MINING, BUSINESS AND STOCKS.

ENTER BIG JUDGMENT FOR BONDHOLDERS

Court Action Necessary to Clean Up Reorganization Plan for Newhouse Mines and Smelters.

(Special to the "News".)

Beaver, Sept. 18.—Judge Greenwood hem the regular session of court here for the fall term, Thursday. Most of the business on the calendar was continued for the term.

The most important matter disposed of was foreclosure suit of the Trust company of America, as trustee for the benefit of the bondholders, secured by a mortgage executed by Newhouse Mines and Smelters against the Newhouse Mines and Smelters. Proof of the contention of the plaintiff was submitted and the court thereupon entered a judgment in favor of the plaintiff in the sum of $1,250,085 with interest from date thereof until paid, together with $1,700 as trustees compensation and $2,000 attorney's fees. It was further adjudged that all the mortgaged premises, or as much thereof as may be sufficient to raise the above amount, be sold at public auction. Atty. A. L. Hoppaugh represented the plaintiff and C. C. Parsons represented the defendant.

The filing of the suit and the entering of judgment was necessary to carry out the work of re-organization of the company. With the publishing of the necessary notice and the buying in of the property by the new organization, which has been arranged for, the company will then be in a position to resume operations. The court end of the work is said to be all that remains to straighten out the affairs of the company.

The company will undoubtedly be ready to resume work after 30 days.

MARKET CONTINUES UNSETTLED

Silver King Goes Higher on Local Mining Exchange.

Market conditions were unsettled on the local exchange this morning and several of the Tintic stocks were quite unsteady. The strongest stock on the board this morning was Silver King Coalition, which jumped from $4.05 to $4.17½. The little flurry in the stock started early and continued throughout the regular session.

Iron Blossom was weak early in the market but showed up stronger before the close. Sioux Consolidated was still very weak and sold from 60 to 62 cents. Columbus Consolidated showed better prices and sold at $1 and $1.05.

The total number of shares disposed of the session today was 39,484 and the amount paid out for the securities was $18,820.75.

Trading for the week was low, although the number of shares of stock that changed hands was close to the million mark. The total number of shares disposed of was 928,649, while the amount represented by the transactions was $287,146.95.

There was little trading on the curb market this morning although a large number of stocks made their appearance. Demijohn was offered at 7½ cents and a bid of 5 cents was made. Emma Copper offered at 1¼ cents.

TINTIC ORE SHIPMENTS.

The following were the shipments of ore out of the Tintic district for the week ending Friday night:

Centennial Eureka, 39 carloads; Eagle & Blue Bell, 2; Yankee, 2; Uncle Sam, 7; May Day, 2; East Tintic Development, 2; Scranton, 4; Carisa, lease 1; Iron Blossom, 10; Gemini, 1; Bullock, 1; Sioux Consolidated, 16; Ajax, 4; *Colorado, 30; *Dragon, 51; *Beck Tunnel, 3; *Iron Blossom, 41; *Swansea, 1; *Salvador, 1; May Day Con., 1. Total 219.

* 20-ton cars.

In addition to the 20-ton car lots noted above, the Tintic smelter received 14 50-ton carloads from the Day mine, Pioche, and 12 from the Horn Silver mine, Frisco.

ARRANGING FOR DRILLERS.

Joseph and Cannon Go to Park City to Get Contestants.

Harry S. Joseph and Jesse Cannon, who have been placed in charge of the mining exhibit and the arrangements for the miners' day program at the state fair, leave tonight for Park City to make arrangements with the miners' union at that place for the drilling contest to be given during the fair. Next Saturday they will go to Eureka and make similar arrangements.

Will Reed has been appointed by Mr. Joseph to take charge of the collecting of the minerals to be exhibited. He will visit the various camps between now and the early part of October and get together the specimens to be exhibited.

BEAVER COUNTY LOOKS GOOD.

Word was received this morning by Secretary W. H. Horne of the Lenora Mining & Milling company, from Superintendent Christensen, that the tunnel is now in a well mineralized territory, and that within the next 100 feet it is expected that the ore zone will be encountered. The tunnel is now in 340 feet.

Superintendent Christensen declared that mining is more active in Beaver county than ever before and that a number of the old producers are doubling their activities.

GEMINI MINE IS TAKING OUT PUMPS

Apparatus Found Inadequate to Care For Water at Mine—Work Started on Holden Tunnel.

According to reports from the Tintic district this morning the Gemini mine is taking out its pumps. The work has already started and the hoisting of the machinery will be done at once. It is declared that the pumps were inadequate to care for the water at the mine. Whether the company will install large pumps and continue the work has not been learned.

The water from the Gemini has been utilized by the Tintic smelter. Yard Master Collin McMurphy of the smelter and a gang of men were busy yesterday putting in pipes and machinery for the securing of water from the Eureka Hill property. The water is needed at the smelter until Oct. 1, when the plant will close down.

