CAPTAIN DE LA MAR ARRIVES.

The Great Bonanza Mine Owner Will Remain Here for a Month.

Captain J. H. De La Mar, the great bonanza mine owner, arrived in Salt Lake yesterday afternoon and registered at the Knutsford, which it is understood will be his headquarters for a month or more. He is accompanied by his three and a half year old daughter, Miss Maud, who is with him everywhere. The Captain joined from Ogden a pretty young wife who she took frequently designated the most beautiful woman in America. The captain and his little daughter have recently been in Europe and made the trip to Salt Lake, including the ocean voyage and journey across the continent, in eleven days.

Captain De La Mar and his manager, Mr. Crane, went out to Herculaneum, where the former's great gold bullion will be shipped from. The Captain expresses himself as being highly pleased with the outlook for the mining industry in this state. He says it is not for sale and that the big big gold mines in Nevada, they will be refitted and work will be started up. It is worth, which he considers is a very great deal.

Salient Salad.

"Our Moses said:

We look too high for things close by and too what nearer than we.

This should not be the case with the intelligent people of this city.

Nature has bestowed a blessing upon Utah not found on any other part of earth.

I refer to the Great Salt Lake, upon its shore stands the magnificent resort "Saltair," towering in majesty above any similar structure on God's footstool.

The writer of this holds in high estimation the doctors of this city and vicinity, but under the rules of health good to the greater number of people, let me say, doctors' visits come high and prescriptions are quite costly.

Go to "Saltair" breathe the pure, fresh air, take a dip in Utah's gem of all oceans, take a glass of Saltair's Sweet and health will bloom and blossom; rest will come to you at night, your nerves will be soothed and the peaceful. Did you ask me what it costs? Yes, only the round trip. Think of it!

Delightful music and merry dancing and also Edison's wonderful invention showing moving living pictures, etc., etc., free.
