TO THE SUNDAY SCHOOLS.

Circular Issued by the General Superintendency.

Instructions Given Relative to the First Sunday of September, "Nickel Sunday."

To all Stake and Ward Sunday School Superintendents:

The Deseret Sunday School Union has arranged for 100,000 small envelopes, accompanied by the circular printed below, to be distributed among the various Sunday schools in the Church, according to the last census returns, with the object therein stated and amount contributed by each school, to wit:

Contribution of _____ to Deseret Sunday School Union Board and it also Sunday school organizations, for September 1, 1894, "Nickel Sunday." Enclosed envelope. Please hand to your student assistant, without fail.

We designed to have these envelopes reach school now when presenting "Nickel Sunday" for the first Sunday in September.

These envelopes are in transit to Utah, but we fear will not reach here in time for use this year. This renders it necessary to call your special attention to this matter, that on the first Sunday in September every Sunday school officer, teacher and pupil will be prepared to respond readily and promptly to this worthy call. Superintendents should thoroughly explain this matter to the children in their schools that all may properly understand the object. The amounts received by the various schools should at once be forwarded to the Stake superintendents, who will forward the total to the Deseret Sunday School Union for Stake S. S. purposes from their respective Stakes, to the general treasurer.

We trust this matter will receive your hearty co-operation, and that all the children and workers in the cause of truth respond promptly and liberally. Following is the circular referred to:

SALT LAKE CITY, July 30, 1894.

Superintendency of ——Sunday School.

Dear Brethren—Herewith we forward you ——envelopes, which is a few in excess of the local enrollment of your school, as per your report for the year 1893. These envelopes are from us to you, and we trust will be accepted in the spirit of kindness in supporting the annual Deseret Sunday School Union Nickel Fund (inclosed herewith) on the first Sunday in September of this year.

On the Sunday previous to the time appointed for the collection, further use extensive in each detailed effort, teacher and scholar of your school explain to them the object, purpose and benefit of the donation, as a gift for the use of your Stake Sunday school officers to prepare the Sunday school welcome of your Stake, and the remainder for the Deseret Sunday School Union for their use in advancing the general Sunday school interests of the Church in all the world, by preparing for publication charts, books, school works, catechisms, tracts, literature, etc., also for missionary traveling and office expenses. To all members who may be absent at the time, arrange to give out them, when practicable, one of the envelopes.

On the Sunday appointed for collecting the envelopes, let the teachers of each department of class check off each scholar's name as he hands in the envelope containing his contribution. The teachers will give the envelopes to the secretary of the school, with a written report, simply showing the number of scholars enrolled in their classes and the number contributing. Officers and teachers will in the manner best the secretary their envelopes, and he will check off their names as the teachers have checked the scholars.

If possible, have the collection completed on the Sunday appointed; if not completed then, as may be learned from the secretary, give additional time, and until it is completed to the satisfaction of the superintendent. This accomplished, forward the entire amount to your Stake Sunday school treasurer or superintendent, who will in turn send direct to Elder George Reynolds, as general treasurer, Salt Lake City, Utah. Stake Sunday school officers and superintendents will please pay in their contributions to the secretary of the Sunday school of the ward in which they reside.

It should be the pride of every superintendent to have this business thoroughly attended to, for upon the successful legends much due will be helpful in our important work, and a spirit of liberality should be manifested by officers and teachers as an incentive to the scholars, and thus may we go forward, labouring unitedly for the salvation of God's children.

Desiring prosperity to attend all the Sunday schools, we are,

Your brethren,
GEORGE Q. CANNON,
GEORGE TEASDALE,
JOHN HENRY SMITH,
General Superintendency Sunday schools.

JOHN M. WHITAKER,
General Secretary.

When "Nickel Sunday" comes on the same day as the regular Stake Conference as is the case in Salt Lake Stake, postpone the collection until the following Sunday.

FOR GREATER SALT LAKE.

The Chamber of Commerce Sounds the Call.

To the Salt Lake Public:

The Chamber of Commerce membership fee has been reduced from $50 to $5.

The dues have been reduced from $10 per annum to $1 per month.

These sweeping reductions are justified by the belief that more can be accomplished by the Chamber of Commerce with a large membership and small payments than can be accomplished by a small membership and large payments.

The Chamber of Commerce is proud of its achievements.

It sent the Utah Exposition on its great pilgrimage.

It temporarily saved Utah to a successful exposition in Chicago. It enabled thousands to see for themselves the industry among industry in our people and wealth.

It was a strong factor in securing the backing of Congress another year, which forever settles Salt Lake's prominence as a mining center.

It organized the plan of exhibiting our resources at the California Mid-winter Fair.

It has published and distributed many hundred thousand attractive and pamphlets descriptive of our diversified resources—our mines, climate and health conditions.

It has seen to all there a reliable bureau of information, and has answered thousands of inquiries from other states and territories.

It has rendered every one in the community of Greatness value in promoting its growth and prosperity.

With a year of full success, why not be in force to it the positive evidence of that Salt Lake will give their aid and support?

And why is this aid and support withheld?

It cannot be because of lack of public spirit, for that has been demonstrated upon a thousand occasions.

It can therefore only be because of a total failure to appreciate the advantages of maintaining in our midst an active, healthy business organization for the promotion of the general welfare.

Let us throw off this indifference, let every business man and property owner put his shoulder to the wheel, and simultaneously, not one at a time, push the city on its way to greatness.

Let the cry be "Greater Salt Lake!"

We are standing at the door of statehood. Are we now worthy of people.

In the late financial crisis we were not even shaken. We have resources unknown — a climate unrivaled; scenery incomparably attractive and wonderful. There is no reason why, before the close of this century, we should not have a population of 100,000 souls. Are there not 50,000 there is 12,000 business men and property owners in this city who can afford to pay the paltry sum of 25 cents a day towards making the Chamber of Commerce a power for good?

The undersigned, the Directory of the Chamber, have determined to settle this question of the people.

Application blanks will be furnished by the secretary upon application, and our business men will be called upon by a committee of the directory and urged to respond in the fair.

W. H. RUBY,
President.

D. C. ADAMS,
First Vice President.
H. P. GRANT,
Second Vice President.

SUPPORT HOME INDUSTRY.

THESE ARE THE PEOPLE WHO SELL HOME MADE GOODS

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give prominence to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people; you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind; every dollar expended for Utah made goods, means more employment for home labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both common sense and patriotism.

When you wish to buy anything be sure to look over the following list before making your purchase:
