## CHINESE AND OPIUM.

### Conspiracy to Smuggle Those Things into this Country.

### DISHONEST U. S. OFFICIALS.

### Scandals Covering Many Years Brought to Light. — The Guilty Ones Discharged.

WASHINGTON, D. C., June 20.—The official hands of Patrick H. Winston, United States attorney, Thomas R. Blows, United States marshal, Andrew Wasson, United States collector at Port Townsend, C. J. Malkey, United States special agent, and six special inspectors of customs in the Puget Sound district, in the state of Washington, have fallen into the official hopper as the result of the reports made to Secretary Carlisle by Special Treasury Agents Wood and Lewis. These reports are concerning and circumstantial as to which, and tell the story of one of the most extensive and successful conspiracies ever formed to smuggle Chinese and opium into the United States across the far Northwestern boundary.

There has been hardly a day in the past two months that reports or telegrams have not been received at the treasury department from Agents Wood and Lewis, and on those reports the officials of the treasury department have been summarily dismissed. The last batch of dismissals of custom inspectors was made Saturday, but Secretary Carlisle thinks the ends of justice may be defeated by making public their names. These officials, it is charged by the reports received, have been doing a wholesale business for several years in connection with private parties in Victoria, B. C., smuggling Chinese by means of fraudulent papers and permitting opium smuggling, either by connivance or otherwise. The scandals of the past twelve or fifteen years attach more or less to those officials in Puget Sound district, whose duty it was to guard against the violation of the laws as to illicit business of Chinese and opium smuggling into the United States. Politics has never entered into it, but the immense profit in the business seems to have corrupted many officials.

The new men appointed in place of those removed were James L. Saunders, collector at Port Townsend; Jas. C. Drake, United States marshal; W. H. Brinker, United States attorney. Other removals are yet to come and the matter in due course of time will find its way into the courts.

#### WILL NOT INTERFERE.

The department of state will not interfere with the execution of the sentence imposed by the Turkish tribunal in the case of the rioters at Cesarea and Marsovan last spring, resulting in the burning of the American college at the latter place. None of the prisoners are American citizens, and the Turkish government has made full reparation for the burning of the college.

An order directing the cruiser Atlanta to return to the United State was issued yesterday, and the order indicates that the trouble in Nicaragua is at an end.

#### Derailed in a Tunnel.

NEW YORK, June 20.—A train on the Long Island railroad, upon which were about 1000 persons returning from Sheepshead Bay races, was derailed this evening in a tunnel, a short distance from Parkville, L. I. Two persons were killed outright, five died soon after being removed to a hospital, and about 100 others were injured, many so seriously that they will not recover. The killed at the time of the accident were:

Patrick Daly, a court officer at New York City; A. S. Springle, of New York.

Dead in the hospital: Henry Spink, a police court marshal of New York; Robert Cutting, a policeman of New York; R. J. McGonigle, Fritz D. Johnson, John Gimley.

As the train drew near the tunnel it suddenly gave a jerk and a jolt. The engine and the first two cars ran along bouncing and reeling to the very mouth of the tunnel. Then they broke loose and carried through the tunnel the other part of the train, which pulled apart, the first half dragging itself half way through the tunnel. People jumped from the train and fell upon the embankment, to be bruised and cut by the cars. Others were bruised upon the rocks of the tunnel.

The train without doubt was derailed by a misplaced switch. It stood there open after the accident in mute evidence. As the first two cars remained on the track it was declared that the switch was shut when they passed over, but jolted loose and allowed the other part of the train to be derailed.

#### Suburban Races.

Fifth race, futurity course—Tormentor won, Addie Bess second, Mo Duff third. Time, 1:12.

Sixth race, seven furlongs on turf—Hermis won, Integrity second, Mazrul third. Time, 1:29.

#### FOUND GUILTY.

##### A Sailor Convicted of a Most Brutal Crime.

SAN FRANCISCO, June 20.—The jury in the United States circuit court this afternoon found Thomas St. Clair guilty of the murder of Male Jil Fitzgerald of the bark Reaper, January 15th, on the voyage from Sydney, N. S. W., to Honolulu. The crime was a most brutal one. St. Clair, who was a sailor, had planned with the other sailors to kill the officers, incorporating the captain, seize the vessel and go to the orient for the purpose of trading upon the Chinese mainland. The plot was well laid, and one night when Mate Fitzgerald appeared on deck St. Clair seized an ax and literally chopped him to pieces and threw the body overboard. The atrociousness of the deed so shocked his fellow conspirators that they refused to carry out the scheme further.

#### Earthquakes in the South.

AUGUSTA, Ga., June 20.—A slight earthquake shock was felt here tonight.

CHARLESTON, S. C., June 20.—A distinct shock of earthquake was felt here tonight.

SAVANNA, Ga., June 20.—An earthquake shock was felt here tonight. Tall buildings shook perceptibly and windows rattled.

COLUMBIA, S. C., June 20.—A sharp earthquake shock was felt tonight. The shock was accompanied by loud continued rumbling and glass on shelves shook briskly.

#### A Welcome Shower.

DULUTH, Minn., June 20.—Welcome rain started to fall here this evening. If it extends over the Mesaba range it will do much to quench the forest fires which are still raging in the greater portion of the pine region. Telegrams report heavy forest fires around Hinckley.

#### Cesar d'Alene Miners Strike.

SPOKANE, Wash., June 20.—News received here tonight from Gem, in the Cesar d'Alene mining district, says that about 150 miners in the Gem and Frisco mines have gone on a strike. The miners demand equal wages for skilled and unskilled labor. This was the cause of the labor riots a year ago.

