OGDEN.

"Remarkable Career" Ends in Penal Servitude—Death of Mrs Pilbeck.

Special Correspondence.

Ogden, May 15.—A musical recital will be given this evening at the State school for the blind, to commence at 8:15 o'clock. A fine program will make the occasion a pleasant one and many will doubtless be present as the invitation is extended to general.

A VETERAN CELEBRATES.

Yesterday Mr. John C. Thompson of Riverdale celebrated his seventy-eighth birthday. He met in the city yesterday his old comrades and surviving in the Mormon Battalion, Mr. Joseph Taylor of Farr West, and together they indulged in reminiscences of the trial days. The trek, that led the march of the battalion, "the plains across" was driven by Mr. Thompson. He has resided in Weber county since "the days of '47" and hauled the first load of stone that was used in the foundation of the Ogden tabernacle.

Adrian Corless, the Southern Pacific workman who underwent an operation at the Ogden General hospital on Monday for appendicitis, is reported as getting along all right.

IN DURANGO'S VILE.

In the summer of 1898 there came to Ogden a "city" apparently little Arabs, who announced his intention of making here his home. He had some really good and well-to-do relatives, whom he made to stand that he was a retired officer of the British army, also that he was a nephew of the Danish king. Furthermore, that he had been admitted to practice law in the courts of Minnesota. He proceeded to work his way into public confidence and some Ogden merchants and others, including the tabernacle choir, fell over each other in their efforts to secure the smooth gentleman's patronage and cash. Some of them were very successful in getting the coveted patronage, and the most of those eventually got left.

The story of Chappell Bennett's adventures in Ogden and Salt Lake are well remembered and need not be repeated here. Suffice it to say that the "harried"-at-law has been heard from and that he is safe. His penchant for marrying and gathering in shekels by means irregular and unlawful, caused his undoing, as will be seen from the following, clipped from a Dublin (Ireland) paper of recent date, the item being headed, "Remarkable Career of a Bigamist":

"At the Dublin City Sessions on Saturday, James C. Bennett (40, representing himself as a captain in the American army, was sentenced to five years penal servitude for obtaining various sums of money from English merchants by means of fraudulent checks, drawn on a mythical bank in British Columbia and on the London branch of the London and Provincial bank. The prisoner, who was born in London, has for a long time he followed the business of an auctioneer, was, it was stated, convicted at Chester assizes, in 1897, of bigamy, and sentenced to twenty years' penal servitude. On his release on license in 1898, he went to America, where he married a lady at Salt Lake City. He afterward returned to England, where he deserted his wife at Reading, Berkshire, representing that he was a retired army officer studying for the English bar. He was arrested on the present charge some days ago in Belfast, where he had arranged to marry two ladies on successive days. Bennett denied that he was the person convicted at Chester, but the recorder, looking at the photo taken on the occasion of the trial there, said he had no difficulty in establishing the identity of the prisoner."

Last Saturday E. S. Smith sold his X-Ray printing plant to A. W. Lightbourne of Nampa, Idaho, and yesterday it was packed and shipped to the destination.

DEATH OF MRS. PIBCOCK.

Mrs. Alice Pibcock, wife of Ralph Pibcock, the mail carrier, who underwent a surgical operation last week to the hope of saving her life, died at half-past 2 o'clock yesterday afternoon.

FUNERAL OF MRS. HEININGER.

The funeral services were held on Monday at Eden over the remains of Mrs. Pauline Heininger, a pioneer of Weber county, whose death at the age of 87 years, occurred on the 13th inst. Deceased was the last of the older Heininger and of the family which came to Utah in early pioneer days.

General Fred. D. Grant, accompanied by Captain Fenton, his chief of staff, came to town the first yesterday afternoon and went west on route to the Philippines.

N. W. Weaver, for whose arrest A. W. Putnam, the clothing man, swore out a warrant last week on the charge of having forged an order for some clothes, was caught at Farmington by the sheriff of Davis county, and yesterday afternoon Chief Davenport went down to bring him to Ogden.

Owing to a decision rendered by Judge Hilton in regard to the manner in which the assessor must describe property assessed to him, it will be necessary to insert in all the assessment rolls notes and bonds descriptive of all real estate property which has been assessed. An extra force of clerks will have employment for several weeks.

The police department has received new pearl gray helmets for the men on the force.

PROVO.

Court Cases—Wedding Bells—Peace Meeting—Suit to Recover Title.

Special Correspondence.