The old mill at the Eureka Hill is fast being torn down and sold. Much of the timber has already been disposed of. Only a few leasers are now working on the Eureka Hill property and it is believed by many that the property may never be worked again. It is understood from a reliable source that but little ore has been taken out of the property below the 600 foot level and that the dip of the veins has been toward the Bullion Beck.

Work has started on the Holden tunnel which is to be built by the United States company through the Bullion Beck ground to the Centennial Eureka shaft. Grading started Wednesday. The old blacksmith shop at the Miller place has been torn down and the cabin is being used as an office.

CONCENTRATES.

The Utah Copper company has announced an extra dividend of 50 cents per share.

Although the Daly Judge has a surplus in its treasury amounting to close to $200,000, it is not deemed advisable to declare a dividend on account of extensive operations planned.

The Bingham Butte Mining company has made the first payment upon the property adjoining it and which it recently took over. P. J. Donohue is in New York in the interest of the company.

Work on the new tunnel to be built by the Snake Creek Mining & Tunneling company will be started Monday by the building of a tunnelhouse in Snake Creek. This will take 30 days and by that time arrangements will have been made for the big bore. Manager George W. Lambourne says that no arrangements have thus far been made for the work to be done by a tunneling machine.

The Spring Hollow Rock Mining company has filed articles of incorporation. The company is capitalized at $10,000, with shares at 40 cents each and 2,000 shares have been placed in the treasury. The officers are: Anton Bargaehr, president; L. H. Gray, vice president; Karl Riedheim, secretary and treasurer. The officers with Anton Bargaehr, Sr., and Marie Bargaehr compose the directorate.

The Salt Lake interests who took over the Mud Springs property in Modera county, California, have put in a 50-ton mill which they will soon have in operation. A trial run will be made shortly. The incline shaft is now being retimbered and within a short time a good tonnage of ore can be taken out. At present there are over 30,000 tons of second class ore carrying values up to $12 a ton exposed.

Articles of incorporation for the Reef Mining company of Salt Lake City were filed with the secretary of state yesterday. The company is capitalized at $50,000, with shares at 10 cents each. The officers of the company are: Anton Pedersen, president; Henry Welte, vice president; Willard Wiehe, treasurer; John F. Tobin, secretary. The officers with A. O. Pfafflin, compose the directorate. The company will exploit six mining claims, in the Harrison mining district, Washington county.

A good body of tungsten ore has been discovered in the Deep Creek mining district at the Lucy L. mine according to Frank L. Wilson. An assay of the samples brought in showed the presence of 66.6 per cent tungstic acid. The deposit was found in the upper side of a big copper vein and from indications it is 12 to 15 feet wide and about three feet thick. Tungsten is one of the rare metals. It brings from $500 to $600 a ton, and on account of its increasing use is becoming more valuable.

A new ore body in entirely new ground is being opened up on the 400-foot level at the Columbus Consolidated company mine at Alta according to General Manager Jacobson. The strike was made in a contact about midway between the main shaft and the big west ore body. It is probable that this intersects the big vein 300 feet away, which would be productive of a large ore body. The company now has 25 carloads of ore between the mine and the sampler which means about 1,000 tons of ore that have not been settled for yet. Already the company has received $8,000 for its shipments this month.

BANK STATEMENT.

New York, Sept. 18.—The statement of clearing house banks for the week show that the banks holds $7,591,525 more than the requirements of the 25 per cent reserve rule. This is an increase of $1,122,350 in the proportionate cash reserve as compared with last week. The statement follows:

Loans	$1,337,573,900
Decrease	204,771,600
Deposits	1,352,382,500
Decrease	25,942,800
Circulation	51,717,300
Increase	86,900
Legal tenders	41,998,800
Increase	128,800
Specie	274,439,100
Decrease	5,496,400
Reserve	316,437,900
Decrease	5,363,600
Reserve required	338,346,375
Decrease	6,485,500
Surplus	7,591,525
Increase	1,122,350
Ex-U. S. deposits	8,019,950
Increase	1,131,225

The percentage of actual reserve of the clearing house banks today is 25.94. The statement of banks and trust companies of Greater New York, not reporting to the clearing house, shows that these institutions have aggregate deposits of $1,364,063,200; total cash on hand, $154,490,600, and loans amounting to $1,325,219,000.

SPECULATION MARKED WEEK

Rumors of Agreements Among Big Banking Interests Lent Enthusiasm to the Buying.

MONEY MARKET NARROWED.

Today's Dealings Irregular but Animated—Recovery Met by Selling—Close Unsettled.

New York, Sept. 18.—Speculative activity in the stock market was renewed after some reaction. At the opening of the week, rumors of agreements amongst powerful banking interests that would heal threatened breaches had much to do with the enthusiasm of buying. The brilliant trade advices from the iron and steel industry made a powerful factor in the whole market. Rumors of proposed dividend increases and of projects of re-arrangement of investment holdings by corporations that would yield benefits to stockholders were rife. They were without formal confirmation as were of the banking agreements. The narrowing resources of the money market were ignored and heavy borrowings abroad operated to replace credits.

