A Physician's Testimony.

BRESPORT, Chemung Co., N.Y., October 16th, 1876.

R. V. PIERCE, M.D., Buffalo, N.Y.

Last spring I was attacked with congestion of the lungs; soreness over the liver, severe pain in the joints, a burning fever, and a general giving way of the whole man. Failing to find relief in remedies ordinarily prescribed, and not expecting any benefit, but to satisfy friends, I tried a bottle of your Golden Medical Discovery. When I had taken it I was so much improved that I continued taking three in all, and it effected my entire cure. Your medicines have only to be used to be appreciated. Every family would give them a trial, nine-tenths of the doctors would, like Othello, find their occupation gone.

Yours gratefully,

L. B. McMILLAN, M.D.

LOCAL AND OTHER MATTERS.

Thermometer 67 degrees F. in the shade at 1 p. m. to-day. Fine, some clouds.

Southern Mission.—We have seen a letter from Brother Joseph McRae, with the Jones camp of settlers, in Arizona, to his father in this city. It states that the health of the people is excellent and their affairs are prosperous.

Musical Entertainment.—Prof. A. C. Smyth, a gentleman who takes much interest in promoting culture in the art of music, will be the recipient of a complimentary benefit to-morrow evening, at the 17th District School-house. The Sunday School children will take part in the exercises.

A Noted Literary Man.—M. D. Langdon, Esq. (Eli Perkins), arrived in the City last evening. He represents the New York *Sun* and is a writer of marked ability, and partly humorous. He is the same gentleman who recently wrote a striking and graphic description of Cheyenne, which was re-produced in the NEWS.

District Court.—Thursday, May 10th, morning.

William C. Henrie *et al vs.* Lucien Livingston *et al*; depositions ordered published; jury trial.

United States *vs.* a specified number of gallons of spirits, two cases; same order.

Klopenstein & Miller *vs.* Patrick Bradley; jury trial.

In Michigan.—A letter to President B. Young from Elder O. H. Eggleston, Ortonville, Oakland Co., Michigan, states that he and Elder W. M. Palmer are laboring thereabout. They had met with considerable opposition in some quarters and with encouragement in others. The only weapons used by those who opposed were lies, abuse and misrepresentation. They had discovered that when they resorted to fair or reasonable means they were invariably vanquished, and falsehood was the only recourse of those enemies of the truth.

Theatre.—To-morrow evening there will be a performance at the Theatre, the only one during this coming Conference time. The old-time popular local comedian, Mr. H. E. Bowring, will take his first benefit, on which occasion will be presented the fine five act drama of the "Lancashire Lass" the sketch of "Gen d'Armes," and the farce of the "Two Polts."

Besides the beneficiary, Misses Colebrook, Spencer, and Napper, Mrs. Harris, and Messrs. Margetts, Graham, Lindsay, Harris, Forster, and Wilton, and the company appear, with Messrs. Davis and Gardner in the Gen D'Armes.

The Sanpete Temple.—We have been permitted to peruse a letter from Bishop John B. Maiben, of Manti, to the First Presidency of the Church. He says—

"The brethren of Manti have turned out very well the past week and have made a good initial mark upon the Temple approaches and foundation."

He also states that a call had been made upon the settlements north of Manti, for aid in the good work, to which Mount Pleasant had responded, having nearly completed the construction of a house for the accommodation of their hands, and the other settlements were making arrangements to follow suit.

Returned Missionary.—This morning we received a call from Elder N. V. Jones, who returned on Monday evening from a mission to the eastern States. He left here on the 15th of last November, and labored in the St. Louis district, under the direction of President David M. Stuart. He, in company with Elder Samuel R. Bennion, went from St. Louis to Canton, Fulton County, Illinois, where they baptized four persons. Thence they went to Henry County, in the same State, where they did some preaching. Their next field was Ohio, in the vicinity of Toledo, where they had an opportunity of preaching to the people. Besides the places above named, they visited several other parts of the country, and preached where opportunity offered.

Elder Bennion is expected to return within a few days.

Progressing.—Elder D. W. Jones writes to President B. Young, from Camp Utah, Maricopa County, Arizona, Hayden's Ferry, under date of April 23rd. We are enabled to extract—

"Our ditch is ready to have the water turned in, and we expect to have it running upon our land this week, and to commence plowing for corn, &c., about the 1st of May. We want, if possible, to plant about 200 acres. The land is easy to cultivate. There could be two thousand acres planted here in one field, without a break, all good land. Our ditch covers the whole of it. By extending it about four miles we can cover between five and six sections of land, of the best quality, all in a body, and well situated for cultivation."

Elder Jones states that the people are living in the United Order, and good feelings prevail. In this system a great deal more work is accomplished in developing the settlements than could possibly be in a divided capacity.

The Indians are very much interested in the settlers—Pimas, Maricopas, Papiges and others having made two or three days' travel to visit them. Some of them have worked upon the ditch, and appear peaceable, honest and kindly.

Personal.—Yesterday we had the pleasure of a call from J. R. Myers, Esq., General Passenger Agent of the Pittsburg and Fort Wayne R. R., and H. P. Baldwin, Esq., General Passenger Agent of the Allentown N. Y. R. R. Both gentlemen were accompanied by their respective wives, and left this morning for the east.