Provo, May 16.—The case of the state vs Paul Stewart, of Lehi, charged with fornication, occupied the attention of Judge Hiatt today. The counsel on both sides argued at great length. The case was submitted to the jury at fifteen minutes to 1 and at 2:30 they had arrived at a verdict, which found the defendant guilty of the offense as charged in the information and he was ready for sentence. David Evans asked that the defendant be not sentenced yet awhile. When asked by the court if he had anything to say why sentence should not be passed upon him, he made a long speech in his own behalf, saying that "I have nothing to say only that I am innocent of the crime." The court then sentenced him to pay a fine of $50, which was done.

After the Stewart case had been disposed of the case of the State vs Mont Jones was called and great difficulty was experienced in impaneling a jury and the present panel being exhausted the court ordered that a second venire be issued for ten jurors, which was done, and the case proceeded. The defendant is charged with carnally knowing Miss Catherine Dorton on July 3rd, 1898, and as a result of the offense a child has been born. Miss Dorton is under 18 years of age and the case, under the Revised Statutes constitutes a felony.

The case of Provo City vs William H. Hoole, on appeal, which was set for today, was continued until May 23rd. The defendant is charged with assault.

C. E. Loose appeared in court this morning to show cause why he should not be fined for not appearing when summoned to act as a juror. The gentleman gave a reasonable excuse for his absence and was excused.

The following taxpayers have been summoned to act on the jury for this term of court in addition to those on the first venire:

Provo—John Casey, George W. Ong and Olof Hedenberg, Jr.

Alpine Park—William J. Shipley.

Goshen—Isaac Wilson.

Lehi—Edward Kerren.

Pleasant Grove—Benjamin W. Dotson.

Vineyard—Alvin Holmes, Jr.

Spanish Fork—John G. Morgan.

Springville—Charles Sanderson.

WEDDING BELLS.

County Clerk Haversnap has issued legal permits to wed to the following couples: Alfred Leroy Starr, 21, of Springville, and Jennie Bowerton, 21, of Goshen; Thomas P. Stubbs, 27, of Provo, and Maggie Morgan, 24, of Goshen; Perley Clinger, 21, and Mary Wilkinson, 18, both of Provo. The first named couple were married by Judge Booth.

WANTS TO PLEAD RETURNED.

Per Oscar Peterson has commenced suit against L. G. Larsen to regain certain real estate. The complaint alleges that on June 3rd, 1895, the defendant agreed to purchase certain real estate, situated in this county, of the plaintiff, and agreeing to pay $600 for the same. The plaintiff claims that he made out a deed for the property and placed it in the hands of John Johnson of Benjamin, to be delivered to the defendant upon the payment of $600, and for the purpose of cheating and defrauding the plaintiff the defendant obtained the deeds to the property and had it recorded. The plaintiff asks that the defendant be required to reconvey the property and the title to be quieted and confirmed to plaintiff, and that he recover costs.

WOMEN'S PEACE MEETING.

The large Stake tabernacle was crowded last night when the ladies of the city held their peace meeting. A number of addresses were made by the prominent ladies and gentlemen of the city. A number of the musical entertainers also gave.

Deputy Sheriff J. R. Cannock of Salt Lake county this evening brought down Miles C. Gibson, an insane man, who went insane over studying Christian Science works. Gibson was committed to the asylum.

The Provo Lighting company is placing new poles in place of the old ones of the city circuit. The line is also being extended.

LOGAN.

A Slice of Green Smith—Candidates for Postmastership—The Raseburg Season.

Special Correspondence.

Logan, May 16.—Creditors of Green Smith continue to flock in from all quarters of the country, and it is now impossible to form any accurate idea of the extent of his failure, although it is the general impression now that twice thirty thousand will not cover his indebtedness. The news is slow in reaching remote districts of the country and it seems that his operations extended to very goodness. Some people have lost their all. Postal Inspector J. A. Small has been here this afternoon going through the accounts of the postoffice. He promises to be excited shaze. The boodlemen, Messrs. L. R. Morrell, will doubtless appear some one to take charge of the office, tomorrow. As to assists for the postmastership, there are several, but the banking of the man will be left to Republican County Chairman Joseph Knowlen, Glen Miller having informed him to that effect. The most likely candidates are Joseph Odell, Joe E. Knowlen, or Joseph Squires, who has been the rail postmaster ever since Mr. Smith's accession to the position. Nothing has been heard from Mr. Smith since the announcement of his failure, but the opinion still prevails that he has gone to Alaska. He and Hon. Joseph Hewlett, it is now stated, stood side by side in the matter of a prospector of Brigham, named Gerald. Mr. Hewlett has not heard of the prospector, but thinks perhaps Mr. Smith may have met him in San Francisco or may have heard of him there. A rumor was previously circulated here to the effect that Mr. David Eccles of Ogden was a silent partner in Mr. Smith's wheat speculation, and in consequence there was quite a sensation among creditors for awhile today. Inquiry shows that part of your correspondent failed, however, to develop the slightest foundation for the rumor, except that Mr. Eccles helped build the elevator by loaning Mr. Smith money, secured by the structure. This was several years ago.

