SUNDAY SCHOOL CONFERENCE.

The semi-annual conference of the Sunday schools of the Latter-day Saints will be held at the Tabernacle, Salt Lake City, Sunday evening, October 9, 1898, at 7 o'clock. A full representation of officers and workers is requested, and all interested in the Sunday school cause are invited.

GEORGE Q. CANNON,
GEORGE GODDARD,
KARL G. MAESER,
General Superintendency.

UTAH FRUIT EXHIBIT.

One of the attractions to which the attention of Conference visitors and others ought to be called is the fruit exhibition in the Hall of Relics on the corner of East and South Temple streets. [illegible]

THE POPE TO THE KING.

The attitude of the pope and the Roman Catholics of Italy is set forth in a recent encyclical to the bishops, the clergy and the people of that country. It is an important document. [illegible]

THE INDIAN TROUBLE.

As usually, the first rumors of the difficulty with the Indians in Minnesota have considerably exaggerated the affair. Somebody in the early morning hours wired to all parts of the country that one hundred veterans of the United States army and two newspaper correspondents had been massacred by the savages. Where the report originated and how it found its way from the scene of disaster to the nearest telegraph office, no one seemed to know. A later report to the Minneapolis Times reduced the number of killed to four, not including the representatives of the press, and it is to be hoped that this estimation of the casualties is nearer correct than the first one. It certainly seems incredible that 200 redskins should be able to annihilate a force of 100 United States soldiers and three valiant newspaper correspondents.

From all accounts the trouble with the Indians on the other side of Leech Lake is one of long standing. [illegible]

FOR PEACE.

The peace congress proposed by the czar is now, it appears, assured. [illegible]

JEFFERSON'S "IMPERIALISM."

The Fortnightly Review for September has an article on the Monroe doctrine by Theodore A. Cook. [illegible]

"Does the 'News' think that showing will not have its effect?"—Tribune.

What effect the "showing" of our morning contemporary will have, depends, we would think, on the influence of that journal. Some people believe it is not so great a factor in the affairs of the world as it once was, perhaps. Tempora mutantur.

"Let us suppose that Mr. Roberts is elected, whom will his election be due to?"—Tribune.

Why, entirely to the party that nominated him and to his political friends. Can there be any doubt about that?