#### Poisoned at Breakfast.

HUNTINGTON, W. Va., June 20.—The family of T. S. Scanlon, city treasurer, were poisoned this morning, evidently from something eaten at breakfast. They are in a precarious condition, and the baby, at least, will not recover.

#### THE COWBOYS.

##### Their Horses Commencing to Give Out.

SIOUX CITY, June 20.—Gillespie and Rattlesnake Pete of the cowboy horde spent the night here and started out at 5 a. m. Gillespie's horses were in fine trim. Pete's cuckoits horse rather groggy. Dee Middleton arrived last night. It is said the owners of his horses offered him a bribe to go further. Albright and Berry crossed the river this morning and left at 10 o'clock, after shoeing their horses. Gillespie and Pete have a few hours' lead.

Dee Middleton left here this morning, after resting his horse twenty hours. The animal was still quite lame. Middleton says he is doubtful about reaching the Mississippi.

#### War Against a Trust.

PEORIA, Ill., June 20.—The distillers who have been fighting the Distilling & Cattle Feeding company at a conference today decided to assist the attorney general in every way possible in his efforts to destroy the company.

#### PENNILESS SOLDIERS.

##### Queen Victoria's Guards Sent to a Poor House.

CHICAGO, June 20.—Three members of Queen Victoria's life guards were sent to the poor house today at the request of J. A. Burst, inspector of immigration. Private Howe, Caddy and Brooks came to Chicago to take part in the British military tournament. They were discharged one other day and had no money, so they called upon Inspector Burst for passage back to London.

#### Railroad Rates Cut.

CHICAGO, June 20.—The Great Northern put its knife into transcontinental rates again today by announcing a rate of $51, first-class, and $33, second-class, from St. Paul to San Francisco. This includes a berth and meals on a steamer from Seattle to San Francisco.

The Atchison today announced that it would put into effect at once a round-trip rate of one and a third are from Texas points to Chicago and return.

#### Lizzie Receives an Ovation.

FALL RIVER, Mass., June 20.—Lizzie Borden received an ovation on her arrival here this evening. She intended to stop at the Borden homestead tonight, but on account of the crowd accepted the hospitality of Mr. Holmes, whose house was thronged with people eager to congratulate her upon her acquittal. The crowd at the Borden homestead numbered 2000, and remained until after midnight. The band played "Auld Lang Syne," which created intense excitement. Lizzie says she is the happiest woman in the world.

## THE ETERNAL BERING CASE.

### Sir Webster Still Arguing from an English Point of View.

#### The President of the Tribunal Finds it Necessary to Interrupt the Speaker.

PARIS, June 20.—Upon the resumption of the sitting of the Bering sea tribunal of arbitration today, Sir Richard Webster, counsel for Great Britain, continued his argument in support of the British case.

Sir Richard retracted the part of his speech regarding the management or mismanagement of the Pribilof islands, both by the local United States authorities and the agents of the Alaska Commercial company.

Prior to 1889 these islands had for obvious reasons, Sir Richard declared, concealed the real state of affairs from the authorities at Washington.

In the course of his remarks Sir Richard maintained that both Great Britain and the United States were under moral obligations to sanction by legislation whatever regulations as to the seal fisheries the tribunal might adopt, but he added that this obligation was not legally binding. When Sir Richard made this statement Baron de Courcelle interrupted him before he could proceed further and in a sharp tone said to him: "I cannot allow you to say that before us. We are conducting serious business. Neither country is party to this arbitration, and both is bound to abide and reject the award made by this tribunal."

Sir Richard was a little taken back by the shortness of the president's tone, but hastened to explain that a moral obligation was no legal one. In concluding Sir Richard said it must be left to each party to the arbitration to take measures to enforce the regulations enacted by the tribunal.

Hon. C. Tupper, the Canadian minister of marine and British, sat, followed Sir Richard Webster. He read a statement of facts regarding the seizure by the United States of sealing vessels, on which both Great Britain and the United States agreed it was needless for arbitrators to render any decision.

#### EXPLOSION IN MADRID.

##### The Bursting of a Bomb Shakes the City.

MADRID, June 20.—A large dynamite bomb was exploded at midnight a few feet from the house of Canovas Del Castillo, ex-premier. The explosion was heard throughout the city. The immediate district was shaken as if by an earthquake. Three policemen fell to the spot and bound the dismembered body of a man in the street and caught a man crawling upon the street on his hands and knees. When arrested he refused to tell what he knew of the explosion, but admitted of being severely wounded. One of his legs was broken, his scalp torn and his face was covered with blood. He was taken to the police station and identified as one of three who were seen skulking near Canovas's house just before the explosion.

Many houses in the neighborhood were badly damaged. Windows were broken and walls sprung, but none of the occupants were injured. The news of the explosion spread throughout the city. At five one o'clock all the cabinet ministers and conspicuous deputies had called upon Canovas to congratulate him upon his escape. It is reported at 12:30 a. m., that a man with petard under his coat had been arrested near the Bank of Spain.

#### Yielded Before the Bayonets.

VIENNA, June 20.—A thousand striking miners near Dux, Bohemia, today held a meeting. The police interfered but the miners repulsed them and the police began firing. After several strikers had fallen severely wounded the strikers dispersed.

Later in the afternoon they surrounded the carriage of the governor of the district and tried to drag him to the ground. The police fired upon the crowd. One man fell dead and another mortally wounded. The rioters did not yield, however, until a company of soldiers charged with fixed bayonets.

#### The Second Ballots.

BERLIN, June 20. Second ballots will begin June 23rd generally, in Prussia and Saxony June 24th, while throughout Bavaria and Wurtemberg, on June 28th. Herr Alwardt announces that he will not sit in the next reichstag for Arkwralde, where the voters gave him a large majority overall on the first ballot, but will contest Newsletten with Herzberg, a conservative with whom he has right of ballot.