The price movement was slightly irregular in the opening dealings in stocks today but there were many striking gains and the dealings showed great animation. Canadian Pacific advanced 1¾, Reading 1¼, St. Paul, Northern Pacific, Erie first preferred, Anaconda 1 and Delaware & Hudson. Toledo-St. Louis and Western preferred and U. S. Steel preferred large fractions.

On the other hand, Union Pacific, Pennsylvania, Erie, Atchison and New York Central, which were notably strong yesterday, sagged a small fraction. Union Pacific preferred declined ¾.

The market became heavy. Reading lost its rise and stocks rose. Independent strength was shown by the Hill stocks and a few specialties. Union Pacific, New York Central, U. S. Steel and Pennsylvania fell 1. United Railways and Investment preferred 1¼.

Northern Pacific and U. S. Rubber moved up 2 points, American Malting preferred and Great Northern preferred 1½ and Minneapolis and St. Louis 1¼.

The market closed unsettled and irregular.

The reaction carried Reading back 2 points from its best price. Union Pacific preferred lost 1½ and Ontario & Western and Consolidated Gas 1. A rise of 1½ in Brooklyn Transit rallied prices. Among the specialties Central of New Jersey rose 2½, Colorado Fuel preferred 2 and American Vulcan, American Locomotive and American Malting preferred 1.

Renewed selling met the recovery and prices receded again.

LIVESTOCK.

CHICAGO.

Chicago, Sept. 18.—Cattle—Receipts, estimated at 200; market steady. Beeves, 4.10@8.40; Texas steers, 4.00@5.35; western steers, 4.00@6.30; stockers and feeders, 3.00@4.90; cows and heifers, 2.25@6.20; calves, 6.75@9.25.

PRODUCE.

CHICAGO.

Chicago, Sept. 18.—Leading cash interests were made the sellers of wheat during early trading today and as a result, the market was rather weak the fore part of the session. Prices at the opening were ¼ lower to ⅛c higher, December being at 98¼ to 98⅝. After touching 98⅝, the December delivery dropped back again to 98¼@¼.

Ideal weather for the new crop prompted considerable selling of corn, resulting in a heavy tone. December opened unchanged to ⅛@¼c lower at 60⅝ to 60¾@⅞ and sold off to 60¼c.

Increased receipts prompted a mild raid on the oats market at the start, which caused declines in all deliveries. December opened ¼ to ⅛@¼ lower at 40@¼ to 40⅛ and declined to 39⅞.

Provisions were barely steady early in the session because of profit taking by local longs. Prices at the opening were 5c lower to 5c higher.

Chicago, Sept. 18.—Close:

Wheat—Sept. 1.01⅞; Dec. 98¼@⅝; May 1.01⅝.

Corn—Sept. 65¼; Dec. 60½@⅝; May 62⅝.

Oats—Sept. 39⅞; Dec. 39⅝@¾; May 42¼.

Pork—Sept. 23.95; Jan. 18.02½; May 17.32½.

Lard—Sept. 12.02½; Oct. 12.00; Jan. 10.67½; Nov. 11.65.

Ribs—Sept. 11.90; Oct. 11.82½; Jan. 9.52½; May 9.52½.

Rye—Cash 71@72½; Sept. 70.

Barley—Cash 50@66.

Timothy—Sept. 4.00; Oct. 3.92½; March 4.20.

Clover—Cash 13.50; March 14.00.

Wheat—The market extremely quiet all day. December's low point was 98¼. The close was easy with Dec. off ⅝@⅞c at 98¼@⅝.

Corn—Sentiment was bearish all day and the market closed easy with December down ¼ at 60½@⅝.

WOOL.

ST. LOUIS.

St. Louis, Sept. 18.—Wool—Unchanged. Territory and western mediums, 22@25; fine mediums, 22@24; fine, 18@19.

EXPANSION IN IRON AND STEEL

Consumers Are Displaying Great Eagerness to Close Contracts At Prevailing Prices.

COPPER'S SHOWING IS POOR.

In August Production Exceeded Demand, Resulting in Increased Surplus Stock.

New York, Sept. 17.—R. G. Dun & Company's Weekly Review of Trade tomorrow will say:

Most noteworthy is the continuing expansion in iron and steel in which the position of producer and consumer has changed, the latter now displaying most of the eagerness to close contracts at prevailing rates.

Copper makes a less favorable showing than some weeks ago, and during August production exceeded the demand, with a resulting increasing surplus stocks.

In cotton goods and yarns the effort to lift up falling prices to a parity with raw cotton continues as the chief feature of interest.

Domestic exports from New York this year to date amount to 283,394 bales; same time last year, 128,235.

The domestic hide market is firmly held, but some of the foreign hides are lower, though in part this is due to a bad condition of many of the lots offered. The leather market shows improved demand. Sole leather is firmly maintained.