RESCUED BOY.

Aaron Watson, the 12-year-old son of George Watson of the Second ward, left home last Saturday and has not been heard of since. His parents are much alarmed.

In the district court this afternoon, a demurrer to the complaint was filed in the case of Andrew Peck vs Joseph E. Jenny.

Hon. A. F. Parr Jr. is home again after an extensive trip through California and Nevada.

NEPHI.

Peace Meeting—Funeral of A. G. Pyper—Suit to Quiet Title.

Special Correspondence.

Nephi, Juab Co., May 16.—The peace meeting held here on Sunday was well attended, the large Stake tabernacle being comfortably filled. The tabernacle choir rendered the vocal selections. Bishop T. H. G. Parks acted as master of ceremonies.

Rev. John Wilson, Mrs. Kate L. Paxman, Mrs. Carter, Rev. J. B. Bird and Prof. Jos. W. Paxman were the speakers. Mrs. Sparks' reading of "The White Man's Burden," was a leading feature of the program, as also was the selections rendered by the choir and guitar club.

FUNERAL OF A. G. PYPER.

The funeral services of the remains of the late A. G. Pyper were held yesterday at 2 o'clock p. m. in the Second ward meeting house. Appropriate remarks were made by Bishop Parks, Jos. Paxman and Chas. Sperry, and Elder Nephi Jackson and Bishop T. H. G. Parks. All spoke in high terms of the noble traits of character possessed by the deceased, and of their long acquaintance with him. Many beautiful floral tributes were in evidence, showing sympathizing friends followed the remains to their last resting place.

The weather continues fine for this time of the year, and as a consequence garden truck is at a standstill, no rain worth speaking of having fallen.

Suit has been instituted in the district court here to quiet title to the alleged fraudulently conveyed lands, claimed in Tintic upon which criminal action has already been instituted by U. S. Marshal Frank Dale, of Salt Lake.

Stock on the matrimonial market has gone up several points, caused by the advent of three of our fair approaching marriageables.

A few of the Rio Grande Western officials were in Heber visiting on last week in the interest of the coming railroad. They affirmed that the company wanted $1,000, a right of way and depot grounds, as consideration for the privilege of having their road come through the town.

KIDNEY CURE

NEW PUBLICATIONS. NEW PUBLICATIONS. NEW PUBLICATIONS.

The Deseret News Dictionary and Cyclopedia Club.

After many years of patient labor and research The American Dictionary and Cyclopedia is finally completed. Its editors are the foremost literary men of Europe and America. The great work is precisely what its name implies. The best and most complete Dictionary of the English language (250,000 words defined), combined with the latest and best of Cyclopedias (over 100,000 cyclopedic subjects). The publishers, having invested thousands upon thousands of dollars in this great enterprise, desired to bring the work to the notice of the greatest number of book buyers in the shortest possible time. So an arrangement has been made by THE DESERET NEWS whereby a limited number of sets from the first edition is offered to its readers. The work is what the publishers claim for it.

COST ONE MILLION TO MAKE IT.

10c a day buys it.

THE DESERET NEWS has made an exceptional price exclusively for the benefit of its readers. The Publishers wanted the advertising. They certainly will get it. For every one who examines these beautiful and useful volumes must wonder how the price and terms are possible, the Club price being THE LOWEST WHOLESALE PRICE—thus placing the individual buyer of ONE SET on the same footing as the LARGEST WHOLESALE BUYER OF ONE THOUSAND SETS. On these terms but ONE SET can be supplied to any one person. The full set—sixteen magnificent quarto volumes, with their wealth of illustrations, maps, diagrams and colored plates—is delivered complete to Club members on the easiest payments ever known. Every point of manufacture—typography, paper and binding—is absolutely first-class. Specimen pages and full information sent free on request. The volumes are now on exhibition. Call or address
