DAISY BECOMING WEAKER.

Mammoth Still Climbing—Northern Light and Joe Bowers in Demand—Depot is Traded In.

Another very good day's business is recorded at the mining stocks. The feature of the day's business was the sudden jump of Yankee Consolidated and the decline of Daisy. Everything at the Yankee Consolidated is reported to be the same as usual, and the rise in the stock is said to be due to orders which have been sent in, after the filing of which it is reported by some that the stock will double. It met today up to 17 cents, twice 16 back to 37½ and Nelson Light was actively traded in at 8 cents, around 25. Mammoth continued to rise, selling today up to $1.32. Joe Bowers dropped 100 at 49 and was followed by Mammoth at 47. Dagny was in demand at times ranging from 90c to 1, while Jack could go up to 8 cents. Northern Light let Mammoth at 14, and Little Chief expected sales at 7½. There was a good demand for Joe Bowers at 50c.

STOCK MARKET DECLINED.

Realizations, Approaches Over Tight Money and Temporal Matters Its Causes.

Active Selling of Further Helped Them—Losses were Only a Small Fraction—Little Sugar Offered.

NEW YORK, Aug. 8.—The stock market declined at the opening today on selling after yesterday's rise and because of unpleasant phases over Anglo-Boer and general tightness in the money market. There was very little support offered on the decline and attempts to cover advanced it slightly to 1½.

As active dealing in the Pacific group gave indications that the market became full and easier, Lessler, however, did not cause a much heavier decline than 1 per cent, and the losses were mostly fractional properties.

Aside from a sharp decline in Rubber, which was due to a report from Boston relating of sale of the local trade.

BOSTON WOOL MARKET.

Boston, Aug. 8.—The wool market holds steady and quiet, with sales for the week so far not up so much as those of the past few weeks. There was a little more inquiry for Ohio fleece, but it has not been quite the general rule for Ohio fleece to pay full prices. The good demand for good medium and fine territory wool is in the general rule for Ohio fleece. Aside from fine medium and fine territory wool, the general rule for Ohio fleece. Aside from fine medium and fine territory wool, there is a good demand for good, medium and fine territory wool, and
