, at 11 a. m. President Angus M. Cannon and Counselors presiding, after the usual opening exercises, the roll was called, but in consequence of the meeting being one week later than usual (the regular day falling on Independence day) the attendance was not as large as it otherwise would have been.

Elders Royal F. Young, George F. Gibbs, Heber J. Grant, Charles W. Penrose and George Teasdel addressed the meeting briefly but in a very spirited manner.

The subjects treated on were the great importance there is for keeping the Sabbath day holy, necessity for having implicit confidence in each other, patience, charity and forbearance with the erring ones, and the importance of being faithful in every calling to the Church.

The announcement was made in addition to the subjects touched upon that there would be a grand reunion of the Pioneers and members of the Mormon battalion held at Saltair on Pioneer day, viz: on the 24th inst., to which all surviving members of those honorable and memorable organizations in all over the State and adjoining class and territories that could be reached would have their expenses by railroad paid to and from the resort.

Every person, members of aforementioned organizations, was invited to come and participate in the festivities of the occasion.

A Grand Ball in Ogden next Thursday, Pioneer Annie M. Cannon read the 10th chapter of 1st Kings, and showed the necessity of every servant of the Lord following closely in the one of his duty as marked out for him by the authority to whom he is accountable.

FROM SPOKANE TO NEW YORK.

A Women at the Helm of Ogden on Real Estate—$10,000 Venture.

The News received a card today from Mrs. H. Kelly and her daughter whom she accompanied the information that they are performing the very unique feat of walking from Spokane, Wash., their home, to New York, on a wager of $10,000. The plucky little women are now in Salt Lake and have left Ogden yesterday and are now on their way to Chicago. They are taking the Union Pacific and Rio Grande Western railroads.

The news regarding the old folks' outing has spread far and wide, and many old people who wear a red badge, on lapel to and from Salt Lake City, will be welcomed by the committee.

RELIEF SOCIETY.

Annual Reunion of the Organization in Salt Lake City.

The members of that extensive women's organization—the Relief Society—in Salt Lake and Davis counties have arranged to have a most interesting time at Saltair pavilion on Tuesday next, July 14. For this occasion a splendidly arranged program has been prepared, consisting of music, dancing, reading, recommending, etc. Several old time features will be introduced for the entertainment of the participants. The railroads have given special rates to those outside of the city who participate in the excursion.

FOR PIONEER DAY.

A Reunion of Veterans to Be Held at Saltair.

The committee on Pioneer Day Reunion at Saltair respectfully request leading citizens in the various parts of the State patronized by railways to give notice in their public meetings and in other proper ways, of the fact that the forthcoming holiday will be celebrated by a reunion of veterans of Pioneer and Mormon Battalion days, surviving members of the latter organization and of the original band of Pioneers led by President Brigham Young will, if promptly reporting themselves to the committee, be supplied with transportation, and upon arrival here will be given free admittance to the specially fitted up quarters of the day. This applies to actual survivors only of the two contingents named, and cannot be extended to families. It is also thought proper to confine the offer and invitation to those veterans living on the railroad lines within the State. If there had been more time, so to speak, the committee would have arranged for the reception and entertainment of all the surviving members of the valiant bands from wherever gathered they might come, might have been done. The few weeks that remain, however, give no opportunity for widely circulating the invitation, nor for the arrangements that would be necessary in the case.

This course, nevertheless, is made the occasion pleasant and memorable; and the committee will appreciate the assistance of all who by their presence on the occasion, and by their aid in giving invitation notice of it, shall signify their interest in and affection for the veterans and men in whose honor the celebration has been planned.

For the committee:

HYRUM J. GRANT,
Chairman.
E. H. ENSIGN,
Secretary.

UNIVERSITY DAY.

The Students and Their Friends Enjoy Themselves at Saltair Beach.

Yesterday was University day at Saltair. An excursion was planned by the University Field club, and was carried very successfully into effect. At 2:15 trains began moving, and until late in the evening accessions were made to the crowd until the company numbered fully 2,000. The afternoon passed away very pleasantly in social converse, bowling and bathing, and the evening was spent in that delightful pastime, dancing, the last train bringing to the city the largest train load of the day. The young people had a fine time and seemed to be well pleased with the original support given their excursion.

The Saltair Beach company has which still further contributes to the efficiency of its floral attract, having purchased at considerable expense a new force pump with accompanying paraphernalia, and can now subdue a fire anywhere in the great pavilion or in any part of the well kept lawns. Another feature that is now more fully carried out is the most arranged system of keeping perfect order, and of providing the most complete protection to all visitors and providing for all contingents that pertain to a well regulated resort.

Superintendent Stone, as well as his officials of the concern, are intent on extending to every patron of this popular resort, every courtesy that can reasonably be expected.
