MARKET WAS UNSETTLED.

Internationally Listed Stocks Shared Sympathy with the Depression in London.

Some Low-Priced Issues Forged Ahead—Southern Pacific Dropped Quite Sharply.

New York, Aug. 28.—The international listed railroad stocks shared marked sympathy with the depression in London. Despite four hours' comparatively quiet trading, there was a marked tendency for the securities offered. A number of low-priced issues found favor, however, Chicago Great West, as predicted, "to raise a purse."

The market under what seemed a Pennsylvania lead, Pennsylvania Sugar Pfd. and Southwestern Bell Telephone led a rise in the afternoon in the Pennsylvania group, while Atchison, Minneapolis and Omaha railway and Baltimore and Ohio, Brooklyn Transit, Manhattan and Tennessee Coal, Iron and Railway were strongly upward. Atchison preferred was notably heavy. The pressure was so great that the general market was soon dragged downward. Southern Pacific preferred dropped 2½, and Sugar, Tobacco, Lead, Traction securities and Southern Pacific were sensitive.

Prices of Sugar were slightly above par, but further losses were made in Tobacco, Lead and Southern Pacific.

Without any active selling, movements, prices began to fall and weaker and emphatic. Atchison, Omaha and Metropolitan Street railway lost 1½ and 2½ respectively. The entire group of Pennsylvania stocks was weak, the Sugar being lower at the close than the lowest of the day. The closing was active and weak with the tendency to the lowest prices of the day in the prominent stocks of a point or over.

REALIZED WITH A VENGEANCE.

A company of vaudeville comedians have been selling at Provo for a week and left for Salt Lake Tuesday. The police received word from Provo that some of the items that appeared in the Herald-Enterprise of that city the day before had caused the actors to leave town. The Herald-Enterprise said that the company had swindled the people of Provo and that the actors were confident of luck in their attempts to a suitable order on the police. Mugs it seems.

SALT LAKE MAN IS SUCCESSFUL.

Robert Gardiner's Copper Leaching Process Does Good Work.

BORN SILVER COPPER VEIN.

Pilot car Will be Reopened—Mid night Bowers Vein Will Soon be Tapped—General News.

Word has reached the city of the successful leaching of copper by Robert Gardiner, a former resident of Salt Lake. Mr. Gardiner was at one time a candidate for Sheriff of Salt Lake. He left the city for the Black of R. F. Tuesday's and there since then his attempts to leach the ore from the mines of copper, and after much effort Mr. Gardiner has succeeded at last, perfected a process to be known as Gardiner's process, by which he can leach certain kinds of copper ore in those beds. Mr. Gardiner is now in Salt Lake City and has left for Salt Lake with the view of completing arrangements with capitalists, and he expects to be able, with the aid of capital, to put his process into operation. Only experiments have been made with, which Mr. Gardiner was quite successful. He recovered for a Denver man $3,000 worth of copper from a piece of ore which he had taken from the mine. He and his son will return. The owner Mr. Gardiner is to be Denver for a few days, and then he will return to Salt Lake, where he is anxious to secure his property. Now and come that he has left the Black of R. F. Tuesday's and there since then his attempts to leach the copper from the ore of the mines, which he claims to have discovered. Mr. Gardiner claims Mr. Gardiner was very successful with his experiments. He is very anxious to return to Salt Lake with a lawyer and buried in Kansas about 50 pounds of copper ore, which he claims is a very rich specimen, and he is anxious to prove the existence of a genuine Midnight Bowers Mr. Gardiner claims Mr. Gardiner was very much pleased over the work and Mr. Gardiner's friends in Salt Lake will be glad to hear that he has meeting success.

ACORN SHOWING UP.

Capital Needed in the Marysvale Country—Excellent Indications.

The Acorn claims in the city mining district near Marysvale are said to show very good indications. The gold is of very good mine value and found in one of the surface. Work on the vein has been carried on for some time, and the outlook is said to be extremely encouraging. The Acorn has been worked for a number of years, and it is said to have produced a number of claims, which are known to have shipped. The Acorn claims are located in the Marysvale district, the Bunker Hill and Sunset districts. The Acorn claims are said to be very rich in gold. The Bunker Hill and Sunset claims are said to be very rich in silver. The Acorn claims are said to be very rich in gold. The Acorn claims are said to be very rich in gold.