Mr. Myers is an efficient and courteous railroad official, well known to not a few Utah people who have had occasion to travel in the east.

Decease of Bishop Johnson.—The following came this morning per Deseret Telegraph Line—

SPRINGVILLE, May 10, 1877.

Wreck of the Steamship "Dakota."

NEW YORK, 10.

Dispatches state that the steamer *Dakota* was ashore on Point Limas, forty-five miles from Liverpool. The passengers and crew were all saved, but the vessel and cargo will probably be a total loss. At Point Limas the coast is steep, rocky and exceedingly dangerous. Point Limas is where the *Royal Charter*, an Australian emigrant clipper, was wrecked on October 6th, when nearly 400 persons perished, and about a year ago the steamer *Abbotsford*, a splendid ocean steamer, was also wrecked. The *Dakota* was about 3,500 tons burden, and valued at $750,000; she was commanded by Captain James Price, who has the reputation of being a thoroughly skilled and experienced mariner. The ship and cargo are supposed to be fully insured.

The *Dakota's* passengers will sail on Saturday in the steamer *Wisconsin*.

Senator Woodin Exonerated.

The Senator Woodin committee has made a report, concurred in by every member, and adopted unanimously by the Senate, stating that they were unable to find anything to substantiate the testimony of Wm. M. Tweed, and the charges are pronounced utterly without foundation.

Prest. Hayes and Party at the Exposition Grounds.

PHILADELPHIA, 10.—Public and private buildings are covered with bunting and flags, and banners are everywhere seen. The interest taken by the people in the present and permanent Exposition is not less than was manifested a year ago at the opening of the grander though transcient Centennial Exposition.

At ten o'clock the President and his Cabinet Officers, and Boker, United States Minister to Russia, breakfasted with Col. McMichael, the Editor of the *North American*.

At one the President and party drove from the Continental Hotel to the Exhibition Grounds, escorted by the first city troop. The City Council's Committee, having in charge the arrangements for Ex-President Grant's reception, waited on him at the residence of J. W. Paul, West Chestnut Street, and accompanied him to the Union League House, where Governor Hartranft and other State Officers were gathered, and from there the party started for the Exhibition Grounds.

Programme of Ceremonies.

The programme of exercises at the opening was made up of music, prayer, address, and benediction. During the performance of the prelude, Governor Hartranft and staff filed upon the platform, followed by President Hayes, the organ playing "Hail to the Chief."

After the festival overture, the Right Rev. Bishop Stevens offered a prayer, and an address was delivered by Clement M. Biddle, President of the Exhibition, the company introduced the choral "The angel of Peace," when President Hayes made the following proclamation: "I now declare the International Exhibition for the season of 1877 open."

The "Hallelujah Chorus" was followed by an address from John Welsh, and the "March of the Men of Columbia" was sung. Alfred T. Goshorn made an address, when the chorus, orchestra and organ united in giving the "Centennial Hymn." Bishop Simpson bestowed the benediction, which closed the inaugural ceremonies.

GREAT BRITAIN.

The Danube and English Naval Forces.

LONDON, 10.

In the House of Commons, the under secretary for the foreign department, in reply to a question by Jenkins, said no steps had been taken to send a naval force to the Danube. Such a step would lead to much misinterpretation, and possibly serious results. He said he had no information about the state of the Black Sea blockade, and no representations had been made about its inefficiency. He said England had asked the Porte for a further extension of time for the entry to and clearance of vessels from the blockaded ports.

Correspondence.

Preaching in Mississippi and Tennessee—Baptizing—Opposition.

SHADY GROVE, Hickman Co., Tennessee, May 1st, 1877.

President H. S. Eldredge

Dear Brother—I will make a few statements with regard to my travels since I left my mountain home. I received my appointment to labor in the State of Mississippi. On arriving there I found the people very much opposed to us. It seemed that the name of a "Mormon" was something dreadful to them, but they could not give their reason why they felt so, only they had read anti-"Mormon" books and newspaper stories and their minds were made up not to receive us. They would not allow us to speak in their meeting-houses nor their school-houses, neither would they speak to us by the fireside about our doctrines. I held but three meetings while in Mississippi State, two in an empty house and one in an empty store at a railroad town by the name of Newton. I had good meetings each time, but my fellow laborer got homesick, being very bashful, and had never spoken in public.

We left Mississippi and went to Prairie County, Arkansas, to Brother Boyle, and there my fellow laborer got released to go home and I received an appointment to come here, where I have been laboring with Brother Sharp. He used to be a packer in Brother Jennings' warehouse, and also in the co-operative store. We get along firstrate together. We cannot begin to fill the calls made on us at the present time, but there is quite an excitement all around here now. The priests are busy preaching against us, and they are sending some of their flock around amongst the people, with anti-Mormon publications. It has a tendency to hinder us some in our progress, but the stronger the opposite power, the stronger our testimony against it. We get good meetings every where we preach. We are baptizing a few and expect by the help of the Lord to baptize more soon.

Your Brother in the gospel of Christ,

JOSEPH ARGYLE.
